2. Unless otherwise provided in this Agreement, each Party shall progressively eliminate its customs duties on originating goods in accordance with its Schedule to Annex 2-A.
3. If at any moment a Party reduces its applied most-favoured-nation (hereinafter referred to as “MFN”) customs duty rate after the date of entry into force of this Agreement, that duty rate shall apply as regards trade covered by this Agreement if and for as long as it is lower than the customs duty rate calculated in accordance with its Schedule included in Annex 2-A.
4. On request of a Party, the Parties shall consult to consider accelerating the elimination of customs duties set out in their Schedules to Annex 2-A. An agreement by the Parties to accelerate the elimination of a customs duty on a good shall supersede any duty rate or staging category determined in accordance with their Schedules to Annex 2-A for that good when approved by each Party in accordance with its applicable legal procedures.
5. For greater certainty, a Party may raise a customs duty to the level established in its Schedule to Annex 2-A following a temporary unilateral reduction.

- (b) transforms an unfinished good into a finished good.

ARTICLE 2.5: DUTY-FREE ENTRY OF COMMERCIAL SAMPLES OF NEGLIGIBLE VALUE AND PRINTED ADVERTISING MATERIALS

Each Party shall grant duty-free entry to commercial samples of negligible value, and to printed advertising materials, imported from the territory of the other Party, regardless of their origin, but may require that:

- (a) the samples be imported solely for the solicitation of orders for goods, or services provided from the territory, of the other Party or a non-Party; or
- (b) the advertising materials be imported in packets that each contain no more than one copy of each such material and that neither the materials nor the packets form part of a larger consignment.

To the extent possible, the Party shall do so at least 21 days before the new procedure or modification takes effect.

ARTICLE 2.8: ADMINISTRATIVE FEES AND FORMALITIES

1. Each Party shall ensure, in accordance with Article VIII:1 of GATT 1994, including its interpretive notes, that all fees and charges of whatever character (other than customs duties, charges equivalent to an internal tax or other internal charges applied consistently with Article III:2 of GATT 1994, and any additional customs duty collected as a result of a measure consistent with Chapter 6 (Trade Remedies)) imposed on or in connection with importation or exportation are limited in amount to the approximate cost of services rendered and do not represent an indirect protection to domestic goods or a taxation of imports or exports for fiscal purposes.

2. Neither Party shall require consular transactions, including related fees and charges, in connection with the importation of any good of the other Party.

3. Each Party shall make available and maintain through the Internet a current list of the fees and charges it imposes in connection with importation or exportation.

ARTICLE 2.9: EXPORT DUTIES, TAXES OR OTHER CHARGES

Neither Party shall adopt or maintain any duty, tax or other charge on the export of any good to the territory of the other Party, unless the duty, tax or charge is also adopted or maintained on the good when destined for domestic consumption.

ARTICLE 2.10: NON-TARIFF MEASURES

1. Further to Chapter 19 (Transparency), the Parties recognise the importance of ensuring the transparency of non-tariff measures affecting trade between the Parties and that any such measures should not create an unnecessary obstacle to trade between the Parties.

2. To this end, the Committee on Trade in Goods established in Article 21.4 (Committees and Working Groups) shall, when a Party identifies a specific non-tariff measure, review that measure. The Committee on Trade in Goods shall review the non-tariff measure only after either Party objectively demonstrates that the relevant coordination mechanism, technical meeting, committee or working group, if any, that is most closely related to such a measure has failed to produce a satisfactory resolution within a reasonable period of time.

3. The Committee on Trade in Goods shall, for the non-tariff measure referred to in paragraph 2, consider approaches that may better facilitate trade between the Parties and present to the Parties the results of its consideration, including any recommendations, preferably within 12 months. If necessary, the results of the consideration and recommendations of the Committee

on Trade in Goods shall be submitted to the next meeting of the Joint Committee for consideration and/or action.

ARTICLE 2.11: COMMITTEE ON TRADE IN GOODS

1. The functions of the Committee on Trade in Goods established in accordance with Article 21.4 (Committees and Working Groups) shall include:

- (a) promoting trade in goods between the Parties, including through consultations on accelerating tariff elimination under this Agreement and other issues as appropriate; and
- (b) addressing tariff and non-tariff barriers to trade in goods between the Parties and, if appropriate, referring such matters, with any recommendation, to the Joint Committee for its consideration.

2. The Committee shall meet on request of a Party or the Joint Committee to consider any matters relating to trade in goods.

ARTICLE 2.12: DEFINITIONS

For the purposes of this Chapter:

commercial samples of negligible value means commercial samples having a value, individually or in the aggregate as shipped, of not more than the amount specified in a Party's laws, regulations or procedures governing temporary admission, or so marked, torn, perforated, or otherwise treated that they are unsuitable for sale or use except as commercial samples;

- (c) the good satisfies all applicable requirements of Annex 3-A, as a result of processes performed entirely in the territory of one or both of the Parties by one or more producers; or
- (d) the good otherwise qualifies as an originating good in accordance with this Chapter.

ARTICLE 3.2: WHOLLY OBTAINED GOODS

For the purposes of Article 3.1(a), the following goods shall be considered to be wholly obtained in the territory of one or both of the Parties:

- (a) mineral goods and other natural resources taken or extracted from the territory of one or both of the Parties;
- (b) vegetable goods² grown and harvested, picked or gathered in the territory of one or both of the Parties;
- (c) live animals born and raised in the territory of one or both of the Parties;
- (d) goods obtained from live animals born and raised in the territory of one or both of the Parties;

² For the purposes of this Chapter, “vegetable goods” include plants, fungi, algae, and products thereof.

- (h) goods, other than fish, shellfish and other marine life, taken or extracted from the seabed, ocean floor or subsoil outside the territory of one or both of the Parties by a Party or a person of a Party, provided that the Party or person of the Party has rights to exploit such seabed, ocean floor or subsoil;

- (j) waste and scrap derived from:
 - (i) production in the territory of one or both of the Parties; or
 - (ii) used goods collected in the territory of one or both of the Parties, provided that such goods are fit only for the recovery of raw materials;
- (k) goods collected from the territory of one or both of the Parties which can no longer perform their original purpose and are fit only for the recovery of raw materials; and
- (l) goods produced entirely in the territory of one or both of the Parties exclusively from goods referred to in this Article or from their derivatives, at any stage of production.

ARTICLE 3.3: REGIONAL VALUE CONTENT

1. Where Annex 3-A specifies a regional value content requirement, the regional value content shall be calculated in accordance with one of the following methods:

- (a) build-down method

$$RVC = \frac{AV - VNM}{AV} \times 100$$

- (b) build-up method

$$RVC = \frac{VOM}{AV} \times 100$$

where,

RVC is the regional value content, expressed as a percentage;

AV is the adjusted value of the good and shall be:

- (a) the FOB value of the good determined in accordance with the Customs Valuation Agreement, inclusive of the cost of transport and insurance to the port or site of final shipment abroad; or
- (b) if there is no FOB value of the good or it is unknown and cannot be ascertained, the value determined in accordance with the Customs Valuation Agreement, *mutatis mutandis*.

VNM is the value of non-originating materials (including materials of undetermined origin) used in the production of the good, as determined in Article 3.4; and

VOM is the value of originating materials used in the production of the good, as determined in Article 3.4.

2. All costs considered for the calculation of regional value content shall be recorded and maintained in conformity with the Generally Accepted Accounting Principles applicable in the territory of the Party where the good is produced.

3. All values for the purposes of calculating regional value content shall be determined in accordance with the Customs Valuation Agreement. For this purpose, the Customs Valuation Agreement shall apply *mutatis mutandis* to domestic transactions.

ARTICLE 3.4: VALUE OF MATERIALS

1. Subject to paragraph 2, the value of non-originating materials referred to in Article 3.3 shall be:

- (a) for a material imported directly by the producer of a good, the CIF value at the time of importation of the material; or
- (b) for a material acquired within the territory of the Party where the good is produced, the earliest ascertainable value of the non-originating material in the territory of that Party.

2. For the purposes of paragraph 1, the following, where included in accordance with paragraph 1, may be deducted from the value of the non-originating materials:

- (a) the value of originating materials used in the production of the non-originating material in the territory of a Party;
- (b) the costs of freight, insurance, packing, and all other costs incurred in transporting the material within a Party's territory or between the territories of the Parties to the location of the producer;
- (c) duties, taxes, and customs brokerage fees on the material paid in the territory of one or both of the Parties, other than duties and taxes that are waived, refunded, refundable, or otherwise recoverable, including credit against duty or tax paid or payable; and
- (d) the cost of processing incurred in the territory of one or both of the Parties in the production of the non-originating material.

3. Subject to paragraph 4, the value of originating materials referred to in Article 3.3 shall be:

- (a) for a material imported directly by the producer of a good, the CIF value at the time of importation of the material;
- (b) for a material acquired within the territory of the Party where the good is produced, the value of the material; or
- (c) for a material that is self-produced, the sum of all costs incurred in the production of the material, including general expenses, and an amount for profit equivalent to the profit added in the normal course of trade.

4. For the purposes of paragraph 3, the following, where not included in accordance with paragraph 3, may be added to the value of the originating materials:

- (a) the costs of freight, insurance, packing, and all other costs incurred in transporting the material within a Party's territory or between the territories of the Parties to the location of the producer; and
- (b) duties, taxes, and customs brokerage fees on the material paid in the territory of one or both of the Parties, other than duties and taxes that are waived, refunded, refundable, or otherwise recoverable, including credit against duty or tax paid or payable.

5. For greater certainty, when an originating good is used in the subsequent production of another good, no account shall be taken of the non-originating materials contained in the originating good for the purposes of determining the originating status of the subsequently produced good.

6. For greater certainty, when a non-originating good is used in the subsequent production of another good, an account shall be taken only of the non-originating materials contained in the non-originating good for the purposes of determining the originating status of the subsequently produced good.

ARTICLE 3.5: ACCUMULATION

1. Originating goods of a Party, incorporated into a good in the territory of the other Party, shall be considered to be originating in the territory of the other Party.

2. A good is originating where the good is produced in the territory of one or both of the Parties by one or more producers, provided that the good satisfies the requirements in Article 3.1 and all other applicable requirements in this Chapter.

ARTICLE 3.6: DE MINIMIS

1. A good that does not satisfy a change in tariff classification requirement pursuant to Annex 3-A is nonetheless originating if the value of all non-originating materials that have been used in the production of the good and do not undergo the applicable change in tariff classification does not exceed 10 percent of the adjusted value of the good, provided that the value of such non-originating materials shall be included in the value of non-originating materials for any applicable regional value content requirement and that the good meets all other applicable requirements in this Chapter.

2. Paragraph 1 shall not apply to goods classified in Chapters 1 through 14 of the Harmonized System unless the non-originating material is provided for in a different subheading than the good for which origin is being determined under this Article.

3. Neither paragraph 1 or 2 shall apply to goods classified under Harmonized System codes 0301 through 0303; 0305 through 0308; 0701 through 0710.10; 0713 through 0714; 0801 through 0810; and 0813.10 through 0813.40.

4. A good classified in Chapters 50 through 63 of the Harmonized System, produced in the territory of a Party, shall be considered to be an originating good if the total weight of all non-originating fibres or yarns used in the production of the component that determines the tariff classification of the good, that do not undergo the applicable change in tariff classification, does not exceed 10 percent of the weight of the good.

ARTICLE 3.7: FUNGIBLE GOODS AND MATERIALS

1. An importer claiming preferential tariff treatment for a good may claim that a fungible good or material is originating where the importer, exporter, or producer has:

- (a) physically segregated each fungible good or material; or
- (b) used any inventory management method, such as averaging, last-in-first-out (LIFO) or first-in-first-out (FIFO), recognised in the Generally Accepted Accounting Principles of the Party in which the production is performed or otherwise accepted by the Party in which the production is performed.

2. The inventory management method selected in accordance with paragraph 1 for a particular fungible good or material shall continue to be used for that good or material throughout the fiscal year of the person that selected the inventory management method.

ARTICLE 3.8: ACCESSORIES, SPARE PARTS AND TOOLS

The origin of the accessories, spare parts or tools presented and classified with a good and delivered with the good at the time of importation:

- (a) shall be disregarded if the good is subject to a change in tariff classification requirement; and
- (b) shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good, if the good is subject to a regional value content requirement,

provided that:

- (c) the accessories, spare parts or tools are not invoiced separately from the good and are included in the price of the good, regardless of whether they appear specified or separately identified in the invoice itself; and
- (d) the quantities and value of the accessories, spare parts or tools are customary for the good.

ARTICLE 3.9: PACKAGING MATERIALS AND CONTAINERS FOR RETAIL SALE

1. Packaging materials and containers in which a good is packaged for retail sale shall, if classified with the good, be disregarded in determining whether all the non-originating materials used in the production of the good undergo the applicable change in tariff classification set out in Annex 3-A.

2. If a good is subject to a regional value content requirement, the value of packaging materials and containers described in paragraph 1 shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

ARTICLE 3.10: PACKING MATERIALS AND CONTAINERS FOR TRANSPORTATION AND SHIPMENT

1. Packing materials and containers for transportation and shipment shall not be taken into account when determining whether a good is originating.
2. For the purposes of paragraph 1, “packing materials and containers for transportation and shipment” means the goods used to protect a good during its transportation and does not include the packaging materials and containers in which the good is packaged for retail sale.

ARTICLE 3.11: INDIRECT MATERIALS

1. In determining whether a good is originating, indirect materials shall be treated as originating.
2. For the purposes of paragraph 1, “indirect materials” means articles used in the production of a good which are not physically incorporated into it, nor form part of it, including:
 - (a) fuel and energy;
 - (b) tools, dies and moulds;
 - (c) spare parts and materials used in the maintenance of equipment and buildings;
 - (d) lubricants, greases, compounding materials and other materials used in production or used to operate equipment and buildings;
 - (e) gloves, glasses, footwear, clothing, safety equipment and supplies;
 - (f) equipment, devices and supplies used for testing or inspecting the good;
 - (g) catalysts and solvents; and
 - (h) any other goods that are not incorporated into the good but whose use in the production of the good can reasonably be demonstrated to be a part of that production.

ARTICLE 3.12: NON-QUALIFYING OPERATION

1. Notwithstanding other provisions of this Chapter, a good shall not be considered to be originating merely by reason of having undergone one or more of the following operations or processes:
 - (a) preserving operations to ensure that the products remain in good condition during transport and storage;
 - (b) changes of packaging, breaking-up and assembly of packages;
 - (c) washing, cleaning, or removal of dust, oxide, oil, paint or other coverings;
 - (d) sharpening, simple grinding or crushing or simple cutting;
 - (e) simple placing in bottles, cans, flasks, bags, cases or boxes, fixing on cards or boards and all other simple packaging operations;

- (f) affixing or printing marks, labels, logos and other like distinguishing signs on products or their packaging;
- (g) disassembly; or
- (h) mere reclassification of goods without any physical change.

2. All operations and processes carried out in the territory of a Party on a good shall be considered together when determining whether the operations and processes undergone by that good fall within the scope of paragraph 1.

ARTICLE 3.13: OUTWARD PROCESSING ZONES ON THE KOREAN PENINSULA

Notwithstanding Article 3.1, the Parties agree that certain goods shall be considered to be originating even if they have undergone working or processing outside Korea, on materials exported from Korea and subsequently re-imported there, provided that the working or processing is done in the areas designated by the Parties pursuant to Annex 3-B.

ARTICLE 3.14: DIRECT TRANSPORT

1. An originating good shall retain its originating status as determined in accordance with Article 3.1, provided that it is directly transported to the importing Party without passing through the territory of a non-Party.

2. An originating good that is transported through the territory of a non-Party shall not retain its originating status as determined in accordance with Article 3.1 if it:

- (a) has undergone any subsequent production or other operation outside the territories of the Parties other than unloading, reloading, storing, repacking, relabelling³, splitting up of loads for transport reasons or any other operation necessary to preserve it in good condition or to transport the good to the territory of a Party; or
- (b) does not remain under the customs control in the territory of a non-Party.

Section B: Origin Procedures

ARTICLE 3.15: CERTIFICATE OF ORIGIN

1. A claim that a good should be treated as originating and accepted as eligible for a preferential tariff shall be supported by a Certificate of Origin.

2. The Certificate of Origin shall be completed by the exporter or the producer and shall:

- (a) specify that the goods described therein are originating;
- (b) be made in respect of one or more goods and may include a variety of goods;
- (c) be in a printed format or such other medium including electronic format; and

³ For the purposes of this paragraph, “relabelling” means the affixing of labels necessary to meet the requirements of the importing Party; “repacking” means a packing operation necessary to transport the good to the territory of the importing Party.

- (d) be completed in English and contain the data elements set out with instructions in Annex 3-C. A model format for a Certificate of Origin is provided in Annex 3-D.
- 3. Where an exporter in the territory of a Party is not the producer of the good, the exporter may complete and sign a Certificate of Origin on the basis of:
 - (a) its knowledge that the good qualifies as an originating good; or
 - (b) a written declaration or statement, such as a Certificate of Origin, that the good qualifies as an originating good, provided by the producer.
- 4. Nothing in this Article shall be construed to require a producer who is not the exporter of the good to provide a Certificate of Origin, or written declaration or statement that the good qualifies as an originating good.
- 5. A Certificate of Origin shall be applicable to:
 - (a) a single importation of one or more goods into a Party's territory; or
 - (b) multiple importations of the goods described therein that occur within the period of validity of the Certificate of Origin.
- 6. A Certificate of Origin shall remain valid for at least two years, or for such longer period specified by the laws and regulations of the importing Party, after the date on which the Certificate of Origin was signed.
- 7. For any originating good that is imported into the territory of a Party on or after the date of entry into force of this Agreement, each Party shall accept a Certificate of Origin that has been completed and signed prior to that date.

ARTICLE 3.16: AUTHORISED BODIES

- 1. Further to Article 3.15, for Australia, a Certificate of Origin may be issued by an authorised body following a written application submitted by an exporter or producer.
- 2. Australia shall provide that its authorised bodies carry out proper examination of each application for a Certificate of Origin to ensure that:
 - (a) the goods described therein are originating; and
 - (b) the data to be contained in the Certificate of Origin corresponds to that in supporting documentary evidence submitted.
- 3. Australia shall provide that its authorised bodies retain copies of Certificates of Origin and supporting documentary evidence for five years after the date of issue. Such documentation may be maintained in any medium that allows for prompt retrieval, including but not limited to, digital, optical, magnetic or written form.
- 4. Australia shall provide that an authorised body that has reason to believe that a Certificate of Origin, which it has issued, contains information that is not correct, shall promptly notify in writing the person to whom the Certificate of Origin was issued.

5. Australia shall notify the names, addresses, specimens of the impressions of the official seals of its authorised bodies and other details that the Parties may agree to Korea. Any subsequent change shall be promptly notified.

ARTICLE 3.17: CLAIMS FOR PREFERENTIAL TARIFF TREATMENT

1. Unless otherwise provided in this Chapter, each Party shall grant preferential tariff treatment to a good imported into its territory from the other Party, provided that:

- (a) the importer requests preferential tariff treatment at the time of importation;
- (b) the good qualifies as an originating good;
- (c) the importer has the Certificate of Origin in its possession at the time the customs import declaration is made, if required by the laws or regulations of the importing Party; and
- (d) the importer provides, on request of the importing Party's customs administration, a copy of the Certificate of Origin and such other documentation relating to the importation of the good in accordance with the laws and regulations of the importing Party.

2. An importer should promptly make a corrected customs import declaration in a manner required by the customs administration of the importing Party and pay any duties owing where the importer has reason to believe that a Certificate of Origin on which a claim was based contains information that is not correct.

ARTICLE 3.18: POST-IMPORTATION CLAIMS FOR PREFERENTIAL TARIFF TREATMENT

Each Party shall provide that, where a good would have qualified as an originating good when it was imported into the territory of that Party, the importer of the good may, within a period of at least one year, or for such longer period specified by the laws and regulations of the importing Party, after the date on which the good was imported, apply for a refund of any excess duties paid as the result of the good not having been accorded preferential tariff treatment, on presentation to the customs administration of the importing Party:

- (a) a Certificate of Origin and, where appropriate, other evidence that the good qualifies as an originating good; and
- (b) such other documentation in relation to the importation as the customs administration may require to satisfactorily evidence the tariff preference claimed.

ARTICLE 3.19: WAIVER OF CERTIFICATE OF ORIGIN

Each Party shall provide that a Certificate of Origin shall not be required for:

- (a) an importation of a good whose customs value does not exceed 1,000 US dollars or its equivalent amount for Korea or 1,000 Australian dollars for Australia, or such higher amount as each Party may establish; or
- (b) an importation of a good for which the importing Party has waived the requirement for a Certificate of Origin,

provided that the importation does not form part of a series of importations that may reasonably be considered to have been undertaken or arranged for the purpose of avoiding the certification requirements of Articles 3.15 and 3.17.

ARTICLE 3.20: DISCREPANCIES AND VARIATIONS

1. Where the origin of the good is not in doubt, minor transcription errors or discrepancies in documentation shall not *ipso facto* invalidate the Certificate of Origin, if it is duly established that it does correspond to the goods submitted.
2. Variations in the format of the Certificate of Origin from the model format set out in Annex 3-D shall not invalidate the Certificate of Origin, provided that the Certificate of Origin contains the data elements set out in Annex 3-C.

ARTICLE 3.21: OBLIGATIONS REGARDING EXPORTATIONS

1. Each Party shall provide that an exporter or a producer that has completed and signed a Certificate of Origin, shall, on request, provide a copy of the Certificate of Origin and such other documents to its customs administration, if required by the Party's laws and regulations.
2. Each Party shall provide that an exporter or producer that has completed and signed, or applied for, a Certificate of Origin, and that has reason to believe that the Certificate of Origin contains information that is not correct, shall promptly notify in writing all persons to whom the Certificate of Origin was given by the exporter or producer of any change that could affect the accuracy or validity of the Certificate of Origin.
3. Each Party shall, to the extent permitted by its laws and regulations, maintain penalties for issuing false Certificates of Origin or documentation related to the origin of a good submitted to a customs administration of the importing or exporting Party.

ARTICLE 3.22: RECORD KEEPING REQUIREMENTS

1. Each Party shall provide that:
 - (a) an exporter or a producer that completes and signs, or applies for a Certificate of Origin shall maintain, for five years after the date on which the Certificate of Origin was signed, all records necessary to demonstrate that the good for which the producer or exporter provided the Certificate of Origin was an originating good; and
 - (b) an importer claiming preferential tariff treatment shall maintain, for five years after the date of importation of the good, such documentation, including a copy of the Certificate of Origin, as the Party may require relating to the importation of the good.
2. Each Party shall provide that an importer, exporter or producer may choose to maintain the records specified in paragraph 1 in any medium that allows for prompt retrieval, including, but not limited to, digital, electronic, optical, magnetic or written form.

ARTICLE 3.23: ORIGIN VERIFICATION

1. For the purposes of determining whether a good imported into a Party from the other Party qualifies as an originating good, the customs administration of the importing Party may conduct a verification action by means of:

- (a) written requests for information from the importer;
- (b) where the Certificate of Origin was issued by an authorised body, requests to that authorised body to verify the validity of the Certificate of Origin;
- (c) written requests for information from the exporter or producer of the exporting Party;
- (d) requests that the customs administration of the exporting Party assist in verifying the origin of the good; or
- (e) verification visits to the premises of the exporter or the producer in the territory of the other Party to observe the facilities and the production processes of the good and to review the records referring to origin, including accounting records.

2. For the purposes of paragraphs 1(a), 1(b) and 1(c), the customs administration shall allow the importer, exporter, producer or authorised body a period of 30 days from the date of the written request to respond. During this period the importer, exporter, producer or authorised body may request, in writing, an extension not exceeding 30 days.

3. For the purposes of this Article and Article 3.24, all the information requested by the importing Party and responded to by the exporting Party shall be communicated in English.

4. The customs administration of the importing Party shall complete any action under paragraph 1 to verify eligibility for preferential tariff treatment within the period specified in the laws, regulations or administrative procedures of the importing Party. Upon the completion of the verification action, the customs administration shall provide written advice to the importer, exporter or producer of its decision as well as the legal basis and findings of fact on which the decision was made. Where a verification visit was undertaken, the customs administration shall also provide advice of the decision to the exporting Party.

ARTICLE 3.24: VERIFICATION VISIT

1. Prior to conducting a verification visit under Article 3.23.1(e), the customs administration of the importing Party shall:

- (a) make a written request to the exporter or producer to conduct a verification visit of their premises; and
- (b) obtain the written consent of the exporter or producer whose premises are to be visited.

2. An exporter or producer should provide its written consent to a proposed verification visit within 30 days from the receipt of notification in accordance with paragraph 1(a).

3. The written request referred to in paragraph 1(a) shall include:

- (a) the identity of the customs administration issuing the request;

- (b) the name of the exporter of the good in the exporting Party to whom the request is addressed;
- (c) the date the written request is made;
- (d) the proposed date and place of the visit;
- (e) the objective and scope of the proposed visit, including specific reference to the good that is the subject of the verification referred to in the Certificate of Origin; and
- (f) the names and titles of the officials of the customs administration of the importing Party who will participate in the visit.

4. The customs administration of the importing Party shall notify the customs administration of the exporting Party when it requests a verification visit in accordance with this Article.

5. Officials of the customs administration of the exporting Party may participate in the verification visit as observers.

PRODUCT SPECIFIC RULES OF ORIGIN

Headnotes to the Schedule

1. The specific rule, or specific set of rules, that applies to a particular heading (4-digit code) or subheading (6-digit code) is set out immediately adjacent to the heading or subheading.
2. When a heading or subheading is subject to alternative specific rules of origin, the rule will be considered to be met if a good satisfies one of the alternatives.
3. Where a specific rule of origin is defined using the criterion of a change of tariff classification, each of the non-originating materials used in the production of the good shall be required to undergo the applicable change of tariff classification. A requirement of a change in tariff classification shall apply only to non-originating materials.
4. Where a specific rule of origin is defined using the criterion of a change in tariff classification, and the rule is written to exclude tariff provisions at the level of a chapter, heading or subheading of the Harmonized System, each Party shall construe the rule of origin to require that materials classified in those excluded provisions be originating for the good to qualify as originating.
5. Chapter notes within this Schedule shall apply to all headings or subheadings within the indicated chapter or group of chapters unless there exists a specific exclusion.
6. Each of the non-originating materials used in the production of the good undergoes an applicable change in tariff classification specified in this Annex.
7. For the purposes of this Annex:

subheading means the first six digits in the tariff classification number under the Harmonized System;

heading means the first four digits in the tariff classification number under the Harmonized System; and

CTSH means that all non-originating materials used in the production of the good have undergone a change in tariff classification at the 6-digit level;

WO means that the good must be wholly obtained in the territory of one or both of the Parties within the meaning of Article 3.2;

RVC (40) means that the good must have a regional value content of not less than 40 per cent as calculated under Article 3.3; and

RVC (30/40) means that the good must have a regional value content of either not less than 30 per cent using the build-up method or not less than 40 per cent using the build-down method, as calculated under Article 3.3.

ANNEX 3-B

1. Recognising the Republic of Korea's constitutional mandate and security interests, and both Parties' commitment to promoting peace and prosperity on the Korean Peninsula, and the importance of intra-Korean economic cooperation toward that global goal, a Committee on Outward Processing Zones on the Korean Peninsula is established in accordance with Article 21.4 (Committees and Working Groups).
2. The Committee shall be comprised of officials of the Parties. The Committee shall meet within six months after the date of entry into force of this Agreement and at least twice a year thereafter, or at any time as mutually agreed.
3. The Committee shall review the conditions on the Korean Peninsula and identify geographic areas⁴ that may be designated as outward processing zones. The Committee shall also establish a maximum threshold for the value of the total input of the originating final good that may be added within the geographic area of the outward processing zone.

⁴ For greater certainty, the Gaesung Industrial Complex located in North Korea shall be identified by the Committee as one of the geographic areas that may be designated as outward processing zones.

- PSR The good satisfies all applicable requirements of Annex 3-A, as a result of processes performed entirely in the territory of one or both of the Parties by one or more producers.
- Other The good otherwise qualifies as an originating good under this Chapter.

- Field 9: This field may be used when there is an observation relating to this Certificate, such as, when the good or goods described in Field 6 have been subject to an advance ruling or when the invoice is issued in the territory of a non-Party. This is an optional field.

Tariff Reference (HS2012)	Product Description	Applicable Product Specific Rule of Origin
	For the purposes of this Chapter, a "chemical reaction" is a process (including a biochemical process) that results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule. The following are not considered to be chemical reactions for the purposes of this definition. (a) dissolving in water or other solvents; (b) the elimination of solvents, including solvent water; or (c) the addition or elimination of water of crystallization. For the purposes of heading 27.10, the following processes confer origin: (a) Atmospheric distillation: A separation process in which petroleum oils are converted, in a distillation tower, into fractions according to boiling point and the vapor then condensed into different liquefied fractions. (b) Vacuum distillation: Distillation at a pressure below atmospheric but not so low that it would be classed as molecular distillation.

SECTION VI PRODUCTS OF THE CHEMICAL OR ALLIED INDUSTRIES (Chapters 28 – 38)		
Rule 1	<u>Rule 1: Chemical Reaction Origin Rule</u> Any good of Chapters 28 through 38, except a good of heading 3823 that is the product of a chemical reaction shall be considered to be an originating good if the chemical reaction occurred in the territory of the Parties. Notwithstanding any of the line-by-line rules, the "chemical reaction" rule may be applied to any good classified in the above chapters. Note: For purposes of this section, a "chemical reaction" is a process (including a biochemical process) which results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of the molecule. The following are not considered to be chemical reactions for the purposes of determining whether a product is an originating good: (a) dissolving in water or other solvents; (b) the elimination of solvents including solvent water; or (c) the addition or elimination of water of crystallization.	

Tariff Reference (HS2012)	Product Description	Applicable Product Specific Rule of Origin
Rule 2	<u>Rule 2. Purification Origin Rule</u> For the purposes of Chapters 28 through 35 and Chapter 38, purification is considered to be origin conferring provided that the purification occurs in the territory of one or both of the Parties and one of the following criteria is satisfied: a) purification of a good resulting in the elimination of 80 per cent based on the content of existing impurities; or b) the reduction or elimination of impurities resulting in a good suitable for one or more of the following applications: (i) pharmaceutical, medicinal, cosmetic, veterinary, or food grade substances; (ii) chemical products and reagents for analytical, diagnostic or laboratory uses; (iii) elements and components for use in micro-elements; (iv) specialized optical uses; (v) non toxic uses for health and safety; (vi) biotechnical use; (vii) carriers used in a separation process; or (viii) nuclear grade uses.	
Rule 3	<u>Rule 3. Mixtures and Blends Origin Rule</u> For the purposes of Chapters Chapter 30 and 31, heading 3302, subheading 3502.20, headings 3506 through 3507 and heading 3707, the deliberate and proportionally controlled mixing or blending (including dispersing) of materials to conform to predetermined specifications in the territory of one or both of the Parties which results in the production of a good having physical or chemical characteristics which are relevant to the purposes or uses of the good and are different from the input materials is considered to be origin conferring.	

Tariff Reference (HS2012)	Product Description	Applicable Product Specific Rule of Origin
Rule 4	<u>Rule 4. Change in Particle Size Origin Rule</u> For the purposes of Chapters 30 and 31: a) the deliberate and controlled reduction in particle size of a good, other than by merely crushing (or pressing) in the territory of one or both of the Parties resulting in a good having a defined particle size, defined particle size distribution or defined surface area, which are relevant to the purposes of the resulting good and have different physical or chemical characteristics from the input materials is considered to be origin conferring; or b) the deliberate and controlled modification in particle size of a good, other than by merely pressing in the territory of one or both of the Parties, resulting in a good having a defined particle size, defined particle size distribution or defined surface area, which are relevant to the purposes of the resulting good and have different physical or chemical characteristics from the input materials is considered to be origin conferring.	
Rule 5	<u>Rule 5. Standards Materials Origin Rule</u> For the purposes of Chapters 28 through 32, Chapter 35 and Chapter 38, the production of standards materials in the territory of one or both of the Parties is considered to be origin conferring. For the purposes of this rule "standards materials" (including standard solutions) are preparations suitable for analytical, calibrating or referencing uses having precise degrees of purity or proportions which are certified by the manufacturer.	
Rule 6	<u>Rule 6. Isomer Separation Origin Rule</u> For the purposes of Chapters 28 through 32 and Chapter 35, the isolation or separation of isomers from mixtures of isomers in the territory of one or both of the Parties is to be considered origin conferring.	
Rule 7	<u>Rule 7. Separation prohibition</u> A non-originating material/component will not be deemed to have satisfied all applicable requirements of these rules by reason of change from one classification to another merely as the result of the separation of one or more individual materials or components from a man-made mixture unless the isolated material/component, itself, also underwent a chemical reaction in the territory of one or both of the Parties.

ARTICLE 4.1: OBJECTIVES

The objectives of this Chapter are to:

- (a) simplify customs procedures of the Parties;
- (b) ensure predictability, consistency and transparency in the application of customs laws, regulations and administrative procedures of the Parties;
- (c) ensure the efficient and expeditious clearance of goods;
- (d) facilitate trade between the Parties; and
- (e) promote cooperation between the customs administrations, within the scope of this Chapter.

ARTICLE 4.2: TRANSPARENCY

1. Each Party shall ensure that its customs procedures and practices are predictable, consistent and transparent.
2. Further to Article 19.1 (Publication), each Party shall publish on the Internet all customs laws and regulations and any administrative procedures relevant to importation or exportation which it applies or enforces.
3. Each Party shall establish or maintain one or more enquiry points for responding to enquiries from interested persons regarding customs matters covered by this Agreement, and provide details of such enquiry points to the other Party. Information concerning the procedures for making such enquiries shall be easily accessible to the public.

ARTICLE 4.3: HARMONISATION OF DOCUMENTS AND DATA ELEMENTS

1. Each Party shall endeavour to pursue the harmonisation of documentation used in trade and data elements in accordance with international standards.
2. Each Party shall endeavour to use international standards, including the development of a set of common data elements and processes in accordance with the World Customs Organization (hereinafter referred to as “WCO”) Customs Data Model and related WCO recommendations and guidelines.
3. Each Party shall work towards the implementation of initiatives that harmonise the data requirements of its respective agencies associated with the importation, exportation or transit of goods, and minimise the submission of trade data, with the objective of allowing importers and exporters to present all required data to one agency.

ARTICLE 4.4: USE OF AUTOMATED SYSTEMS IN THE PAPERLESS TRADING ENVIRONMENT

1. Each customs administration shall apply information technology to support customs operations where it is cost-effective and efficient, particularly in the paperless trading context, taking into account developments in this area within the WCO.
2. Each customs administration shall endeavour to use information technology that expedites procedures for the release of goods, including the submission and processing of information and data before the arrival of the shipment of those goods, as well as electronic or automated systems for risk management and targeting.

ARTICLE 4.5: RISK MANAGEMENT

In administering customs procedures, each customs administration shall focus resources on shipments of high-risk goods and facilitate the clearance, including release, of low-risk goods.

ARTICLE 4.6: RELEASE OF GOODS

1. Each Party shall adopt or maintain simplified customs procedures for the efficient release of goods in order to facilitate trade between the Parties.
2. In accordance with paragraph 1, each Party shall ensure that its customs administration and other competent authorities adopt or maintain procedures that:
 - (a) provide for the release of goods within a period no greater than that required to ensure compliance with its laws and regulations;
 - (b) provide for advance electronic submission and processing of information before the physical arrival of goods to enable the release of those goods on arrival;
 - (c) to the extent possible, allow goods to be released at the point of arrival, without temporary transfer to warehouses or other facilities; and
 - (d) under circumstances specified in the importing Party's laws, regulations or administrative procedures, provide that no customs duties or taxes will be assessed on, nor will formal entry documents be required for, shipments of eligible goods valued at or less than a specified amount.
3. Each Party shall endeavour to adopt or maintain a system under which goods in need of urgent clearance can obtain customs clearance 24 hours a day including holidays.

ARTICLE 4.7: ADVANCE RULINGS

1. Each Party shall issue, through its customs administration, prior to the importation of a good into its territory, a written advance ruling at the written request of an importer in its territory, or an exporter or producer in the territory of the other Party⁵ with regard to:
 - (a) tariff classification;

⁵ For greater certainty, an importer, exporter or producer may submit a request for an advance ruling through an authorised representative.

- (b) the application of customs valuation criteria for a particular case, in accordance with the provisions of the Customs Valuation Agreement;
 - (c) whether a good is originating in accordance with Chapter 3 (Rules of Origin and Origin Procedures); and
 - (d) such other matters as the Parties may agree.
- 2. Each Party shall adopt or maintain procedures for issuing written advance rulings which:
 - (a) include a detailed description of the information required to process a request for an advance ruling;
 - (b) allow its customs administration, at any time during the course of an evaluation of an application for an advance ruling, to request that the applicant provide additional information, which may include a sample of the goods, necessary to evaluate the request;
 - (c) ensure that an advance ruling be based on the facts and circumstances presented by the applicant and any other relevant information in the possession of the decision-maker;
 - (d) provide that an advance ruling be issued to the applicant expeditiously, and within a period specified in its laws, regulations or administrative procedures, after the receipt of all necessary information; and
 - (e) provide that its customs administration provide a written explanation of the reasons for the advance ruling.
- 3. A Party may decline to issue an advance ruling if the facts and circumstances forming the basis of the advance ruling are the subject of administrative or judicial review. A Party that, in accordance with this paragraph, declines to issue an advance ruling, shall promptly notify the requestor in writing, setting forth the relevant facts and the basis for its decision to decline to issue the advance ruling.
- 4. Each Party shall provide that advance rulings shall be in force from the date they are issued, or another date specified in the ruling, provided that the facts or circumstances on which the ruling is based remain unchanged. Subject to paragraphs 1 and 5, an advance ruling shall remain in force for no less than five years, or such other period as specified in the laws, regulations or administrative rulings of the issuing Party.
- 5. The issuing Party may modify or revoke an advance ruling after the Party notifies the requestor, and where, consistent with this Agreement:
 - (a) there is a change in its laws and regulations;
 - (b) incorrect information was provided or relevant information was withheld;
 - (c) there is a change in a material fact; or
 - (d) there is a change in the circumstances on which the ruling was based.
- 6. The issuing Party may modify or revoke an advance ruling retroactively if the requestor, intentionally or negligently, provided incorrect information or withheld relevant information.

7. Each Party shall endeavour to publish its advance rulings, subject to its laws, regulations and administrative procedures.

ARTICLE 4.8: APPEAL PROCEDURES

1. Each Party shall ensure that with respect to its determinations on customs matters, importers in its territory have access to:

- (a) at least one level of administrative review independent of the official or authority responsible for the determination under review; and
- (b) judicial review of the determination or decision taken at the final level of administrative review.

2. Each Party shall grant substantially the same rights of review and appeal of determinations of origin and advance rulings by its customs administration as it provides to importers in its territory to any person who has:

- (a) completed and signed, or applied for, a Certificate of Origin for a good that has been the subject of a determination of origin; or
- (b) received an advance ruling in accordance with Article 4.7.

3. Each Party shall allow an exporter or producer to provide information directly to the Party conducting the review and to request that Party to treat that information as confidential in accordance with the laws, regulations and rules of that Party.

ARTICLE 4.9: CUSTOMS COOPERATION

1. The Parties shall, through their respective customs administrations, enhance their cooperation in customs matters.

2. The Parties affirm their commitment to the facilitation of the legitimate movement of goods and shall exchange expertise on measures to improve customs techniques and procedures, including on risk management, in accordance with the provisions of this Agreement.

3. The Parties shall cooperate in relation to:

- (a) the implementation and operation of the provisions of this Agreement governing importations or exportations, including claims for preferential tariff treatment, procedures for making claims for preferential tariff treatment, and verification procedures;

4. Each Party shall endeavour to provide the other Party with advance notice of any proposed laws, regulations or policies governing the administration of customs procedures that are likely to substantially affect the operation of this Agreement.

5. To the extent permitted by each Party's laws, regulations and rules, the customs administrations of the Parties shall endeavour to provide each other with information to assist in the investigation and prevention of infringements of customs laws and regulations.

6. The Parties shall exchange the details of contact points for the exchange of information under this Chapter.

ARTICLE 4.10: BILATERAL CUSTOMS CONSULTATION

1. Each customs administration may consult with the other customs administration on any matter arising from the operation or implementation of this Chapter and on other trade facilitation issues, including tariff classification, customs valuation and origin determination. A Party should promptly respond to any request for consultation on such matters from the other Party.

2. In the event that consultations requested in accordance with paragraph 1 fail to resolve any such matter, the requesting Party may refer the matter to the Committee on Rules of Origin and Trade Facilitation for consideration.

ARTICLE 4.11: CONFIDENTIALITY

1. Further to Articles 22.4 (Disclosure of Information) and 22.5 (Confidentiality), neither Party shall use or disclose information provided by the other Party under this Chapter or Chapter 3 (Rules of Origin and Origin Procedures) except for the purposes for which it was provided, or otherwise as required or authorised by a Party's laws and regulations. The customs administration which supplied that information shall be notified of such other use without delay.

2. Unless otherwise provided in this Agreement, any information received in accordance with this Chapter or Chapter 3 (Rules of Origin and Origin Procedures) shall be subject to the same protection as the same kind of information is subject to in accordance with the laws and regulations of the Party receiving the information.

3. Nothing in this Chapter or Chapter 3 (Rules of Origin and Origin Procedures) shall be construed to require a Party to furnish or allow access to information the disclosure of which would:

- (a) be contrary to the public interest as determined by its laws, regulations and rules;
- (b) be contrary to any of its laws, regulations and rules, including but not limited to those protecting personal privacy or the financial affairs and accounts of individuals; or
- (c) impede law enforcement.

ARTICLE 4.12: COMMITTEE ON RULES OF ORIGIN AND TRADE FACILITATION

1. The Committee on Rules of Origin and Trade Facilitation established in accordance with Article 21.4 (Committees and Working Groups) shall comprise officials of each Party responsible for rules of origin and customs matters.

3. The Committee shall meet on request of either Party or the Joint Committee.

ARTICLE 4.13: DEFINITIONS

goods means all goods falling within Chapters 1 to 97 of the Harmonized System, irrespective of the scope of this Agreement.

CHAPTER 5
TECHNICAL BARRIERS TO TRADE AND
SANITARY AND PHYTOSANITARY MEASURES

Section A: Technical Barriers to Trade

ARTICLE 5.1: SCOPE

1. Unless otherwise provided in paragraphs 3 and 4, this Section shall apply to all standards, technical regulations, and conformity assessment procedures of the central level of government that may, directly or indirectly, affect trade in goods between the Parties.
2. Each Party shall take such reasonable measures as may be available to it to ensure compliance with the provisions of this Section by regional or local government and non-governmental bodies within its territory which are responsible for the preparation, adoption and application of standards, technical regulations and conformity assessment procedures.
3. Technical specifications prepared by governmental bodies for production or consumption requirements of such bodies shall not be subject to the provisions of this Section, but shall be addressed in Chapter 12 (Government Procurement), in accordance with its coverage.
4. This Section shall not apply to sanitary or phytosanitary measures, which are covered in Section B of this Chapter.

ARTICLE 5.2: AFFIRMATION OF THE TBT AGREEMENT

Further to Article 1.2 (Relation to Other Agreements), each Party affirms its existing rights and obligations with respect to each other in the TBT Agreement.

ARTICLE 5.3: INTERNATIONAL STANDARDS, GUIDES AND RECOMMENDATIONS

1. Each Party shall, in accordance with Articles 2.4 and 5.4 of the TBT Agreement, use international standards, guides and recommendations or the relevant parts thereof as a basis for its technical regulations and conformity assessment procedures.
2. Where a Party does not use an international standard, guide or recommendation or the relevant parts thereof as a basis for a technical regulation or conformity assessment procedure, it shall, on request of the other Party, in accordance with Articles 2.5 and 5.4 of the TBT Agreement, explain the reasons for its decision.
3. The Parties shall encourage their respective standards bodies to consult and exchange views on matters under discussion in relevant international or regional bodies that develop international standards, guides, or recommendations relevant to this Section.
4. In determining whether an international standard, guide, or recommendation within the meaning of Articles 2 and 5 and Annex 3 of the TBT Agreement exists, each Party shall apply the *Decision of the Committee on Principles for the Development of International Standards, Guides and Recommendations With Relation to Articles 2, 5 and Annex 3 of the Agreement*, adopted on 13 November 2000 by the WTO Committee on Technical Barriers to Trade (Annex 4 of G/TBT/9).

ARTICLE 5.4: TECHNICAL REGULATIONS

1. Each Party shall give positive consideration to accepting technical regulations of the other Party as equivalent to its own, even if these regulations differ from its own, provided that it is satisfied that these regulations adequately fulfil the objectives of its own regulations.
2. Where a Party does not accept a technical regulation of the other Party as equivalent to its own, it shall, on request of the other Party, explain the reasons for its decision.

ARTICLE 5.5: MARKING AND LABELLING

1. For the purposes of this Article, and in accordance with paragraph 1 of Annex 1 of the TBT Agreement, a technical regulation may include or deal exclusively with marking or labelling requirements.
2. Each Party shall, in accordance with Article 2.2 of the TBT Agreement, ensure that technical regulations, including mandatory marking or labelling of products, are not prepared, adopted or applied with a view to, or with the effect of, creating unnecessary obstacles to international trade. For this purpose, such technical regulations shall not be more trade restrictive than necessary to fulfil a legitimate objective.
3. Where a Party requires mandatory marking or labelling of products:
 - (a) the Party shall endeavour to minimise the requirements for marking or labelling other than marking or labelling relevant to consumers or users of the product. Where marking or labelling for other purposes is required, including for fiscal purposes, such requirements shall be formulated, in accordance with the TBT Agreement, in a manner that is not more trade restrictive than necessary to fulfil a legitimate objective;
 - (b) the Party shall, where it requires the use of a unique identification number by economic operators, issue such number to the economic operators of the other Party without undue delay and on a non-discriminatory basis;
 - (c) the Party shall remain free to require that information on the marks or labels be in a specified language. Where an international system of nomenclature has been accepted by the Parties, such nomenclature may be used. The simultaneous use of additional languages shall not be prohibited, provided that:
 - (i) the information provided in the additional languages is identical to that provided in the specified language; or
 - (ii) the information provided in the additional languages does not constitute a deceptive statement regarding the product; and
 - (d) the Party shall, where it considers that legitimate objectives in accordance with the TBT Agreement are not compromised thereby, endeavour to accept:

2. Each Party shall recommend that non-governmental bodies in its territory observe paragraph 1 in relation to the development of standards and voluntary conformity assessment procedures.
3. With a view to enhancing the opportunity for persons and the other Party to be aware of, and to understand proposed technical regulations and conformity assessment procedures, and to be able to provide meaningful comments on such regulations and procedures, a Party publishing a notice or making a notification in accordance with Articles 2.9, 3.2, 5.6 or 7.2 of the TBT Agreement shall:

Each Party should allow at least 60 days after it transmits a proposal in accordance with subparagraph (b) for the public and the other Party to make comments in writing on the proposal.

4. Each Party shall publish, or otherwise make available to the public, in print or electronically, its responses to significant comments it receives from the public or the other Party in accordance with paragraph 3 no later than the date it publishes the final technical regulation or conformity assessment procedure.
5. Where a Party makes a notification in accordance with Article 2.10 or 5.7 of the TBT Agreement, it shall, at the same time, transmit the notification electronically to the other Party through, in the case of a Korean proposal, the Australian enquiry point established in accordance with Article 10 of the TBT Agreement or, in the case of an Australian proposal, the Korean Coordinator established in accordance with Article 5.9.

1. The Parties shall enhance implementation of the SPS Agreement, including through:
 - (a) cooperating, including exchanging views, in relevant international bodies engaged in food safety and human, animal or plant life or health issues;
 - (b) facilitating the timely exchange of information on their respective sanitary and phytosanitary measures; and

- (c) sharing knowledge and experience.
- 2. The Parties shall explore opportunities for further cooperation and collaboration on sanitary and phytosanitary matters of mutual interest at the bilateral, regional and multilateral levels consistent with the provisions of this Section.
- 3. Where a Party makes a notification in accordance with paragraph 5(b) or 6(a) of Annex B of the SPS Agreement, it shall provide a copy of the notification to the contact point of the other Party at the same time as the notification is provided to the WTO.

ARTICLE 5.18: DISPUTE SETTLEMENT

Neither Party shall have recourse to dispute settlement under this Agreement for any matter arising in this Section.

CHAPTER 6 TRADE REMEDIES

Section A: Safeguard Measures

ARTICLE 6.1: APPLICATION OF A SAFEGUARD MEASURE

If, as a result of the reduction or elimination of a customs duty under this Agreement, an originating good of the other Party is being imported into the territory of a Party in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to be a substantial cause of serious injury, or threat thereof, to a domestic industry producing a like or directly competitive good, the Party may:

- (a) suspend the further reduction of any rate of customs duty on the good provided for under this Agreement;
- (b) increase the rate of customs duty on the good to a level not to exceed the lesser of:
 - (i) the most-favoured-nation (hereinafter referred to as “MFN”) applied rate of duty on the good in effect at the time the safeguard measure is applied; and
 - (ii) the MFN applied rate of duty on the good in effect on the day immediately preceding the date of entry into force of this Agreement; or
- (c) in the case of a customs duty applied to a good on a seasonal basis, increase the rate of duty to a level that, for each season, does not exceed the lesser of:
 - (i) the MFN applied rate of duty on the good in effect for the corresponding season immediately preceding the date of application of the safeguard measure; and
 - (ii) the MFN applied rate of duty on the good in effect for the corresponding season immediately preceding the date of entry into force of this Agreement.

ARTICLE 6.2: CONDITIONS AND LIMITATIONS

1. A Party shall apply a safeguard measure only following an investigation by the Party’s competent authorities in accordance with the procedures and requirements provided for in Articles 3 and 4.2⁷ of the Safeguards Agreement, and to this end, Articles 3 and 4.2 of the Safeguards Agreement are incorporated into and made part of this Agreement, *mutatis mutandis*.

2. A Party shall notify the other Party in writing upon initiation of an investigation described in paragraph 1 and shall consult with the other Party as far in advance of applying a safeguard measure as practicable, with a view to reviewing the information arising from the investigation and exchanging views on the safeguard measure.

⁷ For the purpose of incorporating Article 4.2 of the Safeguards Agreement, the causal link referred to in Article 4.2(b) of the Safeguards Agreement means “substantial cause” as defined in Article 6.6.

3. Each Party shall ensure that its competent authorities complete any such investigation within one year of the date of its initiation.
4. Neither Party shall apply or maintain a safeguard measure:
 - (a) except to the extent, and for such time, as may be necessary to prevent or remedy serious injury and to facilitate adjustment;
 - (b) for a period exceeding two years, except that the period may be extended by up to one year if the competent authorities of the applying Party determine, in conformity with the procedures specified in this Article, that the safeguard measure continues to be necessary to prevent or remedy serious injury and to facilitate adjustment and that there is evidence that the industry is adjusting, provided that the total period of application of a safeguard measure, including the period of initial application and any extension thereof, shall not exceed three years; or
 - (c) beyond the expiration of the transition period, except with the consent of the other Party.
5. Neither Party shall apply a safeguard measure more than once against the same good.
6. No safeguard measure or provisional safeguard measure shall be applied against a particular good while a global safeguard measure under Article XIX of GATT 1994 and the Safeguards Agreement in respect of that good is in place. In the event that a global safeguard measure is taken in respect of a particular good, any existing safeguard measure or provisional safeguard measure which is taken against that good in accordance with this Section shall be terminated.
7. Where the expected duration of a safeguard measure is over one year, the applying Party shall progressively liberalise it at regular intervals.
8. When a Party terminates a safeguard measure, the rate of customs duty shall be the rate that, in accordance with the Party's Schedule to Annex 2-A (Elimination of Customs Duties), would have been in effect but for the safeguard measure.

ARTICLE 6.3: PROVISIONAL SAFEGUARD MEASURE

1. In critical circumstances where delay would cause damage that would be difficult to repair, a Party may apply a provisional safeguard measure in accordance with a preliminary determination by its competent authorities that there is clear evidence that imports of an originating good from the other Party have increased as the result of the reduction or elimination of a customs duty under this Agreement, and have become a substantial cause of serious injury, or threat thereof, to its domestic industry.
2. Before applying a provisional safeguard measure the applying Party shall notify the other Party and shall immediately initiate consultations after applying the provisional safeguard measure.
3. The duration of any provisional safeguard measure shall not exceed 200 days, during which time the applying Party shall comply with the requirements of Article 6.2.1.
4. The applying Party shall promptly refund any additional customs duties collected as a result of a provisional safeguard measure if the investigation conducted in accordance with Article 6.2.1 does not result in a finding that the requirements of Article 6.1 have been met. The

duration of any provisional measure shall be counted as part of the period described in Article 6.2.4(b).

ARTICLE 6.4: COMPENSATION

1. No later than 30 days after it applies a safeguard measure, a Party shall afford an opportunity for the other Party to consult with it regarding appropriate trade liberalising compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the safeguard measure. The applying Party shall provide such compensation as the Parties mutually agree.
2. If the Parties are unable to agree on compensation within 30 days after consultations begin in accordance with paragraph 1, the Party against whose originating good the safeguard measure is applied may suspend the application of concessions with respect to originating goods of the applying Party that have trade effects substantially equivalent to the safeguard measure.
3. The applying Party's obligation to provide compensation under paragraph 1 and the other Party's right to suspend concessions in accordance with paragraph 2 shall terminate on the date the safeguard measure terminates.

ARTICLE 6.5: GLOBAL SAFEGUARD MEASURES

Each Party retains its rights and obligations under Article XIX of GATT 1994 and the Safeguards Agreement and the Agreement on Agriculture. This Agreement shall not confer any additional rights or impose any additional obligations on the Parties with respect to measures applied under Article XIX of GATT 1994 and the Safeguards Agreement or the Agreement on Agriculture, except that a Party applying such a measure under Article XIX of GATT 1994 and the Safeguards Agreement may exclude imports of an originating good of the other Party, from the measure.

ARTICLE 6.6: DEFINITIONS

For the purposes of Section A:

Agreement on Agriculture means the *Agreement on Agriculture*, in Annex 1A of the WTO Agreement;

domestic industry means, with respect to an imported good, the producers as a whole of the like or directly competitive good operating in the territory of a Party, or those whose collective output of the like or directly competitive good constitutes a major proportion of the total domestic production of that good;

safeguard measure means a measure described in Article 6.1;

serious injury means a significant overall impairment in the position of a domestic industry;

substantial cause means the dominant cause that contributes more than any other individual cause;

threat of serious injury means serious injury that, on the basis of facts and not merely on allegation, conjecture, or remote possibility, is clearly imminent; and

transition period in relation to a particular good means the period from the date of entry into force of this Agreement until five years after the date of the elimination or the completion of the reduction period of the customs duties in accordance with that Party's schedule of tariff commitments in Annex 2-A (Elimination of Customs Duties).

Section B: Agricultural Safeguard Measures

ARTICLE 6.7: AGRICULTURAL SAFEGUARD MEASURES

1. Notwithstanding Article 2.3 (Elimination of Customs Duties), a Party may apply an agricultural safeguard measure on an originating agricultural good listed in that Party's Schedule to Annex 6-A, if the aggregate volume of imports of that good in any calendar year exceeds a trigger level set out in that Party's Schedule to Annex 6-A.
2. The duty to be applied as the agricultural safeguard measure under paragraph 1 shall not exceed the lesser of:
 - (a) the prevailing MFN applied rate;
 - (b) the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement; or
 - (c) the duty rate set out in the applying Party's Schedule to Annex 6-A.
3. Neither Party shall maintain an agricultural safeguard measure under this Article beyond the end of the calendar year in which it has applied the measure.
4. Neither Party shall apply or maintain an agricultural safeguard measure on an originating agricultural good if the period specified in the agricultural safeguard provisions of the Party's Schedule to Annex 6-A has expired.
5. Neither Party shall apply or maintain an agricultural safeguard measure under this Article and at the same time apply or maintain, on the same good:
 - (a) a safeguard measure under this Agreement;
 - (b) a measure under Article XIX of GATT 1994 and the Safeguards Agreement; or
 - (c) a safeguard measure applied under the Agreement on Agriculture.
6. A Party shall implement agricultural safeguard measures in a transparent manner. Within 60 days after applying a measure, the Party applying an agricultural safeguard measure shall notify the other Party in writing and provide it with relevant data concerning the measure including trade volumes. On request, the Party applying the agricultural safeguard measure shall consult with the other Party with respect to the conditions of the application of such agricultural safeguard measure.
7. A good which is *en route* on the basis of a contract settled before the agricultural safeguard measure is applied shall be exempted from the application of the safeguard measure provided that it may be counted in the volume of imports of the good in question during the following calendar year for the purposes of triggering the provisions of paragraph 1 in that calendar year.

8. The implementation and operation of this Article may be the subject of discussion and review in the Committee on Trade in Goods.

Section C: Anti-dumping and Countervailing Measures

ARTICLE 6.8: ANTI-DUMPING AND COUNTERVAILING MEASURES

1. Each Party retains its rights and obligations under the WTO Agreement with regard to the application of anti-dumping and countervailing measures. Unless otherwise provided in this Chapter, nothing in this Agreement shall be construed to confer any additional rights or impose any additional obligations on a Party with respect to anti-dumping or countervailing measures.
2. In order to enhance transparency in the implementation of the WTO Agreement:
 - (a) the Parties confirm their current practice of counting toward the average all individual margins, whether positive or negative, when anti-dumping margins are established on the weighted-to-weighted basis or transaction-to-transaction basis, or weighted-to-transaction basis, and share their expectation that such practice will continue⁸; and
 - (b) the Party making such a decision to impose an anti-dumping duty in accordance with Article 9.1 of the Anti-Dumping Agreement, shall normally apply the ‘lesser duty’ rule, by imposing a duty which is less than the dumping margin where such lesser duty would be adequate to remove the injury to the domestic industry.

ARTICLE 6.9: NOTIFICATION AND CONSULTATIONS

1. After receipt by a Party’s competent authorities of a properly documented anti-dumping application relating to imports from the other Party and before proceeding to initiate an investigation, the Party shall give written notice, at the earliest possible opportunity, to the other Party and, immediately after initiating an investigation, shall afford the other Party an adequate opportunity to make inquiries and representations regarding the application.
2. As soon as possible after an application for countervailing measures is accepted by the competent authorities of a Party and before the initiation of an investigation, if products of the other Party may be subject to such investigation, the other Party shall be invited for consultations with the aim of clarifying the situation and arriving at a mutually agreed solution.

ARTICLE 6.10: UNDERTAKINGS

1. After a Party’s competent authorities initiate an anti-dumping or countervailing duty investigation, that Party shall give written notice, which shall include information about the availability of undertakings, to the other Party.
2. In an anti-dumping investigation, where a Party’s competent authorities have made a preliminary affirmative determination of dumping and injury caused by such dumping, that Party shall, to the extent possible, inform exporters of the other Party about the availability of undertakings and extend reasonable consideration to undertakings requested by the exporters of the other Party.

⁸ This is without prejudice to the position each Party takes in the WTO’s Doha Development Agenda negotiations on Rules.

3. In a countervailing duty investigation, where a Party's competent authorities have made a preliminary affirmative determination of subsidisation and injury caused by such subsidisation, that Party shall inform the other Party and to the extent possible exporters of the other Party, about the availability of undertakings and extend reasonable consideration to undertakings requested by the other Party or the exporters of the other Party.

CHAPTER 7 CROSS-BORDER TRADE IN SERVICES

ARTICLE 7.1: SCOPE

1. This Chapter shall apply to measures adopted or maintained by a Party affecting cross-border trade in services by service suppliers of the other Party. Such measures include measures affecting:

- (a) the production, distribution, marketing, sale or delivery of a service;
- (b) the purchase or use of, or payment for, a service;
- (c) the access to and use of distribution, transport, or telecommunications networks and services in connection with the supply of a service;
- (d) the presence in its territory of a service supplier of the other Party; and
- (e) the provision of a bond or other form of financial security as a condition for the supply of a service.

2. Articles 7.4, 7.7, and 7.8 shall also apply to measures adopted or maintained by a Party affecting the supply of a service in its territory by a covered investment⁹.

3. This Chapter shall not apply to:

- (a) financial services as defined in Article 8.20 (Definitions), except that paragraph 2 shall apply where the financial service is supplied by a covered investment that is not a covered investment in a financial institution as defined in Article 8.20 (Definitions) in a Party's territory;
- (b) government procurement;
- (c) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance; or
- (d) air services, including domestic and international air transportation services, whether scheduled or non-scheduled, and related services in support of air services, other than:
 - (i) aircraft repair and maintenance services;
 - (ii) the selling and marketing of air transport services;
 - (iii) computer reservation system services; and
 - (iv) specialty air services.

The Parties note the multilateral negotiations pursuant to the review of the GATS Annex on Air Transport Services. Upon the conclusion of such multilateral negotiations, the

⁹ For greater certainty, the scope of application of Articles 7.4, 7.7, and 7.8 to measures adopted or maintained by a Party affecting the supply of a service in its territory by a covered investment is limited to the scope specified in this Article, subject to any applicable non-conforming measures and exceptions.

Parties shall conduct a review for the purpose of discussing appropriate amendments to this Agreement so as to incorporate the results of such multilateral negotiations.

4. This Chapter shall not impose any obligation on a Party with respect to a national of the other Party seeking access to its employment market, or employed on a permanent basis in its territory, and shall not confer any right on that national with respect to that access or employment.

5. This Chapter shall not apply to services supplied in the exercise of governmental authority in a Party's territory. A service supplied in the exercise of governmental authority means any service which is supplied neither on a commercial basis, nor in competition with one or more service suppliers.

ARTICLE 7.2: NATIONAL TREATMENT

1. Each Party shall accord to service suppliers of the other Party treatment no less favourable than that it accords, in like circumstances, to its own service suppliers.

2. The treatment to be accorded by a Party under paragraph 1 means, with respect to a regional level of government, treatment no less favourable than the most favourable treatment accorded, in like circumstances, by that regional level of government to service suppliers of the Party of which it forms a part.

ARTICLE 7.3: MOST-FAVOURED-NATION TREATMENT

Each Party shall accord to service suppliers of the other Party treatment no less favourable than that it accords, in like circumstances, to service suppliers of a non-Party.

ARTICLE 7.4: MARKET ACCESS

Neither Party shall adopt or maintain, either on the basis of a regional subdivision or on the basis of its entire territory, measures that:

- (a) impose limitations on:
 - (i) the number of service suppliers, whether in the form of numerical quotas, monopolies, exclusive service suppliers, or the requirement of an economic needs test;
 - (ii) the total value of service transactions or assets in the form of numerical quotas or the requirement of an economic needs test;
 - (iii) the total number of service operations or the total quantity of services output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test¹⁰; or
 - (iv) the total number of natural persons that may be employed in a particular service sector or that a service supplier may employ and who are necessary for, and directly related to, the supply of a specific service in the form of numerical quotas or the requirement of an economic needs test; or

¹⁰ Subparagraph (a)(iii) does not cover measures of a Party that limit inputs for the supply of services.

- (b) restrict or require specific types of legal entity or joint venture through which a service supplier may supply a service.

ARTICLE 7.5: LOCAL PRESENCE

Neither Party shall require a service supplier of the other Party to establish or maintain a representative office or any form of enterprise, or to be resident, in its territory as a condition for the cross-border supply of a service.

ARTICLE 7.6: NON-CONFORMING MEASURES

1. Articles 7.2 through 7.5 shall not apply to:
 - (a) any existing non-conforming measure that is maintained by a Party at:
 - (i) the central level of government, as set out by that Party in its Schedule to Annex I;
 - (ii) a regional level of government, as set out by that Party in its Schedule to Annex I; or
 - (iii) a local level of government;
 - (b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or
 - (c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Article 7.2, 7.3, 7.4 or 7.5.
2. Articles 7.2 through 7.5 shall not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors, or activities as set out in its Schedule to Annex II.

ARTICLE 7.7: DOMESTIC REGULATION

1. Where a Party requires authorisation for the supply of a service, the Party's competent authorities shall, within a reasonable time after the submission of an application considered complete under its laws and regulations, inform the applicant of the decision concerning the application. On request of the applicant, the Party's competent authorities shall provide, without undue delay, information concerning the status of the application. This obligation shall not apply to authorisation requirements that a Party adopts or maintains with respect to sectors, sub-sectors, or activities as set out in its Schedule to Annex II.
2. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards, and licensing requirements do not constitute unnecessary barriers to trade in services, each Party shall endeavour to ensure, as appropriate for individual sectors, that such measures are:
 - (a) based on objective and transparent criteria, such as competence and the ability to supply the service;
 - (b) not more burdensome than necessary to ensure the quality of the service; and

- (c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

3. If the results of the negotiations related to Article VI:4 of the GATS (or the results of any similar negotiations undertaken in other multilateral fora in which the Parties participate) enter into effect, this Article shall be amended, as appropriate, after consultations between the Parties, to bring those results into effect between the Parties under this Agreement. The Parties shall coordinate on such negotiations, as appropriate.

4. Subject to its laws and regulations, a Party shall permit service suppliers of the other Party to use the enterprise names under which they trade in the territory of the other Party and otherwise ensure that the use of the enterprise names is not unduly restricted.

ARTICLE 7.8: TRANSPARENCY IN DEVELOPING AND APPLYING REGULATIONS

Further to Chapter 19 (Transparency):

- (a) each Party shall establish or maintain appropriate mechanisms for responding to enquiries from interested persons regarding its regulations relating to the subject matter of this Chapter; and
- (b) if a Party does not provide, in accordance with Article 19.1.2, advance notice of and opportunity for comment on regulations it proposes to adopt relating to the subject matter of this Chapter, it shall, on request of the other Party, address in writing the reasons for not doing so.

ARTICLE 7.9: RECOGNITION

1. For the purposes of the fulfilment, in whole or in part, of its standards or criteria for the authorisation, licensing, or certification of service suppliers, and subject to the requirements of paragraph 5, a Party may recognise the education or experience obtained, requirements met, or licences or certifications granted in a particular country. Such recognition, which may be achieved through harmonisation or otherwise, may be based upon an agreement or arrangement with the country concerned or may be accorded autonomously.

2. Where a Party recognises, autonomously or by agreement or arrangement, the education or experience obtained, requirements met, or licences or certifications granted in the territory of a non-Party, nothing in Article 7.3 shall be construed to require the Party to accord such recognition to the education or experience obtained, requirements met, or licences or certifications granted in the territory of the other Party.

3. On request of the other Party, a Party shall promptly provide information, including appropriate descriptions, concerning any recognition agreement or arrangement that the Party has concluded. For recognition arrangements entered into by relevant bodies in its territory, a Party shall encourage those bodies to provide the same information.

4. A Party that is a party to an agreement or arrangement of the type referred to in paragraph 1, whether existing or future, shall afford adequate opportunity for the other Party, if that other Party is interested, to negotiate its accession to such an agreement or arrangement or to negotiate a comparable one with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that education or experience obtained, requirements met, or licences or certifications granted in that other Party's territory should be recognised.

5. A Party shall not accord recognition in a manner that would constitute a means of discrimination between countries in the application of its standards or criteria for the authorisation, licensing, or certification of service suppliers, or a disguised restriction on trade in services.

6. Annex 7-A shall apply to measures adopted or maintained by a Party relating to the licensing or certification of professional service suppliers as set out in that Annex.

ARTICLE 7.10: PAYMENTS AND TRANSFERS¹¹

1. Each Party shall permit all payments and transfers relating to the cross-border supply of services to be made freely and without delay into and out of its territory.

2. Each Party shall permit such payments and transfers relating to the cross-border supply of services to be made in a freely usable currency at the market rate of exchange prevailing at the time of the payment or transfer.

3. Notwithstanding paragraphs 1 and 2, a Party may prevent or delay a payment or transfer through the equitable, non-discriminatory, and good faith application of its laws and regulations relating to:

- (a) bankruptcy, insolvency, or the protection of the rights of creditors;
- (b) issuing, trading, or dealing in securities, futures, options, or derivatives;
- (c) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities;
- (d) criminal or penal offences; or
- (e) ensuring compliance with orders or judgments in judicial or administrative proceedings.

ARTICLE 7.11: DENIAL OF BENEFITS

1. A Party may deny the benefits of this Chapter to a service supplier of the other Party if the service supplier is an enterprise owned or controlled by persons of a non-Party, and the denying Party adopts or maintains measures with respect to the non-Party or a person of the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise.

2. A Party may deny the benefits of this Chapter to a service supplier of the other Party if the service supplier is an enterprise owned or controlled by persons of a non-Party or of the denying Party that has no substantive business operations in the territory of the other Party. If, before denying the benefits of this Chapter, the denying Party knows that the enterprise has no substantive business operations in the territory of the other Party and that persons of a non-Party, or of the denying Party, own or control the enterprise, the denying Party shall, to the extent possible, notify the other Party before denying the benefits. If the denying Party provides such notice, it shall consult with the other Party on request of the other Party.

¹¹ For greater certainty, Annex 11-C (Transfers) shall apply to this Article.

ARTICLE 7.12: AUDIOVISUAL CO-PRODUCTION

Recognising that audiovisual, including film, animation and broadcasting program co-productions can significantly contribute to the development of the audiovisual industry and to the intensification of cultural and economic exchange between them, the Parties hereby agree on Annex 7-B.

ARTICLE 8.5: CROSS-BORDER TRADE

1. Each Party shall permit, under terms and conditions that accord national treatment, cross-border financial service suppliers of the other Party to supply the services specified in Annex 8-A.
2. Each Party shall permit persons located in its territory, and its nationals wherever located, to purchase financial services from cross-border financial service suppliers of the other Party located in the territory of the other Party. This obligation does not require a Party to permit such suppliers to do business or solicit in its territory. Each Party may define “doing business” and “solicitation” for the purposes of this obligation, provided that those definitions are not inconsistent with paragraph 1.
3. Without prejudice to other means of prudential regulation of cross-border trade in financial services, a Party may require the registration or authorisation of cross-border financial service suppliers of the other Party and of financial instruments.

ARTICLE 8.6: NEW FINANCIAL SERVICES¹⁵

Each Party shall permit a financial institution of the other Party to supply any new financial service that the Party would permit its own financial institutions, in like circumstances, to supply without additional legislative action by the Party. Notwithstanding Article 8.4(b), a Party may determine the institutional and juridical form through which the new financial service may be supplied and may require authorisation for the supply of the service. Where a Party requires a financial institution to obtain authorisation to supply a new financial service, the Party shall decide within a reasonable time whether to issue the authorisation and the authorisation may be refused only for prudential reasons.

ARTICLE 8.7: TREATMENT OF CERTAIN INFORMATION

Further to Article 22.4 (Disclosure of Information), nothing in this Chapter requires a Party to furnish or allow access to information related to the financial affairs and accounts of individual customers of financial institutions or cross-border financial service suppliers.

ARTICLE 8.8: SENIOR MANAGEMENT AND BOARDS OF DIRECTORS

1. Neither Party shall require financial institutions of the other Party to engage individuals of any particular nationality as senior managerial or other essential personnel.
2. Neither Party shall require that more than a minority of the board of directors of a financial institution of the other Party be composed of nationals of the Party, persons residing in the territory of the Party, or a combination thereof.

ARTICLE 8.9: NON-CONFORMING MEASURES

1. Articles 8.2 through 8.5 and Article 8.8 shall not apply to:

¹⁵ The Parties understand that nothing in this Article shall prevent a financial institution of a Party from applying to the other Party to request that it authorise the supply of a financial service that is supplied in neither Party's territory. Such application shall be subject to the laws and regulations of the Party to which the application is made and, for greater certainty, shall not be subject to the obligations of this Article.

- (a) any existing non-conforming measure that is maintained by a Party at:
 - (i) the central level of government, as set out by that Party in Section A of its Schedule to Annex III;
 - (ii) a regional level of government, as set out by that Party in Section A of its Schedule to Annex III; or
 - (iii) a local level of government;
- (b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or
- (c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed:
 - (i) immediately before the amendment, with Article 8.2, 8.3, 8.4, or 8.8; or
 - (ii) on the date of entry into force of the Agreement, with Article 8.5.

2. Articles 8.2 through 8.5 and Article 8.8 shall not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors, or activities, as set out by that Party in Section B of its Schedule to Annex III.

3. A non-conforming measure set out in a Party's Schedule to Annex I or II, to which Article 7.2 (National Treatment), 7.3 (Most-Favoured-Nation Treatment), 11.3 (National Treatment), 11.4 (Most-Favoured-Nation Treatment), or 11.10 (Senior Management and Boards of Directors) shall not apply, shall be treated as a non-conforming measure to which Article 8.2, 8.3, 8.5.1, or 8.8.2 shall not apply, as the case may be, to the extent that the measure, sector, sub-sector, or activity set out in the entry is covered by this Chapter.

ARTICLE 8.10: EXCEPTIONS

1. Notwithstanding any other provision of this Chapter or Chapter 9 (Telecommunications), including specifically Article 9.2 (Relation to Other Chapters), Chapter 11 (Investment) or 15 (Electronic Commerce) and, in addition, Article 7.1.3, with respect to the supply of financial services in the territory of a Party by an investor of the other Party or a covered investment, a Party shall not be prevented from adopting or maintaining measures for prudential reason¹⁶, including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial institution or cross-border financial service supplier, or to ensure the integrity and stability of the financial system. Where such measures do not conform to the provisions of this Agreement referred to in this paragraph, they shall not be used as a means of avoiding the Party's commitments or obligations under such provisions.

2. Nothing in this Chapter or Chapter 9 (Telecommunications), including specifically Article 9.2 (Relation to Other Chapters), Chapter 11 (Investment), or 15 (Electronic Commerce), and, in addition, Article 7.1.3, with respect to the supply of financial services in the territory of a Party by an investor of the other Party or a covered investment, shall apply to non-discriminatory measures of general application taken by any public entity in pursuit of monetary and related credit policies or exchange rate policies. This paragraph shall not affect a Party's obligations

¹⁶ It is understood that the term "prudential reasons" includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions or cross-border financial service suppliers.

under Article 11.9 (Performance Requirements) with respect to measures covered by Chapter 11 (Investment) or under Article 7.10 (Payments and Transfers) or 11.8 (Transfers).

3. Notwithstanding Articles 7.10 (Payments and Transfers) and 11.8 (Transfers), as incorporated into this Chapter, a Party may prevent or limit transfers by a financial institution or cross-border financial service supplier to, or for the benefit of, an affiliate of or person related to such institution or supplier, through the equitable, non-discriminatory, and good faith application of measures relating to maintenance of the safety, soundness, integrity or financial responsibility of financial institutions or cross-border financial service suppliers. This paragraph does not prejudice any other provision of this Agreement that permits a Party to restrict transfers.

4. For greater certainty, nothing in this Chapter shall be construed to prevent a Party from adopting or enforcing measures necessary to secure compliance with laws or regulations that are not inconsistent with this Chapter, including those relating to the prevention of deceptive and fraudulent practices or to deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on investment in financial institutions or cross-border trade in financial services.

ARTICLE 8.11: TRANSPARENCY

1. The Parties recognise that transparent regulations and policies governing the activities of financial institutions and cross-border financial service suppliers are important in facilitating access to, and their operations in, each other's markets. Each Party commits to promote regulatory transparency in financial services.

2. Each Party shall ensure that all measures of general application to which this Chapter shall apply are administered in a reasonable, objective, and impartial manner.

3. In lieu of Article 19.1.2, each Party, to the extent possible:

- (a) shall publish in advance any regulations of general application relating to the subject matter of this Chapter that it proposes to adopt and the purpose of the regulation;
- (b) shall provide interested persons and the other Party a reasonable opportunity to comment on such proposed regulations; and
- (c) should at the time it adopts final regulations, address in writing substantive comments received from interested persons with respect to the proposed regulations.

4. To the extent possible, each Party shall allow reasonable time between publication of final regulations of general application and their effective date.

5. Each Party shall ensure that the rules of general application adopted or maintained by self-regulatory organisations of the Party are promptly published or otherwise made available in such a manner as to enable interested persons to become acquainted with them.

6. Each Party shall establish or maintain appropriate mechanisms for responding to enquiries from interested persons regarding measures of general application covered by this Chapter.

7. Each Party's regulatory authorities shall make publicly available the requirements, including any documentation required, for completing applications relating to the supply of financial services.

8. On request of an applicant, a Party's regulatory authority shall inform the applicant of the status of its application. If the authority requires additional information from the applicant, it shall notify the applicant without undue delay.

9. A Party's regulatory authority shall make an administrative decision on a completed application of an investor in a financial institution, a financial institution, or a cross-border financial service supplier of the other Party relating to the supply of a financial service within 120 days, and shall promptly notify the applicant of the decision. An application shall not be considered complete until all relevant hearings are held and all necessary information is received. Where it is not practicable for a decision to be made within 120 days, the regulatory authority shall notify the applicant without undue delay and shall endeavour to make the decision within a reasonable time thereafter.

10. On request of an unsuccessful applicant, a regulatory authority that has denied an application shall, to the extent possible, inform the applicant of the reasons for denial of the application.

ARTICLE 8.12: SELF-REGULATORY ORGANISATIONS

Where a Party requires a financial institution or a cross-border financial service supplier of the other Party to be a member of, participate in, or have access to, a self-regulatory organisation to provide a financial service in or into the territory of that Party, the Party shall ensure that the self-regulatory organisation observes the obligations of Articles 8.2 and 8.3.

ARTICLE 8.13: PAYMENT AND CLEARING SYSTEMS

Under terms and conditions that accord national treatment, each Party shall grant financial institutions of the other Party established in its territory access to payment and clearing systems operated by public entities, and to official funding and refinancing facilities available in the normal course of ordinary business. This Article is not intended to confer access to the Party's lender of last resort facilities.

ARTICLE 8.14: RECOGNITION

1. A Party may recognise prudential measures of a non-Party in the application of measures covered by this Chapter. Such recognition may be:

- (a) accorded autonomously;
- (b) achieved through harmonisation or other means; or
- (c) based on an agreement or arrangement with the non-Party.

2. A Party according recognition of prudential measures under paragraph 1 shall provide adequate opportunity to the other Party to demonstrate that circumstances exist in which there are or would be equivalent regulation, oversight, implementation of regulation, and, if appropriate, procedures concerning the sharing of information between the Parties.

3. Where a Party accords recognition of prudential measures under paragraph 1(c) and the circumstances described in paragraph 2 exist, the Party shall provide adequate opportunity to the other Party to negotiate accession to the agreement or arrangement, or to negotiate a comparable agreement or arrangement.

ARTICLE 8.15: SPECIFIC COMMITMENTS

Annex 8-B sets out certain specific commitments by each Party.

ARTICLE 8.16: COMMITTEE ON FINANCIAL SERVICES

1. The Committee on Financial Services established in accordance with Article 21.4 (Committees and Working Groups) shall comprise officials of each Party from authorities responsible for financial services. The authorities responsible for financial services are:

- (a) for Korea, the Ministry of Strategy and Finance and the Financial Services Commission; and
- (b) for Australia, the Department of the Treasury and the Department of Foreign Affairs and Trade.

2. The Committee shall:

- (a) supervise the implementation of this Chapter and its further elaboration;
- (b) consider issues regarding financial services that are referred to it by a Party, including ways for the Parties to cooperate more effectively in the financial services sector; and
- (c) participate in investment disputes in accordance with Article 8.19.

3. The Committee shall meet annually, or as otherwise agreed, to assess the functioning of this Agreement as it applies to financial services.

ARTICLE 8.17: CONSULTATIONS

1. A Party may request consultations with the other Party regarding any matter arising under this Agreement that affects financial services. The other Party shall give sympathetic consideration to the request. The Parties shall report the results of their consultations to the Committee.

2. Consultations under this Article shall include officials of the authorities set out in Article 8.16.1.

ARTICLE 8.18: DISPUTE SETTLEMENT

1. Chapter 20 (Dispute Settlement) shall apply as modified by this Article to the settlement of disputes arising under this Chapter.

2. Where a Party claims that a dispute arises under this Chapter, Article 20.8 (Establishment of Panel) shall apply, except that:

- (a) where the Parties so agree, the panel shall be composed entirely of panellists meeting the qualifications in paragraph 3; and
 - (b) in any other case:
 - (i) each Party may select panellists meeting the qualifications set out in paragraph 3 or Article 20.8.5; and
 - (ii) if the Party complained against invokes Article 8.10, the chair of the panel shall meet the qualifications set out in paragraph 3, unless the Parties otherwise agree.
3. Financial services panellists shall:
- (a) have expertise or experience in financial services law or practice, which may include the regulation of financial institutions; and
 - (b) meet the qualifications set out in Article 20.8.5.
4. Notwithstanding Article 20.14 (Non-Implementation), where a panel finds a measure to be inconsistent with this Agreement and the measure under dispute affects:
- (a) only the financial services sector, the complaining Party may suspend benefits only in the financial services sector;
 - (b) the financial services sector and any other sector, the complaining Party may suspend benefits in the financial services sector that have an effect equivalent to the effect of the measure in the Party's financial services sector; or
 - (c) only a sector other than the financial services sector, the complaining Party may not suspend benefits in the financial services sector.

ARTICLE 8.19: INVESTMENT DISPUTES IN FINANCIAL SERVICES

1. Where an investor of a Party submits a claim to arbitration under Section B (Investor-State Dispute Settlement) of Chapter 11 (Investment), and the respondent invokes Article 8.10 as a defence, the following provisions shall apply:

- (a) the respondent shall, within 120 days of the date the claim is submitted to arbitration under Section B of Chapter 11 (Investment), submit a written request to the Committee on Financial Services for a joint determination on the issue of whether and to what extent Article 8.10 is a valid defence to the claim. The respondent shall promptly provide the tribunal, if constituted, a copy of such request. The arbitration may proceed with respect to the claim only as provided in subparagraph (d);
- (b) the Committee shall attempt in good faith to make a determination as described in subparagraph (a). Any such determination shall be transmitted promptly to the disputing parties and, if constituted, to the tribunal. The determination shall be binding on the tribunal;
- (c) if the Committee, within 60 days of the date by which it has received the respondent's written request for a determination under subparagraph (a), has not made a determination as described in that subparagraph, the tribunal shall decide

the issue left unresolved by the Committee. The provisions of Section B of Chapter 11 (Investment) shall apply, except as modified by this subparagraph:

- (i) in the appointment of all arbitrators not yet appointed to the tribunal, each disputing party shall take appropriate steps to ensure that the tribunal has expertise or experience as described in Article 8.19.3(a). The expertise or experience of particular candidates with respect to financial services shall be taken into account to the greatest extent possible in the appointment of the presiding arbitrator;
 - (ii) if, prior to the submission of the request for a determination in accordance with subparagraph (a), the presiding arbitrator has been appointed in accordance with Section B of Chapter 11 (Investment), such arbitrator shall be replaced on request of either disputing party and the tribunal shall be reconstituted in accordance with subparagraph (c)(i). If, within 30 days of the date the arbitration proceedings are resumed under subparagraph (d), the disputing parties have not agreed on the appointment of a new presiding arbitrator, the Secretary-General, on request of a disputing party, shall appoint the presiding arbitrator consistent with subparagraph (c)(i); and
 - (iii) the Party of the claimant may make oral and written submissions to the tribunal regarding the issue of whether and to what extent Article 8.10 is a valid defence to the claim. Unless it makes such a submission, the Party of the claimant shall be presumed, for the purposes of the arbitration, to take a position on Article 8.10 not inconsistent with that of the respondent; and
- (d) the arbitration referred to in subparagraph (a) may proceed with respect to the claim:
- (i) 10 days after the date the determination of the Committee has been received by the disputing parties and, if constituted, the tribunal; or
 - (ii) 10 days after the expiration of the 60-day period extended to the Committee in subparagraph (c).

1. A Party may require a cross-border financial service supplier of the other Party to provide information, solely for informational or statistical purposes, on the financial services it has supplied within the territory of the Party. The Party shall protect such business information that is confidential from any disclosure that would prejudice the competitive position of the supplier.

2. For the purposes of paragraph 1, with regard to Korean won-denominated assets, the supply of investment advice or portfolio management services applies only to the extent that Korea allows the supply of these services with respect to such assets.
3. For the purposes of paragraph 1, "collective investment scheme" means:

- (a) for Korea, any of the schemes established for making collective investment as defined under articles 9.18.1 through 9.18.6 of the Financial Investment Services and Capital Markets Act (FSCMA); and
- (b) for Australia:
 - (i) a managed investment scheme as defined under section 9 of the *Corporations Act 2001*, other than a managed investment scheme operated in contravention of subsection 601ED(5) of the *Corporations Act 2001*; or

1. Notwithstanding Article 8.1.4, each Party shall apply Articles 8.2 and 8.3 with respect to the acquisition or procurement of the following services to the extent this Chapter shall apply to measures adopted or maintained by the Party relating to activities or services set out in Article 8.1.3(a) and (b):

CHAPTER 9 TELECOMMUNICATIONS

ARTICLE 9.1: SCOPE

1. This Chapter shall apply to measures adopted or maintained by a Party affecting trade in telecommunications services.
2. Except to ensure that enterprises operating broadcast stations and cable systems have continued access to and use of public telecommunications networks or services, this Chapter shall not apply to any measure relating to broadcast or cable distribution of radio or television programming.
3. Nothing in this Chapter shall be construed to require a Party to compel any enterprise to:
 - (a) establish, construct, acquire, lease, operate, or provide telecommunications networks or services not offered to the public generally; or
 - (b) make available its broadcast or cable facilities as a public telecommunications network where the enterprise is exclusively engaged in the broadcast or cable distribution of radio or television programming.

ARTICLE 9.2: RELATION TO OTHER CHAPTERS

In the event of any inconsistency between this Chapter and another Chapter, this Chapter shall prevail to the extent of the inconsistency.

Section A: Access to and Use of Public Telecommunications Networks or Services

ARTICLE 9.3: ACCESS AND USE

1. Each Party shall ensure that service suppliers of the other Party have access to and use of any public telecommunications network or service, including leased circuits, offered in its territory or across its borders on a timely basis, and on reasonable and non-discriminatory terms and conditions, including as set out in paragraphs 2 through 6.
2. Each Party shall ensure that service suppliers of the other Party are permitted to:
 - (a) purchase or lease, and attach terminal or other equipment that interfaces with a public telecommunications network;
 - (b) provide services to individual or multiple end-users over owned or leased circuits;
 - (c) connect owned or leased circuits with public telecommunications networks or services in the territory, or across the borders, of that Party, or with circuits leased or owned by another service supplier;
 - (d) perform switching, signalling, processing and conversion functions; and
 - (e) use operating protocols of their choice in the supply of any service.

3. Each Party shall ensure that service suppliers of the other Party may use public telecommunications networks or services for the movement of information in its territory or across its borders, including for intra-corporate communications, and for access to information contained in databases or otherwise stored in machine-readable form in the territory of either Party or any non-Party which is a party to the WTO Agreement.

4. Notwithstanding paragraph 3, a Party may take such measures as are necessary to:

- (a) ensure the security and confidentiality of messages; and
- (b) protect the privacy of personal data of end-users of public telecommunications networks or services,

provided that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination or a disguised restriction on trade in services.

5. Each Party shall ensure that no condition is imposed on access to and use of public telecommunications networks or services, other than as necessary to:

- (a) safeguard the public service responsibilities of suppliers of public telecommunications networks or services, in particular their ability to make their networks or services available to the public generally; or
- (b) protect the technical integrity of public telecommunications networks or services.

6. Provided that they satisfy the criteria set out in paragraph 5, conditions for access to and use of public telecommunications networks or services may include:

- (a) a requirement to use specified technical interfaces, including interface protocols, for interconnection with such networks or services;
- (b) requirements, where necessary, for the inter-operability of such networks or services; and
- (c) type approval of terminal or other equipment which interfaces with the network and technical requirements relating to the attachment of such equipment to such networks.

Section B: Suppliers of Public Telecommunications Networks or Services

ARTICLE 9.4: OBLIGATIONS RELATING TO SUPPLIERS OF PUBLIC TELECOMMUNICATIONS NETWORKS OR SERVICES²⁵

Interconnection

1. Each Party shall ensure that:

- (a) suppliers of public telecommunications networks or services in its territory provide, directly or indirectly, interconnection with suppliers of public telecommunications networks or services of the other Party. The rates, terms and conditions of such interconnection will generally be determined through

²⁵ This Article is subject to Annex 9-A.

commercial negotiation between the service suppliers concerned, in accordance with the laws and regulations of the Party; and

- (b) in carrying out subparagraph (a), suppliers of public telecommunications networks or services in its territory take reasonable steps to protect the confidentiality of commercially sensitive information of, or relating to, suppliers and end-users of public telecommunications networks or services and only use such information for the purpose of providing these services.

Number Portability

2. Each Party shall ensure that suppliers of public telecommunications networks or services in its territory provide number portability to the extent technically feasible, on a timely basis, and on terms and conditions that are reasonable and non-discriminatory.

Dialling Parity

3. Each Party shall ensure that:

- (a) its telecommunications regulatory body has the authority to require that suppliers of public telecommunications services in its territory provide dialling parity within the same category of service to suppliers of public telecommunications services of the other Party; and
- (b) suppliers of public telecommunications services of the other Party are afforded non-discriminatory access to telephone numbers.

Section C: Additional Obligations Relating to Major Suppliers of Public Telecommunications Networks or Services²⁶

ARTICLE 9.5: TREATMENT BY MAJOR SUPPLIERS

Each Party shall ensure that major suppliers in its territory accord suppliers of public telecommunications networks or services of the other Party treatment no less favourable than such major suppliers accord in like circumstances to its subsidiaries, its affiliates, or non-affiliated service suppliers regarding:

- (a) the availability, provisioning, rates, or quality of like public telecommunications networks or services; and
- (b) the availability of technical interfaces necessary for interconnection.

ARTICLE 9.6: COMPETITIVE SAFEGUARDS

1. Each Party shall maintain appropriate measures for the purposes of preventing suppliers of public telecommunications networks or services that, alone or together, are a major supplier in its territory, from engaging in or continuing anticompetitive practices.

2. The anticompetitive practices referred to in paragraph 1 include, in particular:

- (a) engaging in anticompetitive cross-subsidisation;

²⁶ This Section is subject to Annex 9-B.

- (b) using information obtained from competitors with anticompetitive results;
- (c) not making available, on a timely basis, to suppliers of public telecommunications networks or services, technical information about essential facilities and commercially relevant information that are necessary for them to provide services; and
- (d) pricing services in a manner that is likely to unreasonably restrict competition, including predatory pricing.

ARTICLE 9.7: RESALE

1. Each Party shall ensure that major suppliers in its territory do not impose unreasonable or discriminatory conditions or limitations on the resale of their public telecommunications services by suppliers of public telecommunications services of the other Party, where such conditions or limitations would have anticompetitive results.

2. Where a Party requires a major supplier of public telecommunications services in its territory to offer for resale, to suppliers of public telecommunications services of the other Party, public telecommunications services that such major supplier provides at retail to end-users that are not suppliers of public telecommunications services, it shall ensure that such services are offered for resale at reasonable rates²⁷.

ARTICLE 9.8: UNBUNDLING OF NETWORK ELEMENTS

Each Party shall provide its telecommunications regulatory body with the authority to require major suppliers in its territory to provide suppliers of public telecommunications networks or services of the other Party, on a timely basis, access to network elements for the provision of public telecommunications networks or services on an unbundled basis, and on terms and conditions, and at cost-oriented rates, that are reasonable, non-discriminatory and transparent.

ARTICLE 9.9: INTERCONNECTION

1. Each Party shall ensure that major suppliers in its territory provide interconnection for the facilities and equipment of suppliers of public telecommunications networks or services of the other Party:

- (a) at any technically feasible point in the major supplier's network;
- (b) under non-discriminatory terms, conditions (including technical standards and specifications) and rates;
- (c) of a quality no less favourable than that provided by the major supplier for its own like services, for like services of non-affiliated service suppliers, or for its subsidiaries or other affiliates;

²⁷ For the purposes of paragraph 2:

- (a) a Party may determine reasonable rates through any methodology it considers appropriate; and
- (b) wholesale rates, set in accordance with the laws and regulations of a Party, shall be considered reasonable.

- (d) in a timely fashion, and on terms and conditions (including technical standards and specifications) and at cost-oriented rates, that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the suppliers seeking interconnection need not pay for network components or facilities that they do not require for the service to be provided; and
 - (e) on request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.
2. Each Party shall ensure that suppliers of public telecommunications networks or services of the other Party may interconnect their facilities and equipment with those of major suppliers in its territory in accordance with at least one of the following options²⁸:
- (a) a reference interconnection offer or another standard interconnection offer containing the rates, terms, and conditions that the major supplier offers generally to suppliers of public telecommunications networks or services;
 - (b) the terms and conditions of an existing interconnection agreement; or
 - (c) through negotiation of a new interconnection agreement.
3. Each Party shall ensure that applicable procedures for interconnection negotiations with major suppliers in its territory are made publicly available.
4. Each Party shall ensure that major suppliers in its territory may be required to file interconnection agreements with the Party's telecommunications regulatory body.
5. Each Party shall ensure, where interconnection is provided under paragraph 2(a), that the rates, terms and conditions are made publicly available.

ARTICLE 9.10: PROVISIONING AND PRICING OF LEASED CIRCUIT SERVICES

1. Each Party shall ensure that major suppliers in its territory provide to suppliers of public telecommunications networks or services of the other Party leased circuit services that are public telecommunications services in a reasonable period of time, on terms and conditions, and at rates, that are reasonable, non-discriminatory and transparent.
2. In carrying out paragraph 1, each Party shall provide its telecommunications regulatory body with the authority to require major suppliers in its territory to offer leased circuit services that are public telecommunications services to suppliers of public telecommunications networks or services of the other Party at capacity-based, cost-oriented prices.

ARTICLE 9.11: CO-LOCATION

1. Each Party shall ensure that major suppliers in its territory provide to suppliers of public telecommunications networks or services of the other Party physical co-location of equipment necessary for interconnection or access to unbundled network elements on a timely basis and on terms and conditions, and at cost-oriented rates, that are reasonable, non-discriminatory and transparent.

²⁸ For Australia, these options include arbitration.

2. Notwithstanding paragraph 1, where physical co-location is not practical for technical reasons or because of space limitations, each Party shall ensure that major suppliers in its territory provide an alternative solution on a timely basis and on terms and conditions, and at cost-oriented rates, that are reasonable, non-discriminatory and transparent.

3. Each Party may determine, in accordance with its laws and regulations, which premises in its territory are subject to paragraphs 1 and 2.

ARTICLE 9.12: ACCESS TO TELECOMMUNICATIONS FACILITIES

1. Each Party shall ensure that major suppliers in its territory provide access to poles, ducts, conduits, rights of way and any other structures deemed necessary by the Party, owned or controlled by major suppliers to suppliers of public telecommunications networks or services of the other Party in the Party's territory on a timely basis and on terms and conditions, and at rates, that are reasonable, non-discriminatory and transparent.

2. Each Party may determine in accordance with its laws and regulations the poles, ducts, conduits, rights of way or other structures to which it requires major suppliers in its territory to provide access under paragraph 1.

Section D: Other Measures

ARTICLE 9.13: SUBMARINE CABLE SYSTEMS

Where a supplier of telecommunications networks or services operates a submarine cable system to provide public telecommunications networks or services, the Party in whose territory the supplier is located shall ensure that such supplier accords the suppliers of public telecommunication networks or services of the other Party reasonable and non-discriminatory treatment with respect to access²⁹ to that submarine cable system (including landing facilities) in its territory.

ARTICLE 9.14: CONDITIONS FOR THE SUPPLY OF VALUE-ADDED SERVICES

1. Neither Party shall require a service supplier in its territory that it classifies as a supplier of value-added services and that supplies those services over facilities that the supplier does not own to:

- (a) supply those services to the public generally;
- (b) cost-justify its rates for those services;
- (c) file a tariff for those services;

²⁹ For greater certainty:

- (a) access to submarine cable landing facilities is subject to capacity; and
- (b) with respect to access for suppliers of public telecommunications networks or services of the other Party that do not own facilities in the territory of the Party, a Party may comply with this provision by ensuring access to submarine cable systems through facilities leased from, or public telecommunications services provided by, a supplier of public telecommunications networks or services licensed in its territory.

- (d) connect its networks with any particular customer for the supply of those services; or
- (e) conform with any particular standard or technical regulation of the telecommunications regulatory body for connecting to any other network, other than a public telecommunications network.

2. Notwithstanding paragraph 1, a Party may take the actions described in paragraph 1 to remedy a practice of a supplier of value-added services that the Party has found in a particular case to be anticompetitive in accordance with its laws and regulations, or to otherwise promote competition or safeguard the interests of consumers.

ARTICLE 9.15: INDEPENDENT REGULATORY BODIES

1. Each Party shall ensure that its telecommunications regulatory body is separate from and functionally independent of any supplier of public telecommunications networks or services. To this end, each Party shall ensure that its telecommunications regulatory body does not own equity³⁰ or maintain an operating or management role in any such supplier.

2. Each Party shall ensure that the decisions and procedures of its telecommunications regulatory body are impartial with respect to all market participants³¹ and shall be made and implemented on a timely basis.

ARTICLE 9.16: UNIVERSAL SERVICE

Each Party shall administer any universal service obligation that it maintains in a transparent, non-discriminatory and competitively neutral manner and shall ensure that its universal service obligation is not more burdensome than necessary for the kind of universal service that it has defined.

ARTICLE 9.17: LICENSING PROCESS

1. When a Party requires a supplier of public telecommunications networks or services to have a licence, the Party shall make publicly available:

- (a) all the licensing criteria and procedures it applies;
- (b) the period it normally requires to reach a decision concerning an application for a licence; and
- (c) the terms and conditions of all licences in effect.

2. Each Party shall ensure that, on request, an applicant receives the reasons for the denial of, revocation of, refusal to renew, or imposition of conditions on, a licence.

³⁰ For greater certainty, this paragraph shall not prohibit a government entity of a Party other than the telecommunications regulatory body from owning equity in a supplier of telecommunications services.

³¹ For greater certainty, the term “market participants” includes service suppliers seeking to participate in the telecommunications market.

ARTICLE 9.18: ALLOCATION AND USE OF SCARCE TELECOMMUNICATIONS RESOURCES

1. Each Party shall administer its procedures for the allocation and use of scarce telecommunications resources, including frequencies, numbers, and rights of way, in an objective, timely, transparent and non-discriminatory manner.
2. Each Party shall make publicly available the current state of allocated frequency bands but shall not be required to provide detailed identification of frequencies allocated or assigned for specific government uses.
3. For greater certainty, a Party's measures allocating and assigning spectrum and managing frequency are not measures that are *per se* inconsistent with Article 7.4 (Market Access) either as it applies to Chapter 7 (Cross-Border Trade in Services) or through the operation of Article 7.1 (Scope) to Chapter 11 (Investment). Accordingly, each Party shall retain the right to establish and apply spectrum and frequency management policies that may have the effect of limiting the number of suppliers of public telecommunications networks or services, provided that it does so in a manner consistent with other provisions of this Agreement. This includes the ability to allocate frequency bands, taking into account current and future needs.
4. Each Party shall endeavour to allocate and assign spectrum for non-government telecommunications services in a transparent manner that considers the overall public interest, including the encouragement of the economically efficient use of the spectrum and competition among suppliers of telecommunications services, and recognising that a Party may encourage such activities through a variety of means, including through administrative incentive pricing, auctions, or unlicensed use.

ARTICLE 9.19: ENFORCEMENT

1. Each Party shall provide its telecommunications regulatory body with the authority to enforce the Party's measures relating to the obligations in Articles 9.3 through 9.13.
2. Such authority shall include the ability to impose, or seek from administrative or judicial bodies, effective sanctions, which may include financial penalties, injunctive relief (on an interim or final basis), corrective orders, or the modification, suspension, or revocation of licences.

ARTICLE 9.20: RESOLUTION OF TELECOMMUNICATIONS DISPUTES

Further to Articles 19.3 (Administrative Proceedings) and 19.4 (Review and Appeal), each Party shall ensure that:

Recourse

- (a) suppliers of public telecommunications networks or services may have recourse to a telecommunications regulatory body or other relevant body of the Party to resolve disputes between suppliers of public telecommunications networks or services on a timely basis regarding measures relating to matters in Articles 9.3 through 9.13;
- (b) suppliers of public telecommunications networks or services of the other Party that have requested interconnection with a major supplier in the Party's territory may have recourse, within a reasonable and publicly specified period after the supplier requests interconnection, to a telecommunications regulatory body or

other relevant body to resolve disputes regarding the terms, conditions, and rates for interconnection with such major supplier; and

Judicial Review

- (c) any service supplier whose legally-protected interests are adversely affected by a determination or decision of the Party's telecommunications regulatory body may obtain review of the determination or decision by an impartial and independent judicial authority of the Party. Neither Party shall permit the making of an application for judicial review to constitute grounds for non-compliance with the determination or decision of the telecommunications regulatory body, unless the relevant judicial body otherwise determines.

ARTICLE 9.21: TRANSPARENCY

Further to Article 19.1 (Publication), each Party shall ensure that:

- (a) regulatory decisions, including the basis for such decisions, of its telecommunications regulatory body are promptly published or otherwise made available to all interested persons;
- (b) its measures relating to public telecommunications networks or services are made publicly available, including:
 - (i) tariffs and other terms and conditions of service;
 - (ii) specifications of technical interfaces;
 - (iii) conditions for attaching terminal or other equipment to public telecommunications networks;
 - (iv) notification, permit, registration, or licensing requirements, if any;
 - (v) the amendment and adoption of measures concerning technologies or standards affecting access and use; and
 - (vi) procedures relating to judicial or administrative review; and
- (c) its telecommunications regulatory body or other relevant body provides, on request by a supplier of public telecommunications networks or services of the other Party, a written explanation of reasons for any decision that denies access of the kind specified in Articles 9.9, 9.11 and 9.12.

ARTICLE 9.22: MEASURES CONCERNING TECHNOLOGIES AND STANDARDS³²

1. Neither Party shall prevent suppliers of public telecommunications networks or services or value-added services from having the flexibility to choose the technologies that they use to supply their services.

2. Notwithstanding paragraph 1, a Party may apply a measure that limits the technologies or standards that a supplier of public telecommunications networks or services or value-added

³² For greater certainty, except for paragraph 1, this Article shall not apply to measures adopted before the date of entry into force of this Agreement.

services may use to supply its services, provided that the measure is designed to satisfy a legitimate public policy objective and is not prepared, adopted or applied in a manner that creates unnecessary obstacles to trade³³.

ARTICLE 9.23: CONSULTATION WITH INDUSTRY

Each Party shall facilitate consultation with suppliers of public telecommunications networks or services of the other Party operating in its territory in the development of telecommunications policy, regulations and standards in a manner that is open to any participant in the telecommunications industry in the territory of that Party.

ARTICLE 9.24: RELATION TO INTERNATIONAL ORGANISATIONS

The Parties recognise the importance of international standards for global compatibility and inter-operability of telecommunications networks and services and undertake to promote such standards through the work of relevant international organisations, including the International Telecommunication Union and the International Organization for Standardization.

ARTICLE 9.25: COMMITTEE ON TELECOMMUNICATIONS

1. For the purposes of the effective implementation and operation of this Chapter, the Committee on Telecommunications, established in accordance with Article 21.4 (Committees and Working Groups), shall comprise officials of each Party, including officials responsible for telecommunications.
2. The Committee shall:
 - (a) review and monitor the implementation and operation of this Chapter; and
 - (b) discuss any issues related to this Chapter, and other issues relevant to the telecommunications sectors of the Parties.
3. Further to Article 21.4 (Committees and Working Groups), the Committee shall, as appropriate, report its findings and the outcomes of its discussions to the Joint Committee.
4. The Committee shall meet as agreed by the Parties.
5. The Parties may invite, by mutual consent, representatives of relevant entities other than the governments of the Parties, including those from the private sector, with the necessary expertise relevant to the issues to be discussed, to attend meetings of the Committee.

³³ For greater certainty:

- (a) a Party retains the right to define its own legitimate public policy objectives; and
- (b) whenever such a measure is based on relevant international standards, it shall be rebuttably presumed not to create unnecessary obstacles to trade.

ANNEX 9-A
SUPPLIERS OF PUBLIC TELECOMMUNICATIONS SERVICES

Korea

Article 9.4.3 shall not apply to Korea with respect to suppliers of international public telecommunications services.

ANNEX 9-B
EXEMPTIONS FROM SECTION C: ADDITIONAL OBLIGATIONS RELATING TO
MAJOR SUPPLIERS OF PUBLIC TELECOMMUNICATIONS NETWORKS OR
SERVICES

Korea

1. Major suppliers shall be exempt from the application of the obligations specified in Articles 9.8, 9.9.1(a), 9.9.1(e), 9.11 and 9.12 to the extent that the supplier of public telecommunications networks or services of the other Party is a non-facilities based supplier.
2. Notwithstanding Articles 9.9.1(b), 9.9.1(d) and 9.10, Korea may permit major suppliers to offer rates, terms, and conditions to non-facilities based suppliers of public telecommunications services that are discriminatory compared to the rates, terms and conditions offered to facilities-based suppliers of public telecommunications services. For greater certainty, this provision does not derogate from Article 9.20, and non-facilities based suppliers of public telecommunications services may have recourse to the telecommunications regulatory body or other relevant body regarding disputes over such rates, terms, and conditions.
3. Consistent with Article 5.3 of the *Telecommunications Business Act*, a “non-facilities based supplier” is a licensed supplier of public telecommunications services that does not own wire or wireless lines or other transmission facilities, but may own a switch, router, or multiplexer, and supplies its public telecommunications services through transmission facilities of a licensed facilities-based supplier.
4. Major suppliers shall be exempt from the application of the obligations specified in Articles 9.5, 9.7, 9.8 and Articles 9.10, 9.11 and 9.12 to the extent that they are supplying commercial mobile services.

CHAPTER 10

MOVEMENT OF NATURAL PERSONS

ARTICLE 10.1: SCOPE

1. This Chapter shall apply to measures affecting the movement of natural persons of a Party into the territory of the other Party under any of the categories referred to in Annex 10-A.
2. This Chapter reflects the mutually beneficial trading relationship between the Parties, the Parties' mutual desire to facilitate temporary entry for business persons on a reciprocal basis and to establish transparent criteria and procedures for temporary entry, and the need to ensure border security and to protect the domestic labour force and permanent employment in their respective territories.
3. This Chapter shall not apply to measures affecting natural persons of a Party seeking access to the employment market of the other Party, nor to measures regarding citizenship, or residence or employment on a permanent basis.
4. This Chapter shall not prevent a Party from applying measures to regulate the entry of natural persons of the other Party into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders, provided that such measures are not applied in such a manner as to nullify or impair the benefits accruing to the other Party under this Chapter.
5. The sole fact of requiring persons to meet eligibility requirements prior to entry into the territory of a Party shall not be regarded as nullifying or impairing the benefits accruing to the other Party under this Chapter.

ARTICLE 10.2: RELATION TO OTHER CHAPTERS

Except for this Chapter, Chapters 1 (Initial Provisions and Definitions), 20 (Dispute Settlement) to the extent permitted by Article 10.6, 21 (Institutional Provisions), 22 (General Provisions and Exceptions) and 23 (Final Provisions) and Articles 19.1 (Publication), 19.2 (Provision of Information) and 19.3 (Administrative Proceedings), nothing in this Agreement shall impose any obligation on a Party regarding its immigration measures within the scope of this Chapter.

ARTICLE 10.3: GRANT OF TEMPORARY ENTRY

1. Each Party shall set out in Annex 10-A the specific commitments it undertakes for each of the categories of natural persons specified therein.
2. Each Party shall grant temporary entry to natural persons of the other Party in accordance with this Chapter, including the terms of the categories in Annex 10-A, provided that the natural persons comply with the relevant laws and regulations of the granting Party applicable to temporary entry, and any measures taken in accordance with them.
3. Neither Party shall impose or maintain any limitations on the total number of visas to be granted to natural persons of the other Party under this Chapter, unless otherwise specified in Annex 10-A³⁴.

³⁴ For greater certainty, for Australia the term 'limitations' includes numerical quotas or the requirement of an economic needs test.

ARTICLE 10.4: REQUIREMENTS AND PROCEDURES RELATING TO THE MOVEMENT OF NATURAL PERSONS

1. Each Party shall endeavour to establish or maintain immigration formalities, which can be granted prior to arrival in its territory, to allow natural persons covered by this Chapter entry into and temporary stay in its territory.
2. Each Party shall expeditiously process complete applications for immigration formalities received from natural persons of the other Party covered by this Chapter, including further immigration formality requests or extensions thereof.
3. Each Party shall, on request and within a reasonable period after a complete application by a natural person of the other Party covered by this Chapter requesting temporary entry is lodged, notify the applicant of:
 - (a) receipt of the application;
 - (b) the status of the application; and
 - (c) the decision concerning the application, including:
 - (i) if approved, the period of stay and other conditions; or
 - (ii) if refused, the reasons for refusal and any avenues for review.
4. Each Party shall ensure that fees charged by its competent authorities on applications for immigration formalities do not in themselves represent an unjustifiable impediment to the movement of natural persons of the other Party under this Chapter.
5. Each Party shall endeavour to simplify the procedures and requirements relating to the movement of natural persons of the other Party, within the framework of its laws and regulations.

ARTICLE 10.5: ONLINE LODGEMENT AND PROCESSING

Each Party shall endeavour, to the extent possible, to provide facilities for online lodgement and processing of immigration formalities.

ARTICLE 10.6: DISPUTE SETTLEMENT

1. The Parties shall make every attempt through cooperation and consultations to arrive at a mutually satisfactory resolution of any matter that might affect the operation of this Chapter.
2. The dispute settlement procedures provided in Chapter 20 (Dispute Settlement) shall not apply to this Chapter unless:
 - (a) the matter involves a pattern of practice; and
 - (b) the natural persons of a Party concerned have exhausted administrative remedies, where available, regarding the particular matter.
3. The remedies referred to in paragraph 2(b) shall be deemed to be exhausted if a final determination in the matter has not been issued within one year after the date of the institution of

proceedings (not including any review or appeal) for such remedy, and the failure to issue such a determination is not attributable to delays caused by the natural persons concerned.

ARTICLE 10.7: TRANSPARENCY

Further to Articles 19.1 (Publication) and 19.2 (Provision of Information), each Party shall:

- (a) publish or otherwise make publicly available no later than six months after the date of entry into force of this Agreement, explanatory material regarding the requirements for temporary entry under this Chapter, in such a manner as will enable natural persons of the other Party to become acquainted with them; and

2. A requirement by a Party that a service supplier of the other Party post a bond or other form of financial security as a condition of the cross-border supply of a service does not of itself make this Chapter applicable to measures adopted or maintained by the Party relating to such cross-border supply of the service. This Chapter shall apply to measures adopted or maintained by the Party relating to the posted bond or financial security, to the extent that such bond or financial security is a covered investment.
3. This Chapter shall not apply to measures adopted or maintained by a Party to the extent that they are covered by Chapter 8 (Financial Services).

ARTICLE 11.3: NATIONAL TREATMENT

1. Each Party shall accord to covered investments treatment in accordance with the customary international law minimum standard of treatment of aliens, including fair and equitable treatment and full protection and security.
2. For greater certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens as the minimum standard of treatment to be afforded to covered investments. The concepts of “fair and equitable treatment” and “full protection and security” shall not require treatment in addition to or beyond that which is required by that standard, and shall not create additional substantive rights. The obligation in paragraph 1 to provide:
 - (a) “fair and equitable treatment” includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with the principle of due process embodied in the principal legal systems of the world; and

the latter Party shall provide the investor with restitution, compensation, or both as appropriate, for such loss. In the event of providing both restitution and compensation, their combined value shall not exceed the loss suffered. Any compensation shall be prompt, adequate, and effective, in accordance with Articles 11.7.2, 11.7.3 and 11.7.4, *mutatis mutandis*.

3. If the fair market value is denominated in a freely usable currency, the compensation referred to in paragraph 1(c) shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation referred to in paragraph 1(c), converted into the currency of payment at the market rate of exchange prevailing on the date of payment, shall be no less than:

- (a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date; plus

³⁷ This Article shall be interpreted in accordance with Annexes 11-A and 11-B.

- (d) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.

3. Nothing in paragraph 2 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a non-Party, on compliance with a requirement to locate production,

- (b) when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal, or competition authority to remedy a practice determined after judicial or administrative process to be anticompetitive under the Party's competition laws⁴¹.

5. Provided that such measures are not applied in an arbitrary or unjustifiable manner, or do not constitute a disguised restriction on international trade or investment, paragraphs 1(b), 1(c) and 1(f), and 2(a) and 2(b), shall not be construed to prevent a Party from adopting or maintaining measures, including environmental measures:

- (a) necessary to secure compliance with laws and regulations that are not inconsistent with this Agreement;
- (b) necessary to protect human, animal or plant life or health; or
- (c) related to the conservation of living or non-living exhaustible natural resources.

2. A Party may require that a majority or less than a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the territory of the Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

ARTICLE 11.11: DENIAL OF BENEFITS

1. A Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if persons of a non-Party own or control the enterprise and the denying Party adopts or maintains measures with respect to the non-Party or a person of the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise or to its investments.

If, before denying the benefits of this Chapter, the denying Party knows that the enterprise has no substantive business operations in the territory of the other Party and that persons of a non-Party, or of the denying Party, own or control the enterprise, the denying Party shall, to the extent practicable, notify the other Party before denying the benefits. If the denying Party provides such notice, it shall consult with the other Party on request of the other Party.

2. Articles 11.3, 11.4, 11.9 and 11.10 shall not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors, or activities, as set out in its Schedule to Annex II.

1. Nothing in Article 11.3 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as a requirement that covered investments be legally constituted under its laws or regulations, provided that such formalities do not materially impair the protections afforded by the Party to investors of the other Party and covered investments in accordance with this Chapter.

2. Notwithstanding Articles 11.3 and 11.4, a Party may require an investor of the other Party or its covered investment to provide information concerning that investment solely for informational or statistical purposes. The Party shall protect any information that is confidential from any disclosure that would prejudice the competitive position of the investor or the covered investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its law.

ARTICLE 11.14: SUBROGATION

1. Where a Party or an agency authorised by a Party has granted an indemnity, a guarantee or a contract of insurance against non-commercial risks with regard to an investment by one of its investors in the territory of the other Party and when payment has been made under this indemnity, guarantee or contract of insurance by the former Party or the agency authorised by it, the latter Party shall recognise the rights of the former Party or the agency authorised by the former Party by virtue of the principle of subrogation to the rights of the investor.

2. Where a Party or an agency authorised by a Party has made a payment to its investor and has taken over rights and claims of the investor, that investor shall not, unless authorised to act on behalf of the Party or agency authorised by the Party making the payment, pursue those rights and claims against the other Party.

⁴² For transparency purposes only, Annex 11-D sets out an illustrative list of Australian residency requirements. If Korea considers that any residency requirement applied by Australia, regardless of whether or not listed in Annex 11-D, is likely to materially impair the protections afforded by Australia to investors or covered investments of Korea, the Parties, upon request of Korea, shall promptly enter into consultations and endeavour to arrive at a mutually satisfactory resolution of the matter.

 - (B) an investment authorisation; or
 - (C) an investment agreement; and
 - (ii) that the enterprise has incurred loss or damage by reason of, or arising out of, that breach,

provided that a claimant may submit pursuant to subparagraph (a)(i)(C) or (b)(i)(C) a claim for breach of an investment agreement only if the subject matter of the claim and the claimed damages directly relate to the covered investment that was established or acquired, or sought to be established or acquired, in reliance on the relevant investment agreement.

2. At least 90 days before submitting any claim to arbitration under this Section, a claimant shall deliver to the respondent a written notice of its intention to submit the claim to arbitration (notice of intent). The notice shall specify:

- (a) the name and address of the claimant and, where a claim is submitted on behalf of an enterprise, the name, address and place of incorporation of the enterprise;

- (b) for each claim, the provision of this Agreement, investment authorisation or investment agreement alleged to have been breached and any other relevant provisions;
 - (c) the legal and factual basis for each claim; and
 - (d) the relief sought and the approximate amount of damages claimed.
- 3. Provided that six months have elapsed since the events giving rise to the claim, a claimant may submit a claim referred to in paragraph 1:
 - (a) under the ICSID Convention and the ICSID Rules of Procedure for Arbitration Proceedings, provided that both the respondent and the non-disputing Party are parties to the ICSID Convention;
 - (b) under the ICSID Additional Facility Rules, provided that either the respondent or the non-disputing Party is a party to the ICSID Convention;
 - (c) under the UNCITRAL Arbitration Rules; or
 - (d) if the claimant and respondent agree, to any other arbitration institution or under any other arbitration rules.
- 4. A claim shall be deemed submitted to arbitration under this Section when the claimant's notice of, or request for, arbitration (notice of arbitration):
 - (a) referred to in paragraph 1 of Article 36 of the ICSID Convention is received by the Secretary-General;
 - (b) referred to in Article 2 of Schedule C of the ICSID Additional Facility Rules is received by the Secretary-General;
 - (c) referred to in Article 3 of the UNCITRAL Arbitration Rules, together with the statement of claim referred to in Article 18 of the UNCITRAL Arbitration Rules, are received by the respondent; or
 - (d) referred to under any arbitral institution or arbitral rules selected under paragraph 3(d) is received by the respondent.

A claim asserted by the claimant for the first time after such notice of arbitration is submitted shall be deemed submitted to arbitration under this Section on the date of its receipt under the applicable arbitral rules.
- 5. The arbitration rules applicable under paragraph 3, and in effect on the date the claim or claims were submitted to arbitration under this Section, shall govern the arbitration except to the extent modified by this Agreement.
- 6. The claimant shall provide with the notice of arbitration:
 - (a) the name of the arbitrator that the claimant appoints; or
 - (b) the claimant's written consent for the Secretary-General to appoint that arbitrator.

ARTICLE 11.17: CONSENT OF EACH PARTY TO ARBITRATION

1. Each Party consents to the submission of a claim to arbitration under this Section in accordance with this Agreement.
2. The consent under paragraph 1 and the submission of a claim to arbitration under this Section shall satisfy the requirements of:
 - (a) Chapter II (Jurisdiction of the Centre) of the ICSID Convention and the ICSID Additional Facility Rules for written consent of the parties to the dispute; and
 - (b) Article II of the New York Convention for an “agreement in writing.”

ARTICLE 11.18: CONDITIONS AND LIMITATIONS ON CONSENT OF EACH PARTY

1. No claim may be submitted to arbitration under this Section if more than three years have elapsed from the date the claimant first acquired, or should have first acquired, knowledge of the breach alleged under Article 11.16.1 and knowledge that the claimant (for claims brought under Article 11.16.1(a)) or the enterprise (for claims brought under Article 11.16.1(b)) has incurred loss or damage.
2. No claim may be submitted to arbitration under this Section unless:
 - (a) the claimant consents in writing to arbitration in accordance with the procedures set out in this Agreement; and
 - (b) the notice of arbitration is accompanied:
 - (i) for claims submitted to arbitration under Article 11.16.1(a), by the claimant’s written waiver; and
 - (ii) for claims submitted to arbitration under Article 11.16.1(b), by the claimant’s and the enterprise’s written waivers,

of any right to initiate or continue before any administrative tribunal or court under the law of either Party, or other dispute settlement procedures, any proceeding with respect to any measure alleged to constitute a breach referred to in Article 11.16.
3. Notwithstanding paragraph 2(b), the claimant (for claims brought under Article 11.16.1(a)) and the claimant or the enterprise (for claims brought under Article 11.16.1(b)) may initiate or continue an action that seeks interim injunctive relief and does not involve the payment of monetary damages before a judicial or administrative tribunal of the respondent, provided that the action is brought for the sole purpose of preserving the claimant’s or the enterprise’s rights and interests during the pendency of the arbitration.

ARTICLE 11.19: SELECTION OF ARBITRATORS

1. Unless the disputing parties otherwise agree, the tribunal shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties.
2. The Secretary-General shall serve as appointing authority for an arbitration under this Section.

3. If a tribunal has not been constituted within 75 days of the date a claim is submitted to arbitration under this Section, the Secretary-General, on request of a disputing party, shall appoint, in his or her discretion, the arbitrator or arbitrators not yet appointed. The Secretary-General shall not appoint a national of either Party as the presiding arbitrator unless the disputing parties otherwise agree.

4. For the purposes of Article 39 of the ICSID Convention and Article 7 of Schedule C to the ICSID Additional Facility Rules, and without prejudice to an objection to an arbitrator on a ground other than nationality:

- (a) the respondent agrees to the appointment of each individual member of a tribunal established under the ICSID Convention or the ICSID Additional Facility Rules;
- (b) a claimant referred to in Article 11.16.1(a) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant agrees in writing to the appointment of each individual member of the tribunal; and
- (c) a claimant referred to in Article 11.16.1(b) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant and the enterprise agree in writing to the appointment of each individual member of the tribunal.

ARTICLE 11.20: CONDUCT OF THE ARBITRATION

1. The disputing parties may agree on the legal place of any arbitration under the arbitral rules applicable under Article 11.16.3. If the disputing parties fail to reach agreement, the tribunal shall determine the place in accordance with the applicable arbitral rules, provided that the place shall be in the territory of a State that is a party to the New York Convention.

2. At the request of a disputing party, and unless the disputing parties otherwise agree, the tribunal may determine the place of meetings, including consultations and hearings, taking into consideration appropriate factors, including the convenience of the parties and the arbitrators, the location of the subject matter, and the proximity of evidence. The preceding sentence is without prejudice to any appropriate factors a tribunal may consider under paragraph 1.

3. Unless the disputing parties otherwise agree, English and Korean shall be the official languages to be used in the entire arbitration proceedings, including all hearings, submissions, decisions, and awards.

4. The non-disputing Party may make oral and written submissions to the tribunal regarding the interpretation of this Agreement. On request of a disputing party, the non-disputing Party should resubmit its oral submission in writing.

5. After consulting the disputing parties, the tribunal may allow a party or entity that is not a disputing party to file a written *amicus curiae* submission with the tribunal regarding a matter within the scope of the dispute. In determining whether to allow such a filing, the tribunal shall consider, among other things, the extent to which:

- (a) the *amicus curiae* submission would assist the tribunal in the determination of a factual or legal issue related to the proceeding by bringing a perspective, particular knowledge, or insight that is different from that of the disputing parties;
- (b) the *amicus curiae* submission would address a matter within the scope of the dispute; and

- (c) the *amicus curiae* has a significant interest in the proceeding.

The tribunal shall ensure that the *amicus curiae* submission does not disrupt the proceeding or unduly burden or unfairly prejudice either disputing party, and that the disputing parties are given an opportunity to present their observations on the *amicus curiae* submission.

6. Without prejudice to a tribunal's authority to address other objections as a preliminary question, a tribunal shall address and decide as a preliminary question any objection by the respondent that, as a matter of law, a claim submitted is not a claim for which an award in favour of the claimant may be made under Article 11.26:

- (a) such objection shall be submitted to the tribunal as soon as possible after the tribunal is constituted, and in no event later than the date the tribunal fixes for the respondent to submit its counter-memorial or, in the case of an amendment to the notice of arbitration, the date the tribunal fixes for the respondent to submit its response to the amendment;
- (b) on receipt of an objection under this paragraph, the tribunal shall suspend any proceedings on the merits, establish a schedule for considering the objection consistent with any schedule it has established for considering any other preliminary question, and issue a decision or award on the objection, stating the grounds therefor;
- (c) in deciding an objection under this paragraph, the tribunal shall assume to be true the claimant's factual allegations in support of any claim in the notice of arbitration (or any amendment thereof) and, in disputes brought under the UNCITRAL Arbitration Rules, the statement of claim referred to in Article 18 of the UNCITRAL Arbitration Rules. The tribunal may also consider any relevant facts not in dispute;
- (d) the respondent does not waive any objection as to competence or any argument on the merits merely because the respondent did or did not raise an objection under this paragraph or make use of the expedited procedure set out in paragraph 7.

7. In the event that the respondent so requests within 45 days of the date the tribunal is constituted, the tribunal shall decide on an expedited basis an objection under paragraph 6 and any objection that the dispute is not within the tribunal's competence. The tribunal shall suspend any proceedings on the merits and issue a decision or award on the objection(s), stating the grounds therefor, no later than 150 days after the date of the request. However, if a disputing party requests a hearing, the tribunal may take an additional 30 days to issue the decision or award. Regardless of whether a hearing is requested, a tribunal may, on a showing of extraordinary cause, delay issuing its decision or award by an additional brief period, which may not exceed 30 days.

8. When it decides a respondent's objection under paragraph 6 or 7, the tribunal may, if warranted, award to the prevailing disputing party reasonable costs and attorney's fees incurred in submitting or opposing the objection. In determining whether such an award is warranted, the tribunal shall consider whether either the claimant's claim or the respondent's objection was frivolous, and shall provide the disputing parties a reasonable opportunity to comment.

9. A respondent may not assert as a defence, counterclaim, or right of set-off, or for any other reason, that the claimant has received or will receive indemnification or other compensation for all or part of the alleged damages pursuant to an insurance or guarantee contract, except with respect to any subrogation as provided for in Article 11.14.

10. A tribunal may order an interim measure of protection to preserve the rights of a disputing party, or to ensure that the tribunal's jurisdiction is made fully effective, including an order to preserve evidence in the possession or control of a disputing party or to protect the tribunal's jurisdiction. A tribunal may not order attachment or enjoin the application of a measure alleged to constitute a breach referred to in Article 11.16. For the purposes of this paragraph, an order includes a recommendation.

11. In any arbitration conducted under this Section, on request of a disputing party, a tribunal shall, before issuing a decision or award on liability, transmit its proposed decision or award to the disputing parties and to the non-disputing Party. Within 60 days after the date the tribunal transmits its proposed decision or award, the disputing parties may submit written comments to the tribunal concerning any aspect of its proposed decision or award. The tribunal shall consider any such comments and issue its decision or award not later than 45 days after the date the 60 day comment period expires.

12. Paragraph 11 shall not apply in any arbitration conducted pursuant to this Section for which an appeal has been made available pursuant to paragraph 13 or Annex 11-E.

13. If a separate, multilateral agreement enters into force between the Parties that establishes an appellate body for the purposes of reviewing awards rendered by tribunals constituted pursuant to international trade or investment arrangements to hear investment disputes, the Parties shall strive to reach an agreement that would have such appellate body review awards rendered under Article 11.26 in arbitrations commenced after the multilateral agreement enters into force between the Parties.

ARTICLE 11.21: TRANSPARENCY OF ARBITRAL PROCEEDINGS

1. Subject to paragraphs 2, 3 and 4, the respondent shall, after receiving the following documents, promptly transmit them to the non-disputing Party and make them available to the public:

- (a) the notice of intent;
- (b) the notice of arbitration;
- (c) pleadings, memorials and briefs submitted to the tribunal by a disputing party and any written submissions submitted pursuant to Article 11.20.4 and 11.20.5 and Article 11.25;
- (d) minutes or transcripts of hearings of the tribunal, where available; and
- (e) orders, awards, and decisions of the tribunal.

2. The tribunal shall conduct hearings open to the public and shall determine, in consultation with the disputing parties, the appropriate logistical arrangements. However, any disputing party that intends to use information designated as protected information in a hearing shall so advise the tribunal. The tribunal shall make appropriate arrangements to protect the information from disclosure.

3. Without prejudice to Article 22.2 (Essential Security) and Article 22.4 (Disclosure of Information), nothing in this Section requires a Party to furnish or allow access to information, the disclosure of which:

- (a) would impede law enforcement;

- (b) would be contrary to its law regarding treatment of official information or matters relating to personal privacy; or
 - (c) it considers to be contrary to its essential security interests.
4. Any protected information that is submitted to the tribunal shall be protected from disclosure in accordance with the following procedures:
- (a) subject to subparagraph (d), neither the disputing parties nor the tribunal shall disclose to the non-disputing Party or to the public any protected information where the disputing party that provided the information clearly designates it in accordance with subparagraph (b);
 - (b) any disputing party claiming that certain information constitutes protected information shall clearly designate the information at the time it is submitted to the tribunal;
 - (c) a disputing party shall, at the time it submits a document containing information claimed to be protected information, submit a redacted version of the document that does not contain the information. Only the redacted version shall be provided to the non-disputing Party and made public in accordance with paragraph 1;
 - (d) the tribunal shall decide any objection by a disputing party regarding the designation of information claimed to be protected information. If the tribunal determines that such information was not properly designated, the disputing party that submitted the information may:
 - (i) withdraw all or part of its submission containing such information; or
 - (ii) agree to resubmit complete and redacted documents with corrected designations in accordance with the tribunal's determination and subparagraph (c),
- in either case, the other disputing party shall, whenever necessary, resubmit complete and redacted documents which either remove the information withdrawn under subparagraph (d)(i) by the disputing party that first submitted the information or redesignate the information consistent with the designation under subparagraph (d)(ii) of the disputing party that first submitted the information; and
- (e) on request of a disputing Party, the Joint Committee shall consider issuing a decision in writing regarding a determination by the tribunal that information claimed to be protected was not properly designated. If the Joint Committee issues a decision within 60 days of such a request, it shall be binding on the tribunal, and any decision or award issued by the tribunal must be consistent with that decision. If the Joint Committee does not issue a decision within 60 days, the tribunal's determination shall remain in effect only if the non-disputing Party submits a written statement to the Joint Committee within that period that it agrees with the tribunal's determination.
5. Nothing in this Section requires a respondent to withhold from the public information required to be disclosed by its laws.

ARTICLE 11.22: GOVERNING LAW

1. Subject to paragraph 3, when a claim is submitted under Article 11.16.1(a)(i)(A) or Article 11.16.1(b)(i)(A), the tribunal shall decide the issues in dispute in accordance with this Agreement and applicable rules of international law.
2. Subject to paragraph 3 and the other terms of this Section, when a claim is submitted under Article 11.16.1(a)(i)(B) or 11.16.1(a)(i)(C), or Article 11.16.1(b)(i)(B) or 11.16.1(a)(i)(C), the tribunal shall apply:
 - (a) the rules of law specified in the pertinent investment authorisation or investment agreement, or as the disputing parties may otherwise agree; or
 - (b) if the rules of law have not been specified or otherwise agreed:
 - (i) the law of the respondent, including its rules on the conflict of laws⁴³; and
 - (ii) such rules of international law as may be applicable.
3. A decision of the Joint Committee declaring its interpretation of a provision of this Agreement under Article 21.3.3(c) shall be binding on a tribunal, and any decision or award issued by a tribunal must be consistent with that decision.

ARTICLE 11.23: INTERPRETATION OF ANNEXES

1. Where a respondent asserts as a defence that the measure alleged to be a breach is within the scope of an entry set out in Annex I or Annex II, the tribunal shall, on request of the respondent, request the interpretation of the Joint Committee on the issue. The Joint Committee shall submit in writing any decision declaring its interpretation under Article 21.3.3(c) to the tribunal within 60 days of delivery of the request.
2. A decision issued by the Joint Committee under paragraph 1 shall be binding on the tribunal, and any decision or award issued by the tribunal must be consistent with that decision. If the Joint Committee fails to issue such a decision within 60 days, the tribunal shall decide the issue.

ARTICLE 11.24: EXPERT REPORTS

Without prejudice to the appointment of other kinds of experts where authorized by the applicable arbitration rules, a tribunal, on request of a disputing party or, unless the disputing parties disapprove, on its own initiative, may appoint one or more experts to report to it in writing on any factual issue concerning environmental, health, safety or other scientific matters raised by a disputing party in a proceeding, subject to such terms and conditions as the disputing parties may agree.

ARTICLE 11.25: CONSOLIDATION

1. Where two or more claims have been submitted separately to arbitration under Article 11.16.1 and the claims have a question of law or fact in common and arise out of the same events or circumstances, any disputing party may seek a consolidation order in accordance with the

⁴³ For the purposes of this subparagraph, the “law of the respondent” means the law that a domestic court or tribunal of proper jurisdiction would apply in the same case.

agreement of all the disputing parties sought to be covered by the order or the terms of paragraphs 2 through 10.

2. A disputing party that seeks a consolidation order under this Article shall deliver, in writing, a request to the Secretary-General and to all the disputing parties sought to be covered by the order and shall specify in the request:

- (a) the names and addresses of all the disputing parties sought to be covered by the order;
- (b) the nature of the order sought; and
- (c) the grounds on which the order is sought.

3. Unless the Secretary-General finds within 30 days after receiving a request under paragraph 2 that the request is manifestly unfounded, a tribunal shall be established under this Article.

4. Unless all the disputing parties sought to be covered by the order otherwise agree, a tribunal established under this Article shall comprise three arbitrators:

- (a) one arbitrator appointed by agreement of the claimants;
- (b) one arbitrator appointed by the respondent; and
- (c) the presiding arbitrator appointed by the Secretary-General, provided, however, that the presiding arbitrator shall not be a national of either Party.

5. If, within 60 days after the Secretary-General receives a request made under paragraph 2, the respondent fails or the claimants fail to appoint an arbitrator in accordance with paragraph 4, the Secretary-General, on request of any disputing party sought to be covered by the order, shall appoint the arbitrator or arbitrators not yet appointed. If the respondent fails to appoint an arbitrator, the Secretary-General shall appoint a national of the disputing Party, and if the claimants fail to appoint an arbitrator, the Secretary-General shall appoint a national of the non-disputing Party.

6. Where a tribunal established under this Article is satisfied that two or more claims that have been submitted to arbitration under Article 11.16.1 have a question of law or fact in common, and arise out of the same events or circumstances, the tribunal may, in the interest of fair and efficient resolution of the claims, and after hearing the disputing parties, by order:

- (a) assume jurisdiction over, and hear and determine together, all or part of the claims;
- (b) assume jurisdiction over, and hear and determine one or more of the claims, the determination of which it believes would assist in the resolution of the others; or
- (c) instruct a tribunal previously established under Article 11.19 to assume jurisdiction over, and hear and determine together, all or part of the claims, provided that:
 - (i) that tribunal, on request of any claimant not previously a disputing party before that tribunal, shall be reconstituted with its original members, except that the arbitrator for the claimants shall be appointed pursuant to paragraphs 4(a) and 5; and

- (ii) that tribunal shall decide whether any prior hearing shall be repeated.

7. Where a tribunal has been established under this Article, a claimant that has submitted a claim to arbitration under Article 11.16.1 and that has not been named in a request made under paragraph 2 may make a written request to the tribunal that it be included in any order made under paragraph 6, and shall specify in the request:

- (a) the name and address of the claimant;
- (b) the nature of the order sought; and
- (c) the grounds on which the order is sought.

The claimant shall deliver a copy of its request to the Secretary-General.

8. A tribunal established under this Article shall conduct its proceedings in accordance with the UNCITRAL Arbitration Rules, except as modified by this Section.

9. A tribunal established under Article 11.19 shall not have jurisdiction to decide a claim, or a part of a claim, over which a tribunal established or instructed under this Article has assumed jurisdiction.

10. On application of a disputing party, a tribunal established under this Article, pending its decision under paragraph 6, may order that the proceedings of a tribunal established under Article 11.19 be stayed, unless the latter tribunal has already adjourned its proceedings.

ARTICLE 11.26: AWARDS

1. Where a tribunal makes a final award against a respondent, the tribunal may award, separately or in combination, only:

- (a) monetary damages and any applicable interest; and
- (b) restitution of property, in which case the award shall provide that the respondent may pay monetary damages and any applicable interest in lieu of restitution.

2. A tribunal may also award costs and attorney's fees in accordance with this Section and the applicable arbitration rules.

3. Subject to paragraph 1, where a claim is submitted to arbitration under Article 11.16.1(b):

- (a) an award of restitution of property shall provide that restitution be made to the enterprise;
- (b) an award of monetary damages and any applicable interest shall provide that the sum be paid to the enterprise; and
- (c) the award shall provide that it is made without prejudice to any right that any person may have in the relief under applicable domestic law.

4. A tribunal may not award punitive damages.

5. An award made by a tribunal shall have no binding force except between the disputing parties and in respect of the particular case.

6. Subject to paragraph 7 and the applicable review procedure for an interim award, a disputing party shall abide by and comply with an award without delay.

7. A disputing party may not seek enforcement of a final award until:

- (a) in the case of a final award made under the ICSID Convention:
 - (i) 120 days have elapsed from the date the award was rendered and no disputing party has requested revision or annulment of the award; or
 - (ii) revision or annulment proceedings have been completed; and
- (b) in the case of a final award under the ICSID Additional Facility Rules, the UNCITRAL Arbitration Rules, or the rules selected pursuant to Article 11.16.3(d):
 - (i) 90 days have elapsed from the date the award was rendered and no disputing party has commenced a proceeding to revise, set aside, or annul the award; or
 - (ii) a court has dismissed or allowed an application to revise, set aside, or annul the award and there is no further appeal.

8. Each Party shall provide for the enforcement of an award in its territory.

9. If the respondent fails to abide by or comply with a final award, on delivery of a request by the non-disputing Party, a panel shall be established under Article 20.8 (Establishment of Panel). The requesting Party may seek in such proceedings:

- (a) a determination that the failure to abide by or comply with the final award is inconsistent with the obligations of this Agreement; and
- (b) in accordance with Article 20.11 (Panel Report), a recommendation that the respondent abide by or comply with the final award.

10. A disputing party may seek enforcement of an arbitration award under the ICSID Convention or the New York Convention regardless of whether proceedings have been taken under paragraph 9.

11. A claim that is submitted to arbitration under this Section shall be considered to arise out of a commercial relationship or transaction for the purposes of Article I of the New York Convention.

ARTICLE 11.27: SERVICE OF DOCUMENTS

Delivery of notice and other documents on a Party shall be made to the place named for that Party in Annex 11-H.

Section C: Definitions

ARTICLE 11.28: DEFINITIONS

For the purposes of this Chapter:

Centre means the International Centre for Settlement of Investment Disputes (ICSID) established by the ICSID Convention;

claimant means an investor of a Party that is a party to an investment dispute with the other Party;

disputing parties means the claimant and the respondent;

disputing Party means a Party against which a claim is made under Section B (Investor-State Dispute Settlement);

enterprise means an enterprise as defined in Article 1.4 (Definitions), and a branch of an enterprise;

enterprise of a Party means an enterprise constituted or organised under the law of a Party, and a branch of an enterprise of a Party located in the territory of a Party and carrying out business activities there;

ICSID Additional Facility Rules means the *Rules Governing the Additional Facility for the Administration of Proceedings by the Secretariat of the International Centre for Settlement of Investment Disputes*;

ICSID Convention means the *Convention on the Settlement of Investment Disputes between States and Nationals of Other States, done at Washington, 18 March 1965*;

Investment means every asset that an investor owns or controls, directly or indirectly, that has the characteristics of an investment, including such characteristics as the commitment of capital or other resources, the expectation of gain or profit, or the assumption of risk. Forms that an investment may take include:

- (a) an enterprise;
- (b) shares, stock and other forms of equity participation in an enterprise;
- (c) bonds, debentures, other debt instruments and loans⁴⁴;
- (d) futures, options and other derivatives;
- (e) turnkey, construction, management, production, concession, revenue-sharing and other similar contracts;
- (f) intellectual property rights;
- (g) licences, authorisations, permits and similar rights conferred pursuant to domestic law^{45,46}; and

⁴⁴ Some forms of debt, such as bonds, debentures, and long-term notes, are more likely to have the characteristics of an investment, while other forms of debt are less likely to have such characteristics.

- (h) other tangible or intangible, movable or immovable property and related property rights, such as leases, mortgages, liens and pledges⁴⁷.

For the purposes of this Agreement, a claim to payment that arises solely from the commercial sale of goods and services is not an investment, unless it is a loan that has the characteristics of an investment;

investment agreement means a written agreement⁴⁸ between a national authority⁴⁹ of a Party and a covered investment or an investor of the other Party, on which the covered investment or the investor relies in establishing or acquiring a covered investment other than the written agreement itself, that grants rights to the covered investment or investor:

- (a) with respect to natural resources that a national authority controls, such as for their exploration, extraction, refining, transportation, distribution or sale;
- (b) to supply services to the public on behalf of the Party, such as power generation or distribution, water treatment or distribution, or telecommunications; or

Investment authorisation means an authorisation that the foreign investment authority of a Party grants to a covered investment or an investor of the other Party^{50,51};

⁴⁵ Whether a particular type of licence, authorisation, permit or similar instrument (including a concession, to the extent that it has the nature of such an instrument) has the characteristics of an investment depends on such factors as the nature and extent of the rights that the holder has under the law of the Party. Among the licences, authorisations, permits and similar instruments that do not have the characteristics of an investment are those that do not create any rights protected under domestic law. For greater certainty, the foregoing is without prejudice to whether any asset associated with the licence, authorisation, permit or similar instrument has the characteristics of an investment.

⁴⁶ The term “investment” does not include an order or judgment entered in a judicial or administrative action.

⁴⁷ For greater certainty, market share, market access, expected gains and opportunities for profit-making are not, by themselves, investments.

⁴⁸ “Written agreement” means an agreement in writing, executed by both parties, whether in a single instrument or in multiple instruments, that creates an exchange of rights and obligations, binding on both parties. For greater certainty:

- (a) a unilateral act of an administrative or judicial authority, such as a permit, licence, or authorisation issued by a Party solely in its regulatory capacity, or a decree, order, or judgment, standing alone; and
- (b) an administrative or judicial consent decree or order,

shall not be considered a written agreement.

⁴⁹ For the purposes of this definition, “national authority” means an authority at the central level of government.

⁵⁰ For greater certainty, actions taken by a Party to enforce laws of general application, such as competition laws, are not encompassed within this definition.

⁵¹ For greater certainty, decisions made by the Treasurer under Australia’s foreign investment policy, including the *Foreign Acquisitions and Takeovers Act 1975*, are not encompassed within this definition. For Korea, the Parties recognise that, as of the date of signature of this Agreement, Korea has no foreign investment authority that grants investment authorisation.

investor of a non-Party means, with respect to a Party, an investor that attempts to make, is making, or has made an investment in the territory of that Party, that is not an investor of either Party;

investor of a Party means a Party or state enterprise thereof, or a national or an enterprise of a Party, that attempts to make, is making or has made an investment in the territory of the other Party, provided, however, that a national who is a dual national shall be deemed to be exclusively a national of the State of his or her dominant and effective nationality;

New York Convention means the *United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards*, done at New York, 10 June 1958;

non-disputing Party means the Party that is not a party to an investment dispute;

protected information means confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law;

respondent means the Party that is a party to an investment dispute;

Secretary-General means the Secretary-General of ICSID; and

UNCITRAL Arbitration Rules means the arbitration rules of the United Nations Commission on International Trade Law.

ANNEX 11-A
CUSTOMARY INTERNATIONAL LAW

The Parties confirm their shared understanding that “customary international law” generally and as specifically referenced in Article 11.5 results from a general and consistent practice of States that they follow from a sense of legal obligation. With regard to Article 11.5, the customary international law minimum standard of treatment of aliens refers to all customary international law principles that protect the economic rights and interests of aliens.

ANNEX 11-B EXPROPRIATION

The Parties confirm their shared understanding that:

1. An action or a series of actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right in an investment.
2. Article 11.7.1 addresses two situations. The first is direct expropriation, where an investment is nationalised or otherwise directly expropriated through formal transfer of title or outright seizure.
3. The second situation addressed by Article 11.7.1 is indirect expropriation, where an action or a series of actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.
4. The determination of whether an action or a series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation, requires a case-by-case, fact-based inquiry that considers all relevant factors relating to the investment, including:
 - (a) the economic impact of the government action, although the fact that an action or a series of actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;
 - (b) the extent to which the government action interferes with distinct, reasonable investment-backed expectations⁵²; and
 - (c) the character of the government action, including its objectives and context⁵³.
5. Except in rare circumstances, non-discriminatory regulatory actions by a Party that are designed and applied to protect legitimate public welfare objectives, such as public health, safety, and the environment, do not constitute indirect expropriations^{54,55,56}.

⁵² For greater certainty, whether an investor's investment-backed expectations are reasonable may include consideration of the nature and extent of governmental regulation in the relevant sector.

⁵³ For Korea, a relevant consideration could include whether the investor bears a disproportionate burden such as a special sacrifice that exceeds what the investor or investment should be expected to endure for the public interest.

⁵⁴ For greater certainty, the list of "legitimate public welfare objectives" in paragraph 5 is not exhaustive.

⁵⁵ For greater certainty and without limiting the scope of paragraph 5, such regulatory actions to protect public health include regulation, supply and reimbursement with respect to pharmaceuticals, diagnostics, vaccines, medical devices, health-related aids and appliances and blood and blood products.

⁵⁶ For Korea, real estate price stabilisation (through, for example, measures to improve the housing conditions for low-income households), does not constitute indirect expropriation.

ANNEX 11-C TRANSFERS

1. Nothing in this Agreement shall be construed to prevent a Party from adopting or maintaining temporary safeguard measures in accordance with the laws and regulations of the Party with regard to payments and capital movements:

- (a) in the event of serious balance-of-payments or external financial difficulties or threat thereof; or
- (b) where, in exceptional circumstances, payments and capital movements between the Parties cause or threaten to cause serious difficulties for the operation of monetary policy or exchange rate policy in the Party concerned.

2. The measures referred to in paragraph 1:

- (a) shall not exceed a period of one year, however, if extremely exceptional circumstances arise such that a Party seeks to extend such measures, the Party will coordinate in advance with the other Party concerning the implementation of any proposed extension;
- (b) shall be consistent with the Articles of Agreement of the International Monetary Fund;
- (c) shall avoid unnecessary damage to the commercial, economic and financial interests of the other Party;
- (d) shall not exceed those necessary to deal with the circumstances described in paragraph 1;
- (e) shall be temporary and phased out progressively as the situation described in paragraph 1 improves;
- (f) shall not be confiscatory;
- (g) shall promptly be notified to the other Party;
- (h) shall be applied on a national treatment basis;
- (i) shall ensure that the other Party is treated as favourably as any non-Party;
- (j) shall not constitute a dual or multiple exchange rate practice;
- (k) shall not restrict payments or transfers for current transactions, unless the imposition of such measures complies with the procedures stipulated in the Articles of Agreement of the International Monetary Fund; and
- (l) shall not restrict payments or transfers associated with foreign direct investment.

ANNEX 11-I

TAXATION AND EXPROPRIATION

The determination of whether a taxation measure, in a specific fact situation, constitutes an expropriation requires a case-by-case, fact-based inquiry that considers all relevant factors relating to the investment, including the factors listed in Annex 11-B and the following considerations:

- (a) the imposition of taxes does not generally constitute an expropriation. The mere introduction of a new taxation measure, or the imposition of a taxation measure by more than one jurisdiction within a Party in respect of an investment, generally does not in and of itself constitute an expropriation;
- (b) a taxation measure that is consistent with internationally recognised tax policies, principles, and practices should not constitute an expropriation. In particular, a taxation measure aimed at preventing the avoidance or evasion of taxation measures generally does not constitute an expropriation;
- (c) a taxation measure that is applied on a non-discriminatory basis, as opposed to a taxation measure that is targeted at investors of a particular nationality or at specific taxpayers, is less likely to constitute an expropriation; and
- (d) a taxation measure generally does not constitute an expropriation if it was already in force when the investment was made and information about the measure was publicly available.

CHAPTER 12

GOVERNMENT PROCUREMENT

ARTICLE 12.1: SCOPE

Application of Chapter

1. This Chapter shall apply to any measure regarding covered procurement.
2. For the purposes of this Chapter, “covered procurement” means a government procurement of goods, services or both:
 - (a) by any contractual means, including purchase, rental, hire purchase, or lease, with or without an option to buy, build-operate-transfer contracts and public works concessions contracts;
 - (b) for which the value, as estimated in accordance with this Article, equals or exceeds the relevant threshold specified in Annex 12-A;
 - (c) that is conducted by a procuring entity;
 - (d) that is not excluded from coverage by this Chapter; and
 - (e) subject to the conditions specified in Annex 12-A.
3. This Chapter shall not apply to:
 - (a) procurement of goods and services by a procuring entity of a Party from another entity of that Party, or between a procuring entity of a Party and a regional or local government of that Party;
 - (b) non-contractual agreements or any form of assistance that a Party provides, including grants, loans, equity infusions, fiscal incentives, subsidies, guarantees, and cooperative agreements;
 - (c) procurement for the direct purpose of providing foreign assistance;
 - (d) procurement of research and development services;
 - (e) procurement of goods and services outside the territory of the procuring Party, for consumption outside the territory of the procuring Party;
 - (f) public employment contracts;
 - (g) procurement conducted under the particular procedures or conditions of an international agreement relating to the stationing of troops or relating to the joint implementation by the signatory countries of a project, or under the particular procedures or conditions of an international organisation, or funded by international grants, loans, or other assistance to the extent that the provision of such assistance is subject to conditions inconsistent with this Chapter;
 - (h) procurement funded by grants or sponsorship payments received from a person other than a procuring entity of a Party;

- (i) the acquisition or rental of land, buildings, or other immovable property or rights thereon where not part of an arrangement for procurement of construction services;
- (j) procurement of financial advisory and asset management services pertaining to reserves held by each Party, including for the purposes of funding retirement benefits; or
- (k) the procurement or acquisition of fiscal agency or depository services, liquidation and management services for regulated financial institutions, or services related to the sale, redemption and distribution of public debt, including loans and government bonds, notes, derivatives and other securities.

Valuation of Contracts

4. In estimating the value of a procurement for the purposes of ascertaining whether it is a covered procurement, a procuring entity shall:

- (a) take into account all forms of remuneration, including any premiums, fees, commissions, interest, other revenue streams that may be provided for in the procurement and, where the procurement provides for the possibility of option clauses, the maximum total value of the procurement, inclusive of optional purchases; and
- (b) without prejudice to paragraph 6, where the procurement is to be conducted in multiple parts, with contracts to be awarded at the same time or over a given period to one or more suppliers, base its calculation on the total maximum value of the procurement over its entire duration.

5. The selection of the valuation method by a procuring entity shall not be used, nor shall any procurement requirement be divided, for the purposes of avoiding the application of this Chapter.

6. In the case of procurement by lease, rental, or hire purchase of goods or services, or procurement for which a total price is not specified, the basis for valuation shall be:

- (a) in the case of a fixed-term contract:
 - (i) where the term of the contract is 12 months or less, the total estimated maximum value for its duration; or
 - (ii) where the term of the contract exceeds 12 months, the total estimated maximum value, including any estimated residual value;
- (b) where the contract is for an indefinite period, the estimated monthly instalment multiplied by 48; and
- (c) where it is not certain whether the contract is to be a fixed-term contract, subparagraph (b) shall be used.

7. Where the total estimated maximum value of a procurement over its entire duration is not known, the procurement shall be a covered procurement, unless otherwise excluded under this Chapter.

8. The Parties acknowledge and affirm the *Memorandum of Understanding on Defence Industry Cooperation between the Ministry of National Defense of the Republic of Korea and the*

Department of Defence of Australia, dated 8 August 2001 (the “MOU”), including any amendment to or extension thereto. The Parties recognise that the benefits and responsibilities established under the MOU will continue to apply.

ARTICLE 12.2: EXCEPTIONS

1. Provided that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between the Parties where the same conditions prevail or a disguised restriction on trade between the Parties, nothing in this Chapter shall be construed to prevent a Party from adopting or maintaining measures:

- (a) necessary to protect public morals, order or safety;
- (b) necessary to protect human, animal or plant life or health;
- (c) necessary to protect intellectual property; or
- (d) relating to goods or services of handicapped persons, of philanthropic or not-for-profit institutions, or of prison labour.

2. The Parties understand that paragraph 1(b) includes environmental measures necessary to protect human, animal or plant life or health.

3. Further to Article 22.2 (Essential Security), nothing in this Chapter shall be construed to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests relating to government procurement indispensable for national security or for national defence purposes.

ARTICLE 12.3: GENERAL PRINCIPLES

National Treatment and Non-Discrimination

1. With respect to any measure regarding covered procurement, each Party and its procuring entities shall accord to the goods, services and suppliers of the other Party treatment no less favourable than the most favourable treatment the Party and its procuring entities accord to domestic goods, services and suppliers.

2. With respect to any measure regarding covered procurement, neither a Party nor its procuring entities shall:

- (a) treat a locally established supplier less favourably than another locally established supplier on the basis of degree of foreign affiliation or ownership; or
- (b) discriminate against a locally established supplier on the basis that the goods or services offered by that supplier for a particular procurement are goods or services of the other Party.

Measures Not Specific to Procurement

3. Paragraphs 1 and 2 shall not apply to measures regarding customs duties and other charges of any kind imposed on, or in connection with, importation, the method of levying such duties and charges, or other import regulations including restrictions and formalities, and measures affecting trade in services other than measures regarding covered procurement.

Prohibition of Offsets

4. Neither a Party nor its procuring entities shall seek, take account of, impose or enforce offsets at any stage of a covered procurement.

Rules of Origin

5. Each Party shall apply to covered procurements of goods or services the rules of origin that it applies in the normal course of trade to those goods or services.

Conduct of Procurement and Tendering Procedures

6. Each Party shall ensure that its procuring entities comply with this Chapter in conducting covered procurements.

7. A procuring entity may use open, selective or limited tendering procedures.

8. No procuring entity shall prepare, design, or otherwise structure or divide any procurement, in any stage of the procurement, for the purposes of avoiding the application of this Chapter.

9. Further to Article 22.4 (Disclosure of Information), nothing in this Chapter shall be construed as requiring a Party or its procuring entities to disclose, furnish or allow access to confidential information furnished by a person where such disclosure might prejudice fair competition between suppliers, without the authorisation of the person that furnished that information.

ARTICLE 12.4: PUBLICATION OF NOTICES

Notice of Procurement

1. In an open tendering procedure, a procuring entity shall publish a notice inviting interested suppliers to submit tenders (hereinafter referred to as “notice of procurement”) in electronic or paper media that are widely disseminated and remain readily accessible to any interested supplier of the other Party for the entire period established for tendering.

2. Where, in a selective tendering procedure, a procuring entity publishes a notice inviting applications for participation or requesting suppliers to express their interest in a covered procurement, that notice shall be published in electronic or paper media that are widely disseminated and readily accessible to any interested supplier of the other Party.

3. Unless otherwise provided in this Chapter, each notice of procurement shall include:

- (a) the name and address of the procuring entity and other information necessary to contact the procuring entity and obtain all relevant documents relating to the procurement;
- (b) a description of the procurement and any conditions for participation;
- (c) where appropriate, the time-frame for delivery of goods or services; and
- (d) the address and time limit for the submission of tenders.

Notice of Planned Procurement

4. Each Party shall encourage its procuring entities to publish prior to, or as early as possible in, each fiscal year, a notice regarding their procurement plans for that fiscal year. The notice should, at a minimum, include a description of each planned procurement and indicate the expected time of commencement of the related tender procedure.

ARTICLE 12.5: TIME LIMITS

1. A procuring entity shall prescribe time limits for tendering that allow suppliers adequate time to submit applications or requests to participate in a covered procurement and to prepare and submit responsive tenders, taking into account the nature and complexity of the procurement.

2. A procuring entity shall require all participating suppliers to submit tenders in accordance with a common deadline. For greater certainty, this requirement shall also apply where:

- (a) as a result of a need to amend information provided to suppliers during the procurement process, the procuring entity extends the time limit for qualification or tendering procedures; or
- (b) negotiations are terminated and suppliers may submit new tenders.

3. Unless provided for in paragraph 4, the final date for the receipt of tenders shall not be less than 25 days from the date on which a notice of procurement is published or, in the case of selective tendering, from the date on which the procuring entity invites suppliers to submit tenders.

4. A procuring entity may reduce the time limit for the receipt of tenders to not less than 10 days:

- (a) where the procuring entity has published a separate notice, including a notice of planned procurement under Article 12.4.4, at least 30 days and not more than 12 months in advance, and such separate notice contains a description of the procurement, the time limits for the submission of tenders or, where appropriate, applications for participation in a procurement, and the address from which documents relating to the procurement may be obtained;
- (b) in the case of the second or subsequent publication of notices for procurement of a recurring nature;
- (c) where a state of urgency duly substantiated by the procuring entity renders the time period for tendering established in accordance with paragraph 3 impracticable; or
- (d) where the procuring entity procures commercial goods or services that are sold or offered for sale to, and customarily purchased and used by, non-governmental buyers for non-governmental purposes, including goods and services with modifications customary in the commercial marketplace, as well as minor modifications not customarily available in the commercial marketplace.

ARTICLE 12.6: CONDITIONS FOR PARTICIPATION

1. A Party and its procuring entities shall limit any conditions for participation in a covered procurement to those that ensure the potential supplier's capability to fulfil the contract in question.
2. In assessing whether a supplier satisfies the conditions for participation, a Party and its procuring entities:
 - (a) shall evaluate the capabilities of a supplier on the basis of that supplier's business activities both inside and outside the territory of the Party of the procuring entity;
 - (b) shall base its determination solely on the conditions that a procuring entity has specified in advance in notices or tender documentation;
 - (c) shall not impose the condition that, in order for a supplier to participate in a procurement or be awarded a contract, the supplier has previously been awarded one or more contracts by a procuring entity of that Party or that the supplier has prior work experience in the territory of that Party; and
 - (d) may require prior experience where relevant to meet the requirements of the procurement.
3. Nothing in this Article shall preclude the exclusion of any supplier on grounds such as:
 - (a) bankruptcy;
 - (b) false declarations;
 - (c) significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior contract;
 - (d) final judgments in respect of serious crimes or other serious offences;
 - (e) professional misconduct, or acts or omissions, that adversely reflect on the commercial integrity of the supplier; or
 - (f) failure to pay taxes.

ARTICLE 12.7: REGISTRATION AND QUALIFICATION OF SUPPLIERS

1. Where a Party or a procuring entity requires suppliers to register or pre-qualify before being permitted to participate in a covered procurement, that Party or procuring entity shall ensure that a notice inviting suppliers to apply for registration or pre-qualification is published in adequate time to enable interested suppliers to initiate and, to the extent that it is compatible with the efficient operation of the procurement process, complete the registration or qualification procedures.
2. A Party or procuring entity may establish a multi-use list, provided that the Party or procuring entity annually publishes or otherwise makes available continuously in electronic form a notice inviting interested suppliers to apply for inclusion on the list. The notice shall include:
 - (a) a description of the goods and services, or categories thereof, for which the list may be used;

- (b) the conditions for participation to be satisfied by suppliers and the methods that the procuring entity or other government agency will use to verify a supplier's satisfaction of the conditions;
 - (c) the name and address of the procuring entity or other government agency and other information necessary to contact the entity and obtain all relevant documents relating to the list; and
 - (d) any deadlines for submission of applications for inclusion on that list.
3. A Party or procuring entity that maintains a multi-use list shall include on the list all suppliers that satisfy the conditions for participation within a reasonably short time.
4. Where a supplier applies for participation in a covered procurement, or for inclusion on a list referred to in paragraph 2, a procuring entity shall promptly advise such supplier of its decision with respect to its application.

ARTICLE 12.8: TECHNICAL SPECIFICATIONS

1. A procuring entity shall not prepare, adopt or apply any technical specification or prescribe any conformity assessment procedure with the purpose or the effect of creating unnecessary obstacles to trade between the Parties.
2. In prescribing the technical specifications for the goods or services being procured, a procuring entity shall, where appropriate:
- (a) set out the technical specification in terms of performance and functional requirements, rather than design or descriptive characteristics; and
 - (b) base the technical specification on international standards, where such standards exist, otherwise on national technical regulations, recognised national standards or building codes.
3. A procuring entity shall not prescribe technical specifications that require or refer to a particular trademark or trade name, patent, copyright, design, type, specific origin, producer or supplier, unless there is no other sufficiently precise or intelligible way of describing the procurement requirements and provided that, in such cases, the procuring entity includes words such as "or equivalent" in the tender documentation.
4. A procuring entity shall not seek or accept, in a manner that would have the effect of precluding competition, advice that may be used in the preparation or adoption of any technical specification for a specific covered procurement from a person that may have a commercial interest in the procurement.
5. Notwithstanding paragraph 4, a procuring entity may:
- (a) conduct market research in developing technical specifications for a specific covered procurement; or
 - (b) allow a supplier that has been engaged to provide design or consulting services to participate in procurements related to such services, provided it would not give the supplier an unfair advantage over other suppliers.
6. For greater certainty, a procuring entity may prepare, adopt or apply technical specifications to promote the conservation of natural resources or protect the environment.

ARTICLE 12.9: TENDER DOCUMENTATION

1. A procuring entity shall promptly provide, on request, to any supplier participating in a covered procurement, tender documentation that includes all information necessary to permit suppliers to prepare and submit responsive tenders.
2. Unless already provided in the notice of procurement, such documentation shall include a complete description of:
 - (a) the procurement, including the nature, scope and, where known, the quantity of the goods or services to be procured and any requirements to be fulfilled, including any technical specifications, conformity certification, plans, drawings, or instructional materials;
 - (b) any conditions for participation, including any financial guarantees, information, and documents that suppliers are required to submit;
 - (c) all criteria to be considered in the awarding of the contract;
 - (d) where there will be a public opening of tenders, the date, time, and place for the opening of tenders; and
 - (e) any other terms or conditions relevant to the evaluation of tenders.
3. Neither a Party nor its procuring entities shall provide information with regard to a specific covered procurement in a manner which would have the effect of giving a potential supplier or group of potential suppliers an advantage over competitors.
4. A procuring entity shall reply promptly to any reasonable request for relevant information submitted by a supplier participating in the tendering procedure.
5. Where, during the course of a covered procurement, a procuring entity modifies the criteria or technical requirements set out in notices or tender documentation provided to participating suppliers, or amends or reissues notices or tender documentation, it shall transmit in writing all such modifications or all such amended or reissued notices or tender documentation:
 - (a) to all the suppliers that are participating at the time the information is amended, if known, and in all other cases, in the same manner as the original information was provided; and
 - (b) in adequate time to allow such suppliers to modify and resubmit their tenders, as appropriate.

ARTICLE 12.10: SELECTIVE TENDERING PROCEDURES

To ensure optimum effective competition under selective tendering procedures, procuring entities shall invite tenders from the maximum number of domestic suppliers and suppliers of the other Party that is consistent with the efficient operation of the procurement system. They shall select the suppliers to participate in the procedure in a fair and non-discriminatory manner.

ARTICLE 12.11: LIMITED TENDERING

1. Provided that it does not use this Article for the purpose of avoiding competition, to protect domestic suppliers or in a manner that discriminates against suppliers of the other Party, and subject to paragraph 2, a procuring entity may use limited tendering procedures. When a procuring entity applies limited tendering, it may choose, according to the nature of the procurement, not to apply Articles 12.4 through 12.10, 12.12.1, and 12.12.3 through 12.12.8.

2. A procuring entity may use limited tendering only under the following circumstances:

- (a) where, in response to a prior notice, invitation to participate, or invitation to tender:
 - (i) no tenders were submitted or no suppliers requested participation;
 - (ii) no tenders were submitted that conform to the essential requirements in the tender documentation;
 - (iii) no suppliers satisfied the conditions for participation; or
 - (iv) the tenders submitted have been collusive,and the procuring entity does not substantially modify the essential requirements of the procurement;
- (b) where, for works of art, or for reasons connected with the protection of exclusive rights, such as patents or copyrights, or proprietary information, or where there is an absence of competition for technical reasons, the goods or services can be supplied only by a particular supplier and no reasonable alternative or substitute exists;
- (c) for additional deliveries by the original supplier or its authorised agent that are intended either as replacement parts, extensions, or continuing services for existing equipment, software, services or installations, where a change of supplier would compel the procuring entity to procure goods or services not meeting requirements of interchangeability with existing equipment, software, services, or installations;
- (d) for goods purchased on a commodity market;
- (e) where a procuring entity procures a prototype or a first good or service that is intended for limited trial or developed at its request in the course of, and for, a particular contract for research, experiment, study, or original development. Original development of a first good or service may include limited production or supply in order to incorporate the results of field testing and to demonstrate that the good or service is suitable for production or supply in quantity to acceptable quality standards;
- (f) for new construction services consisting of the repetition of similar construction services that conform to a basic project for which an initial contract was awarded following use of open tendering or selective tendering in accordance with this Chapter, and for which the procuring entity has indicated in the notice of procurement concerning the initial construction service that limited tendering procedures might be used in awarding contracts for such new construction services;

- (g) for purchases made under exceptionally advantageous conditions that only arise in the very short term, such as from unusual disposals, unsolicited innovative proposals, liquidation, bankruptcy or receivership and not for routine purchases from regular suppliers;
 - (h) in so far as is strictly necessary where, for reasons of extreme urgency brought about by events unforeseen by the procuring entity, the goods or services could not be obtained in time by means of an open or selective tendering procedure; or
 - (i) where a contract is awarded to the winner of a design contest, provided that:
 - (i) the contest has been organised in a manner that is consistent with this Chapter; and
 - (ii) the contest is judged by an independent jury with a view to a design contract being awarded to the winner.
3. For each contract awarded under paragraphs 1 and 2, a procuring entity shall prepare a written report that includes:
- (a) the name of the procuring entity;
 - (b) the value and kind of goods or services procured; and
 - (c) a statement indicating the circumstances and conditions described in paragraphs 1 and 2 that justify the use of a procedure other than open or selective tendering procedures.

ARTICLE 12.12: RECEIPT AND OPENING OF TENDERS AND AWARDING OF CONTRACTS

1. A procuring entity shall receive and open all tenders under procedures that guarantee the fairness and impartiality of the procurement process.
2. A procuring entity shall treat all tenders in confidence subject to the laws of the Party of the procuring entity. In particular, it shall not provide information to particular suppliers that might prejudice fair competition between suppliers.
3. A procuring entity shall not penalise any supplier whose tender is received after the time specified for receiving tenders if the delay is due solely to mishandling on the part of the procuring entity.
4. Where a procuring entity provides suppliers with opportunities to correct unintentional errors of form between the opening of tenders and the awarding of the contract, the procuring entity shall provide the same opportunities to all participating suppliers.
5. A procuring entity shall require that, in order to be considered for award, a tender be submitted in writing and, at the time of opening, conform to the essential requirements of the tender documentation.
6. Unless a procuring entity determines that it is not in the public interest to award a contract, it shall award the contract to the supplier that the procuring entity has determined to satisfy the conditions for participation and whose tender is determined to be the most advantageous or best value for money, in accordance with the requirements and evaluation criteria specified in the notices and tender documentation.

7. Where a procuring entity receives a tender with a price that is abnormally lower than the prices in other tenders submitted, it may verify with the supplier that it can comply with the conditions for participation and is capable of fulfilling the terms of the contract.

8. A procuring entity shall not cancel a covered procurement, nor terminate or modify awarded contracts, so as to circumvent the requirements of this Chapter.

ARTICLE 12.13: POST-AWARD INFORMATION

1. No later than 60 days after award of a contract, a procuring entity shall publish a notice in an officially designated publication that includes at least the following information about the award:

- (a) the name and address of the procuring entity;
- (b) a description of the goods or services procured;
- (c) the date of award or the contract date;
- (d) the contract value;
- (e) the name and address of the successful supplier; and
- (f) the procurement method used.

Each Party shall ensure that criminal or administrative penalties exist to sanction:

- (a) a procurement official of that Party who solicits or accepts, directly or indirectly, any article of monetary value or other benefit, for that procurement official or for another person, in exchange for any act or omission in the performance of that procurement official's procurement functions;
- (b) any person who offers or grants, directly or indirectly, to a procurement official of that Party, any article of monetary value or other benefit, for that procurement official or for another person, in exchange for any act or omission in the performance of that procurement official's procurement functions; and
- (c) any person intentionally offering, promising or giving any undue pecuniary or other advantage, whether directly or through intermediaries, to a foreign procurement official, for that foreign procurement official or a third party, in order that the foreign procurement official act or refrain from acting in relation to the performance of procurement duties, in order to obtain or retain business or other improper advantage.

ARTICLE 12.15: DOMESTIC REVIEW PROCEDURES

1. In the event of a complaint by a supplier of a Party that there has been a failure to apply the other Party's measures implementing this Chapter in the context of a covered procurement in which the supplier has or had an interest, the Party of the procuring entity shall encourage the supplier to seek resolution of its complaint in consultation with the procuring entity. In such instances the procuring entity shall accord timely and impartial consideration to any such complaint and ensure that the making of any such complaint is not prejudicial to the supplier's participation in ongoing or future procurement or right to seek corrective measures under administrative or judicial review procedures.
2. Each Party shall maintain at least one impartial administrative or judicial authority that is independent of its procuring entities to receive and review, in a non-discriminatory, timely, transparent and effective manner, complaints that a supplier of the other Party submits, in accordance with the laws and regulations of the Party of the procuring entity, relating to a covered procurement.

 - (b) the other Party does not object in writing within 30 days of the notification.
2. Each Party may make rectifications of a purely formal nature to its coverage under this Chapter, or minor amendments to its Government Procurement Schedules referred to in Annex 12-A, provided that it notifies the other Party in writing and the other Party does not object in writing within 30 days of the notification. A Party that makes such a rectification or minor amendment need not provide compensatory adjustments.
3. A Party need not provide compensatory adjustments in those circumstances where the Parties agree that the proposed modification covers a procuring entity over which a Party has effectively eliminated its control or influence. Where the Parties do not agree that such government control or influence has been effectively eliminated, the objecting Party may request further information or consultations with a view to clarifying the nature of any government control or influence and reaching agreement on the procuring entity's continued coverage under this Chapter.

Section H: Value of Thresholds

General

1. The value of the thresholds set out in Sections A, B and C shall be adjusted at two-year intervals with each adjustment taking effect in January.
2. Each Party shall calculate and convert for itself the value of the thresholds into its own national currency using the conversion rates published by the IMF in its monthly “International Financial Statistics”. Except where paragraph 3 applies, the conversion rates will be the average of the daily values of the respective national currency in terms of the SDR over the two-year period preceding 1 October or 1 November of the year before the adjusted thresholds are to take effect.
3. In respect of thresholds for sub-central entities Australia may apply the methodology for conversion of SDR amounts into Australian dollars set out in Section 8, Annex 15-A of the Australia-United States Free Trade Agreement as of the date of entry into force of this Agreement to the relevant SDR value set out in paragraph 2.
4. A Party may round its calculations for adjusted thresholds covered by this section according to the following:
 - (a) for Korea, to the nearest one million Korean won for goods and services and the nearest 10 million Korean won for construction services; and
 - (b) for Australia, to the nearest one thousand Australian dollars.
5. Each Party shall notify the other Party of the current thresholds in their respective currencies immediately after this Agreement enters into force, and the adjusted thresholds in their respective currencies thereafter in a timely manner.
6. The Parties shall consult if a major change in a national currency relative to the SDR or to the national currency of the other Party were to create a significant problem with regard to the application of this Chapter.

CHAPTER 13

INTELLECTUAL PROPERTY RIGHTS

ARTICLE 13.1: GENERAL PROVISIONS

Nature and Scope of Obligation

1. Each Party recognises the importance of adequate and effective protection of intellectual property rights, while ensuring that measures to enforce those rights do not themselves become barriers to legitimate trade.
2. Each Party shall be free to determine the appropriate method of implementing the provisions of this Chapter within their own legal system and practice.

Observance of International Obligations

3. Each Party affirms its rights and obligations under the TRIPS Agreement, the agreements administered by the WIPO and any other multilateral agreement related to intellectual property to which the Parties are party.
4. Each Party shall undertake reasonable efforts to ratify or accede to the *Patent Law Treaty*, done at Geneva on 1 June 2000 and the *Singapore Treaty on the Law of Trademarks*, done at Singapore on 27 March 2006, in a manner consistent with its law and subject to the fulfilment of its necessary internal requirements.

More Extensive Protection and Enforcement

5. A Party may provide more extensive protection for, and enforcement of, intellectual property rights under its law than this Chapter requires, provided that the more extensive protection does not contravene this Chapter.

National Treatment

6. In respect of all categories of intellectual property covered in this Chapter, each Party shall accord to nationals⁵⁸ of the other Party treatment no less favourable than it accords to its own nationals with regard to the protection⁵⁹ and enjoyment of such intellectual property rights and any benefits derived from such rights, subject to the exceptions provided in multilateral intellectual property agreements to which either Party is, or becomes, a contracting party.
7. A Party may derogate from paragraph 6 in relation to its judicial and administrative procedures, including requiring a national of the other Party to designate an address for service of process in its territory, or to appoint an agent in its territory, provided that such derogation is:

⁵⁸ For the purposes of paragraphs 6 and 7, and Article 13.7.1, a “national” of a Party shall include, in respect of the relevant right, any person (as defined in Article 1.4 (Definitions)) of that Party that would meet the criteria for eligibility for protection of that right provided for in the agreements mentioned in paragraph 3.

⁵⁹ For the purposes of paragraph 6, “protection” includes:

- (a) matters affecting the availability, acquisition, scope, maintenance, and enforcement of intellectual property rights as well as matters affecting the use of intellectual property rights specifically covered by this Chapter; and
- (b) the prohibition on circumvention of effective technological measures set out in Article 13.5.9 and the rights and obligations concerning rights management information set out in Article 13.5.10.

- (a) necessary to secure compliance with laws and regulations that are not inconsistent with this Chapter; and
- (b) not applied in a manner that would constitute a disguised restriction on trade.

8. Paragraph 6 shall not apply to procedures provided in multilateral agreements to which either Party is a party concluded under the auspices of the WIPO in relation to the acquisition or maintenance of intellectual property rights.

Application of Agreement to Existing Subject Matter and Prior Acts

9. Unless otherwise provided in this Chapter, including in Article 13.5.7, this Chapter shall give rise to obligations in respect of all subject matter existing at the date of entry into force of this Agreement that is protected on that date in the territory of the Party where protection is claimed, or that meets or comes subsequently to meet the criteria for protection under this Chapter.

10. Unless otherwise provided in this Chapter, including in Article 13.5.7, a Party shall not be required to restore protection to subject matter that on the date of entry into force of this Agreement has fallen into the public domain in the territory of the Party where the protection is claimed.

11. This Chapter shall not give rise to obligations in respect of acts that occurred before the date of entry into force of this Agreement.

Transparency

12. Further to Article 19.1 (Publication), and with the object of making the protection and enforcement of intellectual property rights transparent, each Party shall ensure that all laws, regulations, and procedures concerning the protection or enforcement of intellectual property rights are in writing and are published, or where publication is not practicable, made publicly available in its national language and in such a manner as to enable governments and right holders to become acquainted with them.

ARTICLE 13.2: TRADEMARKS

Trademark Protection

1. Neither Party shall require, as a condition of registration, that trademarks be visually perceptible, nor deny registration of a trademark solely on the grounds that the sign of which it is composed is a sound or a scent⁶⁰.

2. Each Party shall provide that trademarks shall include collective marks and certification marks. Each Party shall also provide that geographical indications are eligible for protection as trademarks.

3. Each Party shall provide that the owner of a registered trademark shall have the exclusive right to prevent all third parties not having the owner's consent from using in the course of trade identical or similar signs, including geographical indications, for goods or services that are identical or similar to those goods or services in respect of which the owner's trademark is registered, where such use would result in a likelihood of confusion. In the case of the use of an identical sign, for identical goods or services, a likelihood of confusion shall be presumed.

⁶⁰ A party may require an adequate description, which can be represented graphically, of the trademark.

Exceptions to Trademark Rights

4. Each Party may provide limited exceptions to the rights conferred by a trademark, such as fair use of descriptive terms, provided that such exceptions take account of the legitimate interests of the owner of the trademark and of third parties.

Well-Known Trademarks

5. Neither Party shall require, as a condition for determining that a trademark is a well-known mark, that the trademark has been registered in the territory of that Party or in another jurisdiction.

6. Article 6bis of the *Paris Convention for the Protection of Industrial Property*, done at Paris on 20 March 1883, shall apply, *mutatis mutandis*, to goods or services that are not identical or similar to those identified by a well-known trademark⁶¹, whether registered or not, provided that use of that trademark in relation to those goods or services would indicate a connection between those goods or services and the owner of the trademark, and provided that the interests of the owner of the trademark are likely to be damaged by such use.

7. Each Party shall provide for appropriate measures to refuse or cancel the registration and prohibit the use of a trademark that is identical or similar to a well-known trademark, for related goods or services, if the use of that trademark is likely to cause confusion or is likely to deceive.

Trademark Applications and Registrations

8. Each Party shall provide:

- (a) a system for the registration of trademarks, in which the reasons for a refusal to register a trademark shall be communicated in writing and may be provided electronically to the applicant, who will have the opportunity to contest such refusal and to appeal a final refusal judicially. Each Party shall provide a publicly available electronic database of trademark applications and registrations;
- (b) an opportunity for interested parties to oppose trademark applications; and
- (c) a system that permits owners of registered trademarks to assert their rights in trademarks, and interested parties to challenge rights in trademarks, through administrative or judicial means, or both.

9. Each Party shall provide that initial registration and each renewal of registration of a trademark shall be for a term of no less than 10 years.

Recordation of Trademark Licences

10. Neither Party shall require recordation of trademark licences to establish the validity of the licence, to assert any rights in a trademark, or for any other purpose.

ARTICLE 13.3: COOPERATION

1. The Parties shall cooperate and collaborate with a view to ensuring protection of intellectual property rights and that such protection is consistent with promoting trade in goods

⁶¹ For the purposes of determining whether a trademark is well-known, neither Party shall require that the reputation of the trademark extend beyond the sector of the public that normally deals with the relevant goods or services.

and services between the Parties, subject to their respective laws, regulations and policies. Such cooperation may include:

- (a) exchange of information concerning infringement of intellectual property rights between relevant agencies responsible for the enforcement of intellectual property rights;
- (b) promotion of contacts and cooperation among their respective agencies, including enforcement agencies, educational institutions and other organisations with an interest in the field of intellectual property rights; and
- (c) sharing information and experiences on relations of the Parties with non-Parties on matters concerning intellectual property rights.

2. A Party shall, on request of the other Party, give proper consideration to any specific cooperation proposal made by the other Party relating to the protection and enforcement of intellectual property rights.

ARTICLE 13.4: DOMAIN NAMES ON THE INTERNET

1. Each Party shall require that the management of its country-code top-level domain (hereinafter referred to as “ccTLD”) provide an appropriate procedure for the settlement of disputes, based on the principles established in the Uniform Domain-Name Dispute-Resolution Policy.

2. Each Party shall require that the management of its ccTLD provide online public access to a reliable and accurate database of domain-name registrations in accordance with its law regarding protection of personal data.

ARTICLE 13.5: COPYRIGHT AND RELATED RIGHTS

1. Each Party shall provide that authors, performers, producers of phonograms and broadcasting organisation⁶² have the right to authorise or prohibit⁶³ all reproductions of their works, performances⁶⁴, phonograms and broadcasts in any manner or form, permanent or temporary (including temporary storage in electronic form)⁶⁵.

⁶² For the purposes of this Chapter “authors,” “performers,” “producers of phonograms” and “broadcasting organisations” include any successors in title.

⁶³ For the purposes of this Chapter, with respect to copyrights and related rights, the “right to authorise or prohibit” refers to exclusive rights.

⁶⁴ For the purposes of this Chapter, with respect to copyright and related rights, a “performance” means a performance fixed in a phonogram unless otherwise specified.

⁶⁵ Each Party shall confine limitations or exceptions to the rights described in paragraph 1 to certain special cases that do not conflict with a normal exploitation of the work, performance, phonogram or broadcast and do not unreasonably prejudice the legitimate interests of the right holder. For greater certainty, each Party may adopt or maintain limitations or exceptions to the rights described in paragraph 1 for fair use, as long as any such limitation or exception is confined as stated in the previous sentence.

2. Each Party shall provide authors, performers and producers of phonograms with the right to authorise or prohibit the making available to the public of the original and copies⁶⁶ of their works, performances and phonograms through sale or other transfer of ownership⁶⁷.

3. Neither Party shall subject the enjoyment and exercise of the rights of authors, performers, producers of phonograms and broadcasting organisations provided in this Chapter to any formality.

Hierarchy of Rights

4. In order to ensure that no hierarchy is established between rights of authors, on the one hand, and rights of performers, producers of phonograms and broadcasting organisations, on the other hand, each Party shall provide that in cases where authorisation is needed from both the author of a work embodied in a phonogram or a broadcast and a performer, producer or broadcasting organisation owning rights in the phonogram or broadcast, the need for the authorisation of the author shall not cease to exist because the authorisation of the performer, producer or broadcasting organisation is also required. Likewise, each Party shall provide that in cases where authorisation is needed from both the author of a work embodied in a phonogram or broadcast and a performer, producer or broadcasting organisation owning rights in the phonogram or broadcast, the need for the authorisation of the performer, producer or broadcasting organisation shall not cease to exist because the authorisation of the author is also required.

Term of Protection

5. Each Party shall provide that, where the term of protection of a work (including a photographic work), performance or phonogram is to be calculated:

- (a) on the basis of the life of a natural person, the term shall be not less than the life of the author and 70 years after the author's death; and
- (b) on a basis other than the life of a natural person, the term shall be:
 - (i) not less than 70 years from the end of the calendar year of the first authorised publication of the work, performance or phonogram; or
 - (ii) failing such authorised publication within 50 years from the creation of the work, performance or phonogram, not less than 70 years from the end of the calendar year of the creation of the work, performance or phonogram.

6. Each Party shall provide that the term of protection of a broadcast shall not be less than 50 years after the first broadcast took place.

7. Article 18 of the *Berne Convention for the Protection of Literary and Artistic Works*, done at Berne on 9 September 1886 (hereinafter referred to as the "Berne Convention"), and Article 14.6 of the TRIPS Agreement, shall apply, *mutatis mutandis*, to the subject matter, rights, and obligations in this Article and Articles 13.6 and 13.7.

8. Each Party shall provide that for copyright and related rights, any person acquiring or holding any economic right in a work, performance, phonogram or broadcast:

⁶⁶ The expression "copies" and "original and copies", being subject to the right of distribution in this paragraph, refer exclusively to fixed copies that can be put into circulation as tangible objects.

⁶⁷ Nothing in this Agreement shall affect a Party's right to determine the conditions, if any, under which the exhaustion of this right applies after the first sale or other transfer of ownership of the original or a copy of their works, performances or phonograms with the authorisation of the right holder.

- (a) may freely and separately transfer that right by contract; and
- (b) by virtue of a contract, including contracts of employment underlying the creation of works, performances, phonograms and broadcasts, shall be able to exercise that right in that person's own name and enjoy fully the benefits derived from that right.

Protection of Effective Technological Measures

9. Each Party shall provide for adequate legal protection and effective legal remedies against:

- (a) the circumvention of any effective technological measures that control access to a protected work, performance, phonogram, broadcast or other subject matter, which the person concerned carries out in the knowledge, or with reasonable grounds to know, that such person is pursuing that objective;
- (b) the manufacture, import, distribution, offering to the public, provision, or otherwise trafficking of devices, products, or components, or the offering to the public, or provision of services, that:
 - (i) are promoted, advertised, or marketed for the purpose of circumvention of any effective technological measure;
 - (ii) have only a limited commercially significant purpose or use other than to circumvent any effective technological measure; or
 - (iii) are primarily designed, produced, or performed for the purposes of enabling or facilitating the circumvention of any effective technological measure.

Protection of Rights Management Information

10. Each Party shall provide for adequate legal protection and effective legal remedies against any person knowingly performing any of the following acts:

- (a) the removal or alteration of any electronic rights management information without authority; or
- (b) the distribution, importation for distribution, broadcasting, communication or making available to the public, without authority, of works or copies of the works or other subject matter protected under this Chapter knowing that electronic rights management information has been removed or altered without authority,

if such person knows, or has reasonable grounds to know, that by doing so it is inducing, enabling, facilitating or concealing an infringement of any copyright or related rights as provided by the law of the Party.

Application of Criminal Procedures and Penalties

11. Each Party shall also provide for criminal procedures and penalties to be applied when any person, other than a non-profit library, archive, educational institution, or public non-commercial broadcasting entity, is found to have engaged wilfully and for the purposes of commercial advantage or financial gain in any of the activities prescribed in paragraphs 9 and 10.

Exceptions and Limitations

12. Each Party may provide for exceptions and limitations to measures implementing paragraphs 9 and 10 in accordance with its law and the relevant international agreements referred to in Article 13.1.3, provided that they do not significantly impair the adequacy of legal protection of those measures and the effectiveness of legal remedies against the acts prescribed in paragraphs 9 and 10.

Exceptions to Copyright and Related Rights

13. With respect to this Article and Articles 13.6 and 13.7, each Party shall confine limitations or exceptions to exclusive rights to certain special cases that do not conflict with a normal exploitation of the work, performance, phonogram or broadcast, and do not unreasonably prejudice the legitimate interests of the right holder⁶⁸.

14. Notwithstanding paragraph 13, neither Party shall permit the retransmission of television signals (whether terrestrial, cable or satellite) on the Internet without the authorisation of the right holder or right holders of the content of the signal and, if any, of the signal⁶⁹.

ARTICLE 13.6: COPYRIGHT

Without prejudice to Articles 11(1)(ii), 11bis(1)(i) and 11bis(1)(ii), 11ter(1)(ii), 14(1)(ii), and 14bis of the Berne Convention, each Party shall provide authors with the exclusive right to authorise or prohibit the communication to the public of their works, by wire or wireless means, including the making available to the public of their works in such a way that members of the public may access these works from a place and at a time individually chosen by them.

ARTICLE 13.7: RELATED RIGHTS

1. With respect to the rights accorded under this Chapter:
 - (a) to performers and producers of phonograms, each Party shall accord those rights to the performers and producers of phonograms who are nationals of the other Party, and accord those rights with respect to performances and phonograms that are first published or first fixed⁷⁰ in the territory of the other Party⁷¹; and
 - (b) to broadcasting organisations, each Party shall accord those rights to the broadcasting organisations if the headquarters of the broadcasting organisations are situated in the other Party or the broadcast was transmitted from a transmitter situated in the other Party⁷².

⁶⁸ For greater certainty, this paragraph does not reduce the capacity of the Parties to provide for exceptions or limitations to exclusive rights in accordance with multilateral agreements related to intellectual property to which either Party is, or becomes, a party.

⁶⁹ For the purposes of paragraph 14 and for greater certainty, retransmission within a Party's territory over a closed, defined, subscriber network that is not accessible from outside the Party's territory shall not constitute retransmission on the Internet.

⁷⁰ For the purposes of Article 13.7, "fixation" includes the finalisation of the master tape or its equivalent.

⁷¹ With respect to the protection of phonograms, a Party may apply the criterion of fixation instead of the criterion of publication.

⁷² With respect to the protection of broadcasts, a Party may protect broadcasts only if the headquarters of the broadcasting organisation is situated in the other Party's territory and the broadcast was transmitted from a transmitter situated in the other Party's territory.

Rights of Performers

2. Each Party shall provide performers with the right to authorise or prohibit:
 - (a) the broadcasting and communication to the public of their unfixed performances, except where the performance is already a broadcast performance; and
 - (b) the fixation of their unfixed performances.

Rights of Performers and Producers of Phonograms

3. Each Party shall provide performers and producers of phonograms with the right to authorise or prohibit:
 - (a) with respect to performers, the commercial rental to the public of the original and copies of their performances fixed in phonograms, even after distribution of them by, or pursuant to, authorisation by the performer, and with respect to producers of phonograms, the commercial rental to the public of the original and copies of their phonograms, even after distribution of them by, or pursuant to, authorisation by the producer of phonogram; and
 - (b) the making available to the public of their performances fixed in phonograms, with respect to performers, or their phonograms, with respect to producers of phonograms, by wire or wireless means, in such a way that members of the public may access them from a place and at a time individually chosen by them.
4. Each Party shall provide performers and producers of phonograms with the right to a single equitable remuneration for the direct or indirect use of phonograms published for commercial purposes in accordance with its law.

Rights of Broadcasting Organisations

5. Each Party shall provide that broadcasting organisations shall have the exclusive right to authorise or prohibit:
 - (a) the broadcasting of their broadcasts;
 - (b) the fixation of their broadcasts; and
 - (c) the reproduction of fixations.

ARTICLE 13.8: PATENTS

1. Each Party shall make patents available for any invention, whether a product or process, in all fields of technology, provided that the invention is new, involves an inventive step, and is capable of industrial application. In addition, each Party confirms that patents shall be available for any new uses or methods of using a known product⁷³.

⁷³ For the purposes of this Article, a Party may treat the term “inventive step” as synonymous with “non-obvious” and the term “capable of industrial application” as synonymous with “useful.”

Exclusion from Patentability

2. Each Party may only exclude from patentability:
 - (a) inventions, the prevention within its territory of the commercial exploitation of which is necessary to protect *ordre public* or morality, including to protect human, animal or plant life or health or to avoid serious prejudice to the environment, provided that such exclusion is not made merely because the exploitation is prohibited by its law; and
 - (b) diagnostic, therapeutic and surgical methods for the treatment of humans or animals.

Limited Exceptions to Patent Rights

3. Each Party may provide limited exceptions to the exclusive rights conferred by a patent, provided that such exceptions do not unreasonably conflict with a normal exploitation of the patent and do not unreasonably prejudice the legitimate interests of the patent owner, taking account of the legitimate interests of third parties.

Revocation of Patent

4. Each Party shall provide that a patent may be revoked on grounds that would have justified a refusal to grant the patent. A Party may also provide that fraud, misrepresentation or inequitable conduct may be the basis for revoking a patent or holding a patent unenforceable⁷⁴.

Grace Period for Patents

5. Each Party shall disregard information contained in public disclosures used to determine if an invention is novel or has an inventive step if the public disclosure:
 - (a) was made or authorised by, or derived from, the patent applicant; and
 - (b) occurred within 12 months prior to the date of filing in the territory of the Party of the application.
6. Each Party shall provide patent applicants with at least one opportunity to make amendments, corrections and observations in connection with their applications.

Disclosure of Claimed Invention

7. Each Party shall provide that a disclosure of a claimed invention shall be considered to be sufficiently clear and complete if it provides information that allows the invention to be made and used by a person skilled in the art, without undue experimentation, as of the filing date.
8. Each Party shall provide that a claimed invention:
 - (a) is sufficiently supported by its disclosure if the disclosure reasonably conveys to a person skilled in the art that the applicant was in possession of the claimed invention, as of the filing date; and

⁷⁴ For Australia, a patent may be revoked or cancelled on the basis that the patent is used in a manner determined to be anticompetitive by that Party's judicial authorities. For Korea, a patent may be revoked or cancelled by the Commissioner of the Korean Intellectual Property Office, *ex officio*, or on request of any interested party, if a patented invention has not been continuously worked in Korea for a period of two years or more from the date of the award under Article 107(1)(i) of the *Patent Act*.

- (b) is capable of industrial application if it has a specific, substantial and credible utility.

9. The Parties shall endeavour to establish a framework for cooperation between their respective patent offices as a basis for progress towards the mutual exploitation of search and examination work.

ARTICLE 13.9: ENFORCEMENT OF INTELLECTUAL PROPERTY RIGHTS

General Obligations

1. For greater certainty, the obligations specified in this Article are limited to the enforcement of intellectual property rights, or, if mentioned, a particular intellectual property right.

2. Each Party shall provide that final judicial decisions or administrative rulings of general application for the enforcement of intellectual property rights be in writing and state any relevant findings of fact and the reasoning or the legal basis on which the decisions or rulings are based. Each Party shall also provide that those decisions or rulings be published⁷⁵ or, where publication is not practicable, otherwise made available to the public, in its national language in such a manner as to enable governments and right holders to become acquainted with them.

3. Each Party shall publicise information on its efforts to provide effective enforcement of intellectual property rights in its civil, administrative and criminal systems, including any statistical information that the Party may collect for such purposes⁷⁶.

4. In civil, criminal, and if applicable, administrative procedures involving copyright or related rights, each Party shall provide for a presumption that the person whose name is indicated as the author, producer, performer, broadcasting organisation or publisher of the work, performance, phonogram or broadcast in the usual manner is the designated right holder in such work, performance, phonogram or broadcast. Each Party shall also provide for a presumption that in the absence of proof to the contrary, the copyright or related right subsists in such subject matter in accordance with its law. In civil, administrative and criminal proceedings involving trademarks, each Party shall provide for a rebuttable presumption that a registered trademark is valid. In civil and administrative proceedings involving patents, each Party shall provide for a rebuttable presumption that a patent is valid, and shall provide that each claim of a patent is presumed valid independently of the validity of the other claims.

Civil and Administrative Procedures and Remedies

5. Each Party shall make available to right holders⁷⁷ civil judicial procedures concerning the enforcement of any intellectual property right.

6. Each Party shall provide that:

- (a) in civil judicial proceedings, its judicial authorities shall have the authority to order the infringer to pay the right holder:

⁷⁵ A Party may satisfy the publication requirement in this paragraph by making the decision or ruling available to the public on the Internet.

⁷⁶ For greater certainty, nothing in this paragraph is intended to prescribe the type, format, and method of publication of the information a Party must publicise.

⁷⁷ For the purposes of this Article, “right holder” includes a federation or an association having the legal standing and authority to assert such rights, and also includes a person that exclusively has any one or more of the intellectual property rights encompassed in a given intellectual property.

- (i) damages adequate to compensate for the injury the right holder has suffered as a result of the infringement; or
 - (ii) at least in the case of copyright or related rights infringement and trademark counterfeiting, the profits of the infringer that are attributable to the infringement, which may be presumed to be the amount of damages referred to in subparagraph (a)(i); and
- (b) in determining damages for infringement of intellectual property rights, its judicial authorities may consider, *inter alia*, the value of the infringed good or service, measured by the market price, the suggested retail price, or other legitimate measure of value submitted by the right holder.

7. Each Party shall provide that its judicial authorities, except in exceptional circumstances, shall have the authority to order, at the conclusion of civil judicial proceedings concerning copyright or related rights infringement, patent infringement, or trademark infringement, that the prevailing party shall be awarded payment by the losing party of court costs or fees and, at least in proceedings concerning copyright or related rights infringement or wilful trademark counterfeiting, reasonable attorney's fees. Further, each Party shall provide that its judicial authorities, at least in exceptional circumstances, shall have the authority to order, at the conclusion of civil judicial proceedings concerning patent infringement, that the prevailing party shall be awarded payment by the losing party of reasonable attorney's fees.

8. In civil judicial proceedings concerning copyright or related rights infringement and trademark counterfeiting, each Party shall provide that its judicial authorities shall have the authority to order the seizure of allegedly infringing goods, materials and implements relevant to the act of infringement, and, at least for trademark counterfeiting, documentary evidence relevant to the infringement.

9. Each Party shall provide that:

- (a) in civil judicial proceedings, at the right holder's request, goods that have been found to be pirated or counterfeit shall be destroyed, except in exceptional circumstances⁷⁸;
- (b) its judicial authorities shall have the authority to order that materials and implements that have been used in the manufacture or creation of such pirated or counterfeit goods be, without compensation of any sort, promptly destroyed or, in exceptional circumstances, without compensation of any sort, disposed of outside the channels of commerce in such a manner as to minimise the risks of further infringements; and
- (c) in regard to counterfeit trademarked goods, the simple removal of the trademark unlawfully affixed shall not be sufficient to permit the release of goods into the channels of commerce.

10. Each Party shall provide that in civil judicial proceedings concerning the enforcement of intellectual property rights, its judicial authorities shall have the authority to order the infringer to provide, for the purposes of collecting evidence, any information that the infringer possesses or controls regarding any person or persons involved in any aspect of the infringement and

⁷⁸ A Party may give effect to this subparagraph through, *inter alia*, the exercise of judicial discretion.

regarding the means of production or distribution channel of the infringing goods or services and to provide this information to the right holder or the judicial authorities in the proceedings⁷⁹.

11. Each Party shall provide that its judicial authorities have the authority to:

- (a) impose sanctions, in appropriate cases, on a party to a civil judicial proceeding who fails to abide by valid orders issued by such authorities; and

14. In the event that a Party's judicial or other competent authorities appoint technical or other experts in civil judicial proceedings concerning the enforcement of intellectual property rights and require that the parties to the litigation bear the costs of such experts, the Party should seek to ensure that such costs are closely related, *inter alia*, to the quantity and nature of work to be performed and do not unreasonably deter recourse to such proceedings.

Provisional Measures

16. Each Party's judicial authorities shall act on requests for provisional measures *inaudita altera parte* expeditiously.

Each Party shall provide that any right holder initiating procedures for its customs authorities to suspend release of suspected counterfeit or confusingly similar trademark goods, or pirated copyright goods⁸⁰ into free circulation is required to provide adequate evidence to satisfy the competent authorities that, under the law of the importing Party, there is *prima facie* an infringement of the right holder's intellectual property right and to supply sufficient information that may reasonably be expected to be within the right holder's knowledge to make the suspected goods reasonably recognisable by its customs authorities. The requirement to provide sufficient information shall not unreasonably deter recourse to these procedures. Each Party shall provide that the application to suspend the release of goods shall apply to all points of entry to its territory and remain applicable for a period of not less than one year from the date of application, or the period that the good is protected by copyright or that the relevant trademark registration is valid, whichever is shorter.

19. Each Party shall provide that its competent authorities shall have the authority to require a right holder initiating procedures to suspend the release of suspected counterfeit or confusingly similar trademark goods, or pirated copyright goods, to provide a reasonable security or equivalent assurance sufficient to protect the defendant and the competent authorities and to prevent abuse. Each Party shall provide that the security or equivalent assurance shall not unreasonably deter recourse to these procedures. Each Party may provide that the security may be in the form of a bond conditioned to hold the importer or owner of the imported merchandise harmless from any loss or damage resulting from any suspension of the release of goods in the event the competent authorities determine that the article is not an infringing good.

20. Where its competent authorities have seized goods that have been determined to be counterfeit or pirated, in accordance with its laws pertaining to the protection of personal information a Party shall provide that its competent authorities have the authority to inform the right holder of the names and addresses of the exporter, consignor, importer or consignee, and provide to the right holder a description of the merchandise, the quantity of the merchandise and, if known, the country of origin of the merchandise.

- (a) "counterfeit trademark goods" means any goods, including packaging, bearing without authorisation a trademark that is identical to the trademark validly registered in respect of such goods, or that cannot be distinguished in its essential aspects from such a trademark, and that thereby infringes the rights of the owner of the trademark in question under the law of the country of importation; and
- (b) "pirated copyright goods" means any goods that are copies made without the consent of the right holder or person duly authorised by the right holder in the country of production and that are made directly or indirectly from an article where the making of that copy would have constituted an infringement of a copyright or a related right under the law of the country of importation.

⁸¹ For greater certainty, the Parties understand that *ex officio* action does not require a formal complaint from a private party or right holder.

exceptional circumstances. In regard to counterfeit trademark goods, the simple removal of the trademark unlawfully affixed shall not be sufficient to permit the release of the goods into the channels of commerce. In no event shall the competent authorities be authorised, except in exceptional circumstances, to permit the exportation of counterfeit or pirated goods or to permit such goods to be subject to other customs procedures.

23. Where an application fee or merchandise storage fee is assessed in connection with border measures to enforce a trademark or copyright, each Party shall provide that the fee shall not be set at an amount that unreasonably deters recourse to these measures.

24. Each Party shall provide the other Party, on mutually agreed terms, with technical advice on the enforcement of border measures concerning intellectual property rights, and the Parties shall promote bilateral and regional cooperation on these matters.

Criminal Procedures and Remedies

25. Each Party shall provide for criminal procedures and penalties to be applied at least in cases of wilful trademark counterfeiting or copyright or related rights piracy on a commercial scale. 26. Further to paragraph 25, each Party shall provide:

- (a) penalties that include sentences of imprisonment as well as monetary fines sufficient to provide a deterrent to future infringements, consistent with a policy of removing the infringer's monetary incentive. Each Party shall further encourage judicial authorities to impose those penalties at levels sufficient to provide a deterrent to future infringements;
- (b) that its judicial authorities shall have the authority to order the seizure of suspected counterfeit or pirated goods, any related materials and implements used in the commission of the offense, any documentary evidence relevant to the offense, and any assets traceable to the infringing activity. Each Party shall provide that such orders need not individually identify the items that are subject to seizure, so long as they fall within general categories specified in the order;
- (c) that its judicial authorities shall have the authority to order, among other measures, the forfeiture of any assets traceable to the infringing activity⁸³; and
- (d) that its judicial authorities shall have the authority to order:
 - (i) the forfeiture and destruction of all counterfeit or pirated goods; and

⁸² A Party may comply with the obligation in paragraph 25 in relation to exportation of counterfeit or pirated goods through its measures concerning distribution.

⁸³ For the purposes of Australia's obligations under this paragraph, its judicial authorities shall only be required to order the forfeiture of any assets traceable to an infringing activity in respect of at least offences defined as indictable offences under its law.

Each Party shall further provide that forfeiture and destruction under subparagraphs (c) and (d) shall occur without compensation of any kind to the defendant.

27. Each Party shall provide for criminal procedures and penalties to be applied against any person who, without authorisation of the holder of copyright or related rights in a cinematographic work, knowingly makes a copy of or transmits to the public the cinematographic work, from a performance of the cinematographic work, in an exhibition facility open to the public⁸⁴.

Where the Parties are unable to agree on the reasonable period of time within 30 days of the issuance of the final report, either Party may request the panel to determine the reasonable period of time. Unless the Parties otherwise agree, such requests shall be made within 120 days of the issuance of the final report.
4. The notification shall specify the level of benefits that the complaining Party proposes to suspend. The complaining Party may begin suspending benefits 30 days after the later of the date it provides notification to the other Party under this paragraph or the panel issues its determination under paragraph 5, as the case may be.

3. A right to suspend benefits which arises under paragraph 2 shall not be exercised while a compliance review proceeding is being undertaken under Article 20.15.

4. In considering what benefits to suspend in accordance with paragraph 2:

- (a) a complaining Party should first seek to suspend benefits in the same sector or sectors as that affected by the measure that the panel has found to be inconsistent with the obligations of this Agreement or in the same sector or sectors where nullification or impairment in the sense of Article 20.2(c) has been found to exist; and
- (b) a complaining Party that considers it is not practicable or effective to suspend benefits in the same sector or sectors may suspend benefits in other sectors.

5. If the Party complained against considers that:

- (a) the level of benefits that the complaining Party has proposed to be suspended is not equivalent to the level of non-conformity, or nullification or impairment that the panel has found; or
- (b) it has eliminated the non-conformity, or the nullification or impairment that the panel has found,

it may, within 30 days of the date the complaining Party provides notification under paragraph 2, request that the panel be reconvened to consider the matter. The Party complained against shall deliver its request in writing to the complaining Party. The panel shall reconvene as soon as possible after delivery of the request and shall present its determination to the Parties within 90 days of the date it reconvenes to review a request under either subparagraph (a) or (b), or within 120 days of a request under both subparagraphs (a) and (b). If the panel determines that the level of benefits proposed to be suspended is not equivalent to the level of non-conformity, or nullification or impairment that the panel has found, it shall determine the level of benefits it considers to be equivalent to the level of non-conformity, or nullification or impairment.

6. Where the right to suspend benefits has been exercised under this Article, if the Party complained against considers that the level of benefits suspended by the complaining Party is not equivalent to the level of non-conformity, or the nullification or impairment that the panel has found, it may request that the panel be reconvened to consider the matter. Where the panel reconvenes in accordance with this paragraph, the timeframes in paragraph 5 shall apply. If the panel determines that the level of benefits suspended by the complaining Party is not equivalent to the level of non-conformity, or nullification or impairment that the panel has found, it shall determine the level of benefits it considers to be equivalent to the level of non-conformity, or nullification or impairment.

7. The complaining Party may suspend benefits up to the level the panel has determined under paragraph 5 or 6 or, if the panel has not determined the level, the level the Party has proposed to suspend under paragraph 2, unless the panel has determined that the Party complained against has eliminated the non-conformity, or the nullification or impairment.

ARTICLE 20.15: COMPLIANCE REVIEW

1. Without prejudice to the procedures set out in Article 20.14.5, if the Party complained against considers that it has eliminated the non-conformity, or the nullification or impairment that the panel has found, it may refer the matter to the panel by providing written notification to the complaining Party. The panel shall reconvene as soon as possible after delivery of the request and shall issue its report on the matter within 90 days of the date of delivery of the written notification.
2. If the panel decides that the Party complained against has eliminated the non-conformity, or the nullification or impairment, the complaining Party shall promptly reinstate any benefits it has suspended under Article 20.14.
3. A panel reconvened in accordance with this Article or in relation to Article 20.14.5(b) shall make an objective assessment of the matter before it, including an objective assessment of:
 - (a) the facts of any measure taken by the Party complained against to comply with the obligation in Article 20.13.1; and
 - (b) whether the Party complained against has complied with the obligation in Article 20.13.1.

Neither Party shall provide for a right of action under its law against the other Party on the ground that a measure of the other Party is inconsistent with this Agreement.

ARTICLE 20.17: EXPENSES

Unless the Parties otherwise agree, the expenses of a panel, including the remuneration of the panellists, shall be borne by the Parties in equal share.

ARTICLE 20.18: TIME PERIODS
