1. Where a Party or a designated agency of a Party makes a payment to any of its investors under a guarantee, a contract of insurance, or other form of indemnity, against non-commercial risks it has granted in respect of an investment of an investor of that Party, the other Party shall recognize the subrogation of any right or claim in respect of such investment. The subrogated or transferred right or claim shall not exceed the original investor´s right or claim.

2. Where a Party or the agency authorized by that Party has made a payment to its investor and has taken over rights and claims of the investor, that investor shall not, unless authorized to act on behalf of the Party or agency authorized by the Party making the payment, pursue those rights and claims against the other Party.

## Section B: Investor-State Dispute Settlement

### ARTICLE 9.16: CONSULTATION AND NEGOTIATION

Any dispute arising in accordance with Article 9.17.1 shall be settled, to the extent possible, by consultation and negotiation, which may include the use of non-binding, third party procedures such as conciliation and mediation, and shall be notified by submitting a notice of the dispute (notice of dispute) in writing, including detailed information of the factual and legal basis, by the investor to the Party receiving the investment. The claimant must deliver evidence, establishing that he or she is an investor of the other Party with its notice of dispute.

### ARTICLE 9.17: SUBMISSION OF A CLAIM TO ARBITRATION

1. In the event that a disputing party considers that an investment dispute cannot be settled by consultation and negotiation in accordance with Article 9.16 within eight months, which may be extended if the disputing parties so agree:

(a) the claimant, on its own behalf, may submit to arbitration under this Section a claim that:

(i) the respondent has breached an obligation under Section A; and

(ii) the claimant has incurred loss or damage by reason of, or arising out of, that breach; and

(b) the claimant, on behalf of an enterprise of the respondent that is a juridical person that the claimant owns or controls directly or indirectly, may submit to arbitration under this Section a claim that:

(i) the respondent has breached an obligation under Section A; and

(ii) the enterprise has incurred loss or damage by reason of, or arising out of, that breach.

2. An investor of a Party may not, under this Section, submit a claim to arbitration, concerning the breach of the other Party's obligations under Articles 9.2, 9.11 and 9.14.1.

3. At least 90 days before submitting any claim to arbitration under this Section, a claimant shall deliver to the respondent a written notice of its intention to submit the claim to arbitration (notice of intent). The notice shall specify:

(a) the name and address of the claimant and, where a claim is submitted on behalf of an enterprise, the name, address, and place of incorporation of the enterprise;

(b) for each claim, the provision of Section A alleged to have been breached and any other relevant provisions;

(c) the legal and factual basis for each claim; and

(d) the relief sought and the approximate amount of damages claimed.

4. If the dispute has not been settled within the period referred to in paragraph 1, a claimant may submit a claim referred to in paragraph 1:

(a) under the ICSID Convention and the ICSID Rules of Procedure for Arbitration Proceedings, provided that both the respondent and the non-disputing Party are parties to the ICSID Convention;

(b) under the ICSID Additional Facility Rules, provided that either the respondent or the non-disputing Party is a party to the ICSID Convention;

(c) under the UNCITRAL Arbitration Rules; or

(d) if the claimant and respondent agree, to any other arbitration institution or under any other arbitration rules.

Once the investor has alleged a breach of an obligation under Section A in any proceedings before a competent court or administrative tribunal of the Party in whose territory the investment has been admitted, or in any of the arbitration mechanisms set out in this paragraph, the choice of the proceeding shall be final and the investor shall not submit the dispute to a different forum.

5. A claim shall be deemed submitted to arbitration under this Section when the claimant's notice of, or request for, arbitration (notice of arbitration):

(a) referred to in paragraph 1 of Article 36 of the ICSID Convention is received by the Secretary General;

(b) referred to in Article 2 of Schedule C of the ICSID Additional Facility Rules is received by the Secretary General;

(c) referred to in Article 3 of the UNCITRAL Arbitration Rules, together with the statement of claim referred to in Article 18 of the UNCITRAL Arbitration Rules, are received by the respondent; or

(d) referred to under any arbitral institution or arbitral rules selected under paragraph 3(d), is received by the respondent.

A claim asserted by the claimant for the first time after such notice of arbitration is submitted shall be deemed submitted to arbitration under this Section on the date of its receipt under the applicable arbitral rules.

6. The arbitration rules applicable under paragraph 4, and in effect on the date the claim or claims were submitted to arbitration under this Section, shall govern the arbitration except to the extent modified by this Agreement.

7. The Parties shall refrain from pursuing through diplomatic channels matters related to disputes between a Party and an investor of the other Party, submitted to court proceedings or international arbitration in accordance with the provisions of this Section.

8. The claimant shall provide with the notice of arbitration:

(a) the name of the arbitrator that the claimant appoints; or

(b) the claimant's written consent for the Secretary General to appoint that arbitrator.

### ARTICLE 9.18: CONSENT OF EACH PARTY TO ARBITRATION

1. Each Party consents to the submission of a claim to arbitration under this Section in accordance with this Agreement.

2. The consent under paragraph 1 and the submission of a claim to arbitration under this Section shall satisfy the requirements of:

(a) Chapter II (Jurisdiction of the Centre) of the ICSID Convention and the ICSID Additional Facility Rules for written consent of the parties to the dispute; and

(b) Article II of the New York Convention for an "agreement in writing".

### ARTICLE 9.19: CONDITIONS AND LIMITATIONS ON CONSENT OF EACH PARTY

1. No claim may be submitted to arbitration under this Section if more than three years have elapsed from the date the claimant first acquired, or should have first acquired, knowledge of the breach alleged under Article 9.17.1 and knowledge that the claimant (for claims brought under Article 9.17.1(a)) or the enterprise (for claims brought under Article 9.17.1(b)) has incurred loss or damage.

2. No claim may be submitted to arbitration under this Section unless;

(a) the claimant consents in writing to arbitration in accordance with the procedures set out in this Agreement; and

(b) the notice of arbitration is accompanied,

(i) for claims submitted to arbitration under Article 9.17.1(a), by the claimant's written waiver, and

(ii) for claims submitted to arbitration under Article 9.17.1(b), by the claimant's and the enterprise's written waivers

of any right to initiate or continue before any administrative tribunal or court under the law of either Party, or other dispute settlement procedures, any proceeding with respect to any measure alleged to constitute a breach referred to in Article 9.17.

3. The claimant (for claims brought under Article 9.17.1(a)) and the claimant or the enterprise (for claims brought under Article 9.17.1(b)) may initiate or continue an action that seeks interim injunctive relief and does not involve the payment of monetary damages before a judicial or administrative tribunal of the respondent, provided that the action is brought for the sole purpose of preserving the claimant's or the enterprise's rights and interests during the pendency of the arbitration.

ARTICLE 9.20: SELECTION OF ARBITRATORS

1. Unless the disputing parties otherwise agree, the tribunal shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties.

2. The Secretary General shall serve as appointing authority for an arbitration under this Section.

3. If a tribunal has not been constituted within 90 days of the date a claim is submitted to arbitration under this Section, the Secretary General, on the request of a disputing party, shall appoint, in his or her discretion, after consulting the disputing parties, the arbitrator or arbitrators not yet appointed. The Secretary General shall not appoint a national of either Party as the presiding arbitrator.

4. For the purposes of Article 39 of the ICSID Convention and Article 7 of Schedule C to the ICSID Additional Facility Rules, and without prejudice to an objection to an arbitrator on a ground other than nationality:

(a) the respondent agrees to the appointment of each individual member of a tribunal established under the ICSID Convention or the ICSID Additional Facility Rules;

(b) a claimant referred to in Article 9.17.1(a) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant agrees in writing to the appointment of each individual member of the tribunal; and

(c) a claimant referred to in Article 9.17.1(b) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant and the enterprise agree in writing to the appointment of each individual member of the tribunal.

5. The arbitrators shall:

(a) have experience or expertise in public international law, international investment rules, or in dispute settlement derived from international investment agreements; and

(b) be independent from the Parties and the claimant, and not be affiliated with or receive instructions from any of them.

ARTICLE 9.21: CONDUCT OF THE ARBITRATION

1. The disputing parties may agree on the legal place of any arbitration under the arbitral rules applicable under Article 9.17.4. If the disputing parties fail to reach agreement, the tribunal shall determine the place in accordance with the applicable arbitral rules, provided that the place shall be in the territory of a State that is a party to the New York Convention.

2. The non-disputing Party may make oral and written submissions to the tribunal regarding the interpretation of this Agreement. On the request of a disputing party, the non-disputing Party should resubmit its oral submission in writing.

3. After consulting the disputing parties, the tribunal may allow a party or entity that is not a disputing party to file a written *amicus curiae* submission according to the Annex 9-G with the tribunal regarding a matter within the scope of the dispute. In determining whether to allow such a filing, the tribunal shall consider, among other things, the extent to which:

(a) the *amicus curiae* submission would assist the tribunal in the determination of a factual or legal issue related to the proceeding by bringing a perspective, particular knowledge, or insight that is different from that of the disputing parties;

(b) the *amicus curiae* submission would address a matter within the scope of the dispute; and

(c) the *amicus curiae* has a significant interest in the proceeding.

The tribunal shall ensure that the *amicus curiae* submission does not disrupt the proceeding or unduly burden or unfairly prejudice either disputing party, and that the disputing parties are given an opportunity to present their observations on the *amicus curiae* submission.

4. Without prejudice to a tribunal's authority to address other objections as a preliminary question, a tribunal shall address and decide as a preliminary question any objection by the respondent that, as a matter of law, a claim submitted is not a claim for which an award in favor of the claimant may be made under Article 9.27.

(a) Such objection shall be submitted to the tribunal as soon as possible after the tribunal is constituted, and in no event later than the date the tribunal fixes for the respondent to submit its counter-memorial or, in the case of an amendment to the notice of arbitration, the date the tribunal fixes for the respondent to submit its response to the amendment.

(b) On receipt of an objection under this paragraph, the tribunal shall suspend any proceedings on the merits, establish a schedule for considering the objection consistent with any schedule it has established for considering any other preliminary question, and issue a decision or award on the objection, stating the grounds therefor.

(c) In deciding an objection under this paragraph, the tribunal shall assume to be true claimant's factual allegations in support of any claim in the notice of arbitration (or any amendment thereof) and, in disputes brought under the UNCITRAL Arbitration Rules, the statement of claim referred to in Article 18 of the UNCITRAL Arbitration Rules. The tribunal may also consider any relevant facts not in dispute.

(d) The respondent does not waive any objection as to competence or any argument on the merits merely because the respondent did or did not raise an objection under this paragraph or make use of the expedited procedure set out in paragraph 5.

5. In the event that the respondent so requests within 45 days of the date the tribunal is constituted, the tribunal shall decide on an expedited basis an objection under paragraph 4 and any objection that the dispute is not within the tribunal's competence. The tribunal shall suspend any proceedings on the merits and issue a decision or award on the objection(s), stating the grounds therefor, no later than 150 days after the date of the request. However, if a disputing party requests a hearing, the tribunal may take an additional 30 days to issue the decision or award. Regardless of whether a hearing is requested, a tribunal may, on a showing of extraordinary cause, delay issuing its decision or award by an additional brief period, which may not exceed 30 days.

6. When it decides a respondent's objection under paragraph 4 or 5, the tribunal may, if warranted, award to the prevailing disputing party reasonable costs and attorney's fees incurred

in submitting or opposing the objection. In determining whether such an award is warranted, the tribunal shall consider whether either the claimant's claim or the respondent's objection was frivolous, and shall provide the disputing parties a reasonable opportunity to comment.

7. A respondent may not assert as a defense, counterclaim, or right of set-off, or for any other reason, that the claimant has received or will receive indemnification or other compensation for all or part of the alleged damages pursuant to an insurance or guarantee contract, except with respect to any subrogation as provided for in Article 9.15.

8. A tribunal may order an interim measure of protection to preserve the rights of a disputing party, or to ensure that the tribunal's jurisdiction is made fully effective, including an order to preserve evidence in the possession or control of a disputing party or to protect the tribunal's jurisdiction. A tribunal may not order attachment or enjoin the application of a measure alleged to constitute a breach referred to in Article 9.17. For the purposes of this paragraph, an order includes a recommendation.

9. In any arbitration conducted under this Section, at the request of a disputing party, a tribunal shall, before issuing a decision or award on liability, transmit its proposed decision or award to the disputing parties and to the non-disputing Party. Within 60 days after the date the tribunal transmits its proposed decision or award, the disputing parties may submit written comments to the tribunal concerning any aspect of its proposed decision or award. The tribunal shall consider any such comments and issue its decision or award no later than 45 days after the date the 60-day comment period expires.

10. The Parties by mutual agreement may consider whether to establish a bilateral appellate body or similar mechanism to review awards rendered under Article 9.27.

### ARTICLE 9.22: TRANSPARENCY OF ARBITRAL PROCEEDINGS

1. Subject to paragraphs 2, 3, and 4, the respondent shall, after receiving the following documents, promptly transmit them to the non-disputing Party and make them available to the public:

(a) the notice of intent;

(b) the notice of arbitration;

(c) pleadings, memorials, and briefs submitted to the tribunal by a disputing party and any written submissions submitted pursuant to Articles 9.21.2, 9.21.3 and 9.26;

(d) minutes or transcripts of hearings of the tribunal, where available; and

(e) orders, awards, and decisions of the tribunal.

2. The tribunal shall conduct hearings open to the public and shall determine, in consultation with the disputing parties, the appropriate logistical arrangements. However, any

disputing party that intends to use information designated as protected information in a hearing shall so advise the tribunal. The tribunal shall make appropriate arrangements to protect the information from disclosure.

3. Nothing in this Section requires a respondent to disclose protected information or to furnish or allow access to information that it may withhold in accordance with Article 23.2 (Essential Security) or Article 23.4 (Disclosure of Information).

4. Any protected information that is submitted to the tribunal shall be protected from disclosure in accordance with the following procedures:

(a) subject to subparagraph (d), neither the disputing parties nor the tribunal shall disclose to the non-disputing Party or to the public any protected information where the disputing party that provided the information clearly designates it in accordance with subparagraph (b);

(b) any disputing party claiming that certain information constitutes protected information shall clearly designate the information at the time it is submitted to the tribunal;

(c) a disputing party shall, at the time it submits a document containing information claimed to be protected information, submit a redacted version of the document that does not contain the information. Only the redacted version shall be provided to the non-disputing Party and made public in accordance with paragraph 1; and

(d) the tribunal shall decide any objection by a disputing party regarding the designation of information claimed to be protected information. If the tribunal determines that such information was not properly designated, the disputing party that submitted the information may (i) withdraw all or part of its submission containing such information, or (ii) agree to resubmit complete and redacted documents with corrected designations in accordance with the tribunal's determination and subparagraph (c). In either case, the other disputing party shall, whenever necessary, resubmit complete and redacted documents which either remove the information withdrawn under (i) by the disputing party that first submitted the information or redesignate the information consistent with the designation under (ii) of the disputing party that first submitted the information.

5. Nothing in this Section requires a respondent to withhold from the public information required to be disclosed by its laws.

## ARTICLE 9.23: GOVERNING LAW

1. Subject to paragraph 2, when a claim is submitted under Article 9.17.1(a)(i) or Article 9.17.1(b)(i), the tribunal shall decide the issues in dispute in accordance with this Agreement and applicable rules of international law.

2. A decision of the Joint Committee declaring its interpretation of a provision of this Agreement under Article 21.1 (Joint Committee) shall be binding on a tribunal, and any decision or award issued by a tribunal must be consistent with that decision.

### ARTICLE 9.24: INTERPRETATION OF ANNEXES

1. Where a respondent asserts as a defense that the measure alleged to be a breach is within the scope of an entry set out in Annex I or Annex II, the tribunal shall, on request of the respondent, request the interpretation of the Joint Committee on the issue. The Joint Committee shall submit in writing any decision declaring its interpretation under Article 21.1 (Joint Committee) to the tribunal within 90 days of delivery of the request.

2. A decision issued by the Joint Committee under paragraph 1 shall be binding on the tribunal, and any decision or award issued by the tribunal must be consistent with that decision. If the Joint Committee fails to issue such a decision within 90 days, the tribunal shall decide the issue.

### ARTICLE 9.25: EXPERT REPORTS

Without prejudice to the appointment of other kinds of experts where authorized by the applicable arbitration rules, the tribunal, at the request of a disputing party or, unless the disputing parties disapprove, on its own initiative, may appoint one or more experts to report to it in writing on any factual issue concerning environmental, health, safety, or other scientific matters raised by a disputing party in a proceeding, subject to such terms and conditions as the disputing parties may agree.

### ARTICLE 9.26: CONSOLIDATION

1. Where two or more claims have been submitted separately to arbitration under Article 9.17.1 and the claims have a question of law or fact in common and arise out of the same events or circumstances, any disputing party may seek a consolidation order in accordance with the agreement of all the disputing parties sought to be covered by the order or the terms of paragraphs 2 through 10.

2. A disputing party that seeks a consolidation order under this Article shall deliver, in writing, a request to the Secretary General and to all the disputing parties sought to be covered by the order and shall specify in the request:

(a) the names and addresses of all the disputing parties sought to be covered by the order;

(b) the nature of the order sought; and

(c) the grounds on which the order is sought.

3. Unless the Secretary General finds within 30 days after receiving a request under paragraph 2 that the request is manifestly unfounded, a tribunal shall be established under this Article.

4. Unless all the disputing parties sought to be covered by the order otherwise agree, a tribunal established under this Article shall comprise three arbitrators:

(a) one arbitrator appointed by agreement of the claimants;

(b) one arbitrator appointed by the respondent; and

(c) the presiding arbitrator appointed by the Secretary General, provided, however, that the presiding arbitrator shall not be a national of either Party.

5. If, within 60 days after the Secretary General receives a request made under paragraph 2, the respondent fails or the claimants fail to appoint an arbitrator in accordance with paragraph 4, the Secretary General, on the request of any disputing party sought to be covered by the order, shall appoint the arbitrator or arbitrators not yet appointed. If the respondent fails to appoint an arbitrator, the Secretary General shall appoint a national of the disputing Party, and if the claimants fail to appoint an arbitrator, the Secretary General shall appoint a national of the non-disputing Party.

6. Where a tribunal established under this Article is satisfied that two or more claims that have been submitted to arbitration under Article 9.17.1 have a question of law or fact in common, and arise out of the same events or circumstances, the tribunal may, in the interest of fair and efficient resolution of the claims, and after hearing the disputing parties, by order:

(a) assume jurisdiction over, and hear and determine together, all or part of the claims;

(b) assume jurisdiction over, and hear and determine one or more of the claims, the determination of which it believes would assist in the resolution of the others; or

(c) instruct a tribunal previously established under Article 9.20 to assume jurisdiction over, and hear and determine together, all or part of the claims, provided that:

(i) that tribunal, at the request of any claimant not previously a disputing party before that tribunal, shall be reconstituted with its original members, except that the arbitrator for the claimants shall be appointed pursuant to paragraphs 4(a) and 5; and

(ii) that tribunal shall decide whether any prior hearing shall be repeated.

7. Where a tribunal has been established under this Article, a claimant that has submitted a claim to arbitration under Article 9.17.1 and that has not been named in a request made under

paragraph 2 may make a written request to the tribunal that it be included in any order made under paragraph 6, and shall specify in the request:

(a) the name and address of the claimant;

(b) the nature of the order sought; and

(c) the grounds on which the order is sought.

The claimant shall deliver a copy of its request to the Secretary General.

8. A tribunal established under this Article shall conduct its proceedings in accordance with the UNCITRAL Arbitration Rules, except as modified by this Section.

9. A tribunal established under Article 9.20 shall not have jurisdiction to decide a claim, or a part of a claim, over which a tribunal established or instructed under this Article has assumed jurisdiction.

10. On application of a disputing party, a tribunal established under this Article, pending its decision under paragraph 6, may order that the proceedings of a tribunal established under Article 9.20 be stayed, unless the latter tribunal has already adjourned its proceedings.

ARTICLE 9.27: AWARDS

1. The tribunal, in its final award shall set out its findings of law and fact, together with the reasons for its ruling. Where a tribunal makes a final award against a respondent, the tribunal may, provided that it does not exceed the request of the claimant, award, separately or in combination, only:

(a) monetary damages and any applicable interest; and

(b) restitution of property, in which case the award shall provide that the respondent may pay monetary damages and any applicable interest in lieu of restitution.

2. A tribunal may also award costs and attorney's fees in accordance with this Section and the applicable arbitration rules.

3. Subject to paragraph 1, where a claim is submitted to arbitration under Article 9.17.1(b):

(a) an award of restitution of property shall provide that restitution be made to the enterprise;

(b) an award of monetary damages and any applicable interest shall provide that the sum be paid to the enterprise; and

(c) the award shall provide that it is made without prejudice to any right that any person may have in the relief under applicable domestic law.

4. A tribunal is not authorized to award punitive damages.

5. An award made by a tribunal shall have no binding force except between the disputing parties and in respect of the particular case.

6. Subject to paragraph 7 and the applicable review procedure for an interim award, a disputing party shall abide by and comply with an award without delay.

7. A disputing party may not seek enforcement of a final award until:

(a) in the case of a final award made under the ICSID Convention,

(i) 120 days have elapsed from the date the award was rendered and no disputing party has requested revision or annulment of the award; or

(ii) revision or annulment proceedings have been completed; and

(b) in the case of a final award under the ICSID Additional Facility Rules, the UNCITRAL Arbitration Rules, or the rules selected pursuant to Article 9.17.4(d),

(i) 90 days have elapsed from the date the award was rendered and no disputing party has commenced a proceeding to revise, set aside, or annul the award; or

(ii) a court has dismissed or allowed an application to revise, set aside, or annul the award and there is no further appeal.

8. Each Party shall provide for the enforcement of an award in its territory.

9. If the respondent fails to abide by or comply with a final award, on delivery of a request by the non-disputing Party, a panel shall be established under Article 22.7 (Establishment of Panel). The requesting Party may seek in such proceedings:

(a) a determination that the failure to abide by or comply with the final award is inconsistent with the obligations of this Agreement; and

(b) in accordance with Article 22.10 (Panel Report), a recommendation that the respondent abide by or comply with the final award.

10. A disputing party may seek enforcement of an arbitration award under the ICSID Convention or the New York Convention regardless of whether proceedings have been taken under paragraph 9.

11. A claim that is submitted to arbitration under this Section shall be considered to arise out of a commercial relationship or transaction for the purposes of Article I of the New York Convention.

ARTICLE 9.28: SERVICE OF DOCUMENTS

Delivery of notice and other documents on a Party shall be made to the place named for that Party in Annex 9-D.

[11] Whether a particular type of license, authorization, permit, or similar instrument (including a concession, to the extent that it has the nature of such an instrument) has the characteristics of an investment depends on such factors as the nature and extent of the rights that the holder has under the law of the Party. Among the licenses, authorizations, permits, and similar instruments that do not have the characteristics of an investment are those that do not create any rights protected under the law of the Party. For greater certainty, the foregoing is without prejudice to whether any asset associated with the license, authorization, permit, or similar instrument has the characteristics of an investment.

## ANNEX 9-A
## CUSTOMARY INTERNATIONAL LAW

The Parties confirm their shared understanding that "customary international law" generally and as specifically referenced in Articles 9.5 and 9.6, and Annex 9-C results from a general and consistent practice of States that they follow from a sense of legal obligation. With regard to Article 9.5, the customary international law minimum standard of treatment of aliens refers to all customary international law principles that protect the economic rights and interests of aliens.

## ANNEX 9-B
## PUBLIC PURPOSE

For the effects of Article 9.7.1 (a), "public purpose" shall be understood as:

(a) for Costa Rica: public utility or public interest;

(b) for El Salvador: public utility or social interest;

(c) for Honduras: public purpose or public interest;

(d) for Nicaragua: public utility or social interest; and

(e) for Panama: the concept of public purpose includes public order or social interest.

## ANNEX 9-C
## EXPROPRIATION

The Parties confirm their shared understanding that:

1. Article 9.7.1 is intended to reflect customary international law set out in Annex 9-A concerning the obligations of States with respect to expropriation.

2. An action or a series of actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right in an investment.

3. Article 9.7.1 addresses two situations. The first is direct expropriation, where an investment is nationalized or otherwise directly expropriated through formal transfer of title or outright seizure.

4. The second situation addressed by Article 9.7.1 is indirect expropriation, where an action or a series of actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.

(a) The determination of whether an action or a series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation, requires a case-by-case, fact-based inquiry that considers all relevant factors relating to the investment, including:

(i) the economic impact of the government action, although the fact that an action or a series of actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;

(ii) the extent to which the government action interferes with distinct, reasonable investment-backed expectations[15]; and

(iii) the character of the government action, including its objectives and context[16].

(b) Except in rare circumstances, such as, for example, when an action or a series of actions is extremely severe or disproportionate in light of its purpose or effect, non-discriminatory regulatory actions by a Party that are designed and applied to protect legitimate public welfare objectives, such as public health, safety, and the environment do not constitute indirect expropriations[17].

[15] For greater certainty, whether an investor's investment-backed expectations are reasonable may include consideration of the nature and extent of government regulation in the relevant sector.
[16] A relevant consideration could include whether the investor bears a disproportionate burden such as a special sacrifice that exceeds what the investor or investment should be expected to endure for the public interest.
[17] For greater certainty, the list of "legitimate public welfare objectives" in subparagraph (b) is not exhaustive.

## ANNEX 9-E
## TAXATION AND EXPROPRIATION

The determination of whether a taxation measure, in a specific fact situation, constitutes an expropriation requires a case-by-case, fact-based inquiry that considers all relevant factors relating to the investment, including the factors listed in Annex 9-B and the following considerations:

(a) the imposition of taxes does not generally constitute an expropriation. The mere introduction of a new taxation measure or the imposition of a taxation measure in more than one jurisdiction in respect of an investment generally does not in and of itself constitute an expropriation;

(b) a taxation measure that is consistent with internationally recognized tax policies, principles, and practices should not constitute an expropriation. In particular, a taxation measure aimed at preventing the avoidance or evasion of taxation measures generally does not constitute an expropriation;

(c) a taxation measure that is applied on a non-discriminatory basis, as opposed to a taxation measure that is targeted at investors of a particular nationality or at specific taxpayers, is less likely to constitute an expropriation; and

(d) a taxation measure does not constitute an expropriation if it was already in force when the investment was made and information about the measure was publicly available.

## ANNEX 9-F
## TRANSFERS

1. Nothing in this Chapter, Chapter 10 (Cross-Border Trade in Services), or Chapter 11 (Financial Services) shall be construed to prevent a Party from adopting or maintaining temporary safeguard measures pursuant to the Party's laws and regulations with regard to payments and capital movements:

(a) in the event of serious balance of payments and external financial difficulties or under threat thereof; or

(b) in cases where, in exceptional circumstances, payments and capital movements cause or threaten to cause serious difficulties for the operation of monetary or exchange rate policies in the Party concerned.

2. The measures referred to in paragraph 1 shall:

(a) be in effect for a period not to exceed one year; however, if extremely exceptional circumstances arise such that the Party seeks to extend such measures, such Party will coordinate in advance with the other Party concerning the implementation of any proposed extension18;

(b) not constitute a dual or multiple exchange rate practice except as prescribed by the Articles of Agreement of the International Monetary Fund;

(c) avoid unnecessary damage to the commercial, economic, or financial interests of the other Party;

(d) be temporary and phased out progressively as the situation calling for imposition of such measures improves;

(e) be applied on a national treatment basis and MFN Treatment basis;

(f) be promptly notified to the other Party;

(g) not exceed those necessary to deal with the circumstances described in paragraph 1;

(h) be consistent with the Articles of Agreement of the International Monetary Fund, as may be amended; and

(i) not restrict payments or transfers for current transactions, unless the imposition of such measures complies with the procedures stipulated in the Articles of Agreement of the International Monetary Fund.

3. The Tribunal shall not consider *amicus curiae* briefs which do not conform to the above rules.

# CHAPTER 10
# CROSS-BORDER TRADE IN SERVICES

## ARTICLE 10.1: SCOPE

1. This Chapter shall apply to measures adopted or maintained by a Party affecting cross-border trade in services by service suppliers of the other Party. Such measures include measures affecting:

(a) the production, distribution, marketing, sale, and delivery of a service;

(b) the purchase or use of, or payment for, a service;

(c) the access to and use of distribution, transport, or telecommunications networks and services in connection with the supply of a service;

(d) the presence in its territory of a service supplier of the other Party; and

(e) the provision of a bond or other form of financial security as a condition for the supply of a service.

2. For the purposes of this Chapter, **measures adopted or maintained by a Party** means measures adopted or maintained by:

(a) central or local governments and authorities; and

(b) non-governmental bodies in the exercise of powers delegated by central, or local governments or authorities.

3. Notwithstanding paragraph 1, Articles 10.4, 10.7 and 10.8 shall also apply to measures adopted or maintained by a Party affecting the supply of a service in its territory by a covered investment[1].

4. This Chapter shall not apply to:

(a) financial services as defined in Article 11.20 (Definitions), except as provided in paragraph 3;

(b) government procurement;

(c) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance; or

[1] For greater certainty, the scope of Articles 10.4, 10.7, and 10.8 to measures adopted or maintained by a Party affecting the supply of a service in its territory by a covered investment is limited to the scope specified in Article 10.1, subject to any applicable non-conforming measures and exceptions. Nothing in this Chapter, including this paragraph, is subject to investor-state dispute settlement pursuant to Section B of Chapter 9 (Investment).

(d) air services, including domestic and international air transportation services, whether scheduled or non-scheduled, and related services in support of air services, other than:

(i) aircraft repair and maintenance services during which an aircraft is withdrawn from service;

(ii) the selling and marketing of air transport services; and

(iii) computer reservation system (CRS) services.

5. This Chapter shall not impose any obligation on a Party with respect to a national of the other Party seeking access to its employment market, or employed on a permanent basis in its territory, and shall not confer any right on that national with respect to that access or employment.

6. This Chapter shall not apply to services supplied in the exercise of governmental authority. A **service supplied in the exercise of governmental authority** means any service which is supplied neither on a commercial basis, nor in competition with one or more service suppliers.

## ARTICLE 10.2: NATIONAL TREATMENT

Each Party shall accord to service suppliers of the other Party treatment no less favorable than that it accords, in like circumstances, to its own service suppliers.

## ARTICLE 10.3: MOST-FAVORED-NATION TREATMENT

Each Party shall accord to service suppliers of the other Party treatment no less favorable than that it accords, in like circumstances, to service suppliers of a non-Party.

## ARTICLE 10.4: MARKET ACCESS

Neither Party may adopt or maintain, either on the basis of a regional subdivision or on the basis of its entire territory, measures that:

(a) impose limitations on:

(i) the number of service suppliers, whether in the form of numerical quotas, monopolies, exclusive service suppliers, or the requirement of an economic needs test;

(ii) the total value of service transactions or assets in the form of numerical quotas or the requirement of an economic needs test;

(iii) the total number of service operations or the total quantity of services output expressed in terms of designated numerical units in

the form of quotas or the requirement of an economic needs test[2]; or

(iv) the total number of natural persons that may be employed in a particular service sector or that a service supplier may employ and who are necessary for, and directly related to, the supply of a specific service in the form of numerical quotas or the requirement of an economic needs test; or

(b) restrict or require specific types of legal entity or joint venture through which a service supplier may supply a service.

ARTICLE 10.5: LOCAL PRESENCE

Neither Party may require a service supplier of the other Party to establish or maintain a representative office or any form of enterprise, or to be resident, in its territory as a condition for the cross-border supply of a service.

ARTICLE 10.6: NON-CONFORMING MEASURES

1. Articles 10.2, 10.3, 10.4, and 10.5 shall not apply to:

(a) any existing non-conforming measure that is maintained by a Party at:

(i) the central level of government, as set out by that Party in its Schedule to Annex I; or

(ii) a local level of government;

(b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

(c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Articles 10.2, 10.3, 10.4 and 10.5.

2. Articles 10.2, 10.3, 10.4 and 10.5 shall not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors or activities as set out in its Schedule to Annex II.

ARTICLE 10.7: DOMESTIC REGULATION

1. Where a Party requires authorization for the supply of a service, the Party's competent authorities shall, within a reasonable time after the submission of an

[2] Sub-subparagraph (iii) does not cover measures of a Party which limit inputs for the supply of services.

application considered complete under its laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the Party's competent authorities shall provide, without undue delay, information concerning the status of the application. This obligation shall not apply to authorization requirements that a Party adopts or maintains with respect to sectors, subsectors or activities as set out in its Schedule to Annex II.

2. While recognizing the right to regulate and to introduce new regulations on the supply of services in order to meet national policy objectives, and with a view to ensuring that measures related to qualification requirements and procedures, technical standards, and licensing requirements do not constitute unnecessary barriers to trade in services, each Party shall endeavor to ensure, as appropriate for individual sectors, that such measures are:

(a) based on objective and transparent criteria, such as competence and the ability to supply the service;

(b) not more burdensome than necessary to ensure the quality of the service; and

(c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

3. If the results of the negotiations related to Article VI:4 of GATS (or the results of any similar negotiations undertaken in other multilateral fora in which the Parties participate) enter into effect, this Article shall be amended, as appropriate, after consultations among the Parties, to bring those results into effect under this Agreement. The Parties shall coordinate on such negotiations, as appropriate.

## ARTICLE 10.8: TRANSPARENCY IN DEVELOPING AND APPLYING REGULATIONS[3]

Further to Chapter 18 (Transparency):

(a) each Party shall establish or maintain appropriate mechanisms for responding to inquiries from interested persons regarding its regulations related to the subject matter of this Chapter; and

(b) to the extent possible, each Party shall allow reasonable time between publication of final regulations related to the subject matter of this Chapter and their effective date.

## ARTICLE 10.9: RECOGNITION

1. For the purposes of the fulfillment, in whole or in part, of its standards or criteria for the authorization, licensing, or certification of services suppliers, and subject to the

[3] For greater certainty, **regulations** includes regulations establishing or applying to licensing authorization or criteria.

requirements of paragraph 4, a Party may recognize the education or experience obtained, requirements met, or licenses or certifications granted in a particular country. Such recognition, which may be achieved through harmonization or otherwise, may be based upon an agreement or arrangement with the country concerned or may be accorded autonomously.

2. Where a Party recognizes, autonomously or by agreement or arrangement, the education or experience obtained, requirements met, or licenses or certifications granted in the territory of a non-Party, nothing in Article 10.3 shall be construed to require the Party to accord such recognition to the education or experience obtained, requirements met, or licenses or certifications granted in the territory of the other Party.

3. A Party that is a party to an agreement or arrangement of the type referred to in paragraph 1, whether existing or future, shall afford adequate opportunity for the other Party, if the other Party is interested, to negotiate its accession to such an agreement or arrangement or to negotiate a comparable one with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that education, experience, licenses, or certifications obtained or requirements met in the other Party's territory should be recognized.

4. Neither Party may accord recognition in a manner that would constitute a means of discrimination among countries in the application of its standards or criteria for the authorization, licensing, or certification of services suppliers, or a disguised restriction on trade in services.

## ARTICLE 10.10: TRANSFERS AND PAYMENTS

1. Each Party shall permit all transfers and payments related to the cross-border supply of services to be made freely and without delay into and out of its territory.

2. Each Party shall permit such transfers and payments related to the cross-border supply of services to be made in a freely usable currency at the market rate of exchange prevailing at the time of transfer.

3. Notwithstanding paragraphs 1 and 2, a Party may prevent or delay a transfer or payment through the equitable, non-discriminatory, and good faith application of its laws related to:

(a) bankruptcy, insolvency, or the protection of the rights of creditors;

(b) issuing, trading, or dealing in securities, futures, options, or derivatives;

(c) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities;

(d) criminal or penal offences; or

(e) ensuring compliance with orders or judgments in judicial or administrative proceedings.

## ARTICLE 10.11: DENIAL OF BENEFITS

1. A Party may deny the benefits of this Chapter to a service supplier of the other Party if the service supplier is an enterprise owned or controlled by persons of a non-Party, and the denying Party adopts or maintains measures with respect to the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise.

2. A Party may deny the benefits of this Chapter to a service supplier of the other Party if the service supplier is an enterprise owned or controlled by persons of a non-Party or of the denying Party that has no substantial business activities in the territory of the other Party. The denying Party shall, to the maximum extent possible, notify the other Party before denying the benefits under this paragraph. If the denying Party provides such notice, it shall consult with the other Party at the other Party's request.

## ARTICLE 10.12: DEFINITIONS

For the purposes of this Chapter:

**aircraft repair and maintenance services** means such activities when undertaken on an aircraft or a part thereof while it is withdrawn from service and does not include so-called line maintenance;

**cross-border trade in services** or **cross-border supply of services** means the supply of a service:

(a) from the territory of one Party into the territory of the other Party;

(b) in the territory of one Party by a person of that Party to a person of the other Party; or

(c) by a national of a Party in the territory of the other Party,

These activities do not include the pricing of air transport services nor the applicable conditions; and

**service supplier of a Party** means a person of that Party that seeks to supply or supplies a service[4].

[4] For the purposes of Articles 10.2 and 10.3, "service suppliers" has the same meaning as "services and service suppliers" as used in Articles II and XVII of GATS.

   (a) financial institutions of the other Party;

   (b) investors of the other Party, and investments of such investors, in financial institutions in the Party's territory; and

   (c) cross-border trade in financial services.

2. Chapters 9 (Investment) and 10 (Cross-Border Trade in Services) shall apply to measures described in paragraph 1 only to the extent that these Chapters or Articles of these Chapters are incorporated into this Chapter.

   (b) Section B (Investor-State Dispute Settlement) of Chapter 9 (Investment) is hereby incorporated into and made part of this Chapter solely for claims that a Party has breached Article 9.7 (Expropriation and Compensation), 9.8 (Transfers), 9.12 (Denial of Benefits), or 9.14 (Special Formalities and Information Requirements) as incorporated into this Chapter.

   (c) Article 10.10 (Transfers and Payments) is incorporated into and made part of this Chapter to the extent that cross-border trade in financial services is subject to obligations under Article 11.5.

3. This Chapter shall not apply to measures adopted or maintained by a Party relating to:

   (a) activities or services forming part of a public retirement plan or statutory system of social security; or

   (b) activities or services conducted for the account or with the guarantee or using the financial resources of the Party, including its public entities,

except that this Chapter shall apply to the extent that a Party allows any of the activities or services referred to in subparagraph (a) or (b) to be conducted by its financial institutions in competition with a public entity or a financial institution.

4. This Chapter shall not apply to laws, regulations or requirements governing the

procurement by government agencies of financial services purchased for governmental purposes and not with a view to commercial resale or use in the supply of services for commercial sale.

### ARTICLE 11.2: NATIONAL TREATMENT

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords to its own investors, in like circumstances, with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of financial institutions and investments in financial institutions in its territory.

2. Each Party shall accord to financial institutions of the other Party and to investments of investors of the other Party in financial institutions treatment no less favorable than that it accords to its own financial institutions, and to investments of its own investors in financial institutions, in like circumstances, with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of financial institutions and investments.

3. For the purposes of the national treatment obligations in Article 11.5.1, a Party shall accord to cross-border financial service suppliers of the other Party treatment no less favorable than that it accords to its own financial service suppliers, in like circumstances, with respect to the supply of the relevant service.

### ARTICLE 11.3: MOST-FAVORED-NATION TREATMENT

Each Party shall accord to investors of the other Party, financial institutions of the other Party, investments of investors in financial institutions, and cross-border financial service suppliers of the other Party treatment no less favorable than that it accords to the investors, financial institutions, investments of investors in financial institutions and cross-border financial service suppliers of a non-Party, in like circumstances.

### ARTICLE 11.4: MARKET ACCESS FOR FINANCIAL INSTITUTIONS

1. A Party shall not adopt or maintain, with respect to financial institutions of the other Party, either on the basis of a regional subdivision or on the basis of its entire territory, measures that:

(a) impose limitations on:

(i) the number of financial institutions whether in the form of numerical quotas, monopolies, exclusive service suppliers, or the requirements of an economic needs test;

(ii) the total value of financial service transactions or assets in the form of numerical quotas or the requirement of an economic needs test;

(iii) the total number of financial service operations or on the total quantity of financial services output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test[1]; or

(iv) the total number of natural persons that may be employed in a particular financial service sector or that a financial institution may employ and who are necessary for, and directly related to, the supply of a specific financial service in the form of numerical quotas or the requirement of an economic needs test; or

2. For the purposes of this Article, **financial institutions of the other Party** includes financial institutions that investors of the other Party seek to establish in the territory of the Party.

## ARTICLE 11.5: CROSS-BORDER TRADE

1. Each Party shall permit, under terms and conditions that accord national treatment, cross-border financial service suppliers of the other Party to supply the services specified in Annex 11-A.

2. Each Party shall permit persons located in its territory and its nationals wherever located, to purchase financial services from cross-border financial service suppliers of the other Party located in the territory of the other Party. This obligation does not require a Party to permit such suppliers to do business or solicit in its territory. Each Party may define "doing business" and "solicitation" for the purposes of this obligation, provided that those definitions are not inconsistent with paragraph 1.

3. Without prejudice to other means of prudential regulation of cross-border trade in financial services, a Party may require the registration of cross-border financial service suppliers of the other Party and of financial instruments.

## ARTICLE 11.6: NEW FINANCIAL SERVICES[2]

Each Party shall permit a financial institution of the other Party to supply any new financial service that the Party would permit its own financial institutions, in like

[1] This subparagraph shall not cover measures of a Party which limit inputs for the supply of financial services.

[2] The Parties understand that nothing in this Article prevents a financial institution of a Party from applying to the other Party to request that it authorize the supply of a financial service that is supplied in neither Party's territory. Such application shall be subject to the law of the Party to which the application is made and, for greater certainty, shall not be subject to the obligations of this Article.

circumstances, to supply without additional legislative action by the Party. Notwithstanding Article 11.4(b), a Party may determine the institutional and juridical form through which the new financial service may be supplied and may require authorization for the supply of the service. Where a Party requires a financial institution to obtain authorization to supply a new financial service, the Party shall decide within a reasonable time whether to issue the authorization and the authorization may be refused only for prudential reasons**.**

ARTICLE 11.7: TREATMENT OF CERTAIN INFORMATION

Nothing in this Chapter requires a Party to furnish or allow access to:

(a) information related to the financial affairs and accounts of individual customers of financial institutions or cross-border financial service suppliers; or

(b) any confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest or prejudice legitimate commercial interests of particular enterprises.

ARTICLE 11.8: SENIOR MANAGEMENT AND BOARDS OF DIRECTORS

1. Neither Party may require financial institutions of the other Party to engage individuals of any particular nationality as senior managerial or other essential personnel.

2. Neither Party may require that more than a minority of the board of directors of a financial institution of the other Party be composed of nationals of the Party, persons residing in the territory of the Party, or a combination thereof.

ARTICLE 11.9: NON-CONFORMING MEASURES

1. Articles 11.2 through 11.5 and 11.8 shall not apply to:

(a) any existing non-conforming measure that is maintained by a Party at

(i) the central level of government, as set out by that Party in Section A of its Schedule set out in Annex III; or

(ii) a local level of government;

(b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

(c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the

conformity of the measure, as it existed immediately before the amendment, with Article 11.2, 11.3, 11.4, or 11.8.[3]

2. Articles 11.2 through 11.5 and 11.8 shall not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors, or activities, as set out by the Party in Section B of its Schedule set out in Annex III[4].

3. A non-conforming measure set out in an entry in a Party's Schedule set out in Annex I or II as not subject to Article 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), 10.2 (National Treatment), 10.3 (Most-Favored-Nation Treatment) or 10.4 (Market Access), shall be treated as a non-conforming measure not subject to Article 11.2, 11.3 or 11.4, as the case may be, to the extent that the measure, sector, subsector, or activity set out in the entry is covered by this Chapter.

ARTICLE 11.10: EXCEPTIONS

1. Notwithstanding any other provision of this Chapter or Chapters 9 (Investment), 13 (Telecommunications), including specifically Article 13.22 (Relation to Other Chapters), or 14 (Electronic Commerce), and, in addition, Article 10.1.3 (Scope) with respect to the supply of financial services in the territory of a Party by a covered investment, a Party shall not be prevented from adopting or maintaining measures for prudential reasons[5], including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial institution or cross-border financial service supplier, or to ensure the integrity and stability of the financial system. Where such measures do not conform with the provisions of this Agreement referred to in this paragraph, they shall not be used as a means of avoiding the Party's commitments or obligations under such provisions.

2. Nothing in this Chapter or Chapters 9 (Investment), 13 (Telecommunications), including specifically Article 13.22 (Relation to Other Chapters), or 14 (Electronic Commerce), and, in addition, Article 10.1.3 (Scope) with respect to the supply of financial services in the territory of a Party by a covered investment, shall apply to non-discriminatory measures of general application taken by any public entity in pursuit of monetary and related credit policies or exchange rate policies. This paragraph shall not affect a Party's obligations under Article 9.9 (Performance Requirements) with respect to measures covered by Chapter 9 (Investment) or under Article 9.8 (Transfers) or 10.10 (Transfers and Payments).

3. Notwithstanding Articles 9.8 (Transfers) and 10.10 (Transfers and Payments), as incorporated into this Chapter, a Party may prevent or limit transfers by a financial institution or cross-border financial service supplier to, or for the benefit of, an affiliate

[3] For greater certainty, Article 11.5 shall apply to an amendment to any non-conforming measure referred to in subparagraph (a) only to the extent that the amendment decreases the conformity of the measure, as it existed on the date of entry into force of the Agreement, with Article 11.5.

[4] For Nicaragua and Panama, Section B of Annex III shall not apply.

[5] It is understood that the term "prudential reasons" includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions or cross-border financial service suppliers.

   (b) measures adopted or maintained by Costa Rica relating to obligations of suppliers of public telecommunications networks and services[16]; and

   (c) other measures adopted or maintained by Costa Rica relating to public telecommunications networks and services.

2. Except to ensure that an enterprise operating a broadcast station or cable system has continued access to and use of public telecommunications services, this Annex shall not apply to any measure adopted or maintained by Costa Rica relating to broadcast or cable distribution of radio or television programming.

3. Nothing in this Annex shall be construed to:

   (a) require Costa Rica, or require Costa Rica to compel any enterprise, to establish, construct, acquire, lease, operate, or provide telecommunications networks or services not offered to the public generally;

   (b) require Costa Rica to compel any enterprise exclusively engaged in the broadcast or cable distribution of radio or television programming to make available its broadcast or cable facilities as a public telecommunications network; or

   (c) prevent Costa Rica from prohibiting persons operating private networks from using their private networks to supply public telecommunications networks or services to third persons.

ARTICLE 2: ACCESS AND USE OF PUBLIC TELECOMMUNICATIONS NETWORKS AND SERVICES[17]

[15] For greater certainty, this Annex does not create market access rights or obligations.

[16] Supplier of public telecommunications networks shall be understood as an "operator," of public telecommunications networks; which means a natural or juridical person, public or private, that operates public telecommunication networks with the proper authorization, and that may or not provide telecommunications services available to the public.

[17] For greater certainty, Article 2 does not prevent Costa Rica from requiring a license, authorization or other type of authorization to an enterprise to provide any public telecommunications network or service in its territory.

1. Costa Rica shall ensure that service suppliers of the other Party have access to and use of public telecommunications networks or services, including leased circuits, offered in its territory or across its borders, on reasonable and non-discriminatory terms and conditions, including as set out in paragraphs 2 through 6.

2. Costa Rica shall ensure that service suppliers of the other Party are permitted to:

(a) purchase or lease and attach terminal or other equipment that interfaces with a public telecommunications network;

(b) provide services to individual or multiple end-users over leased or owned circuits;

(c) connect owned or leased circuits with public telecommunications networks and services or with circuits leased or owned by another enterprise;

(d) perform switching, signaling, processing, and conversion functions; and

(e) use operating protocols of their choice in the supply of any service.

3. Costa Rica shall ensure that service suppliers of the other Party may use public telecommunications services for the movement of information in its territory or across its borders, including for intra-corporate communications, and for access to information contained in databases or otherwise stored in machine-readable form in the territory of either Party.

4. Notwithstanding paragraph 3, Costa Rica may take such measures as are necessary to ensure the security and confidentiality of messages, or protect the privacy of non-public personal data of subscribers to public telecommunications services, provided that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination or disguised restriction on trade in services.

5. Costa Rica shall ensure that no condition is imposed on access to and use of public telecommunications networks and services, other than as necessary to:

(a) safeguard the public service responsibilities of suppliers of public telecommunications networks and services, in particular their ability to make their networks or services available to the public generally; or

(b) protect the technical integrity of public telecommunications networks or services.

6. Provided that conditions for access to and use of public telecommunications networks and services satisfy the criteria set out in paragraph 5, such conditions may include:

(a) a requirement to use specified technical interfaces, including interface

protocols, for interconnection with such networks or services;

(b) requirements, where necessary, for the inter-operability of such networks and services;

(c) type approval of terminal or other equipment that interfaces with the network and technical requirements relating to the attachment of that equipment to such networks;

(d) a licensing, permit, registration, or notification procedure which, if adopted or maintained, is transparent and provides for the processing of applications filed thereunder in accordance with Costa Rica's laws or regulations; and

(e) restrictions to connect owned or leased circuits with public telecommunications networks and services or with circuits leased or owned by another enterprise.

ARTICLE 3: INTERCONNECTION

1. (a) Costa Rica shall ensure that suppliers of public telecommunications services in its territory provide, directly, or indirectly within the same territory, interconnection with suppliers of public telecommunications services of the other Party in any economically and technically feasible point.

(b) In carrying out subparagraph (a), Costa Rica shall ensure that suppliers of public telecommunications services in its territory take reasonable steps to protect the confidentiality of commercially sensitive information of, or relating to, suppliers and end-users of public telecommunications services obtained as a result of interconnection arrangements and only use such information for the purposes of providing these services.

(c) Costa Rica shall provide its telecommunications regulatory body the authority to require suppliers of public telecommunications services to file their interconnection contracts.

*Interconnection obligations relating to major suppliers of public telecommunications services*

2. Costa Rica shall ensure that a major supplier in its territory provides interconnection for the facilities and equipment of suppliers of public telecommunications services of the other Party:

(a) at any economically and technically feasible point in the major supplier's network;

(b) under non-discriminatory terms, conditions (including technical standards

and specifications), and rates;

(c) of a quality no less favorable than that provided by the major supplier for its own like services, for like services of non-affiliated service suppliers, or for its subsidiaries or other affiliates;

(d) in a timely fashion, and on terms and conditions (including technical standards and specifications), and at cost-oriented rates, that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the suppliers need not pay for network components or facilities that they do not require for the service to be provided; and

(e) on request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

*Options for Interconnecting with Major Suppliers*

3. Costa Rica shall ensure that a major supplier in its territory provides suppliers of public telecommunications services of the other Party the opportunity to interconnect their facilities and equipment with those of the major supplier through:

(a) negotiation of a new interconnection agreement;

(b) a reference interconnection offer containing the rates, terms, and conditions that the major supplier offers generally to suppliers of public telecommunications services; or

(c) the terms and conditions of an interconnection agreement in force.

*Public Availability of Interconnection Offers and Agreements*

4. If a major supplier in the territory of Costa Rica has a reference interconnection offer, Costa Rica shall require the offer to be made publicly available.

5. Costa Rica shall make publicly available the applicable procedures for interconnection negotiations with a major supplier in its territory.

6. Costa Rica shall require a major supplier in its territory to file all interconnection agreements to which it is party with its telecommunications regulatory body.

7. Costa Rica shall make publicly available interconnection agreements in force between a major supplier in its territory and other suppliers of public telecommunications services in its territory.

1. Costa Rica shall maintain appropriate measures for the purposes of preventing suppliers of public telecommunications services that, alone or together, are a major supplier in its territory from engaging in or continuing anticompetitive practices.

2. The anticompetitive practices referred to in paragraph 1 include in particular:

(a) engaging in anticompetitive cross-subsidization;

(b) using information obtained from competitors with anticompetitive results; and

(c) not making available, on a timely basis, to suppliers of public telecommunications services, technical information about essential facilities and commercially relevant information that are necessary for them to provide public telecommunications services.[18]

ARTICLE 5: SUBMARINE CABLE SYSTEMS

Costa Rica shall ensure reasonable and non-discriminatory treatment for access to submarine cable systems (including landing facilities) in its territory to a supplier of public telecommunication services of the other Party, where such supplier of the other Party is authorized to operate a submarine cable system as a public telecommunications service.

ARTICLE 6: CONDITIONS FOR THE SUPPLY OF INFORMATION SERVICES

1. Costa Rica may not require an enterprise of the other Party in its territory that it classifies[19] as a supplier of information services and that supplies such services over facilities that the enterprise does not own to:

(a) supply such services to the public generally;

(b) cost-justify its rates for such services;

(c) file tariffs for such services;

(d) connect its networks with any particular customer for the supply of those services; or

[18] This information may not be provided as long as it is an industrial, commercial, or economic secret according to the applicable legislation.

[19] The telecommunications regulatory body will have the competence within its territory to classify the services included in the information services category.

(e) conform to any particular standard or technical regulation for interconnection other than that for interconnection to a public telecommunications network.

2. Notwithstanding paragraph 1, Costa Rica may take any action referred to in paragraph 1 to remedy a practice of a supplier of information services that it has found in a particular case to be anti-competitive under its law or regulations, or to otherwise promote competition or safeguard the interests of consumers.

## ARTICLE 7: INDEPENDENT REGULATORY BODIES

1. Costa Rica shall ensure that its telecommunications regulatory body is separate from, and not accountable to, any supplier of public telecommunications services.

2. With a view to ensuring the independence and impartiality of telecommunications regulatory bodies, Costa Rica shall ensure that its telecommunications regulatory body does not hold a financial interest or maintain an operating or management role in any such supplier.

3. Costa Rica shall ensure that regulatory decisions and procedures of its telecommunications regulatory body are impartial with the respect to all market participants.

## ARTICLE 8: UNIVERSAL SERVICE

1. Costa Rica has the right to define the kind of universal service obligations it wishes to adopt or maintain.

2. Such obligations shall not be considered anticompetitive *per se*, provided they are administered in a transparent, non-discriminatory, and competitively neutral manner and Costa Rica shall ensure that its universal service obligation is not more burdensome than necessary for the kind of universal service that it has defined.

## ARTICLE 9: LICENSES AND OTHER AUTHORIZATIONS

1. When Costa Rica requires a supplier of public telecommunications services to have a license or other authorization[20], Costa Rica shall make publicly available:

(a) all the licensing or authorization criteria and procedures it applies;

(b) the period it normally requires to reach a decision concerning an application for a license or other authorization; and

(c) the terms and conditions of all licenses or authorizations in effect.

[20] For the purposes of this Annex, the term authorization is understood to include concessions, permits, registrations, or other authorizations that Costa Rica may require to supply public telecommunications services.

2. Costa Rica shall ensure that, on request, an applicant receives the reasons for the denial of a license or other authorization.

## ARTICLE 10: ALLOCATION AND USE OF SCARCE RESOURCES

1. Costa Rica shall administer its procedures for the allocation and use of scarce telecommunications resources, including frequencies, numbers, and rights-of-way, in an objective, timely, transparent, and non-discriminatory manner.

2. Costa Rica shall make publicly available the current state of allocated frequency bands, but retains the right not to provide detailed identification of frequencies allocated or assigned for specific government uses.

3. Costa Rica´s measures allocating and assigning spectrum and managing frequency are not measures that are *per se* inconsistent with Article 10.4 (Market Access) either as it applies to cross-border trade in services or through the operation of Article 10.1.3 (Scope) to an investor or covered investment of the other Party. Accordingly, Costa Rica retains the right to establish and apply spectrum and frequency management measures that may have the effect of limiting the number of suppliers of public telecommunications services. This includes the ability to allocate frequency bands, taking into account current and future needs and spectrum availability.

## ARTICLE 11: ENFORCEMENT

Costa Rica shall provide its competent authority with the authority to enforce Costa Rica´s measures relating to the obligations set out in Articles 2, 3, 4, and 7 of this Annex. That authority shall include the ability to impose sanctions or other measures which may include financial penalties, injunctive relief (on an interim or final basis), corrective orders, or the modification, suspension, or revocation of licenses or other authorizations.

telecommunications regulatory body to resolve disputes regarding Costa Rica´s measures relating to matters set out in Articles 2, 3 and 4 of this Annex; and

(ii) a supplier of public telecommunications networks or services of the other Party established in Costa Rica that has requested interconnection with a major supplier in Costa Rica's territory may seek review, within a reasonable and publicly specified period after the supplier requests interconnection, by its telecommunications regulatory body to resolve disputes regarding the terms, conditions, and rates for interconnection with that major supplier;

*Judicial Review*

(b) a supplier of public telecommunications networks or services of the other Party established in Costa Rica whose legally protected interests are adversely affected by a determination or decision of Costa Rica's telecommunications regulatory body may obtain review of the determination or decision by an impartial and independent judicial authority of Costa Rica[21].

ARTICLE 13: TRANSPARENCY

1. Further to Article 18.1 (Publication), Costa Rica shall ensure that its measures relating to public telecommunications networks and services are made publicly available, including:

(a) measures relating to:

(i) tariffs and other terms and conditions of service;

(ii) specifications of technical interfaces;

(iii) conditions for attaching terminal or other equipment to the public telecommunications network; and

(iv) notification, permit, registration, or licensing requirements, if any; and

2. Further to Article 18.1 (Publication), Costa Rica shall endeavor to:

(a) publish or otherwise make publicly available rulemakings of its telecommunications regulatory body and end-user tariffs filed with its telecommunications regulatory body; and

[21] For greater certainty, it is understood that this review does not go beyond the obligations established in Article 18.4 (Review and Appeal).

(b) provide suppliers of public telecommunications networks or services of the other Party established in Costa Rica with advance public notice of, and opportunity to comment on, any rulemaking that its telecommunications regulatory body proposes.

HS 8523.21, 8523.29, 8523.41, 8523.49, 8523.51, 8523.59 or 8523.80.

# CHAPTER 15
# INTELLECTUAL PROPERTY RIGHTS

## Section A: General Provisions

### ARTICLE 15.1: OBJECTIVES

The objectives of this Chapter are:

(a) to increase the benefits from trade and investment, to promote innovation and creativity by providing certainty for the right holders and users of intellectual property rights, and to facilitate the enforcement of intellectual property rights;

(b) to facilitate production and commercialization of innovative and creative products;

(c) to encourage the transfer and dissemination of technology, in a manner conducive to social and economic welfare; and

(d) to strike the balance between the legitimate interest of the right holders and the public at large.

### ARTICLE 15.2: INTERNATIONAL AGREEMENTS

1. Each Party reaffirms its existing rights and obligations with respect to each other under the TRIPS Agreement and any other agreements relating to intellectual property to which they are parties. To this end, nothing in this Chapter shall derogate from the existing rights and obligations that Parties have to each other under the TRIPS Agreement or any other intellectual property agreements.

2. Each Party shall make all reasonable efforts to accede to the following agreements:

(a) the *Convention Relating to the Distribution of Programme-Carrying Signals Transmitted by Satellite* (1974);

(b) the *International Convention for the Protection of New Varieties of Plants* (1991) (UPOV Convention 1991)[1];

(c) the *Patent Law Treaty* (2000);

(d) the *Hague Agreement Concerning the International Registration of Industrial Designs* (1999); and

[1] With regard to this subparagraph, for El Salvador, it is understood that an effective protection of plant varieties either by patents, a *sui generis* system, or by any combination thereof by the date of entry into force of this Agreement shall be considered to be consistent with this Chapter.

(e) the *Protocol Relating to the Madrid Agreement Concerning the International Registration of Marks* (1989).

ARTICLE 15.3: MORE EXTENSIVE PROTECTION

The Parties shall, at a minimum, give effect to this Chapter. The Parties may but shall not be obliged to provide more extensive protection for, and enforcement of intellectual property rights under their laws than this Chapter requires, provided that the more extensive protection does not contravene this Chapter.

ARTICLE 15.4: NATIONAL TREATMENT

1. In respect of all categories of intellectual property covered in this Chapter, each Party shall accord to nationals[2] of the other Party treatment no less favorable than it accords to its own nationals with regard to the protection[3] and enjoyment of such intellectual property rights and any benefits derived from such rights.

2. A Party may derogate from paragraph 1 in relation to its judicial and administrative procedures, including requiring a national of the other Party to designate an address for service of process in its territory, or to appoint an agent in its territory, provided that such derogation is:

(a) necessary to secure compliance with laws and regulations that are not inconsistent with this Chapter; and

(b) not applied in a manner that would constitute a disguised restriction on trade.

3. Paragraph 1 shall not apply to procedures provided in multilateral agreements to which either Party is a party concluded under the auspices of the World Intellectual Property Organization (hereinafter referred to as the "WIPO") in relation to the acquisition or maintenance of intellectual property rights.

ARTICLE 15.5: APPLICATION OF CHAPTER TO EXISTING SUBJECT MATTER AND PRIOR ACTS

[2] For the purposes of Articles 15.4.1, 15.4.2 and 15.38, a "national" of a Party shall include, in respect of the relevant right, any person (as defined in Article 1.6 (Definitions)), of that Party that would meet the criteria for eligibility for protection of that right provided for in the agreements mentioned in Article 15.2 and the TRIPS Agreement.

[3] For the purposes of Article 15.4.1, "protection" includes: (1) matters affecting the availability, acquisition, scope, maintenance, and enforcement of intellectual property rights as well as matters affecting the use of intellectual property rights specifically covered by this Chapter; and (2) the prohibition on circumvention of effective technological measures set out in Article 15.32, the rights and obligations concerning rights management information set out in Article 15.33 and protection of encrypted program-carrying signals set out in Article 15.35.

1. Except as it provides otherwise, this Chapter shall give rise to obligations in respect of all subject matter existing at the date of entry into force of this Agreement and which is protected on said date in the territory of the Party where protection is claimed, or which meets or comes subsequently to meet the criteria for protection under this Chapter.

2. Except as otherwise provided in this Chapter, a Party shall not be required to restore protection to subject matter that on the date of entry into force of this Agreement, has fallen into the public domain in the territory of the Party where the protection is claimed.

3. This Chapter shall not give rise to obligations in respect of acts that occurred before the date of entry into force of this Agreement.

## ARTICLE 15.6: TRANSPARENCY

With the objective of making the protection and enforcement of intellectual property rights transparent, each Party shall ensure that all laws, regulations, and procedures concerning the protection or enforcement of intellectual property rights are in writing and are published[4], or where publication is not practicable, made publicly available, in its national language in such a manner as to enable governments and right holders to become acquainted with them.

## ARTICLE 15.7: GENERAL PROVISIONS

1. The Parties recognize the need to maintain a balance between the rights of the right holders and the public interest.

2. The Parties recognize the importance of the principles established in:

(a) the *Declaration on the TRIPS Agreement and Public Health* (WT/MIN(01)/DEC/2), adopted on November 14, 2001 by the WTO at its Fourth Ministerial Conference, held in Doha, Qatar;

(b) the *Decision of the WTO General Council on the Implementation of Paragraph 6 of the Doha Declaration on the TRIPS Agreement and Public Health*, adopted on August 30, 2003;

(c) the *Protocol Amending the TRIPS Agreement*, done at Geneva on December 6, 2005; and

(d) Resolution WHA61.21, *Global Strategy and Plan of Action on Public Health, Innovation, and Intellectual Property*, adopted on May 24, 2008 by the Assembly of the World Health Organization.

[4] For greater certainty, a Party may satisfy the requirement in Article 15.6 to publish a law, regulation, or procedure by making it available to the public on the Internet.

3. Each Party may, in formulating or amending its legislation, adopt measures necessary, and make use of exceptions and flexibilities to protect public health and nutrition, and to promote the public interest in sectors of vital importance.

4. The Parties shall be free to establish their own regime for exhaustion of intellectual property rights.

## Section B: Trademarks

### ARTICLE 15.8: TRADEMARKS PROTECTION

1. The Parties shall grant adequate and effective protection to trademark right holders of goods and services.

2. Each Party shall provide that trademarks shall include collective, certification, and sound marks, and may include scent marks.

3. Each Party shall provide that the owner of a registered trademark shall have the exclusive right to prevent all third parties not having the owner's consent from using, in the course of trade, identical or similar signs for goods or services that are identical or similar to those goods or services in respect of which the owner's trademark is registered, where such use would result in a likelihood of confusion. In the case of the use of an identical sign, for identical goods or services, a likelihood of confusion shall be presumed. The rights described above shall not prejudice any existing prior rights, nor shall they affect the possibility of Parties making rights available on the basis of use.

### ARTICLE 15.9: EXCEPTIONS

Each Party may provide limited exceptions to the rights conferred by a trademark, such as fair use of descriptive terms, provided that such exceptions take into account the legitimate interests of the owner of the trademark and of third parties.

### ARTICLE 15.10: WELL-KNOWN TRADEMARKS

1. Neither Party may require as a mandatory condition for determining that a mark is a well-known mark, that the trademark has been registered in the territory of the Party or in another jurisdiction, included on a list of well-known trademarks, or given prior recognition as a well-known trademark.

2. Article 6*bis* of the *Paris Convention for the Protection of Industrial Property* (1967) (hereinafter referred to as the "Stockholm Act") shall apply, *mutatis mutandis*, to goods or services that are not identical or similar to those identified as a well-known

trademark[5], whether registered or not, provided that use of that trademark in relation to those goods or services would indicate a connection between those goods or services and the owner of the trademark, and provided that the interests of the owner of the trademark are likely to be damaged by such use.

3. Each Party shall provide for appropriate measures to refuse or cancel the registration and prohibit the use of a trademark that is identical or similar to a well-known trademark, for related goods or services, if the use of that trademark is likely to cause confusion, or to cause mistake, or to deceive or risk associating the trademark with the owner of the well-known trademark, or constitutes unfair exploitation of the reputation of the well-known trademark.

ARTICLE 15.11: REGISTRATION AND APPLICATION OF TRADEMARKS

1. Each Party shall provide a system for the registration of trademarks, which shall include:

(a) a requirement to provide to the applicant a communication in writing, which may be provided electronically, of the reasons for a refusal to register a trademark;

(b) an opportunity for the applicant to respond to communications from the trademark authorities, to contest an initial refusal, and to appeal judicially a final refusal to register;

(c) an opportunity for interested parties to oppose a trademark application before registration and to seek cancellation or invalidation of a trademark after it has been registered; and

(d) a requirement that decisions in opposition and cancellation proceedings be reasoned and in writing. Written decisions may be provided electronically.

2. Each Party shall provide, to the maximum degree practical, a system for the electronic application, processing, registration, and maintenance for trademarks, and work to provide, to the maximum degree practical, a publicly available electronic database – including an on-line database – of trademark applications and registrations.

3. Each Party shall provide that initial registration and each renewal of registration of a trademark shall be for a term of no less than 10 years.

ARTICLE 15.12: CLASSIFICATION OF GOODS AND SERVICES

Each Party shall provide that:

[5] For the purposes of determining whether a mark is well-known, neither Party may require that the reputation of the trademark extend beyond the sector of the public that normally deals with the relevant goods or services.

(a) each registration and publication that concerns a trademark application or registration and that indicates goods or services shall indicate the goods or services by their common names, grouped according to the classes of the classification established by the *Nice Agreement Concerning the International Classification of Goods and Services for the Purposes of the Registration of Marks* (1979) (hereinafter referred to as the "Nice Classification"), as revised and amended; and

(b) goods or services may not be considered as being similar to each other solely on the ground that, in any registration or publication, they appear in the same class of the Nice Classification. Conversely, each Party shall provide that goods or services may not be considered as being dissimilar from each other solely on the ground that, in any registration or publication, they appear in different classes of the Nice Classification.

ARTICLE 15.13: NON-RECORDATION OF A LICENSE

Neither Party may require recordation of trademark licenses to establish the validity of the license, to assert any rights in a trademark, or for other purposes[6].

## Section C: Patents

ARTICLE 15.14: PATENTABLE SUBJECT MATTER

1. Each Party shall make patents available for any invention, whether a product or process, in all fields of technology, provided that they are new, involve an inventive step, and are capable of industrial application[7].

2. Each Party may exclude from patentability inventions, the prevention within its territory of the commercial exploitation of which is necessary to protect *ordre public* or morality, including to protect human, animal or plant life or health or to avoid serious prejudice to the environment, provided that such exclusion is not made merely because the exploitation is prohibited by their law.

3. The Parties may also exclude from patentability:

(a) diagnostic, therapeutic, and surgical methods for the treatment of humans or animals; and

[6] A Party may establish a means to allow licensees to record licenses for the purposes of providing notice to the public as to the existence of the license. However, neither Party may make notice to the public a requirement for asserting any rights under the license.

[7] For the purposes of Section C, a Party may treat the terms "inventive step" and "capable of industrial application" as synonymous with the terms "non-obvious" and "useful" respectively.

(b) plants and animals other than micro-organisms, and essentially biological processes for the production of plants or animals other than non-biological and microbiological processes.

### ARTICLE 15.15: EXCEPTIONS

1. Each Party may provide limited exceptions to the exclusive rights conferred by a patent, provided that such exceptions do not unreasonably conflict with a normal exploitation of the patent and do not unreasonably prejudice the legitimate interests of the patent owner, taking into account the legitimate interests of third parties.

2. Consistent with paragraph 1, if a Party permits a third person to use the subject matter of a subsisting patent to generate information necessary to support an application for marketing approval of a pharmaceutical or agricultural chemical product, that Party shall provide that any product produced under such authority shall not be made, used, or sold in its territory other than for the purposes related to generating such information to support an application for meeting marketing approval requirements of that Party to market the product once the patent expires, and if the Party permits exportation of such product, the Party shall provide that the product shall only be exported outside its territory for the purposes of generating information to support an application for meeting marketing approval requirements of that Party.

### ARTICLE 15.16: GRACE PERIOD

Each Party shall disregard information contained in public disclosures used to determine if an invention is novel or has an inventive step if the public disclosure:

(a) was made or authorized by, or derived from, the patent applicant; and

(b) occurred within 12 months prior to the date of filling of the application in the territory of the Party.

### ARTICLE 15.17: AMENDMENTS, CORRECTIONS, AND OBSERVATIONS

Each Party shall provide patent applicants with at least one opportunity to make amendments, corrections, and observations in connection with their applications.

### ARTICLE 15.18: CLAIMED INVENTION

1. Each Party shall provide that a disclosure of a claimed invention shall be considered to be sufficiently clear and complete, if it provides information that allows the invention to be made and used by a person skilled in the art, without undue experimentation, as of the filing date.

2 Each Party shall provide that a claimed invention is sufficiently supported by its disclosure, if the disclosure reasonably conveys to a person skilled in the art that the applicant was in possession of the claimed invention as of the filing date.

3. Each Party shall provide that a claimed invention is industrially applicable if it has a specific, substantial, and credible utility.

ARTICLE 15.19: ACCELERATED EXAMINATION

Each Party may provide an applicant with accelerated examination for the patent application in accordance with its laws and regulations.

## Section D: Measures Related to Certain Regulated Products

ARTICLE 15.20: MEASURES RELATED TO CERTAIN REGULATED PRODUCTS

1. The Parties agree that undisclosed data concerning safety and efficacy that is submitted as a condition of approving the marketing of new pharmaceutical or agricultural chemical products shall be protected through the principle of national treatment.

2. By providing protection periods of at least five years[8] for pharmaceutical products and 10 years for agricultural chemical products, in their legislation, the Parties afford a satisfactory level of protection that corresponds to the relevant obligations they have entered into.

## Section E: Designs

ARTICLE 15.21: DESIGNS PROTECTION

1. The Parties shall ensure in their laws adequate and effective protection of industrial designs.

2. The owner of a protected design shall have the right to prevent third parties not having the owner's consent, at least from making, offering for sale, selling, importing, or using articles bearing or embodying the protected design when such acts are undertaken for commercial purposes.

3. The Parties may provide the legal means to prevent the use of the unregistered appearance of a product, in cases where the contested use results from copying the unregistered appearance of such product.

[8] Panama shall provide and maintain the protection period in its legislation. For greater certainty, such protection period is normally five years for pharmaceutical products.

ARTICLE 15.22: EXCEPTIONS

Each Party may provide limited exceptions to the protection of designs, provided that such exceptions do not unreasonably conflict with the normal exploitation of protected designs and do not unreasonably prejudice the legitimate interests of the owner of the protected design, taking into account the legitimate interests of third parties.

## Section F: Unfair Competition and Undisclosed Information

ARTICLE 15.23: UNFAIR COMPETITION

For the purposes of this Agreement, as regards to unfair competition, protection will be granted in accordance with Article 10*bis* of the Stockholm Act.

ARTICLE 15.24: UNDISCLOSED INFORMATION

Each Party shall ensure in its laws and regulations adequate and effective protection of undisclosed information in accordance with Article 39 of the TRIPS Agreement.

Each Party shall provide that, where the term of protection of a work (including a photographic work), performance, or phonogram is to be calculated:

(a) on the basis of the life of a natural person, the term shall be not less than the life of the author and 70 years after the author's death; and

(b) on a basis other than the life of a natural person, the term shall be:

[10] For the purposes of this Chapter, the "right to authorize or prohibit" with respect to copyrights and related rights refers to exclusive rights.
[11] For the purposes of this Chapter, a "performance" with respect to copyrights and related rights means a performance fixed in a phonogram unless otherwise specified.

ARTICLE 15.32: TECHNOLOGICAL PROTECTION MEASURES

1. Each Party shall provide adequate legal protection and effective legal remedies against the circumvention of any effective technological measures that authors, performers, and producers of phonograms use in connection with the exercise of their rights and that restrict unauthorized acts in respect of their works, performances, and phonograms.

2. Each Party shall provide adequate legal protection and effective legal remedies against the manufacture, import, distribution, sale, rental or advertisement for sale or rental, of devices, products, or components, or the provision of services which:

(a) noninfringing reverse engineering activities with regard to a lawfully obtained copy of a computer program, carried out in good faith with respect to particular elements of that computer program that have not been readily available to the person engaged in those activities, for the sole purpose of achieving interoperability of an independently created computer program with other programs;

(b) noninfringing good faith activities, carried out by an appropriately qualified researcher who has lawfully obtained a copy, unfixed performance, or display of a work, performance or phonogram, and who has made a good faith effort to obtain authorization for such activities, to the extent necessary for the sole purpose of research consisting of identifying and analyzing flaws and vulnerabilities of technologies for scrambling and descrambling of information;

2. Each Party shall provide for civil remedies, including compensatory damages, for any person injured by any activity described in paragraph 1, including any person that holds an interest in the encrypted programming signal or its content.

ARTICLE 15.36: COLLECTIVE MANAGEMENT OF COPYRIGHT AND RELATED RIGHTS

The Parties recognize the importance of the performance of the collecting societies, and the establishment of arrangements between them, with the purpose of mutually ensuring easier access to and delivery of content between the territories of the Parties, and the achievement of a high level of development with regard to the execution of their tasks. In this regard, each Party shall endeavor to achieve a high level of effectiveness and to

improve transparency with respect to the execution of the task of their respective collecting societies.

### ARTICLE 15.38: PROTECTED SUBJECT MATTER

With respect to the rights accorded under this Chapter to performers, producers of phonograms, and broadcasting organizations, each Party shall accord those rights:

(a) to the performers and producers of phonograms who are nationals of the other Party;

(b) with respect to performances and phonograms that are first published or first fixed in the territory of the other Party[13]; and

(c) to broadcasting organizations if they have their headquarters on its territory and the broadcasts are transmitted from transmitters situated on the same territory.

### ARTICLE 15.39: RIGHTS OF PERFORMERS

Each Party shall provide to performers the right to authorize or prohibit:

(a) the broadcasting and communication to the public of their unfixed performances, except where the performance is already a broadcast performance;

(b) the fixation of their unfixed performances; and

[13] With respect to the protection of phonograms, a Party may apply the criterion of fixation instead of the criterion of publication.

(c) making available to the public of those performances in such a way that members of the public may access them from a place and at a time individually chosen by them.

### ARTICLE 15.40: RIGHT OF PHONOGRAM PRODUCERS

Each Party shall provide to phonogram producers the right to authorize or prohibit the making available to the public of their phonograms in such a way that members of the public may access them from a place and at a time individually chosen by them.

3. Notwithstanding Article 15.35, neither Party may permit the retransmission of television signals (whether terrestrial, cable, or satellite) on the Internet without the authorization of the right holder or right holders of the content of the signal and, if any, of the signal.[14]

[14] For the purposes of paragraph 3 and for greater certainty, the Parties understand that retransmission within a Party's territory over a closed, defined, subscriber network that is not accessible from outside the Party's territory shall not constitute retransmission on the Internet.

3. A panel shall be established upon the date of receipt of the request referred to in paragraph 1.

4. A Party that is eligible under paragraph 1 to request the establishment of a panel may join the arbitral panel proceedings as a complaining Party on delivery of written notice to the other Parties. The notice shall be delivered at the earliest possible time, and in any event no later than seven days after the date of delivery of the request by the Party for the establishment of a panel.

5. If a Party does not join as a complaining Party in accordance with paragraph 4, it shall

refrain thereafter from initiating or continuing subparagraph (a) and (b) regarding the same matter in the absence of a significant change in economic or commercial circumstances:

(a) a dispute settlement procedure under this Agreement; or

(b) a dispute settlement proceeding under the WTO Agreement or under another free trade agreement to which it and the Party complained against are party, on grounds that are substantially equivalent to those available to it under this Agreement.

6. Unless otherwise agreed by the Parties to the dispute, the panel shall be established and perform its functions in a manner consistent with the provisions of this Chapter.

7. A panel may not be established to review a proposed measure.

8. Unless the Parties to the dispute otherwise agree, the Parties to the dispute shall apply the following procedures in selecting a panel:

(a) the panel shall be composed of three members;

(b) each Party shall appoint one panelist within 30 days after the date of receipt of the request for the establishment of a panel. If a Party fails to appoint a panelist within that period, the Parties shall meet within seven days and select a panelist by lot from among the members of the contingent list established under paragraph 10 who are nationals of that Party;

(c) a Party may exercise a peremptory challenge against any individual not on the contingent list within 14 days after the individual has been proposed as a panelist. If a Party has exercised three peremptory challenges, the other Party shall select a panelist from the contingent list;

(d) the Parties shall endeavor to agree on a third panelist who shall serve as chair;

(e) if the Parties are unable to agree on the chair within 30 days after the date on which the second panelist has been appointed, the Parties shall meet within seven days and select the chair by lot from among the members of the contingent list established under paragraph 10 who are not nationals of either Party; and[3]

[3] If a panelist selected by lot under subparagraph (b) or (e) is unable to serve on the panel, the Parties shall meet within seven days of learning that the panelist is unavailable to select another panelist by lot from among the remaining members of the contingent list who are nationals of the relevant Party (in the case of subparagraph (b)) or not nationals of either Party (in the case of subparagraph (e)). If a panelist becomes unable to serve during the course of the proceeding or when the panel is reconvened pursuant to Article 22.12 or 22.13, then within seven days of learning that the panelist is unavailable, the relevant Party shall select a replacement panelist from the contingent list or, in the case of the chair, the Parties shall meet to select a replacement chair by lot from among the members of the contingent list who are not nationals of either Party.

(f) a panelist shall be considered appointed to a panel when that person is proposed pursuant to subparagraph (b) and no peremptory challenge is exercised pursuant to subparagraph (c), or when that person is selected from the contingent list pursuant to this paragraph.

9. In cases where two or more Parties acting together as complaining Party or Party complained against, and there is no agreement as to the appointment of a panelist, one of them, chosen by lot, shall represent the other with respect to the procedure set out in paragraph 8(b).

10. Within 180 days of the date of entry into force of this Agreement, the Parties shall establish a contingent list of individuals who are willing and able to serve as panelists. Unless the Parties otherwise agree, the contingent list shall include three nationals of each Party and at least eight individuals who are not nationals of any of the Parties. An individual on the contingent list shall be appointed by agreement of the Parties for a minimum term of three years and shall remain on the list until the individual is replaced or is unable to serve. The Parties shall review the contingent list every three years and may replace individuals on the list as appropriate. The Parties may also appoint a replacement where a member of the contingent list is no longer available to serve.

11. If a panelist appointed under this Article becomes unable to serve on the panel, a successor shall be appointed in the same manner as prescribed for the appointment of the original panelist and the successor shall have all the powers and duties of the original panelist. In such a case, any time period applicable to the panel proceedings shall be suspended for a period beginning on the date when the original panelist becomes unable to serve and ending on the date when the new panelist is appointed.

12. Individuals appointed to a panel pursuant to paragraph 8 or to the contingent list pursuant to paragraph 10 shall:

(a) be chosen strictly on the basis of objectivity, reliability and sound judgment;

(b) have expertise or experience in law, international trade, other matters covered by this Agreement, or the resolution of disputes arising under international trade agreements;

(c) be independent of, and not be affiliated with or take instructions from, any of the Parties; and

(d) comply with the code of conduct established by the Joint Committee.

13. If a Party to the dispute believes that a panelist has violated or is in violation of the code of conduct, the Parties to the dispute shall consult and if they agree, the panelist shall be removed and a new panelist shall be selected in accordance with this Article.

## ARTICLE 22.8: MODEL RULES OF PROCEDURE

1. Unless the Parties to the dispute otherwise agree, the panel shall follow the model rules of procedure established by the Joint Committee, which shall ensure:

(a) a right to at least one hearing before the panel;

(b) that, subject to subparagraph (f), any hearing before the panel shall be open to the public;

(c) the possibility of using technological means to conduct the proceedings;

(d) an opportunity for each Party to the dispute to provide initial and rebuttal submissions;

(e) that each participating Party's written submissions, written versions of its oral statement, and written response to a request or questions from the panel may be made available to the public subject to subparagraph (f);

(f) the protection of information designated by any of the Parties for confidential treatment; and

(g) that all notices to the Parties are made through the designated office.

2. Unless the Parties otherwise agree, the panel shall follow the model rules of procedure and may, after consulting with the Parties, adopt additional rules of procedure not inconsistent with the model rules.

3. Unless the Parties to the dispute otherwise agree within 20 days of the delivery of the request for the establishment of the panel, the panel's terms of reference shall be:

"To examine, in the light of the relevant provisions of this Agreement, the matter referenced in the request for the establishment of the panel, to make findings, determinations, and recommendations as provided in Articles 22.10.1 and 22.10.2, and to present the written reports referred to in Articles 22.10.1 and 22.10.5."

4. Upon request of a Party to the dispute, or on its own initiative, the panel may seek information and technical advice from any person or body that it deems appropriate, provided that the Parties to the dispute so agree and subject to such terms and conditions as the Parties to the dispute may agree.

5. The decisions of the panel, including the adoption of the report, shall be adopted by a majority of its members. No panel may disclose which panelists are associated with majority or minority opinions.

ARTICLE 22.9: THIRD PARTIES

1. Any Party having a substantial interest in a dispute before a panel and having notified its interest in writing to the Parties to such a dispute and the rest of the Parties shall have an opportunity to make written submissions to the panel. These submissions shall also be given to the parties to the dispute and may be reflected in the report of the panel.

2. Third Parties shall receive the submissions of the Parties to the dispute at the first meeting of the panel.

3. If a third Party considers that a measure that is already the subject of a panel proceeding nullifies or impairs benefits accruing to it under the covered agreements, such Party may have recourse to normal dispute settlement procedures under this Agreement.

ARTICLE 22.10: PANEL REPORT

1. Unless the Parties to the dispute otherwise agree, the panel shall, within 90 days after the chair is appointed, present to the Parties to the dispute an initial report containing findings of fact and its determination as to:

(a) (i) whether the measure at issue is inconsistent with the obligations of this Agreement;

(ii) whether a Party to the dispute has otherwise failed to carry out its obligations under this Agreement; or

(iii) whether the measure at issue is causing nullification or impairment in the sense of Article 22.2.1(c); and

(b) any other matter that the Parties to the dispute have jointly requested that the panel address, as well as the reasons for its findings and determinations.

2. When the panel considers that it cannot provide its report within 90 days, it shall inform the Parties to the dispute in writing of the reasons for the delay together with an estimate of the period within which it will provide its report. In no case should the period to provide the report exceed 120 days. The panel shall inform the Parties to the dispute of any determination under this paragraph no later than seven days after the initial written submission of the complaining Party or Parties and shall adjust the remainder of the schedule accordingly.

3. The panel shall base its report on the relevant provisions of this Agreement and the submissions and arguments of the Parties. The panel shall consider this Agreement in accordance with customary rules of interpretation of public international law, such as the ones established in the *Vienna Convention on the Law of Treaties* (1969). The panel may, at the request of the Parties to the dispute, make recommendations for the resolution of the dispute.

4. Each Party to the dispute may submit written comments to the panel on its initial

report within 14 days of the presentation of the report. After considering any written comments by the Parties to the dispute on the initial report, the panel may modify its report and make any further examination it considers appropriate.

5. The panel shall present a final report to the Parties within 30 days of the presentation of the initial report, unless the Parties to the dispute otherwise agree. The Parties shall make the final report available to the public within 15 days thereafter, subject to the protection of confidential information.

6. The final report of a panel shall be final and binding unless the Parties to the dispute otherwise agree. The report of the panel shall set out the findings of fact, the applicability of the relevant provisions of this Agreement and the basic rationale behind any findings and conclusions that it makes.

### ARTICLE 22.11: SUSPENSION AND TERMINATION OF PROCEEDINGS

1. The Parties to the dispute may agree that the panel suspend its work at any time for a period not exceeding 12 months from the date of such agreement. Within this period, the suspended panel shall be resumed upon the request of either Party to the dispute. If the work of the panel has been continuously suspended for more than 12 months, the authority for establishment of the panel shall lapse unless the Parties to the dispute otherwise agree.

2. The Parties to the dispute may agree to terminate the proceedings of a panel in the event that a satisfactory solution to the dispute has been found. In such event the Parties to the dispute shall jointly notify the chair of the panel.

3. Before the panel provides its final report, it may at any stage of the proceedings propose to the Parties to the dispute that the dispute be settled amicably.

### ARTICLE 22.12: IMPLEMENTATION OF THE FINAL REPORT

1. Upon receipt of the final report of a panel, the Parties to the dispute shall agree on the resolution of the dispute, which normally shall conform with the determinations and recommendations, if any, of the panel.

2. If, in its final report, the panel determines that a Party to the dispute has not conformed with its obligations under this Agreement or that a Party to the dispute's measure is causing nullification or impairment in the sense of Article 22.2.1(c), the resolution, whenever possible, shall be to eliminate the non-conformity or the nullification or impairment.

### ARTICLE 22.13: NON-IMPLEMENTATION AND SUSPENSION OF BENEFITS

1. If a panel has made a determination of the type described in Article 22.12.2, and the Parties to the dispute are unable to reach an agreement on a resolution pursuant to Article

22.12.1, within 30 days of receiving the final report, or such other period as the Parties to the dispute may agree, the Party complained against shall enter into negotiations with the complaining Party with a view to developing acceptable compensation.

2. If the Parties to the dispute:

(a) are unable to agree on compensation within 30 days after the period for developing such compensation has begun; or

(b) have agreed on compensation or on a resolution pursuant to Article 22.12.1, and the complaining Party considers that the Party complained against has failed to observe the terms of the agreement,

the complaining Party may at any time thereafter provide written notice to the Party complained against that it intends to suspend the application to the Party complained against of benefits of equivalent effect. The notice shall specify the level of benefits that the complaining Party proposes to suspend. The complaining Party may begin suspending benefits of equivalent effect 15 days after the later of the date on which it provides notice to the other Party to the dispute under this paragraph or the panel issues its determination under paragraph 5, as the case may be.

3. In considering which benefits to suspend pursuant to paragraph 2:

(a) the complaining Party should first seek to suspend benefits or other obligations in the same sector or sectors as those affected by the measure or other matter that the panel has found to be inconsistent with the obligations of this Agreement or to have caused nullification or impairment in the sense of Article 22.2.1(c); and

(b) the complaining Party that considers it is not practicable or effective to suspend benefits or other obligations in the same sector or sectors may suspend benefits in other sectors.

4. The suspension of benefits shall be temporary and be applied by the complaining Party only until the measure found to be inconsistent with the obligations of this Agreement or otherwise nullifying or impairing benefits under Article 22.2.1(c) has been brought into conformity with this Agreement, or until such time as the Parties to the dispute have otherwise reached an agreement on a resolution of the dispute. However, if the Party complained against comprises two or more Republics of Central America, and one or more complies with the final report, or reaches a satisfactory agreement with the complaining Party, the latter shall terminate the suspension of benefits for such Republic or Republics of Central America.

5. If the Party complained against considers that:

(a) the level of benefits that the complaining Party has proposed to be suspended is manifestly excessive; or

(b) it has eliminated the non-conformity or the nullification or impairment that the panel has found,

it may, within 30 days after the complaining Party provides notice under paragraph 2, request that the original panel be reconvened to consider the matter. The Party complained against shall deliver its request in writing to the complaining Party. The panel shall reconvene as soon as possible after delivery of the request and shall present its determination to the Parties to the dispute within 90 days after it reconvenes to review a request under either subparagraph (a) or (b), or within 120 days for a request under both subparagraphs (a) and (b). If the panel determines that the level of benefits proposed to be suspended is manifestly excessive, it shall determine the level of benefits it considers to be of equivalent effect.

6. The complaining Party may suspend benefits up to the level the panel has determined under paragraph 5 or, if the panel has not determined the level, the level the Party has proposed to suspend under paragraph 2, unless the panel has determined that the Party complained against has eliminated the non-conformity or the nullification or impairment. If the Party complained against comprises two or more Republics of Central America, and the panel decides that one or more has complied, the complaining Party shall immediately terminate the suspension of benefits for such Republic or Republics of Central America.

## ARTICLE 22.14: COMPLIANCE REVIEW

1. Without prejudice to the procedures set out in Article 22.13.5, if the Party complained against considers that it has eliminated the non-conformity or the nullification or impairment that the panel has found, it may refer the matter to the panel by providing written notice to the complaining Party. The panel shall reconvene as soon as possible after delivery of the request and shall issue its report on the matter within 60 days after the Party complained against provides notice.

2. If the panel decides that the Party complained against has eliminated the non-conformity or the nullification or impairment, the complaining Party shall promptly reinstate any benefits it has suspended under Article 22.13.

## ARTICLE 22.15: TIME LIMITS

1. All time limits laid down in this Chapter, including the limits for the panels to issue their rulings, shall be counted in calendar days, the first day being the day following the act or fact to which they refer.

2. Any time limit referred to in this Chapter may be extended by agreement of the Parties.

## ARTICLE 22.16: ADMINISTRATION OF DISPUTE SETTLEMENT PROCEEDINGS

1. Each Party shall:

(a) designate an office that shall provide administrative assistance to the panels established under this Chapter and perform such other functions as the Joint Committee may direct;

(b) notify the Joint Committee of the location of its designated office; and

(c) be responsible for:

(i) the operation and costs of its designated office; and

(ii) the remuneration and payment of expenses of panelists and experts, as set out in Annex 22-A.

## Section B: Domestic Proceedings and Private Commercial Dispute Settlement

### ARTICLE 22.17: REFERRAL OF MATTERS FROM JUDICIAL OR ADMINISTRATIVE PROCEEDINGS

1. If an issue of interpretation or application of this Agreement arises in any domestic judicial or administrative proceeding of a Party that any Party considers would merit its intervention, or if a court or administrative body solicits the views of a Party, that Party shall notify the other Parties. The Joint Committee shall endeavor to agree on an appropriate response as expeditiously as possible.

2. The Party in whose territory the court or administrative body is located shall submit any agreed interpretation of the Joint Committee to the court or administrative body in accordance with the rules of that forum.

3. If the Joint Committee is unable to agree, any Party may submit its own views to the court or administrative body in accordance with the rules of that forum.

### ARTICLE 22.18: PRIVATE RIGHTS

No Party may provide for a right of action under its law against the other Party on the ground that the other Party has failed to conform with its obligations under this Agreement.

### ARTICLE 22.19: ALTERNATIVE DISPUTE RESOLUTION

1. Each Party shall, to the maximum extent possible, encourage and facilitate the use of arbitration and other means of alternative dispute resolution for the settlement of international commercial disputes between private parties in the free trade area.

2. To this end, each Party shall provide appropriate procedures to ensure observance of agreements to arbitrate and for the recognition and enforcement of arbitral awards in such disputes.

3. A Party shall be deemed to be in compliance with paragraph 2 if it is a party to and is in compliance with the *United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards (*1958).

## ANNEX 22-A
## REMUNERATION AND PAYMENT OF EXPENSES

1. The Joint Committee shall establish the amounts of remuneration and expenses that will be paid to panelists and experts.

2. The remuneration of panelists and their assistants, experts, their travel and lodging expenses, and all general expenses of panels shall be borne equally by the Parties to the dispute.

3. Each panelist and expert shall keep a record and render a final account of the person's time and expenses, and the panel shall keep a record and render a final account of all general expenses.

# CHAPTER 23
# EXCEPTIONS

## ARTICLE 23.1: GENERAL EXCEPTIONS

1. For the purposes of Chapters 2 (National Treatment and Market Access for Goods), 3 (Rules of Origin and Origin Procedures), 4 (Customs Procedures and Trade Facilitation), 5 (Sanitary and Phytosanitary Measures) and 6 (Technical Barriers to Trade), Article XX of GATT 1994 and its interpretive notes are incorporated into and made part of this Agreement, *mutatis mutandis*. The Parties understand that the measures referred to in Article XX(b) of GATT 1994 include environmental measures necessary to protect human, animal, or plant life or health, and that Article XX(g) of GATT 1994 applies to measures relating to the conservation of living and non-living exhaustible natural resources.

2. For the purposes of Chapters 9 (Investment), 10 (Cross-border Trade in Services), 11 (Financial Services), 12 (Temporary Entry for Business Persons), 13 (Telecommunications) and 14 (Electronic Commerce)[1], Article XIV of GATS (including its footnotes) is incorporated into and made part of this Agreement, *mutatis mutandis*. The Parties understand that the measures referred to in Article XIV(b) of the GATS include environmental measures necessary to protect human, animal, or plant life or health.

## ARTICLE 23.2: ESSENTIAL SECURITY

Nothing in this Agreement shall be construed:

(a) to require a Party to furnish or allow access to any information the disclosure of which it determines to be contrary to its essential security interests; or

(b) to preclude a Party from applying measures that it considers necessary for the fulfillment of its obligations with respect to the maintenance or restoration of international peace or security or the protection of its own essential security interests.

## ARTICLE 23.3: TAXATION

1. Except as set out in this Article, nothing in this Agreement shall apply to taxation measures.

2. Nothing in this Agreement shall affect the rights and obligations of either Party under any tax convention. In the event of any inconsistency between this Agreement and any such convention, that convention shall prevail to the extent of the inconsistency. In the case of a tax convention between the Parties, the competent authorities under that

[1] Article 23.1 is without prejudice to whether digital products should be classified as goods or services.

convention shall have sole responsibility for determining whether any inconsistency exists between this Agreement and that convention.

3. Notwithstanding paragraph 2:

(a) Article 2.2 (National Treatment) and such other provisions of this Agreement as are necessary to give effect to that Article shall apply to taxation measures to the same extent as does Article III of GATT 1994; and

(b) Article 2.12 (Export Duties, Taxes, or Other Charges) shall apply to taxation measures.

4. Subject to paragraph 2:

(a) Articles 10.2 (National Treatment) and 11.2 (National Treatment) shall apply to taxation measures on income, on capital gains, or on the taxable capital of corporations that relate to the purchase or consumption of particular services, except that nothing in this subparagraph shall prevent a Party from conditioning the receipt or continued receipt of an advantage relating to the purchase or consumption of particular services on requirements to provide the service in its territory; and

(b) Articles 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), 10.2 (National Treatment), 10.3 (Most-Favored-Nation Treatment), 11.2 (National Treatment) and 11.3 (Most-Favored-Nation Treatment) shall apply to all taxation measures, other than those on income, on capital gains, or on the taxable capital of corporations, or taxes on estates, inheritances, gifts, and generation-skipping transfers;

except that nothing in the Articles referred to in subparagraphs (a) and (b) shall apply:

(c) to any MFN obligation with respect to an advantage accorded by a Party pursuant to a tax convention;

(d) to a non-conforming provision of any existing taxation measure;

(e) to the continuation or prompt renewal of a non-conforming provision of any existing taxation measure;

(f) to an amendment to a non-conforming provision of any existing taxation measure to the extent that the amendment does not decrease its conformity, at the time of the amendment, with any of those Articles;

(g) to the adoption or enforcement of any taxation measure aimed at ensuring the equitable or effective imposition or collection of taxes (as permitted by Article XIV(d) of GATS); or

(h) to a provision that conditions the receipt, or continued receipt, of an

advantage relating to the contributions to, or income of, a pension trust or pension plan on a requirement that the Party maintain continuous jurisdiction over the pension trust or pension plan.

5. Subject to paragraph 2 and without prejudice to the rights and obligations of the Parties under paragraph 3, paragraphs 2, 3, and 4 of Article 9.9 (Performance Requirements) shall apply to taxation measures.

6. (a) Article 9.17 (Submission of a Claim to Arbitration) shall apply to a taxation measure alleged to be an expropriation.

(b) Article 9.7 (Expropriation and Compensation) shall apply to taxation measures. However, no investor may invoke Article 9.7 as the basis for a claim where it has been determined pursuant to this subparagraph that the measure is not an expropriation. An investor that seeks to invoke Article 9.7 with respect to a taxation measure must first refer to the competent authorities, at the time that it gives its notice of intent under Article 9.17.3 (Submission of a Claim to Arbitration), the issue of whether that taxation measure is not an expropriation[2]. If the competent authorities do not agree to consider the issue or, having agreed to consider it, fail to agree that the measure is not an expropriation within a period of 180 days of such referral, the investor may submit its claim to arbitration under Article 9.17.4.

(c) For the purposes of this paragraph, **competent authorities** means:

(i) for Korea, the Deputy Minister for Tax and Customs, Ministry of Strategy and Finance;

(ii) for Costa Rica, the Minister of Finance (*Ministro de Hacienda*);

(iii) for El Salvador, the Minister of Finance (*Ministro de Hacienda*);

(iv) for Honduras, the Secretary of State in the Office of Finance (*Secretario de Estado en el Despacho de Finanzas*);

(v) for Nicaragua, the Minister of Finance and Public Credit (*Ministro de Hacienda y Crédito Público*); and

(vi) for Panama, the Minister of Economy and Finance (*Ministro de Economía y Finanzas*),

or their successors.

7. For the purposes of this Article, "taxes" and "taxation measures" do not include:

(a) a customs duty as defined in Article 1.6 (Definitions); or

(b) the measures listed in exceptions (b) and (c) of that definition.

[2] For greater certainty, Annex 9-E (Taxation and Expropriation) shall apply.

## ARTICLE 23.4: DISCLOSURE OF INFORMATION

Nothing in this Agreement shall be construed to require a Party to furnish or allow access to confidential information the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice the legitimate commercial interests of particular enterprises, public or private.

## ARTICLE 23.5: MEASURES TO SAFEGUARD THE BALANCE OF PAYMENTS

Where a Party is in serious balance of payments and external financial difficulties or threat thereof, it may, in accordance with GATT 1994, which includes the Understanding on Balance-of-Payments Provisions of GATT 1994, adopt restrictive import measures. In adopting such measures, the Party shall immediately consult with the other Party.

2. Each Party shall, upon the completion of its internal procedures for the entry into force of this Agreement, notify all the other Parties simultaneously in writing.

## ARTICLE 24.6: WITHDRAWAL AND TERMINATION

1. Any Party may withdraw from this Agreement by means of a written notification to all the Parties. Unless otherwise agreed, the withdrawal shall take effect 180 days after the date on which the notification is received by all the Parties.

2. If one of the Republics of Central America withdraws, the Agreement shall remain in force for the remaining Parties. If Korea withdraws, this Agreement shall expire on the date specified in paragraph 1.

## ARTICLE 24.7: RESERVATIONS AND INTERPRETATIVE DECLARATIONS

This Agreement does not allow unilateral reservations or unilateral interpretative declarations.

## ARTICLE 24.8: AUTHENTIC TEXTS

The Korean, Spanish and English texts of this Agreement are equally authentic. In case of any divergence, the Parties shall resolve the inconsistency based on the English version of the texts.

## Annex I

## SCHEDULE OF KOREA

## EXPLANATORY NOTE

1. The Schedule of Korea to this Annex sets out, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), Korea's existing measures that are not subject to some or all of the obligations imposed by:

(a) Article 9.3 (National Treatment) or 10.2 (National Treatment);

(b) Article 9.4 (Most-Favored-Nation Treatment) or 10.3 (Most-Favored-Nation Treatment);

(c) Article 10.4 (Market Access);

(d) Article 10.5 (Local Presence);

(e) Article 9.9 (Performance Requirements); or

(f) Article 9.10 (Senior Management and Boards of Directors).

2. Each Schedule entry sets out the following elements:

(a) **Sector** refers to the sector for which the entry is made;

(b) **Obligation Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 9.13.1(a) (Non-Conforming Measures) and 10.6.1(a) (Non-Conforming Measures), shall not apply to the non-conforming aspects of the law, regulation, or other measures, as set out in paragraph 3;

(c) **Measures**[1] identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the Measures element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement; and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure; and

(d) **Description** sets out commitments, if any, for liberalization on the date of entry into force of this Agreement, and the remaining non-conforming aspects of the measure for which the entry is made.

3. In the interpretation of a Schedule entry, all elements of the entry shall be

1 For greater certainty, a change in the level of government at which a measure is administered or enforced does not, by itself, decrease the conformity of the measure with the obligations referred to in Article 9.13.1 and Article 10.6.1.

considered. An entry shall be interpreted in light of the relevant Articles of the Chapters against which the entry is made. To the extent that:

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of that discrepancy.

4. In accordance with Articles 9.13.1(a) (Non-Conforming Measures) and 10.6.1(a) (Non-Conforming Measures) and subject to Articles 9.13.1(c) and 10.6.1(c), the Articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the non-conforming aspects of the law, regulation, or other measure identified in the **Measures** element of that entry.

5. Where Korea maintains a measure that requires that a service provider be a citizen, permanent resident, or resident of its territory as a condition to the provision of a service in its territory, a Schedule entry for that measure taken with respect to Article 10.2 (National Treatment), 10.3 (Most-Favored-Nation Treatment), or 10.5 (Local Presence) shall operate as a Schedule entry with respect to Article 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), or 9.9 (Performance Requirements) to the extent of that measure.

6. A "foreign person" means a foreign national or an enterprise organized under the laws of another country.

7. For greater certainty, Articles 10.2 (National Treatment) and 10.5 (Local Presence) are separate disciplines and a measure that is only inconsistent with Article 10.5 (Local Presence) need not be reserved against Article 10.2 (National Treatment).

## Annex I

## SCHEDULE OF COSTA RICA

### EXPLANATORY NOTE

1. The Schedule of Costa Rica to this Annex sets out, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), Costa Rica´s existing measures that are not subject to some or all of the obligations imposed by:

(a) Articles 9.3 (National Treatment) or 10.2 (National Treatment);

(b) Articles 9.4 (Most-Favored-Nation Treatment) or 10.3 (Most-Favored-Nation Treatment);

(c) Article 10.5 (Local Presence);

(d) Article 9.9 (Performance Requirements);

(e) Article 9.10 (Senior Management and Boards of Directors); or

(f) Article 10.4 (Market Access).

2. Each Schedule entry sets out the following elements:

(a) **Sector** refers to the sector for which the entry is made;

(b) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), do not apply to the listed measure(s) pursuant to paragraph 3;

(c) **Level of Government** indicates the level of government maintaining the listed measure(s);

(d) **Measures** identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure; and

(e) **Description** sets out commitments, if any, for liberalization on the date of entry into force of the Agreement, and the remaining non-conforming aspects of the existing measures for which the entry is made.

3. In the interpretation of a Schedule entry, all elements of the entry shall be considered. An entry shall be interpreted in light of the relevant provisions of the Chapters against which the entry is made. To the extent that:

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of that discrepancy.

4. In accordance with Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the law, regulation, or other measure identified in the **Measures** element of that entry.

5. Where Costa Rica maintains a measure that requires that a service provider be a citizen, permanent resident, or resident of its territory as a condition to the provision of a service in its territory, a Schedule entry for that measure taken with respect to Article 10.2 (National Treatment), 10.3 (Most-Favored-Nation Treatment), or 10.5 (Local Presence) shall operate as a Schedule entry with respect to Article 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), or 9.9 (Performance Requirements) to the extent of that measure.

6. For greater certainty, Article 10.4 (Market Access) refers to non-discriminatory measures.

7. The listing of a measure in this Annex is without prejudice to a future claim that Annex II may apply to the measure or some application of the measure.

8. The extraction of natural resources (including mining and hydrocarbons), electricity generation, refining of crude oil and its derivatives, hunting, forestry, logging, and fishing shall not be considered as services for the purposes of this Agreement.

(a) Articles 9.3 (National Treatment) or 10.2 (National Treatment);

(b) Articles 9.4 (Most-Favored-Nation Treatment) or 10.3 (Most-Favored-Nation Treatment);

(c) Article 10.5 (Local Presence);

(d) Article 9.9 (Performance Requirements);

(e) Article 9.10 (Senior Management and Boards of Directors); or

(f) Article 10.4 (Market Access).

2. Each Schedule entry sets out the following elements:

(a) **Sector** refers to the sector for which the entry is made;

(b) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), do not apply to the listed measure(s);

(c) **Level of Government** indicates the level of government maintaining the listed measure(s);

(d) **Measures** identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure; and

(e) **Description** sets out commitments, if any, for liberalization on the date of entry into force of the Agreement, and the remaining non-conforming aspects of the existing measures for which the entry is made.

3. In the interpretation of a Schedule entry, all elements of the entry shall be considered. An entry shall be interpreted in light of the relevant provisions of the Chapters against which the entry is made. To the extent that:

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of that discrepancy.

4. In accordance with Article 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the law, regulation, or other measure identified in the **Measures** element of that entry.

5. Where a Party maintains a measure that requires that a service provider be a citizen, permanent resident, or resident of its territory as a condition to the provision of a service in its territory, a Schedule entry for that measure taken with respect to Article 10.2 (National Treatment), 10.3 (Most-Favored-Nation Treatment), or 10.5 (Local Presence) shall operate as a Schedule entry with respect to Article 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), or 9.9 (Performance Requirements) to the extent of that measure.

## Annex I

## SCHEDULE OF NICARAGUA

## EXPLANATORY NOTES

1. The Schedule of Nicaragua to this Annex sets out, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), Nicaragua's existing measures that are not subject to some or all of the obligations imposed by:

(a) Articles 9.3 (National Treatment) or 10.2 (National Treatment);

(b) Articles 9.4 (Most-Favored-Nation Treatment) or 10.3 (Most-Favored-Nation Treatment);

(c) Article 10.5 (Local Presence);

(d) Article 9.9 (Performance Requirements);

(e) Article 9.10 (Senior Management and Boards of Directors); or

(f) Article 10.4 (Market Access).

2. Each Schedule entry sets out the following elements:

(a) **Sector** refers to the sector for which the entry is made;

(b) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), do not apply to the listed measure(s);

(c) **Level of Government** indicates the level of government maintaining the listed measure(s);

(d) **Measures** identify the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure; and

(e) **Description** sets out commitments, if any, for liberalization on the date of entry into force of the Agreement, and the remaining non-conforming aspects of the existing measures for which the entry is **made**.

3. In the interpretation of a Schedule entry, all elements of the entry shall be considered. An entry shall be interpreted in light of the relevant provisions of the Chapters against which the entry is made. To the extent that:

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the Measures element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of that discrepancy.

4. In accordance with Article 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), the articles of this Agreement specified in the **Obligations Concerned** element of an entry shall not apply to the law, regulation, or other measure identified in the **Measures** element of that entry.

5. Where a Party maintains a measure that requires that a service provider be a citizen as a condition to the provision of a service in its territory, a Schedule entry for that measure taken with respect to Article 10.2 (National Treatment), 10.3 (Most-Favored-Nation Treatment), or 10.5 (Local Presence) shall operate as a Schedule entry with respect to Article 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), or 9.9 (Performance Requirements) to the extent of that measure.

6. For greater certainty, Article 10.4 (Market Access) refers to non-discriminatory measures.

1. The Schedule of Panama to this Annex sets out, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), Panama's existing measures that are not subject to some or all of the obligations imposed by:

(a) Article 9.3 (National Treatment) or 10.2 (National Treatment);

(b) Article 9.4 (Most-Favored-Nation Treatment) or 10.3 (Most-Favored-Nation Treatment);

(c) Article 10.5 (Local Presence);

(d) Article 9.9 (Performance Requirements);

(e) Article 9.10 (Senior Management and Boards of Directors); or

(b) **Sub-Sector** refers to the specific sector in which the entry is made;

(c) **Obligations Concerned** specifies the obligations referred to in paragraph 1 that, pursuant Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), do not apply to the non-conforming aspects of the law, regulation, or other measure;

(d) **Measure** identifies a law, regulation or other measure for which the entry is made. A measure cited in the **Measure** element:

## ANNEX III

## SCHEDULE OF KOREA

### EXPLANATORY NOTE

1. The Schedule of Korea to this Annex sets out:

   (a) headnotes that limit or clarify the commitments of Korea with respect to the obligations described in subparagraph (b)(i) through (v) and in subparagraph (c),

   (b) in Section A, pursuant to Article 11.9 (Non-Conforming Measures), the existing measures of Korea that do not conform with some or all of the obligations imposed by:

      (i) Article 11.2 (National Treatment);

      (ii) Article 11.3 (Most-Favored-Nation Treatment);

      (iii) Article 11.4 (Market Access for Financial Institutions);

      (iv) Article 11.5 (Cross-Border Trade); or

      (v) Article 11.8 (Senior Management and Boards of Directors), and

   (c) in Section B, pursuant to Article 11.9 (Non-Conforming Measures), the specific sectors, subsectors, or activities for which Korea may maintain existing, or adopt new or more restrictive, measures that do not conform with the obligations imposed by Article 11.2 (National Treatment), 11.3 (Most-Favored-Nation Treatment), 11.4 (Market Access for Financial Institutions), 11.5 (Cross-Border Trade), or 11.8 (Senior Management and Boards of Directors).

2. Each entry in Section A sets out the following elements:

   (a) **Sector** refers to the general sector for which the entry is made;

   (b) **Subsector** refers to the specific sector for which the entry is made;

   (c) **Obligations Concerned** specifies the article(s) referred to in paragraph 1 (b) that, pursuant to Article 11.9.1(a), do not apply to the non-conforming aspects of the law, regulation, or other measure, as set out in paragraph 4;

   (d) **Measures** identify the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

      (i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement; and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure; and

(e) **Description** provides a general, non-binding description of the measure for which the entry is made.

3. Each entry in Section B sets out the following elements:

(a) **Sector** refers to the general sector for which the entry is made;

(b) **Subsector** refers to the specific sector for which the entry is made;

(c) **Obligations Concerned** specifies the article(s) referred to in paragraph 1(c) that, pursuant to Article 11.9.2, do not apply to the sectors, subsectors, or activities scheduled in the entry;

(d) **Description** sets out the scope of the sectors, subsectors, or activities covered by the entry.

4. For entries in Section A, in accordance with Article 11.9.1(a) (Non-Conforming Measures), and subject to Article 11.9.1(c), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the non-conforming aspects of the law, regulation, or other measure identified in the **Measures** element of that entry.

5. For entries in Section B, in accordance with Article 11.9.2 (Non-Conforming Measures), the articles of this Agreement specified in the **Obligations Concerned** element of an entry shall not apply to the sectors, subsectors, and activities identified in the **Description** element of that entry.

6. Where Korea maintains a measure that requires that a service supplier be a citizen, permanent resident, or resident of its territory as a condition to the supply of a service in its territory, a Schedule entry for that measure taken with respect to Article 11.2 (National Treatment), 11.3 (Most-Favored-Nation Treatment), 11.4 (Market Access for Financial Institutions), or 11.5 (Cross-Border Trade) shall operate as a Schedule entry with respect to Article 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), or 9.9 (Performance Requirements) to the extent of that measure.

7. Appendix III-1 lists certain measures that the Parties consider to be not inconsistent with Article 11.2 (National Treatment) or 11.4 (Market Access for Financial Institutions) or subject to Article 11.10.1 (Exceptions).

8. An entry in Annex I or Annex II specifying that Article 10.2 (National Treatment) shall not apply to the non-conforming aspects of a law, regulation, or other measure, shall not be construed as limiting a Party's obligation under Article 11.5.1 (Cross-Border Trade) to accord national treatment with respect to the supply of services specified in Annex 11-A (Cross-Border Trade) to cross-border financial service suppliers of the other Party.

**HEADNOTES**

1. Commitments in these subsectors under the Agreement are undertaken subject to the limitations and conditions set forth in these headnotes and in the Schedules below.

2. To clarify the commitment of Korea with respect to Article 11.4 (Market Access for Financial Institutions), juridical persons supplying financial services and constituted under the laws of Korea are subject to non-discriminatory limitations on juridical form.[1]

3. The commitments of Korea under Articles 11.2 (National Treatment) and 11.4 (Market Access for Financial Institutions) are subject to the limitation that in order to establish or acquire a controlling interest in a financial institution in Korea, a foreign investor must own or control a financial institution that engages in supplying financial services within the same financial services subsector in its home country.

4. Korea limits its commitments under Article 11.9.1(c) (Non-Conforming Measures) with respect to Article 11.4 (Market Access for Financial Institutions) in the following manner: Article 11.9.1(c) shall apply only to non-conforming measures relating to 11.4.1(a) and not to those non-conforming measures relating to Article 11.4.1(b).[2]

[1] For example, partnerships and sole proprietorship are generally not acceptable juridical forms for depository financial institutions in Korea. This headnote is not itself intended to affect, or otherwise limit, a choice by a financial institution of the other Party between branches or subsidiaries.

[2] Article 11.3 (Most-Favored-Nation Treatment) shall not apply with regard to the limitation in the application of Article 11.9.1(c) described above in paragraph 4. This footnote does not apply to El Salvador and Panama.

   (b) in Section A, pursuant to Article 11.9 (Non-Conforming Measures), the existing measures of Costa Rica that do not conform to some or all of the obligations imposed by:

      (i) Article 11.2 (National Treatment);

      (ii) Article 11.3 (Most-Favored-Nation Treatment);

      (iii) Article 11.4 (Market Access for Financial Institutions);

      (iv) Article 11.5 (Cross-Border Trade); or

      (v) Article 11.8 (Senior Management and Boards of Directors); and

   (c) in Section B, pursuant to Article 11.9 (Non-Conforming Measures), the specific sectors, subsectors, or activities for which Costa Rica may maintain existing, or adopt new or more restrictive, measures that do not conform with the obligations imposed by Article 11.2 (National Treatment), 11.3 (Most-Favored-Nation Treatment), 11.4 (Market Access for Financial Institutions), 11.5 (Cross-Border Trade), or 11.8 (Senior Management and Boards of Directors).

2. Each entry in Section A sets out the following elements:

   (a) **Sector** refers to the general sector for which the entry is made;

   (b) **Subsector** refers to the specific sector for which the entry is made;

   (c) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1(b) that, pursuant to Article 11.9 (Non-Conforming Measures), do not apply to the listed measure(s);

   (d) **Level of Government** indicates the level of government maintaining the listed measure(s);

   (e) **Measures** identifies the laws, regulations or other measures for which the entry is made. A measure cited in the **Measures** element:

(f) **Description** provides a general, non-binding description of the **Measures**.

3. Each entry in Section B sets out the following elements:

(a) **Sector** refers to the general sector for which the entry is made;

(b) **Subsector** refers to the specific sector for which the entry is made;

(c) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1(c) that, pursuant to Article 11.9 (Non-Conforming Measures), do not apply to the sectors, subsectors, or activities listed in the entry;

(d) **Level of Government** indicates the level of government maintaining the listed measure(s); and

(e) **Description** sets out the scope of the sectors, subsectors, or activities covered by the entry.

4. In the interpretation of a non-conforming measure in Section A, all elements of the non-conforming measures listing shall be considered. A non-conforming measure shall be interpreted in the light of the relevant provisions of the Financial Services Chapter with respect to which the non-conforming measure is taken. To the extent that:

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, if any, or a Specific Commitment from an Annex to the Financial Services Chapter, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of the discrepancy.

5. For entries in Section B, in accordance with Article 11.9.2 (Non-Conforming Measures), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the sectors, subsectors, and activities identified in the **Description** element of that entry.

6. Where Costa Rica maintains a measure that requires that a service supplier be a citizen, permanent resident or resident of its territory as a condition to the provision of a service in its territory, a listing for that measure taken in Annex III with respect to Articles 11.2 (National Treatment), 11.3 (Most-Favored-Nation Treatment), 11.4 (Market Access for Financial Institutions), or 11.5 (Cross-Border Trade) shall operate as a non-conforming

## Annex III

## SCHEDULE OF NICARAGUA

### EXPLANATORY NOTE

1. The Schedule of Nicaragua to Annex III sets out:

   (a) headnotes that limit or clarify the commitments of Nicaragua with respect to the obligations described in clauses (i)-(v) of subparagraph (b);

   (b) in Section A, pursuant to Article 11.9 (Non-Conforming Measures), the existing measures of Nicaragua that do not conform to some or all of the obligations imposed by:

      (i) Article 11.2 (National Treatment);

      (ii) Article 11.3 (Most-Favored-Nation Treatment);

      (iii) Article 11.4 (Market Access for Financial Institutions);

      (iv) Article 11.5 (Cross-Border Trade); or

      (v) Article 11.8 (Senior Management and Boards of Directors);

2. Each entry in Section A sets out the following elements:

   (a) **Sector** refers to the general sector for which the entry is made;

   (b) **Subsector** refers to the specific sector for which the entry is made;

   (c) **Obligations Concerned** specifies the obligation(s) referred to in subparagraph 1(b) that, pursuant to Article 11.9 (Non-Conforming Measures), do not apply to the listed measure(s);

   (d) **Level of Government** indicates the level of government maintaining the listed measure(s);

   (e) **Measures** identify the laws, regulations or other measures for which the entry is made. A measure cited in the **Measures** element:

      (i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

      (ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

(f) **Description** provides a general, nonbinding description of the **Measures**.

3. In the interpretation of a non-conforming measure in Section A, all elements of the non-conforming measures listing shall be considered. A non-conforming measure shall be interpreted in the light of the relevant provisions of the Financial Services Chapter with respect to which the non-conforming measure is taken. To the extent that:

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, if any, or a Specific Commitment from an Annex to the Financial Services Chapter, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of the discrepancy.

4. Where Nicaragua maintains a measure that requires that a service supplier be a citizen, as a condition to the provision of a service in its territory, a listing for that measure taken in Annex III with respect to Articles 11.2 (National Treatment), 11.3 (Most-Favored-Nation Treatment), 11.4 (Market Access for Financial Institutions), or 11.5 (Cross-Border Trade) shall operate as a non-conforming measure with respect to Articles 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment) and 9.9 (Performance Requirements), to the extent of that measure.

*Headnotes*

1. Commitments in these subsectors under the Agreement are undertaken subject to the limitations and conditions set forth in these headnotes and in Section A below.

2. In order to clarify the Nicaraguan commitment with respect to Article 11.4, juridical persons supplying financial services and organized under the laws of Nicaragua are subject to non-discriminatory limitations on juridical form.[1]

3. The commitments of Nicaragua under Articles 11.2 (National Treatment) and 11.4 (Market Access for Financial Institutions) are subject to the limitation that in order to establish or acquire a controlling interest in a financial institution in Nicaragua, a foreign investor must own or control a financial institution that engages in supplying financial services within the same financial services subsector in its home country.

4. Nicaragua limits its commitments under Article 11.9.1(c) (Non-Conforming Measures) with respect to Article 11.4 (Market Access for Financial Institutions) in the following manner: Article 11.9.1(c) shall apply only to non-conforming measures relating to 11.4.1(a) and not to those non-conforming measures relating to Article 11.4.1(b).[2]

[1] For example, partnerships and sole proprietorship are generally not acceptable juridical forms for depositary financial institutions in Nicaragua. This headnote is not itself intended to affect, or otherwise limit, a choice by a financial institution of the other Party between branches or subsidiaries.

[2] Article 11.3 (Most-Favored-Nation Treatment) shall not apply with regard to the limitation in the application of Article 11.9.1(c) described above in paragraph 4.

## Annex I

## SCHEDULE OF GUATEMALA

### EXPLANATORY NOTE

1. The Schedule of Guatemala to this Annex sets out, pursuant to Articles 9.13 (Non-Conforming Measures) and 10.6 (Non-Conforming Measures), Guatemala´s existing measures that are not subject to some or all of the obligations imposed by:

(a) Article 9.3 (National Treatment) or 10.2 (National Treatment);

(b) Article 9.4 (Most-Favored-Nation Treatment) or 10.3 (Most-Favored-Nation Treatment);

(c) Article 10.4 (Market Access);

(d) Article 10.5 (Local Presence);

(e) Article 9.9 (Performance Requirements); or

(f) Article 9.10 (Senior Management and Boards of Directors).

2. Each Schedule entry sets out the following elements:

(a) **Sector** refers to the sector for which the entry is made;

(b) **Obligation Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 9.13.1(a) (Non-Conforming Measures) and 10.6.1(a) (Non-Conforming Measures), does not apply to the non-conforming aspects of the law, regulation, or other measures, as set out in paragraph 3;

(c) **Level of Government** indicates the level of government maintaining the listed measure(s);

(d) **Measures** identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

i. means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

ii. includes any subordinate measure adopted or maintained under the authority of and consistent with the measure; and

(e) **Description** sets out commitments, if any, for liberalization on the date of entry into force of the Agreement, and the remaining non-conforming aspects of the existing measures for which the entry is made.

3. In the interpretation of a Schedule entry, all elements of the entry shall be considered. An entry shall be interpreted in light of the relevant provisions of the Chapters against which the entry is made. To the extent that:

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of that discrepancy.

4. In accordance with Articles 9.13.1 (a) (Non-Conforming Measures) and 10.6.1(a) (Non-Conforming Measures) and subject to Articles 9.13.1(c) and 10.6.1(c), the Articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the non-conforming aspects of the law, regulation, or other measures identified in the **Measures** element of that entry.

5. Where Guatemala maintains a measure that requires that a service provider be a citizen, permanent resident, or resident of its territory as a condition to the provision of a service in its territory, a Schedule entry for that measure taken with respect to Article 10.2 (National Treatment), 10.3 (Most-Favored-Nation Treatment), or 10.5 (Local Presence) shall operate as a Schedule entry with respect to Article 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment), or 9.9 (Performance Requirements) to the extent of that measure.

      (iv) Article 11.5 (Cross-Border Trade); or

      (v) Article 11.8 (Senior Management and Boards of Directors); and

   (c) in Section B, pursuant to Article 11.9 (Non-Conforming Measures), the specific sectors, subsectors, or activities for which Guatemala may maintain existing, or adopt new or more restrictive, measures that do not conform with the obligations imposed by Article 11.2, 11.3, 11.4, 11.5, or 11.8.

2. Each entry in Section A sets out the following elements:

   (a) **Sector** refers to the general sector for which the entry is made;

   (b) **Subsector** refers to the specific sector for which the entry is made;

   (c) **Obligations Concerned** specifies the obligation(s) referred to in subparagraph 1(b) that, pursuant to Article 11.9, do not apply to the listed measure(s);

(a) the **Measures** element is qualified by a liberalization commitment from the **Description** element, if any, or a Specific Commitment from an Annex to the Financial Services Chapter, the **Measures** element as so qualified shall prevail over all other elements; and

(b) the **Measures** element is not so qualified, the **Measures** element shall prevail over all other elements, unless any discrepancy between the **Measures** element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the **Measures** element should prevail, in which case the other elements shall prevail to the extent of the discrepancy.

Where Guatemala maintains a measure that requires that a service supplier be a citizen, permanent resident or resident of its territory as a condition to the provision of a service in its territory, a listing for that measure taken in Annex III with respect to Article 11.2, 11.3, 11.4, or 11.5 shall operate as a non-conforming measure with respect to Articles 9.3 (National Treatment), 9.4 (Most-Favored-Nation Treatment) and 9.9 (Performance Requirements), to the extent of that measure.

7. Appendix III-A refers to certain measures that the Parties consider to be not inconsistent with Article 11.2 (National Treatment) or 11.4 (Market Access for Financial Institutions) or that are subject to Article 11.10 (Exceptions).

*Headnotes:*

1. Commitments in these subsectors under the Agreement are undertaken subject to the limitations and conditions set forth in these headnotes and in Sections A and B below.

2. To clarify Guatemala's commitment with respect to Article 11.4, juridical persons supplying financial services and constituted under the laws of Guatemala are subject to non-discriminatory limitations on juridical form. [1]

[1] For example, in Guatemala, the sociedades de responsabilidad limitada, sociedades en comandita simple, sociedades en comandita por acciones and sociedad colectiva are not acceptable juridical forms for financial institutions. Subsidiaries must be established as Sociedades Anónimas (stock companies). This headnote is not itself intended to affect, or otherwise limit, a choice by a financial institution of another Party between branches, representative offices and subsidiaries.

Without prejudice to Article 11.10 (Exceptions), any measure that Guatemala adopts or maintains in its legislation that is equivalent or has an effect equivalent to the measures set forth in Appendix III-A of Korea, shall not be construed to be inconsistent with Article 11.2 or 11.4.
