# CHAPTER 3
# RULES OF ORIGIN AND ORIGIN PROCEDURES

## Section A: Rules of Origin

### ARTICLE 3.1: ORIGINATING GOODS

Except as otherwise provided in this Chapter, a good shall be treated as originating in a Party where the good is:

(a) wholly obtained or produced entirely in the territory of a Party;

(b) produced entirely in the territory of a Party, exclusively from originating materials under this Chapter; or

(c) produced entirely in the territory of a Party using non-originating materials, satisfying the requirements under Annex 3-A,

and the good shall satisfy all the other applicable requirements of this Chapter.

### ARTICLE 3.2: WHOLLY OBTAINED OR PRODUCED GOODS

For the purposes of Article 3.1(a), the following goods are wholly obtained or produced entirely in the territory of a Party:

(a) live animals born and raised in the territory of a Party;

(b) goods obtained from live animals referred to in subparagraph (a) in the territory of a Party;

(c) goods obtained from hunting, trapping, fishing, aquaculture, gathering or capturing conducted within the land territory, the internal waters or within the territorial sea of a Party;

(d) goods of sea-fishing and other marine products taken from the waters, seabed or subsoil outside the territorial sea of a Party by vessels registered or recorded with a Party and flying the flag of that Party;

(e) goods produced or processed on board factory ships registered or recorded with a Party and flying the flag of that Party, exclusively from goods referred to in subparagraph (d);

(f) plants and plant products grown and harvested, picked, or gathered in the territory of a Party;

(g) mineral goods and other naturally occurring substances extracted from the soil, waters, seabed, or beneath the seabed of a Party;

(h) goods taken or extracted by a Party or a person of a Party from the seabed or beneath the seabed outside the territorial sea of a Party, provided that the Party has rights to exploit such waters, seabed or subsoil;

(i) waste and scrap derived from:

(i) manufacturing operations conducted in the territory of a Party; or

(ii) used goods collected in the territory of a Party, provided that such waste and scrap is fit only for the recovery of raw materials; and

(j) goods produced exclusively from goods specified in subparagraphs (a) through (i).

ARTICLE 3.3: REGIONAL VALUE CONTENT (RVC)

1. The regional value content of a good shall be calculated on the basis of one of the following methods:

(a) Method Based on Value of Non-Originating Materials (Build-down Method)

$$RVC = \frac{FOB - VNM}{FOB} \times 100$$

(b) Method Based on Value of Originating Materials (Build-up Method)

$$RVC = \frac{VOM}{FOB} \times 100$$

where:

RVC is the regional value content, expressed as a percentage;

FOB is the free on board value of the good;

VNM is the value of the non-originating materials; and

VOM is the value of the originating materials.

2. The value of the non-originating materials shall be:

(a) in the case of a material imported directly by the producer of a good, the CIF value at the time of importation of the material;

(b) in the case of a material acquired by the producer in the territory where the good is produced, the transaction value, without considering the costs of freight, insurance, packing, and the other costs incurred in the transportation of the material from the warehouse of the supplier to the place where the producer is; or

(c) in the case of a self-produced material or where the relationship between the producer of the good and the seller of the material influences the price actually paid or payable for the material, the sum of all costs incurred in the production of the material, including general expenses. Additionally, it will be possible to add an amount for profit equivalent to the profit added in the normal course of trade.

3. The values referred to in this Article shall be determined in accordance with the Customs Valuation Agreement.

### ARTICLE 3.4: INTERMEDIATE MATERIALS

When an originating good is used in the subsequent production of another good, no account shall be taken of the non-originating materials contained in the originating good for the purposes of determining the originating status of the subsequently produced good.

### ARTICLE 3.5: NON-QUALIFYING OPERATIONS

1. The following operations shall be considered to be non-qualifying operations to confer the status of originating goods, whether or not the requirements under this Chapter are satisfied:

(a) operations to ensure the preservation of goods in good condition during transport and storage;

(b) changes of packing or breaking-up or assembly of packages;

(c) washing, cleaning, removal of dust, oxide, oil, paint, or other coverings;

(d) ironing or pressing of textiles;

(e) simple painting and polishing operations;

(f) husking, partial or total bleaching, polishing, and glazing of cereals and rice;

(g) simple placing in bottles, cans, flasks, bags, cases, boxes, fixing on cards or boards, and all other simple packing operations;

(h) simple mixing of products, whether or not of different kinds;

(i) simple assembly of parts of articles to constitute a complete article or disassembly of products into parts;

(j) slaughter of animals;

(k) drying, salting (or keeping in brine), refrigeration or freezing;

(l) affixing marks, labels, logos, and other like distinguishing signs on the good or its packaging;

(m) peeling, stoning, and shelling of fruits, nuts, and vegetables;

(n) sharpening, simple grinding, or simple cutting;

(o) sifting, screening, sorting, classifying, grading; or

(p) a combination of two or more operations specified in subparagraphs (a) through (o).

2. The provisions of this Article shall not apply to originating goods produced with originating materials of the Parties.

3. For the purposes of this Article:

(a) **simple** means activities which need neither special skills nor machines, apparatus or equipment especially produced or installed for carrying out the activity; and

(b) **simple mixing** means activities which need neither special skills nor machines, apparatus, or equipment especially produced or installed for carrying out the activity but does not include chemical reaction.

ARTICLE 3.6: ACCUMULATION.

1. Originating goods or materials from the territory of Costa Rica, El Salvador, Honduras, Nicaragua, Panama or Korea, which are used in the territory of Costa Rica, El Salvador, Honduras, Nicaragua, Panama or Korea as a material for a finished good, shall be considered to be originating from the territory of the latter where the working or processing of the finished good has taken place.[1] [2]

2. Korea and at least one of the Republics of Central America may consider the possibility of developing protocols of Rules of Origin for the purposes of accumulating origin with third countries[3] with which both Parties have trade agreements.

[1] For the purposes of implementing paragraph 1, the accumulation of origin shall only be applied between the Republics that have the same Product Specific Rules of Origin.

[2] A Party shall not accumulate goods or materials of a Republic of Central America for which this Agreement has not entered into force.

[3] For greater certainty, "third countries" means any countries other than Korea and the Republics of Central America.

ARTICLE 3.7: DE MINIMIS

A good that does not satisfy a change in tariff classification requirement pursuant to Annex 3-A will nonetheless be considered to be originating if:

(a) for a good, other than that provided for in Chapters 01 through 24 and Chapter 50 through 63 of the HS, the value of all non-originating materials used in the production of the good that did not undergo the required change in tariff classification does not exceed 10 percent of the FOB value of the good;

(b) for a good provided for in Chapters 15 through 24 of the HS, the value of all non-originating materials used in the production of the good that did not undergo the required change in tariff classification does not exceed 10 percent of the FOB value of the good, provided that the non-originating material is provided for in a different subheading from that of the good for which the origin is being determined under this subparagraph; or

(c) for a good provided for in Chapters 50 through 63 of the HS, the weight of all non-originating materials used in its production that did not undergo the required change in tariff classification does not exceed 10 percent of the total weight of the good.

ARTICLE 3.8: FUNGIBLE GOODS OR MATERIALS

1. In determining whether a good or material is originating for the purposes of granting preferential tariff treatment, any fungible goods or materials shall be distinguished by:

(a) physically separating each fungible good or material; or

(b) using any inventory management method, such as averaging, last-in-first-out (LIFO) or first-in-first-out (FIFO), recognized in the generally accepted accounting principles of a Party in which the production is performed or otherwise accepted by the Party in which the production is performed.

2. The inventory management method selected under paragraph 1 for a particular fungible good or material shall continue to be used for that good or material throughout the fiscal year of the person that selected the inventory management method.

ARTICLE 3.9: SETS

A set, as defined in General Rule 3 of the HS, shall be regarded as originating when all the components of the set are originating. Nevertheless, when a set is composed of

originating and non-originating goods, the set as a whole shall be regarded as originating, provided that the value of the non-originating goods does not exceed 15 percent of the total value of the set, determined in accordance with Article 3.3.

### ARTICLE 3.10: ACCESSORIES, SPARE PARTS, AND TOOLS

The origin of the accessories, spare parts, or tools delivered with a good at the time of importation:

(a) shall be disregarded if the good is subject to a change in tariff classification requirement; and

(b) shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good, if the good is subject to a regional value content requirement,

provided that:

(a) the accessories, spare parts, or tools are not invoiced separately from the good, regardless of whether they appear specified or separately identified in the invoice itself; and

(b) the quantities and value of the accessories, spare parts, or tools are customary for the good.

### ARTICLE 3.11: PACKAGING MATERIALS AND CONTAINERS FOR RETAIL SALE

1. Where packaging materials and containers are classified with a good, the origin of the packaging materials and containers in which the good is packaged for retail sale, shall be disregarded in determining the origin of the good, provided that:

(a) the good is wholly obtained or produced entirely in the territory of a Party as set out in Article 3.1(a);

(b) the good is produced exclusively from originating materials, as set out in Article 3.1(b); or

(c) the good is subject to a change in tariff classification requirement set out in Annex 3-A.

2. Where a good is subject to a regional value content requirement, the value of the packaging materials and containers used for retail sale shall be taken into account when determining the origin of the good.

### ARTICLE 3.12: PACKING MATERIALS AND CONTAINERS FOR SHIPMENT

Packing materials and containers used to protect a good during its transportation shall

not be taken into account when determining the origin of the good.

ARTICLE 3.13: INDIRECT MATERIALS

1. For the purposes of determining whether a good is originating, the origin of the indirect materials defined in paragraph 2 shall not be taken into account.

2. Indirect materials means articles used in the production of a good which are neither physically incorporated into it, nor form part of it, including:

(a) fuel, energy, catalysts, and solvents;

(b) equipment, devices, and supplies used for testing or inspecting the goods;

(c) gloves, glasses, footwear, clothing, safety equipment, and supplies;

(d) tools, dies, and molds;

(e) spare parts and materials used in the maintenance of equipment and buildings;

(f) lubricants, greases, compounding materials, and other materials used in production or used to operate equipment and buildings; and

(g) any other goods that are not incorporated into the good but whose use in the production of the good can reasonably be demonstrated to be a part of that production.

ARTICLE 3.14 DIRECT TRANSPORT

1. A good shall be transported directly from the exporting Party to the importing Party to maintain its originating status.

2. Notwithstanding paragraph 1, the good shall be considered to be transported directly from the exporting Party to the importing Party if the good whose transport involves transit through one or more Parties or non-Parties, with or without trans-shipment or temporary storage there, provided that:

(a) the good is under control of the customs authority; and

(b) the good does not undergo any operation there other than unloading and reloading, repacking, or any operation required to keep them in good condition.

3. Evidence that the conditions set out in paragraph 2 have been fulfilled shall be supplied to the customs authorities of the importing Party by the production of:

(a) a single transport document covering the passage from the exporting

Party through the country of transit;

(b) a transport document covering the passage from the country of transit to the importing Party and certification issued by the customs authorities of the country of transit containing the following:

(i) an exact description of the products;

(ii) the dates of unloading and reloading of the products and, where applicable, the names of the ships, or the other means of transport used; and

(iii) the conditions under which the products remained in the transit country; or

(c) failing these, any substantiating documents to the satisfaction of the customs authority of the importing Party, to be agreed by the Parties at the Committee on Rules of Origin and Origin Procedures, and Customs Procedures and Trade Facilitation, established in Chapter 4 (Customs Procedures and Trade Facilitation).

ARTICLE 3.15: OUTWARD PROCESSING

Notwithstanding Article 3.1, certain goods shall be considered to be originating even if they have undergone working or processing outside Korea, on materials exported from Korea and subsequently re-imported there, provided that the working or processing is done in the areas designated by the Parties pursuant to Annex 3-B.

ARTICLE 3.16: RE-EXPORTATION OF GOODS[4]

1. Korea and the Republics of Central America recognize a certificate of re-exportation of goods issued by a Party certifying the control and supervision of goods that came from a non-Party to this Agreement and were subsequently re-exported to the other Party from a free zone[5] located in the territory of the re-exporting Party. The originating status of such goods shall be decided by the trade agreement in force between the non-Party and the other Party.

2. For the purposes of the application of paragraph 1, it is required that:

(a) in the free zone of a Party, the goods have not been subject to transformation processes that have changed their originating status, and the goods have remained under the control and supervision of the customs authorities; and

[4] For greater certainty, this Article shall apply only between Korea and the Republics of Central America and not between the Republics of Central America as referred to in Chapter 1 (Initial Provisions and General Definitions), Article 1.5 (Scope).

[5] The free zone shall be located within Korea or the Republics of Central America.

(b) the operations[6] carried out on the goods shall be specified in the certificate of re-exportation issued by the customs authority of the free zone in the territory of a Party.

## Section B: Origin Procedures

ARTICLE 3.17: CERTIFICATE OF ORIGIN

1. Each Party shall grant preferential tariff treatment in accordance with this Agreement to an originating good imported from the territory of the other Party on the basis of a Certificate of Origin.

2. For the purposes of this Chapter, the Parties established a single format of Certificate of Origin as set out in Annex 3-C, which shall enter into force with this Agreement and may thereafter be modified by the Joint Committee.

3. In order to obtain preferential tariff treatment, an importer shall, in accordance with the procedures applicable in the importing Party, request preferential tariff treatment at the time of importation of an originating good.

4. A Certificate of Origin which certifies that a good being exported from the territory of a Party into the territory of the other Party qualifies as originating shall:

(a) be in a printed format or such other medium, including electronic format, to be agreed by the Parties; and

(b) be completed in English.

5. Each Party shall:

(a) require an exporter or producer in its territory to complete and sign a Certificate of Origin for any exportation of a good for which an importer may claim preferential tariff treatment upon importation of the good into the territory of the other Party; and

(b) provide that where an exporter in its territory is not the producer of the good, the exporter may complete and sign a Certificate of Origin on the basis of:

(i) its knowledge that the good qualifies as originating;

[6] For greater certainty and for the purposes of this Article, such operations may include logistical operations allowed under the trade agreement between a Party and a non-Party, such as transshipment, unloading, storage, deconsolidation or splitting of shipments, invoicing, reloading, repacking, labeling, packaging or consolidation, or any other operation that does not transform or change the originating status of the goods.

(ii) its reasonable reliance on the producer's written representation that the good qualifies as an originating; or

(iii) a completed and signed Certificate of Origin for the good voluntarily provided to the exporter by the producer.

6. A Certificate of Origin, duly completed and signed by an exporter or producer in a Party, may apply to:

(a) a single shipment of one or more goods into the territory of the other Party; or

(b) multiple shipments of identical goods to the same importer within any period specified in the Certificate of Origin, not exceeding one year from its date of issuance.

ARTICLE 3.18: WAIVER OF CERTIFICATE OF ORIGIN

A Certificate of Origin shall not be required where:

(a) the customs value of the importation does not exceed 1,000 US dollars or the equivalent amount in the currency of the importing Party, or such higher amount as may be established by the importing Party, unless the importing Party considers the importation to be carried out or planned for the purposes of evading compliance with the Party's laws governing claims for preferential tariff treatment under this Agreement; or

(b) it is a good for which the importing Party does not require the importer to present a Certificate of Origin demonstrating origin.

ARTICLE 3.19: VALIDITY OF CERTIFICATE OF ORIGIN

1. A Certificate of Origin shall be valid for one year from its date of signature in the exporting Party.

2. Certificates of Origin which are submitted to the customs authorities of the importing Party after the final date for presentation specified in paragraph 1 may be accepted for the purposes of applying preferential tariff treatment, where the failure to submit these documents by the final date set is due to natural disasters.

ARTICLE 3.20: CLAIMS FOR PREFERENTIAL TARIFF TREATMENT

1. Except as otherwise provided for in this Chapter, each Party shall require an importer in its territory that claims preferential tariff treatment to:

(a) make a written statement in the customs declaration, based on a valid Certificate of Origin, indicating that the good qualifies as originating;

(b) have in its possession the Certificate of Origin at the time the statement referred to in subparagraph (a) is made;

(c) have in its possession the documents which certify that the requirements established in Article 3.14 have been met, where applicable; and

(d) submit the valid Certificate of Origin, as well as documents referred to in subparagraph (c) to the customs authority, where it is required.

2. Where an importer has a reason to believe that a Certificate of Origin on which a statement was based contained incorrect information, the importer shall make a corrected statement and pay any customs duty owed, in accordance with the legislation of each Party.

3. Where an importer does not comply with any requirements under this Chapter, preferential tariff treatment shall be denied to the goods imported from the territory of the exporting Party.

4. Where the customs authority of the importing Party has reason to believe that a good imported into its territory is not originating or does not comply with the requirements established in this Chapter, the customs authority of the importing Party shall not impede the release of the good, and shall proceed in accordance with its relevant legislation.

### ARTICLE 3.21: POST-IMPORTATION CLAIMS FOR PREFERENTIAL TARIFF TREATMENT

Where a good was originating when it was imported into the territory of the importing Party, but the importer of the good did not claim preferential tariff treatment at the time of importation, that importer may, within one year following the date of importation, claim preferential tariff treatment and apply for a refund of any excess duties paid as a result of the good not having been accorded preferential tariff treatment, upon presentation to the importing Party of:

(a) a written or electronic declaration or statement, in accordance with the legislation of the importing Party, that the good was originating at the time of importation;

(b) an original Certificate of Origin demonstrating that the good was originating; and

(c) such other documents related to the importation of the good as the importing Party may require.

### ARTICLE 3.22: RECORD KEEPING REQUIREMENTS

1. The records that may be used to prove that a good covered by a Certificate of Origin is originating and has fulfilled other requirements under this Chapter include, but

are not limited to:

(a) documents related to the purchase of, cost of, value of, and payment for, the exported good;

(b) documents related to the purchase of, cost of, value of, and payment for, all materials including indirect materials, used in the production of the exported good;

(c) documents related to the production of the good in the form in which it was exported; and

(d) such other documents as the Parties may agree.

2. An exporter or producer in the territory of the exporting Party that completes and signs a Certificate of Origin shall keep for five years from the date of issuance of the Certificate of Origin, the records referred to in paragraph 1.

3. An importer claiming preferential tariff treatment for a good imported into the territory of a Party shall keep for a period specified in legislation of the importing Party from the date of importation of the good, the records related to the importation, including a copy of the Certificate of Origin.

4. An importer, exporter, or producer may choose to keep the records referred to in paragraph 1 in any medium that allows for prompt retrieval, including, but not limited to, a digital, electronic, optical, magnetic, or written form.

### ARTICLE 3.23: DISCREPANCIES AND FORMAL ERRORS

1. Where the competent authority of the importing Party determines that a Certificate of Origin is illegible, has errors, omissions, deletions, erasures, amendments, has writing between the lines, or has not been filled in accordance with Article 3.17, it shall grant the importer, a one-time opportunity to present a new certificate within the next 45 days of the notification of the rejection of said certificate. The new Certificate of Origin shall be valid for the remainder of the period established in the original Certificate of Origin.

2. Orthographic and typing errors in a Certificate of Origin shall not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

### ARTICLE 3.24: VERIFICATION

1. For the purposes of determining whether a good imported into the territory of a Party from the territory of the other Party qualifies as originating, the competent authority of the importing Party may conduct a verification by means of:

(a) written requests for additional information from the importer;

(b) written requests for additional information from the exporter or producer;

(c) requests that the competent authority of the exporting Party assists in verifying the origin of the good;

(d) verification visits to the premises of an exporter or producer in the territory of the other Party, along with officials of the competent authority of the other Party to review the facilities, the production processes of the good and the records referred to in Article 3.22, including accounting files; or

(e) any other means agreed by the Parties.

2. Requests made under paragraph 1 by the competent authority of the importing Party shall be in English. All the information provided in response to said requests shall be in English or in the official language of the importing Party, based on the choice of the exporter or producer.

3. For the purposes of paragraphs 1(a) and 1(b),

(a) the written request for additional information made by the importing Party will indicate that the time period the importer, exporter, or producer has to provide the information and documentation required will be 30 days from the date of the receipt of the written request or for such a longer period as the Parties may agree; and

(b) where an exporter or producer fails to provide the information and documentation required within the period referred to in subparagraph (a), the importing Party may deny preferential tariff treatment to the good in question after providing at least a 30-day written notice to the importer, exporter or producer to provide written comments or additional information that will be taken into account prior to completing the verification.

4. Where the competent authority of the importing Party requests assistance under paragraph 1(c):

(a) it shall provide the competent authority of the exporting Party with:

(i) the reasons why such assistance for verification is requested;

(ii) the Certificate of Origin of the good or a copy thereof; and

(iii) any information and documents as may be necessary for the purposes of such request;

(b) the competent authority of the exporting Party shall provide the competent authority of the importing Party with a written statement in English, including facts and findings, and any supporting documents

made available by the exporter or producer. This statement shall indicate clearly whether the documents are authentic and whether the good concerned is originating and has fulfilled other requirements under this Chapter. If the good can be considered to be originating, the statement shall include a detailed explanation of how the good obtained the originating status; and

(c) in case where the competent authority of the exporting Party fails to provide the written statement within 150 days following the date of the receipt of the request or where the written statement provided does not contain sufficient information, the importing Party may deny preferential tariff treatment to the relevant good.

5. Where the competent authority of the importing Party intends to conduct verification under paragraph 1(d):

(a) it shall notify in writing, 30 days prior to the verification visit, the exporter or producer of such a request, and provide a copy of the said notification to the competent authority of the exporting Party. In case where the exporter or producer does not give its written consent to such a request within 30 days following the date of the receipt of the notification, the importing Party may deny preferential tariff treatment to the relevant good; and

(b) when the exporter or producer agrees to the request of verification visit but needs to postpone the proposed verification visit, the competent authority of the importing Party shall be notified together with the approval of the verification visit. Such postponement shall not exceed 60 days from the proposed date of the verification visit.

6. The importing Party shall, within one year following the initiation of the verification, notify the importer and the exporter or producer, in writing, of the determination whether the good is originating, as well as factual findings and the legal basis for the determination. In necessary cases and for one time only, the period referred to above may be extended by up to 90 days. This extension shall be notified to the importer, exporter or producer, and the competent authority of the exporting Party.

7. A Party may suspend preferential tariff treatment to an importer on any subsequent import of a good when the competent authority of the Party had already determined that an identical good was not eligible for such treatment, until it is demonstrated that the good complies with the requirements under this Chapter.

8. A Party may provide electronically to the other Party all the information requested under this Article, including supporting documents and all other related information.

## ARTICLE 3.25: DENIAL OF PREFERENTIAL TARIFF TREATMENT

Except otherwise provided in Article 3.23 or any other of this Chapter, the importing

Party may deny a claim for preferential tariff treatment or recover unpaid duties, in accordance with its laws and regulations, where:

(a) the good does not meet the requirements of this Chapter; or

(b) the exporter, producer, or importer of the good fails or has failed to comply with any of the applicable requirements for obtaining preferential tariff treatment.

ARTICLE 3.26: UNIFORM REGULATIONS

The Parties shall establish Uniform Regulations regarding the interpretation, application and administration of this Chapter and other matters agreed by the Parties.

ARTICLE 3.27: THIRD COUNTRY INVOICING

The customs authority in the importing Party shall not reject a Certificate of Origin only for the reason that the invoice is issued by a person located outside the territory of the exporting Party.

## ANNEX 3-A
## PRODUCT SPECIFIC RULES OF ORIGIN

### Part I – General Interpretative Notes

1. For the purposes of interpreting the rules of origin set forth in this Annex:

   (a) the specific rule, or specific set of rules, that applies to a particular heading or subheading is set out immediately adjacent to the heading or subheading;

   (b) the requirement of a change in tariff classification applies only to non-originating materials;

   (c) where a specific rule of origin is defined using the criterion of a change in tariff classification, the rule will be considered to be met only if each of the non-originating materials used in the production of the good has undergone the change in tariff classification;

   (d) where a specific rule of origin is defined using the criterion of a change in tariff classification, and it is written to exclude tariff provisions at the level of a chapter, heading, or subheading of the HS, it shall be construed to mean that the rule of origin requires that materials classified in those excluded provisions be originating for the good to qualify as originating; and

   (e) when a heading or subheading is subject to alternative specific rules of origin, the rule will be considered to be met if a good satisfies one of the alternatives.

2. For the purposes of this Annex:

**chapter** means a chapter of the HS;

**chemical reaction** means a process (including a biochemical process) which results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule;

**heading** means the first four digits in the tariff classification number under the HS;

**section** means a section of the HS; and

**subheading** means the first six digits in the tariff classification number under the HS.

2009.81-2009.89
A change to subheading 2009.81 through 2009.89 from any other subheading; or
No change in tariff classification is required, provided that there is a regional value content of not less than 20 percent under the build-down method.

2009.90
A change to subheading 2009.90 from any other subheading.

**Chapter 21**
**Miscellaneous Edible Preparations**

2101.11-2101.12
A change to subheading 2101.11 through 2101.12 from any other chapter, except from heading 09.01.

2101.20
A change to subheading 2101.20 from any other chapter.

2101.30-2103.30
A change to subheading 2101.30 through 2103.30 from any other heading.

2103.90
A change to subheading 2103.90 from any other subheading.

2104.10-2104.20
A change to subheading 2104.10 through 2104.20 from any other heading.

2105.00
A change to subheading 2105.00 from any other chapter, except from chapter 4 or heading 19.01.

2106.10
A change to subheading 2106.10 from any other heading.

2106.90
A change to subheading 2106.90 from any other heading, except from 17.01.

**Chapter 22**
**Beverages, Spirits and Vinegar**

2201.10-2201.90
A change to subheading 2201.10 through 2201.90 from any other chapter.

2202.10
A change to subheading 2202.10 from any other chapter, except from chapter 17.

2202.90
A change to subheading 2202.90 from any other chapter, except from chapter 4, subheading 1211.20 or ginseng products of subheading 1302.19.

2203.00-2206.00
A change to subheading 2203.00 through 2206.00 from any other heading.

2207.10-2207.20
A change to subheading 2207.10 through 2207.20 from any other chapter, except from heading 10.05 or 17.03.

2208.20-2208.30
A change to subheading 2208.20 through 2208.30 from any other chapter.

2208.40
A change to subheading 2208.40 from any other chapter, except from heading 17.03.

2208.50-2208.60
A change to subheading 2208.50 through 2208.60 from any other chapter.

2208.70
A change to subheading 2208.70 from any other chapter, except from heading 17.03.

2208.90
A change to subheading 2208.90 from any other subheading.

2209.00
A change to subheading 2209.00 from any other heading.

**Chapter 23**
**Residues and Waste from the Food Industries; Prepared Animal Fodder**

2301.10-2309.90
A change to subheading 2301.10 through 2309.90 from any other chapter.

**Chapter 24**
**Tobacco and Manufactured Tobacco Substitutes**

2401.10-2401.30
All the products of subheading 2401.10 through 2401.30 shall be Wholly Obtained.

2402.10-2403.99
A change to subheading 2402.10 through 2403.99 from any other heading.

**Section V**
**Mineral Products (Chapter 25-27)**

**Chapter 25**
**Salt; Sulphur; Earths and Stone; Plastering Materials, Lime and Cement**

2501.00
All the products of subheading 2501.00 shall be Wholly Obtained.

2502.00-2520.10
A change to subheading 2502.00 through 2520.10 from any other heading.

2520.20
A change to subheading 2520.20 from any other heading; or
No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

2521.00-2522.30
A change to subheading 2521.00 through 2522.30 from any other heading.

2523.10-2523.90
A change to subheading 2523.10 through 2523.90 from any other chapter.

2524.10-2530.90
A change to subheading 2524.10 through 2530.90 from any other heading.

**Chapter 26**
**Ores, Slag and Ash**

2601.11-2621.90
A change to subheading 2601.11 through 2621.90 from any other heading.

**Chapter 27**
**Mineral Fuels, Mineral Oils and Products of their Distillation; Bituminous Substances; Mineral Waxes**

2701.11-2708.20
A change to subheading 2701.11 through 2708.20 from any other heading.

2709.00-2710.12
A change to subheading 2709.00 through 2710.12 from any other subheading.

2710.19
A change to lubricating oils of subheading 2710.19 within or out of subheading 2710.19; or
A change to any other good of subheading 2710.19 from any other subheading.

2710.20-2710.99
A change to subheading 2710.20 through 2710.99 from any other subheading.

2711.11-2711.14
A change to subheading 2711.11 through 2711.14 from any other heading.

2711.19
A change to subheading 2711.19 from any other subheading.

2711.21
A change to subheading 2711.21 from any other heading.

2711.29-2715.00
A change to subheading 2711.29 through 2715.00 from any other subheading.

2716.00
A change to subheading 2716.00 from any other heading.

**Section VI**
**Products of the Chemical or Allied Industries (Chapter 28-38)**

**Note 1:**
A good of any chapter or heading in Section VI that satisfies one or more of Rules 1 through 7 of this Section shall be treated as an originating good, except as otherwise specified in those rules.

**Note 2:**
Notwithstanding Note 1, a good is an originating good if it meets the applicable change in tariff classification or satisfies the applicable value content requirement specified in the rules of origin in this Section.

**Rule 1: Chemical Reaction Origin**

A good of Chapters 28 through 38, except goods of heading 38.23, that results from a chemical reaction in the territory of one or both of the Parties shall be treated as an originating good.

**Note:**
For purposes of this section, a "chemical reaction" is a process (including a biochemical process) that results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule.

The following are not considered to be chemical reactions for the purpose of

determining whether a good is an originating good:

(a) dissolution in water or in another solvent;

(b) the elimination of solvents including solvent water; or

(c) the addition or elimination of water of crystallization.

**Rule 2: Purification**

A good of Chapters 28 through 38 that is subject to purification shall be treated as an originating good provided that the purification occurs in the territory of one or both of the Parties and results in the following:

(a) the elimination of not less than 80 percent of the impurities; or

(b) the reduction or elimination of impurities resulting in a good suitable:

(i) as a pharmaceutical, medicinal, cosmetic, veterinary, or food grade substance;

(ii) as a chemical product or reagent for analytical, diagnostic, or laboratory uses;

(iii) as an element or component for use in micro-elements;

(iv) for specialized optical uses;

(v) for non-toxic uses for health and safety;

(vi) for biotechnical use;

(vii) as a carrier used in a separation process; or

(viii) for nuclear grade uses.

**Rule 3: Mixtures and Blends**

A good of Chapters 30, 31, or 33 through 38, except for heading 38.08, shall be treated as an originating good if the deliberate and proportionally controlled mixing or blending (including dispersing) of materials to conform to predetermined specifications, resulting in the production of a good having different essential physical or chemical characteristics that are relevant to the purposes or uses of the good and are different from the input materials, occurs in the territory of one or both of the Parties.

**Rule 4: Change in Particle Size**

A good of Chapters 30, 31, or 33, shall be treated as an originating good if the deliberate and controlled modification in particle size of the good, including micronizing by dissolving a polymer and subsequent precipitation, other than by merely crushing or

pressing, resulting in a good having a defined particle size, defined particle size distribution, or defined surface area, which is relevant to the purposes of the resulting good and having different essential physical or chemical characteristics from the input materials, occurs in the territory of one or both of the Parties.

**Rule 5: Standards Materials**

A good of Chapters 28 through 38 shall be treated as an originating good if the production of standards materials occurs in the territory of one or both of the Parties.

For purposes of this rule, "standards materials" (including standard solutions) are preparations suitable for analytical, calibrating, or referencing uses, having precise degrees of purity or proportions that are certified by the manufacturer.

**Rule 6: Isomer Separation**

A good of Chapters 28 through 38 shall be treated as an originating good if the isolation or separation of isomers from mixtures of isomers occurs in the territory of one or both of the Parties.

**Rule 7: Separation Prohibition**

A good of Chapters 28 through 38 that undergoes a change from one classification to another in the territory of one or more of the Parties as a result of the separation of one or more materials from a man-made mixture shall not be treated as an originating good unless the isolated material underwent a chemical reaction in the territory of one or both of the Parties.

**Chapter 28**
**Inorganic Chemicals; Organic or Inorganic Compounds of Precious Metals, of Rare-Earth Metals, of Radioactive Elements or of Isotopes**

2801.10-2805.40
A change to subheading 2801.10 through 2805.40 from any other subheading.

2806.10
A change to subheading 2806.10 from any other heading.

2806.20-2809.20
A change to subheading 2806.20 through 2809.20 from any other subheading.

2810.00
A change to subheading 2810.00 from any other heading.

2811.11-2815.11
A change to subheading 2811.11 through 2815.11 from any other subheading.

2815.12
A change to subheading 2815.12 from any other heading.

2815.20-2853.00
A change to subheading 2815.20 through 2853.00 from any other subheading.

**Chapter 29**
**Organic Chemicals**

2901.10 - 2901.24
A change to subheading 2901.10 through 2901.24 from any other heading.

2901.29
A change to subheading 2901.29 from any other subheading.

2902.11
A change to subheading 2902.11 from any other heading.

2902.19
A change to subheading 2902.19 from any other subheading.

2902.20 - 2902.70
A change to subheading 2902.20 through 2902.70 from any other heading.

2902.90 - 2903.12
A change to subheading 2902.90 through 2903.12 from any other subheading.

2903.13
A change to subheading 2903.13 from any other heading.

2903.14
A change to subheading 2903.14 from any other subheading.

2903.15
A change to subheading 2903.15 from any other heading.

2903.19
A change to subheading 2903.19 from any other subheading.

2903.21
A change to subheading 2903.21 from any other heading.

2903.22-2904.90
A change to subheading 2903.22 through 2904.90 from any other subheading.

2905.11 -2905.16
A change to subheading 2905.11 through 2905.16 from any other heading.

2905.17
A change to subheading 2905.17 from any other subheading.

2905.19
A change to subheading 2905.19 from any other heading.

2905.22 - 2905.29
A change to subheading 2905.22 through 2905.29 from any other subheading.

2905.31-2905.32
A change to subheading 2905.31 through 2905.32 from any other heading.

2905.39-2906.29
A change to subheading 2905.39 through 2906.29 from any other subheading.

2907.11
A change to subheading 2907.11 from any other heading.

2907.12-2907.13
A change to subheading 2907.12 through 2907.13 from any other subheading.

2907.15
A change to subheading 2907.15 from any other heading.

2907.19-2907.21
A change to subheading 2907.19 through 2907.21 from any other subheading.

2907.22-2907.23
A change to subheading 2907.22 through 2907.23 from any other heading.

2907.29
A change to subheading 2907.29 from any other subheading.

2908.11-2908.91
A change to subheading 2908.11 through 2908.91 from any other heading.

2908.92
A change to subheading 2908.92 from any other subheading.

2908.99-2909.30
A change to subheading 2908.99 through 2909.30 from any other heading.

2909.41
A change to subheading 2909.41 from any other subheading.

2909.43-2909.44
A change to subheading 2909.43 through 2909.44 from any other heading.

2909.49-2910.10
A change to subheading 2909.49 through 2910.10 from any other subheading.

2910.20-2910.40
A change to subheading 2910.20 through 2910.40 from any other heading.

2910.90

A change to subheading 2910.90 from any other subheading.

2911.00-2912.11
A change to subheading 2911.00 through 2912.11 from any other heading.

2912.12-2912.50
A change to subheading 2912.12 through 2912.50 from any other subheading.

2912.60
A change to subheading 2912.60 from any other heading.

2913.00
A change to subheading 2913.00 from any other subheading.

2914.11
A change to subheading 2914.11 from any other heading.

2914.12-2914.19
A change to subheading 2914.12 through 2914.19 from any other subheading.

2914.22
A change to subheading 2914.22 from any other heading.

2914.23-2915.13
A change to subheading 2914.23 through 2915.13 from any other subheading.

2915.21
A change to subheading 2915.21 from any other heading.

2915.24-2915.29
A change to subheading 2915.24 through 2915.29 from any other subheading.

2915.31-2915.32
A change to subheading 2915.31 through 2915.32 from any other heading.

2915.33-2915.36
A change to subheading 2915.33 through 2915.36 from any other subheading.

2915.39
A change to subheading 2915.39 from any other heading.

2915.40-2916.11
A change to subheading 2915.40 through 2916.11 from any other subheading.

2916.12-2916.13
A change to subheading 2916.12 through 2916.13 from any other heading.

2916.14-2917.13
A change to subheading 2916.14 through 2917.13 from any other subheading.

2917.14
A change to subheading 2917.14 from any other heading.

2917.19-2917.34
A change to subheading 2917.19 through 2917.34 from any other subheading.

2917.35-2917.39
A change to subheading 2917.35 through 2917.39 from any other heading.

2918.11-2928.00
A change to subheading 2918.11 through 2928.00 from any other subheading.

2929.10
A change to subheading 2929.10 from any other heading.

2929.90-2935.00
A change to subheading 2929.90 through 2935.00 from any other subheading.

2936.21-2942.00
A change to subheading 2936.21 through 2942.00 from any other heading.

**Chapter 30**
**Pharmaceutical Products**

3001.20-3003.40
A change to subheading 3001.20 through 3003.40 from any other heading.

3003.90
A change to subheading 3003.90 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

3004.10-3004.90
A change to subheading 3004.10 through 3004.90 from any other heading, except from heading 30.03.

3005.10
A change to subheading 3005.10 from any other heading.

3005.90
A change to subheading 3005.90 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

3006.10-3006.92
A change to subheading 3006.10 through 3006.92 from any other heading.

**Chapter 31**

**Fertilizers**

3101.00
A change to subheading 3101.00 from any other heading.

3102.10
A change to subheading 3102.10 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 50 percent under the build-down method.

3102.21-3105.10
A change to subheading 3102.21 through 3105.10 from any other heading.

3105.20
A change to subheading 3105.20 from any other subheading.

3105.30-3105.40
A change to subheading 3105.30 through 3105.40 from any other heading.

3105.51-3105.90
A change to subheading 3105.51 through 3105.90 from any other subheading.

**Chapter 32**
**Tanning or Dyeing Extracts; Tannins and Their Derivatives; Dyes, Pigments and Other Coloring Matter; Paints and Varnishes; Putty and Other Mastics; Inks**

3201.10-3203.00
A change to subheading 3201.10 through 3203.00 from any other subheading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 30 percent under the build-down method.

3204.11-3204.90
A change to subheading 3204.11 through 3204.90 from any other subheading.

3205.00-3206.50
A change to subheading 3205.00 through 3206.50 from any other subheading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 30 percent under the build-down method.

3207.10
A change to subheading 3207.10 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 30 percent under the build-down method.

3207.20
A change to subheading 3207.20 from any other heading.

3207.30
A change to subheading 3207.30 from any other subheading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 30 percent under the build-down method.

3207.40
A change to subheading 3207.40 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 30 percent under the build-down method.

3208.10-3208.90
A change to subheading 3208.10 through 3208.90 from any other subheading.

3209.10-3209.90
A change to subheading 3209.10 through 3209.90 from any other heading.

3210.00
A change to subheading 3210.00 from any other heading, except from heading 32.09.

3211.00
A change to subheading 3211.00 from any other heading.

3212.10-3215.90
A change to subheading 3212.10 through 3215.90 from any other subheading.

**Chapter 33**
**Essential Oils and Resinoids; Perfumery, Cosmetic or Toilet Preparations**

3301.12-3301.30
A change to subheading 3301.12 through 3301.30 from any other subheading.

3301.90
A change to subheading 3301.90 from any other heading.

3302.10
A change to subheading 3302.10 from any other subheading.

3302.90
A change to subheading 3302.90 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

3303.00-3305.90
A change to subheading 3303.00 through 3305.90 from any other heading.

3306.10-3306.90

A change to subheading 3306.10 through 3306.90 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

3307.10-3307.30
A change to subheading 3307.10 through 3307.30 from any other heading.

3307.41-3307.90
A change to subheading 3307.41 through 3307.90 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

**Chapter 34**
**Soap, Organic Surface-active Agents, Washing Preparations, Lubricating Preparations, Artificial Waxes, Prepared Waxes, Polishing or Scouring Preparations, Candles and Similar Articles, Modeling Pastes, Dental Waxes and Dental Preparation with a Basis of Plaster**

3401.11-3401.20
A change to subheading 3401.11 through 3401.20 from any other heading.

3401.30
A change to subheading 3401.30 from any other heading, except from heading 34.02.

3402.11-3402.19
A change to subheading 3402.11 through 3402.19 from any other subheading.

3402.20
A change to subheading 3402.20 from any other subheading, except from subheading 3402.90 or alkylarylsulfonic acid soluble salts of subheading 3402.11.

3402.90
A change to subheading 3402.90 from any other subheading.

3403.11-3404.90
A change to subheading 3403.11 through 3404.90 from any other heading.

3405.10-3405.90
A change to subheading 3405.10 through 3405.90 from any other subheading.

3406.00
A change to subheading 3406.00 from any other heading.

3407.00
A change to subheading 3407.00 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

**Chapter 35**
**Albuminoidal Substances; Modified Starches; Glues; Enzymes**

3501.10-3501.90
A change to subheading 3501.10 through 3501.90 from any other subheading.

3502.11-3502.19
A change to subheading 3502.11 through 3502.19 from any other heading.

3502.20-3502.90
A change to subheading 3502.20 through 3502.90 from any other subheading.

3503.00
A change to subheading 3503.00 from any other heading; or

No change in tariff classification is required, provided that there is a regional value content of not less than 40 percent under the build-down method.

3504.00
A change to subheading 3504.00 from any other heading.

3505.10-3506.99
A change to subheading 3505.10 through 3506.99 from any other subheading.

3507.10-3507.90
A change to subheading 3507.10 through 3507.90 from any other heading.

**Chapter 36**
**Explosives; Pyrotechnic Products; Matches; Pyrophoric Alloys; Certain Combustible Preparations**

3601.00-3605.00
A change to subheading 3601.00 through 3605.00 from any other heading.

## ANNEX 3-B
## COMMITTEE ON OUTWARD PROCESSING ZONES ON THE KOREAN PENINSULA

1. Recognizing Korea's constitutional mandate and security interests, and the Parties' commitment to promoting peace and prosperity on the Korean Peninsula, and the importance of intra-Korean economic cooperation toward that global goal, a Committee on Outward Processing Zones on the Korean Peninsula (hereinafter referred to as the "Committee") is established.

2. The Committee shall be comprised of officials of the Parties. The Committee shall meet within a year after the date of entry into force of this Agreement and at least once a year thereafter, or at any time as mutually agreed.

3. The Committee shall review the conditions on the Korean Peninsula and identify geographic areas that may be designated as outward processing zones. The Committee shall also establish criteria to determine the originating status in the outward processing zones.

Instructions for Completing the Certificate of Origin

Field 1: State the full legal name, address (including city and country), telephone number, fax number (optional), and e-mail address of the exporter.

Field 2: Complete this Field if the Certificate covers multiple shipments of identical goods as described in Field 5 that are imported into a Party by the same importer for a specified period of up to one year (blanket period). "FROM" is the date upon which the Certificate becomes applicable to the good covered by the blanket Certificate (it may be earlier than the date this Certificate is signed). "TO" is the date upon which the blanket period expires, which shall not be greater than a year from the date of signature. The shipment of a good for which preferential tariff treatment is claimed based on this Certificate must occur between these dates.

Field 3: If one producer, state the full legal name, address (including city and country), telephone number, and e-mail address of said producer. If more than one producer is included on the Certificate, state "VARIOUS" and attach a list of all producers, including their legal names, addresses (including city and country), telephone numbers, and e-mail addresses cross-referenced to the good(s) described in Field 5. If you wish this information to be confidential, it is acceptable to state "AVAILABLE UPON REQUEST".

Field 4: State the full legal name, address (including city and country), telephone number, fax number (optional), and e-mail address of the importer.

Field 5: Provide a full description of each good. The description should contain sufficient detail to relate it to the invoice description and to the Harmonized System (HS) description of the good.
If the Certificate covers a single shipment, indicate the invoice number as shown in the commercial invoice. If not known, indicate another unique reference number, such as the shipping order number, purchase order number, or any other number that can be used to identify the goods. However, in the event that the good has been invoiced by a person located outside of the territory of the exporting Party, the inclusion of the previous information shall be optional.

Field 6: For each good described in Field 5, identify the HS tariff classification to six digits.

Field 7: For each good described in Field 5, state which criterion (A through D) is applicable (select one). The rules of origin are contained in Chapter 3 (Rules of Origin and Origin Procedures) and Annex 3-A (Product Specific Rules of Origin).

Origin Criteria

A The good is "wholly obtained or produced entirely" in the territory of one Party, as referred to in Article 3.1 (Originating Goods).

B The good is produced entirely in the territory of one Party exclusively from originating materials as referred to in Article 3.1 (Originating Goods).

C The good is produced entirely in the territory of one Party and satisfies the specific rule of origin, set out in Annex 3-A. (Product Specific Rules of Origin), as referred to in Article 3.1 (Originating Goods).

D The goods subject to Article 3.15 (Outward Processing).

Field 8: For each good described in Field 5, state "YES" if you are the producer of the good. If you are not the producer of the good, state "NO" followed by (1), (2), or (3), depending on whether this Certificate was based upon: (1) your knowledge of whether the good qualifies as originating; (2) your reliance on the producer's written representation (other than a Certificate of Origin) that the good qualifies as originating; or (3) a completed and signed Certificate for the good, voluntarily provided to the exporter by the producer.

Field 9: For each good described in Field 5, where the good is subject to a regional value content (RVC) requirement, indicate "BD" if the RVC is calculated according to the build-down method, or "BU" if the RVC is calculated in accordance with the build-up method. (Reference: Article 3.3 (Regional Value Content (RVC))).

Field 10: Identify the name of the country of origin for all originating goods, for: Korea (KR); Costa Rica (CR); El Salvador (SV); Honduras (HN); Nicaragua (NI); Panama (PA).

Field 11: This Field may be used when there are additional remarks relating to this Certificate, such as, when the good or goods described in Field 5 have been subject to an advance ruling or a ruling on the classification or value of materials. Indicate the issuing authority, the reference number, and the date of issuance. If Article 3.6 (Accumulation), 3.7 (De Minimis), 3.8 (Fungible Goods or Materials) or 3.9 (Sets) is applied, an indication may be made in this Field. In case the goods are invoiced by a third country, it may be indicated in this Field.

Field 12: This Field must be completed, signed, and dated by the exporter or the producer. The date must be the date the Certificate was completed and signed.

Note: The instructions hereon are only used for the purposes of reference to complete the Certificate of Origin, and thus do not have to be reproduced or printed in the overleaf page.

# CHAPTER 4
# CUSTOMS PROCEDURES AND TRADE FACILITATION

## ARTICLE 4.1: PUBLICATION

1. Each Party shall publish, including on the Internet, its customs laws, regulations, and general administrative procedures.

2. Each Party shall designate or maintain one or more inquiry points to address inquiries by interested persons concerning customs matters and shall make available on the Internet information concerning the procedures for making such inquiries.

3. To the extent possible, each Party shall publish in advance any regulations of general application governing customs matters that it proposes to adopt and shall provide interested persons the opportunity to comment before adopting them.

## ARTICLE 4.2: RELEASE OF GOODS

1. In order to facilitate trade, each Party shall adopt or maintain simplified customs procedures for the efficient release of goods.

2. Pursuant to paragraph 1, each Party shall ensure that its customs authority or other competent authority adopts or maintains procedures that:

(a) provide for the release of goods within a period no greater than that required to ensure compliance with its customs laws and, to the extent possible, within 48 hours of the goods' arrival;

(b) provide for customs information to be submitted and processed electronically before goods arrive in order for them to be released on their arrival;

(c) allow goods to be released at the point of arrival, without temporary transfer to warehouses or other facilities; and

(d) allow importers to withdraw goods from customs before, and without prejudice to, its customs authority's final determination of the applicable customs duties, taxes, and fees.[1]

## ARTICLE 4.3: AUTOMATION

Each Party shall use information technology that expedites procedures for the release of goods and shall:

[1] A Party may require importers to provide guarantees in the form of sureties, deposits, or other appropriate instruments sufficient to cover payment of the customs duties, taxes, and fees its customs authority ultimately applies in connection with the importation of the good.

(a) make, to the extent possible, electronic systems accessible to customs users;

(b) endeavor to use international standards;

(c) endeavor to develop electronic systems that are compatible with the other Party's systems, in order to facilitate exchange of international trade data; and

(d) endeavor to develop a set of common data elements and processes in accordance with World Customs Organization (hereinafter referred to as the "WCO") Customs Data Model and related WCO recommendations and guidelines.

ARTICLE 4.4: RISK MANAGEMENT

Each Party shall endeavor to adopt or maintain electronic or automated risk management systems for assessment and targeting that enable its customs authority to focus its inspection activities on high-risk goods and that simplify the clearance and movement of low-risk goods.

ARTICLE 4.5: COOPERATION

1. With a view to facilitating the effective operation of this Agreement, each Party shall endeavor to provide the other Party with advance notice of any significant modification of administrative policy or other similar development related to its laws and regulations governing importations that are likely to substantially affect the operation of this Agreement.

2. The Parties shall cooperate in achieving compliance with their laws and regulations pertaining to:

(a) the implementation and operation of the provisions of this Agreement governing importations or exportations, including claims for preferential tariff treatment, procedures for making claims for preferential tariff treatment, and verification procedures;

(b) tariff classification, valuation, and determination of origin for the preferential tariff treatment of imported goods under this Agreement; and

(c) other customs matters as the Parties may agree.

ARTICLE 4.6: AUTHORIZED ECONOMIC OPERATOR

1. The Parties shall promote the implementation of Authorized Economic Operator programs in accordance with the *WCO SAFE Framework of Standards to Secure and*

*Facilitate Global Trade*.

2. The obligations, requirements, formalities of the programs, as well as the benefits offered to the companies that comply with the requirements shall be established in accordance with the legislation of each Party.

3. The Parties shall promote negotiations for Mutual Recognition Arrangements of the Authorized Economic Operator programs.

## ARTICLE 4.7: CONFIDENTIALITY

1. Where a Party that provides information to the other Party in accordance with this Chapter and Chapter 3 (Rules of Origin and Origin Procedures) designates the information as confidential, the other Party shall keep the information confidential. The Party providing the information may require the other Party to furnish written assurance that the information will be held in confidence, will be used only for the purposes the other Party specified in its request for information, and will not be disclosed without the specific permission of the Party that provided the information or the person that provided the information to that Party.

2. If a Party receives information designated as confidential in accordance with paragraph 1, the Party receiving the information may nevertheless use or disclose the information for law enforcement purposes or in the course of judicial proceedings, in accordance with the legislation of the Party.

3. A Party may decline to provide information that the other Party has requested where that Party has failed to act in conformity with paragraph 1.

4. Each Party shall adopt or maintain procedures for protecting confidential information submitted in accordance with the administration of the Party's customs laws from unauthorized disclosure, including information the disclosure of which could prejudice the competitive position of the person providing the information.

## ARTICLE 4.8: EXPRESS SHIPMENTS

Each Party shall adopt or maintain expedited customs procedures for express shipments while maintaining appropriate customs control and selection. These procedures shall:

(a) provide a separate and expedited customs procedure for express shipments;

(b) provide for information necessary to release an express shipment to be submitted and processed electronically before the shipment arrives;

(c) allow submission of a single manifest covering all goods contained in an express shipment, through, if possible, electronic means;

(d) to the extent possible, provide for certain goods to be cleared with a minimum of documentation;

(e) under normal circumstances, provide for express shipments to be cleared within six hours after the necessary customs documents have been submitted, provided the shipment has arrived;

(f) apply without regard to an express shipment's weight; and

(g) under normal circumstances, provide that no customs duties shall be assessed on express shipments valued at 150 US dollars or less. The formal entry documents shall be simplified in accordance with the laws and regulations of each Party[2].

ARTICLE 4.9: REVIEW AND APPEAL

1. Each Party shall ensure that with respect to its determinations on customs matters, importers in its territory have access to:

(a) a level of administrative review independent of the employee or office that issued the determinations; and

(b) judicial review of the determinations.

2. For greater certainty, each Party shall allow an exporter or producer to provide information directly to the Party conducting the review and to request that Party to treat that information as confidential in accordance with Article 4.7.

ARTICLE 4.10: PENALTIES

Each Party shall adopt or maintain measures that allow for the imposition of civil or administrative penalties and, where appropriate, criminal sanctions for violations of its customs laws and regulations, including those governing tariff classification, customs valuation, country of origin, and claims for preferential tariff treatment under this Agreement.

ARTICLE 4.11: ADVANCE RULINGS

1. Each Party shall issue, through its competent authority, before a good is imported into its territory, a written advance ruling at the written request of an importer in its territory, or an exporter or producer in the territory of the other Party[3] with regard to:

(a) tariff classification;

[2] Notwithstanding subparagraph (g), a Party may require the express shipments accompanied by an airway bill or other bill of lading. For restricted goods, a Party may require formal entry documents, duties or taxes.
[3] For greater certainty, an importer, exporter or producer may submit a request for an advance ruling through a duly authorized representative.

(b) the application of customs valuation criteria for a particular case, in accordance with the Customs Valuation Agreement;

(c) whether a good is originating under this Agreement; and

(d) such other matters as the Parties may agree.

2. Each Party shall issue an advance ruling within 120 days, or such shorter period as may be established by a Party in its legislation, after its competent authority receives a request provided that the requester has submitted all the information that the Party requires, including, if the Party requests, a sample of the good for which the requester is seeking an advance ruling. In issuing an advance ruling, the Party shall take into account facts and circumstances the requester has provided. For greater certainty, a Party may decline to issue an advance ruling if the facts or circumstances forming the basis of this ruling are subject of administrative or judicial review. A Party that, pursuant to this paragraph, declines to issue an advance ruling shall promptly notify the requester in writing, setting forth the relevant facts and the basis for its decision to decline to issue the advance ruling.

3. Each Party shall provide that advance rulings shall take effect on the date they are issued, or on another date specified in the ruling, provided that the facts or circumstances on which the ruling is based remain unchanged.

4. The issuing Party may modify or revoke an advance ruling after the Party notifies the requester. The issuing Party may modify or revoke a ruling retroactively only if the ruling was based on inaccurate or false information.

5. Subject to any confidentiality requirements in its laws, each Party may publish its advance rulings, including on the Internet.

6. If a requester provides false information, omits relevant facts or circumstances relating to the advance ruling, or does not act in accordance with the ruling's terms and conditions, the importing Party may apply appropriate measures, including civil, criminal, and administrative actions, monetary penalties, or other sanctions.

## ARTICLE 4.12: MUTUAL ADMINISTRATIVE ASSISTANCE IN CUSTOMS MATTERS

1. The customs authorities of the Parties shall assist each other, within their competence and capacities, to ensure the correct application of customs legislation, in particular by preventing, investigating and combating operations in breach of that legislation.

2. The authority requested to assist, subject to its competence and resources, shall endeavor to take all reasonable measures to execute a request in a reasonable period of time.

ARTICLE 4.13: COMMITTEE ON RULES OF ORIGIN AND ORIGIN PROCEDURES, AND CUSTOMS PROCEDURES AND TRADE FACILITATION

1. The Parties hereby establish a Committee on Rules of Origin and Origin Procedures, and Customs Procedures and Trade Facilitation (hereinafter referred to as the "Committee"), comprising representatives[4] of each Party. The Committee shall be responsible for addressing rules of origin, origin procedures, trade facilitation and customs matters.

2. The Committee shall ensure the proper functioning of this Chapter and Chapter 3 (Rules of Origin and Origin Procedures).

3. The Committee´s functions shall include:

(a) ensuring the effective, uniform, and consistent administration of this Chapter and Chapter 3 (Rules of Origin and Origin Procedures);

(b) revising Annex 3-A (Product Specific Rules of Origin) on the basis of the transposition of the HS;

(c) advising the Joint Committee of proposed solutions to address issues related to:

(i) interpretation, application, and administration of this Chapter and Chapter 3 (Rules of Origin and Origin Procedures) including Annex 3-A (Product Specific Rules of Origin)

(ii) tariff classification and customs valuation; and

(iii) issues arising from the adoption by a Party of operational practices not in conformity with this Chapter or Chapter 3 (Rules of Origin and Origin Procedures) which may adversely affect the flow of trade among the Parties;

(d) adopting customs practices and standards which facilitate commercial exchange among the Parties, according to the international standards;

(e) presenting proposals for the Joint Committee's approval on modifications of this Chapter and Chapter 3 (Rules of Origin and Origin Procedures), including Annex 3-A (Product Specific Rules of Origin), in the event a consensus is reached among the Parties;

(f) working on the development of an electronic certification and verification system;

(g) resolving any issues related to customs matters concerning this Agreement[5]; and

[4] For Korea, the representative will be Korea's customs authorities.

[5] In case of disagreement between the Parties, the matter in dispute will be decided by the Joint Committee.

(h) carrying out other functions as may be assigned by the Joint Committee or agreed by the Parties.

4. The Committee may formulate resolutions, recommendations or opinions which it considers necessary for the attainment of the common objectives and the functions of the mechanisms established in this Chapter and Chapter 3 (Rules of Origin and Origin Procedures).

5. Unless the Parties otherwise agree, the Committee shall meet every year. Meetings may be conducted in person or by any technological means available to the Parties.

6. The Committee shall report to the Joint Committee on the results of each of its meetings.

ARTICLE 4.14: TECHNICAL CONSULTATION

1. The competent authority of a Party may, at any time, request consultations with the competent authority of the other Party on any matter arising from the operation or implementation of this Chapter and Chapter 3 (Rules of Origin and Origin Procedures), in cases where there are reasonable grounds provided by the requesting Party.

2. For the purposes of paragraph 1, a Party´s request for consultations shall be made through the contact points and the requested Party shall confirm the receipt of request without undue delay. The Parties may consult the matter by email or any medium convenient for the Parties and shall endeavor to reach a resolution on the matter.

3. In the event that such consultations fail to resolve any such matter, the requesting Party may refer the matter to the Committee established under Article 4.13 for consideration.

# CHAPTER 5
# SANITARY AND PHYTOSANITARY MEASURES

## ARTICLE 5.1: OBJECTIVES

The objectives of this Chapter are to:

(a) protect human, animal or plant life or health in the Parties' territories while minimizing negative effects on trade between the Parties;

(b) provide means to address the sanitary and phytosanitary (hereinafter referred to as "SPS") matters arising from bilateral trade between the Parties in an efficient manner; and

(c) enhance cooperation and communication between the competent authorities of the Parties.

## ARTICLE 5.2: SCOPE

This Chapter shall apply to all SPS measures of a Party that may, directly or indirectly, affect trade between the Parties.

## ARTICLE 5.3: RIGHTS AND OBLIGATIONS

The Parties affirm their rights and obligations under the SPS Agreement taking into account standards, guidelines or recommendations from the Codex Alimentarius Commission, the *International Plant Protection Convention* (hereinafter referred to as the "IPPC"), and the World Organization for Animal Health (hereinafter referred to as the "OIE").

## ARTICLE 5.4: COOPERATION

1. The Parties shall strengthen cooperation in implementing the SPS Agreement, taking into account the decisions and recommendations of the WTO Committee on Sanitary and Phytosanitary Measures.

2. The Parties shall strengthen their cooperation in the field of SPS matters with a view to increasing mutual understanding of their respective systems and minimizing negative effects on bilateral trade.

3. In particular, the Parties shall seek to identify, develop, and promote cooperative activities through consultations in the Committee on Sanitary and Phytosanitary Matters, established in Article 5.6, subject to the availability of appropriated resources of the Parties.

4. Further to paragraphs 1 through 3, cooperative activities of the Parties shall

include, but not be limited to:

(a) furthering exchange of experience and cooperation in the development and application of domestic SPS measures as well as international standards;

(b) strengthening cooperation with respect to, *inter alia*, risk analysis methodology, disease or pest control methods, laboratory testing techniques, and exchange of information on domestic regulations;

(c) enhancing cooperation and exchange of experience between the WTO SPS Enquiry Points of the Parties;

(d) carrying out joint research and sharing the result of such research in SPS areas including animal disease, plant pest and food safety; and

(e) any other cooperative activity mutually agreed by the Parties.

5. The competent authorities of the Parties or several of them may work together with the aim of enhancing regulatory understanding with regard to each Party's SPS requirements for certain products of export interest, and strengthen their capacity and confidence, taking into account the interest of each authority. On this ground, the Parties may discuss their work plan and if necessary, the necessity of a subsidiary working group.

## ARTICLE 5.5: INFORMATION EXCHANGE

1. Each Party shall ensure that any information or explanation upon request of the other Party pursuant to this Chapter is communicated within a period agreed by the Parties.

2. The Parties shall exchange relevant information with each other through the competent SPS authorities, in a timely manner, regarding serious non-compliance of SPS requirements which results in rejection by the importing Party.

3. Upon request, each Party shall provide an explanation of the risk analysis process and required information for the risk analysis. The importing Party shall inform the status of its risk analysis process, upon request of the exporting Party. If the result of risk analysis allows the importation of goods from the exporting Party, the importing Party shall proceed with the administrative or legislative process within a reasonable period of time.

## ARTICLE 5.6: COMMITTEE ON SANITARY AND PHYTOSANITARY MATTERS

1. The Parties hereby establish a Committee on Sanitary and Phytosanitary Matters (hereinafter referred to as the "Committee") comprising representatives of each Party's competent authorities who have responsibility for SPS matters.

2. The objective of the Committee is to discuss matters related to the development or application of SPS measures that affect, or may affect, trade between the Parties. For this purpose, the Committee shall:

(a) monitor the implementation of this Chapter;

(b) enhance mutual understanding of each Party's SPS measures;

(c) strengthen communication and cooperation between the Parties' competent authorities responsible for the matters covered by this Chapter;

(d) exchange information regarding SPS measures, which may affect trade between the Parties including regulations, procedures, approval of exporting establishments, or any change in sanitary status of a Party;

(e) discuss issues, positions, and agendas for meetings of the WTO Committee on Sanitary and Phytosanitary Measures, the Codex Alimentarius Commission, the OIE, the relevant international and regional organizations operating within the framework of the IPPC, and other international and regional forum on food safety and on human, animal, or plant life or health;

(f) consult on SPS matters related to the development or application of SPS measures that affect, or may affect, trade between the Parties, or arising under this Chapter;

(g) consider, if necessary, upon request of a Party, establishing a subsidiary working group for technical discussion with the aim of seeking to address SPS matters of mutual interest to the Parties. The meeting of such working group shall take place within a period agreed by the Parties and may be conducted by electronic means;

(h) coordinate cooperative activities on SPS matters referred to in Article 5.4; and

(i) carry out other functions as may be assigned by the Parties.

3. The Committee may establish terms of reference for the conduct of its work.

4. Unless the Parties otherwise agree, the Committee shall meet every two years. Meetings may be conducted in person or by any technological means available to the Parties.

5. Each Party shall ensure that appropriate representatives with responsibility for SPS matters participate in the Committee meetings.

6. The Committee shall be coordinated by the following contact points:

(a) for Korea, the Ministry of Agriculture, Food and Rural Affairs;

(b) for Costa Rica, the Ministry of Foreign Trade (Ministerio de Comercio Exterior);

(c) for El Salvador, the Ministry of Economy (Ministerio de Economía);

(d) for Honduras, the Secretariat of Economic Development (Secretaría de Desarrollo Económico);

(e) for Nicaragua, the Ministry of Development, Industry and Commerce (Ministerio de Fomento, Industria y Comercio); and

(f) for Panama, the Ministry of Commerce and Industries (Ministerio de Comercio e Industrias),

or their successors.

ARTICLE 5.7: DISPUTE SETTLEMENT

Neither Party shall have recourse to Chapter 22 (Dispute Settlement) for any matter arising under this Chapter.

# CHAPTER 6
# TECHNICAL BARRIERS TO TRADE

## ARTICLE 6.1: OBJECTIVES

The objectives of this Chapter are to:

(a) increase and facilitate trade between the Parties, through the improvement of the implementation of the TBT Agreement;

(b) ensure that standards, technical regulations, conformity assessment procedures, do not create unnecessary obstacles to trade;

(c) effectively solve the relevant problems arising from bilateral trade; and

(d) enhance joint cooperation between the Parties.

## ARTICLE 6.2: GENERAL PROVISION

The Parties affirm their existing rights and obligations under the TBT Agreement, and to this end the TBT Agreement is incorporated into and made part of this Agreement, *mutatis mutandis*.

## ARTICLE 6.3: DEFINITIONS

For the purposes of this Chapter, the terms and definitions of Annex 1 of the TBT Agreement shall apply.

## ARTICLE 6.4: SCOPE

1. This Chapter shall apply to the preparation, adoption, and application of all standards, technical regulations and conformity assessment procedures that may affect the trade in goods between the Parties.

2. Notwithstanding paragraph 1, this Chapter shall not apply to sanitary and phytosanitary measures covered by Chapter 5 (Sanitary and Phytosanitary Measures) or to technical specifications prepared by governmental bodies for production or consumption requirements of such bodies covered by Chapter 8 (Government Procurement).

## ARTICLE 6.5: INTERNATIONAL STANDARDS

1. As a basis for its technical regulations and conformity assessment procedures, each Party shall use relevant international standards, guides, and recommendations to the extent provided in Articles 2.4 and 5.4 of the TBT Agreement.

2. In determining whether an international standard, guide, or recommendation within the meaning of Articles 2 and 5, and Annex 3 of the TBT Agreement exists, each Party shall apply the *Decision of the Committee on Principles for the Development of International Standards, Guides and Recommendations with relation to Articles 2, 5 and Annex 3 of the Agreement*, adopted on 13 November 2000 by the WTO Committee on Technical Barriers to Trade (Annex 2 to PART 1 of G/TBT/1/Rev. 12), and any subsequent development thereof.

## ARTICLE 6.6: TECHNICAL REGULATIONS

1. The Parties agree to make the best use of good regulatory practices, as indicated in the TBT Agreement. In particular, the Parties agree to:

(a) use relevant international standards as a basis for technical regulations including conformity assessment procedures, except when such international standards would be an ineffective or inappropriate means for the fulfillment of the legitimate objectives pursued; and where international standards have not been used as a basis, to explain, upon request of the other Party, the reasons why such standards have been judged inappropriate or ineffective for the aim being pursued; and

(b) provide upon request and without undue delay, information, and where appropriate, written guidance on compliance with their technical regulations to the other Party or its economic operators.

2. Each Party shall, upon written request of the other Party, give positive consideration to accepting as equivalent technical regulations of the other Party, even if these regulations differ from its own, provided that these regulations adequately fulfill the objectives of its own regulations.

3. Where a Party does not accept a technical regulation of the other Party as equivalent to its own, it shall, upon request of the other Party, explain in writing the reasons for its decision.

## ARTICLE 6.7: CONFORMITY ASSESSMENT PROCEDURES

1. The Parties recognize that a broad range of mechanisms exists to facilitate the acceptance in a Party's territory of the results of conformity assessment procedures conducted in the other Party's territory. Accordingly, the Parties may agree on the following:

(a) the acceptance of a supplier's declaration of conformity;

(b) the acceptance of the results of conformity assessment procedures by bodies located in the other Party's territory, including those regarding specific technical regulations;

(c) that a conformity assessment body located in a Party's territory may enter into voluntary recognition agreements for the acceptance of the results of its conformity assessment procedures, with a conformity assessment body located in the other Party's territory;

(d) the adoption of accreditation procedures to qualify the conformity assessment bodies located in the other Party's territory;

(e) the designation of conformity assessment bodies located in the other Party's territory; and

(f) the agreements on mutual acceptance of the results of conformity assessment procedures with respect to specific technical regulations conducted by bodies located in the territory of the other Party.

The Parties shall exchange information on the range of the mechanisms used in their territories.

2. The Parties shall accept, whenever possible, the results of conformity assessment procedures conducted in the territory of the other Party, even when those procedures differ from its own, provided that those procedures offer a satisfactory assurance of applicable technical regulations or standards equivalent to its own procedures. Where a Party does not accept the results of conformity assessment procedures conducted in the territory of the other Party, it shall, upon request of the other Party, explain in writing the reasons for its decision.

3. Prior to accepting the results of a conformity assessment procedure pursuant to paragraph 2, and in order to enhance confidence in the permanent reliability of each one of the conformity assessment results, the Parties may consult on matters such as the technical competence of the conformity assessment bodies involved including verified compliance with relevant international standards through means such as accreditation. Where a Party considers that a conformity assessment body of the other Party does not fulfill its requirements, it shall explain to the other Party in writing the reasons for its decision.

4. A Party shall give positive consideration to a request by the other Party to negotiate agreements for the mutual recognition of the results of their respective conformity assessment procedures. Where a Party declines such request, it shall, upon request of the other Party, explain in writing the reasons for its decision. The Parties shall work together to implement the mutual recognition agreements to which both Parties are party.

## ARTICLE 6.8: TRANSPARENCY

1. The Parties shall endeavor to comply with the decisions and recommendations of the TBT Committee of the WTO.

2. Each Party shall allow a period of at least 60 days following the notification of its proposed technical regulations and conformity assessment procedures to WTO

Central Registry of Notifications, to solicit comments from the other Party except where urgent problems of safety, health, environmental protection, or national security arise or threaten to arise. A Party shall give positive consideration to a reasonable request of the other Party for extending the period for comments.

3. Each Party shall, upon request of the other Party, provide information regarding the objectives of, and rationale for, a technical regulation or conformity assessment procedure that the Party has adopted or is proposing to adopt.

4. Each Party should take the comments of the other Party into due consideration, received prior to the end of the comment period following the notification of a proposed technical regulation, and shall endeavor to provide responses to these comments upon request.

5. The Parties shall ensure that all adopted technical regulations and conformity assessment procedures are promptly published or otherwise made available in such a manner as to enable interested persons of the other Party and the other Party to become acquainted with them.

6. Each Party shall publish or otherwise make available to the public, in print or electronically, its responses, or a summary of its responses to significant comments received from the other Party, no later than the date it publishes the final technical regulation or conformity assessment procedure.

7. A Party shall give positive consideration to a reasonable request of the other Party, received prior to the end of the period for comments following the notification of a proposed technical regulation, for extending the period of time between the adoption of the technical regulation and its entry into force, except where this would be ineffective in fulfilling the legitimate objectives pursued.

8. Except in urgent circumstances, the Parties shall allow a reasonable interval[1] between the publication of technical regulations and their entry into force in order to allow time for producers in the exporting Party to adapt their products or methods of production to the requirements of the importing Party.

## ARTICLE 6.9: COOPERATION

1. The Parties shall strengthen their cooperation in the field of standards, technical regulations, conformity assessment procedures, with a view to increasing the mutual understanding of their respective systems and facilitating access to their respective markets. In particular, the Parties shall seek to identify, develop, and promote trade facilitating initiatives regarding standards, technical regulations, conformity assessment procedures, that are appropriate for particular issues or sectors.

[1] Reasonable interval shall be understood to normally mean a period of not less than six months, except when this would be ineffective in fulfilling the legitimate objectives pursued, in accordance with paragraph 5 of the *Implementation–Related Issues and Concerns*, Decision of November 14, 2001 (WT/MIN(01)/17).

2. These initiatives may include, *inter alia*, cooperation on:

(a) regulatory issues, such as transparency, the promotion of good regulatory practices, alignment with international standards, use of accreditation to qualify conformity assessment bodies; and

(b) capacity building activities, aimed at improving technical infrastructure in conformity assessment (e.g. metrology, testing, certification, and accreditation).

3. Upon request, a Party shall give favorable consideration to a sector-specific proposal that the requesting Party makes for further cooperation under this Chapter.

## ARTICLE 6.10: MARKING AND LABELING

1. The Parties note the provision of paragraph 1 of Annex 1 of the TBT Agreement, that a technical regulation may include or deal exclusively with marking or labeling requirements, and agree that where their technical regulations contain mandatory marking or labeling, they will observe the principles of Article 2.2 of the TBT Agreement, that technical regulations should not be prepared with a view to, or with the effect of, creating unnecessary obstacles to international trade, and should not be more trade restrictive than necessary to fulfill a legitimate objective.

2. In particular, the Parties agree that where a Party requires mandatory marking or labeling of products:

(a) the Party shall endeavor to minimize its requirements for marking or labeling other than marking or labeling relevant to consumers or users of the product. Where labeling for other purposes, for example, for fiscal purposes is required, such a requirement shall be formulated in a manner that is not more trade restrictive than necessary to fulfill a legitimate objective;

(b) the Party may specify the form of markings or labels, but shall not require any prior approval, registration or certification in this regard; except where the Parties have specific marking or labeling in the light of the relevant regulation. The specific marking or labeling shall be confined to the risk of the products to human, animal or plant health or life, the environment, or national safety;

(c) where the Party requires the use of a unique identification number by economic operators, the Party shall issue such number to the economic operators of the other Party without undue delay and on a non-discriminatory basis;

(d) the Party shall be able to require that the information on the marks or labels be in a specified language. Where there is an international system of nomenclature accepted by the Parties, this may also be used. The simultaneous use of other languages shall not be prohibited, provided

that, either the information provided in the other languages shall be identical to that provided in the specified language, or that the information provided in the additional language shall not constitute a deceptive statement regarding the product; and

(e) the Party shall, in cases where it considers that legitimate objectives under the TBT Agreement are not compromised thereby, endeavor to accept non-permanent or detachable labels, or marking or labeling in the accompanying documentation rather than physically attached to the product, according to its regulation.

## ARTICLE 6.11: BORDER CONTROL AND MARKET SURVEILLANCE

1. The Parties undertake to:

(a) exchange information and experiences on their border control and market surveillance activities, except in those cases in which the documentation is confidential; and

(b) ensure that border control and market surveillance activities are undertaken by the competent authorities, to which end these authorities may use accredited, designated, or delegated bodies, avoiding conflicts of interest between those bodies and the economic agents subject to control or supervision.

2. Where a Party detains, at a port of entry, goods including testing samples for conformity assessment exported from the other Party due to a perceived failure to comply with a technical regulation or conformity assessment procedures, the reasons for the detention shall be promptly notified to the importer or his or her representative.

## ARTICLE 6.12: COMMITTEE ON TECHNICAL BARRIERS TO TRADE

1. The Parties hereby establish a Committee on Technical Barriers to Trade (hereinafter referred to as the "Committee"), comprising representatives of each Party.

2. The Committee's functions shall include:

(a) working to facilitate the implementation between the Parties in all matters pertaining to this Chapter;

(b) monitoring the implementation, enforcement, and administration of this Chapter;

(c) addressing any issue that a Party raises related to the development, adoption, application, or enforcement of standards, technical regulations, or conformity assessment procedures;

(d) enhancing cooperation between the Parties in the initiatives set out in Article 6.9;

(e) identifying priority sectors for enhanced cooperation, including giving favorable consideration to any proposal made by either Party;

(f) facilitating the process for the negotiation of a mutual recognition agreement;

(g) exchanging information, upon request of a Party, on standards, technical regulations, conformity assessment procedures, including activities developed in regional or international fora;

(h) reviewing this Chapter in light of any development under the TBT Committee and, if necessary, developing recommendations for amendments to this Chapter;

(i) establishing, if necessary to achieve the objectives of this Chapter, issue-specific or sector-specific *ad-hoc* working groups;

(j) considering, if necessary, upon request of a Party, establishing a subsidiary working group for technical discussion with the aim of seeking to address any issue that a Party raises related to the development, adoption, application, or enforcement of standards, technical regulations, or conformity assessment procedures. The meeting of such working group shall take place within a period agreed by the Parties and may be conducted by electronic means;

(k) reporting to the Joint Committee on the implementation of this Chapter; and

(l) carrying out other functions as may be assigned by the Joint Committee or agreed by the Parties.

3. The Committee shall meet upon request of a Party. Meetings may be conducted in person or by any technological means available to the Parties.

4. The authorities set out in Annex 6-A shall be responsible for coordinating with the relevant institutions and persons in their respective territories as well as for ensuring that such institutions and persons are engaged. The Committee shall carry out its work through the communication channels agreed by the Parties, which may include electronic mail, teleconferencing, videoconferencing, or other means.

### ARTICLE 6.13: INFORMATION EXCHANGE

1. Any information or explanation that a Party provides upon request of the other Party pursuant to this Chapter shall be communicated in printed or electronic form or any other means acceptable to the Parties within a period of 60 days after the receipt of notification.

2. Nothing in this Chapter shall be construed to require a Party to furnish any information the disclosure of which it considers is contrary to its essential security interests.

## ANNEX 6-A
## COMMITTEE ON TECHNICAL BARRIERS TO TRADE

For the purposes of Article 6.12, the Committee shall be coordinated by the following contact points:

(a) for Korea, the Korean Agency for Technology and Standards;

(b) for Costa Rica, Ministry of Foreign Trade (Ministerio de Comercio Exterior);

(c) for El Salvador, Ministry of Economy (Ministerio de Economía);

(d) for Honduras, Secretariat of Economic Development (Secretaría de Desarrollo Económico);

(e) for Nicaragua, Ministry of Development, Industry and Commerce (Ministerio de Fomento, Industria y Comercio); and

(f) for Panama, Ministry of Commerce and Industries (Ministerio de Comercio e Industrias),

or their successors.

# CHAPTER 7
# TRADE REMEDIES

## Section A: Safeguard Measures

### ARTICLE 7.1: APPLICATION OF A BILATERAL SAFEGUARD MEASURE

If, as a result of the reduction or elimination of a customs duty under this Agreement, an originating good of a Party is being imported into the territory of the other Party in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to constitute a substantial cause of serious injury, or threat thereof, to a domestic industry producing a like or directly competitive good, the importing Party may[1]:

(a) suspend the further reduction of any rate of customs duty on the good provided for under this Agreement; or

(b) increase the rate of customs duty on the good to a level not to exceed the lesser of:

(i) the MFN applied rate of duty on the good in effect at the time the measure is applied; and

(ii) the MFN applied rate of duty on the good in effect on the day immediately preceding the date of entry into force of this Agreement.

### ARTICLE 7.2: CONDITIONS AND LIMITATIONS

1. A Party shall notify the other Party in writing on initiation of an investigation described in paragraph 2 and shall consult with the other Party within 30 days after the initiation of the investigation, with a view to, among others, reviewing the information arising from the investigation and exchanging views on the measure. Consultations may be held in person or by any other communication means which adequately suffices the purpose of consultations.

2. A Party shall apply a bilateral safeguard measure only following an investigation by its competent authority in accordance with Articles 3 and 4.2(c) of the *Agreement on Implementation of Article VI of the GATT 1994, contained in Annex 1A to the WTO Agreement;* (hereinafter referred to as the "Safeguards Agreement"), and to this end, Articles 3 and 4.2(c) of the Safeguards Agreement are incorporated into and made part of this Agreement, *mutatis mutandis*.

3. In the investigation described in paragraph 2, the Party shall comply with the requirements of Articles 4.2(a) and 4.2(b) of the Safeguards Agreement, and to this end,

[1] For greater certainty, only one bilateral safeguard measure may be imposed at a time.

Articles 4.2(a) and 4.2(b) of the Safeguards Agreement are incorporated into and made part of this Agreement, *mutatis mutandis*.

4. A bilateral safeguard investigation may be initiated by the competent authority on its own initiative or upon a written application pursuant to the legislation of each Party.

5. Each Party shall ensure that its competent authority complete any such investigation within one year of its date of initiation.

6. Neither Party may apply a bilateral safeguard measure:

(a) except to the extent, and for such time, as may be necessary to prevent or remedy serious injury and to facilitate adjustment;

(b) for a period exceeding two years, except that the period may be extended by up to two years if the competent authority of the importing Party determine, in conformity with the procedures specified in this Article, that the measure continues to be necessary to prevent or remedy serious injury and to facilitate adjustment and that there is evidence that the industry is adjusting, provided that the total period of application of a safeguard measure, including the period of initial application and any extension thereof, shall not exceed four years; or

(c) beyond the expiration of the transition period, except with the consent of the other Party.

7. A Party shall not apply a bilateral safeguard measure again on the same good until a period of time equal to the duration of the previous bilateral safeguard measure, including any extension, has elapsed commencing from the termination of the previous bilateral safeguard measure, provided that the period of non-application is at least two years.

8. Where the expected duration of the bilateral safeguard measure is over one year, the importing Party shall progressively liberalize it at regular intervals.

9. When a Party terminates a bilateral safeguard measure, the rate of customs duty shall be the rate that, according to the Party´s Schedule included in Annex 2-B (Elimination of Customs Duties), would have been in effect but for the measure.

## ARTICLE 7.3: PROVISIONAL MEASURES

1. In critical circumstances where delay would cause damage that would be difficult to repair, a Party may apply a bilateral safeguard measure on a provisional basis pursuant to a preliminary determination by its competent authority that there is clear evidence that imports of an originating good from the other Party have increased as the result of the reduction or elimination of a customs duty under this Agreement, and such imports constitute a substantial cause of serious injury, or threat thereof, to the domestic industry.

2. Before a Party's competent authority may make a preliminary determination, the Party shall publish a public notice in its official journal setting forth how interested parties, including importers and exporters, may obtain a non-confidential copy of the application requesting a provisional bilateral safeguard measure, and shall provide interested parties at least 20 days after the date it publishes the notice to submit evidence and views regarding the application of a provisional measure. A Party may not apply a provisional measure until at least 45 days after the date its competent authority initiates an investigation.

3. The applying Party shall notify the other Party before applying a bilateral safeguard measure on a provisional basis and shall initiate consultations after applying the measure. Consultations may be held in person or by any other communication means which adequately suffices the purpose of consultations.

4. The duration of any provisional measure shall not exceed 200 days, during which time the Party shall comply with the requirements of Articles 7.2.2 and 7.2.3. The duration of any provisional measure shall be counted as part of the period described in Article 7.2.6(b).

5. The Party shall promptly refund any tariff increases if the investigation described in Article 7.2.2 does not result in a finding that the requirements of Article 7.1 are met.

## ARTICLE 7.4: COMPENSATION

1. No later than 30 days after a Party applies a bilateral safeguard measure, the Party shall afford an opportunity for the other Party to consult with it regarding appropriate trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the measure. The applying Party shall provide such compensation as the Parties mutually agree. Consultations may be held in person or by any other communication means which adequately suffices the purpose of consultations.

2. If the Parties are unable to agree on compensation through consultation under paragraph 1 within 30 days after consultations begin, the Party against whose originating good the measure is applied may suspend the application of concessions with respect to originating goods of the applying Party that have trade effects substantially equivalent to the safeguard measure.

3. The applying Party's obligation to provide compensation under paragraph 1 and the other Party's right to suspend concessions under paragraph 2 shall terminate on the date the bilateral safeguard measure terminates.

4. Any compensation shall be based on the total period of application of the provisional bilateral safeguard measure and of the bilateral safeguard measure.

## ARTICLE 7.5: PROCEDURAL RULES

For the application of bilateral safeguard measures, the competent authority shall comply with the provisions of this Section and in cases not covered by this Section, the competent authority may apply domestic procedural rules which are consistent with the Safeguards Agreement.

ARTICLE 7.6: GLOBAL SAFEGUARD MEASURES

1. Each Party retains its rights and obligations under Article XIX of GATT 1994 and the Safeguards Agreement. Unless otherwise provided in this Article, this Agreement does not confer any additional rights or obligations on the Parties with regard to measures taken under Article XIX of GATT 1994 and the Safeguards Agreement.

2. At the request of the other Party, the Party intending to take safeguard measures shall provide immediately *ad hoc* written notification of all pertinent information on the initiation of a safeguard investigation, the provisional findings and the final findings of the investigation.

3. Neither Party may apply, with respect to the same good, at the same time:

(a) a bilateral safeguard measure in accordance with Article 7.1; and

(b) a measure under Article XIX of GATT 1994 and the Safeguards Agreement.

4. Neither Party shall have recourse to Chapter 22 (Dispute Settlement) for any matter arising under this Section.

## Section B: Anti-Dumping and Countervailing Duties

ARTICLE 7.7: GENERAL PROVISIONS

1. Except as otherwise provided for in this Chapter, the Parties retain their rights and obligations under Article VI of GATT 1994, the AD Agreement and the SCM Agreement.

2. The Parties agree that anti-dumping and countervailing duties should be used in full compliance with the relevant WTO requirements and should be based on a fair and transparent system as regards proceedings affecting originating goods from the other Party. For these purposes, the Parties shall ensure, after any imposition of provisional measures and in any case before the final determination, full and meaningful disclosure of all essential facts and considerations which form the basis for the decision to apply definitive measures, without prejudice to Article 6.5 of the AD Agreement and Article 12.4 of the SCM Agreement. Disclosures shall be made in writing, and allow interested parties sufficient time to make their comments.

3. Provided that it does not unnecessarily delay the conduct of the investigation, interested parties shall be granted the opportunity to be heard in order to express their views during the anti-dumping or countervailing duty investigations.

## ARTICLE 7.8: NOTIFICATION AND CONSULTATION

1. After receipt by a Party's competent authority of a properly documented anti-dumping application with respect to imports from the other Party, and before initiating an investigation, the Party shall provide written notification, at the earliest possible opportunity, to the other Party of its receipt of the application and afford the other Party consultations or other similar opportunities regarding the application, consistent with the laws of the Party. Consultations may be held in person or by any other communication means which adequately suffices the purpose of the consultations.

2. After receipt by a Party's competent authority of a properly documented countervailing duty application with respect to imports from the other Party, and before initiating an investigation, the Party shall provide written notification to the other Party of its receipt of the application and afford the other Party a meeting to consult with its competent authority regarding the application. Consultations may be held in person or by any other communication means which adequately suffices the purpose of the consultations.

## ARTICLE 7.9: UNDERTAKINGS[2]

1. Where a Party's competent authority has made a preliminary affirmative determination of dumping and injury caused by such dumping, the Party shall afford due consideration and adequate opportunity for consultations to exporters of the other Party regarding proposed price undertakings which, if accepted, may result in suspension of the investigation without imposition of anti-dumping duties, through the means provided for in the laws and procedures of the Party.

2. Where a Party's competent authority has made a preliminary affirmative determination of subsidization and injury caused by such subsidization, the Party shall afford due consideration, and adequate opportunity for consultations, to the other Party and exporters of the other Party, regarding proposed undertakings on price or, as appropriate, on quantity, which, if accepted, may result in suspension of the investigation without imposition of countervailing duties, through the means provided for in the laws and procedures of the Party.

## ARTICLE 7.10: LESSER DUTY RULE

Should a Party decide to impose an anti-dumping or countervailing duty, the amount of such duty shall not exceed the margin of dumping or countervailable subsidies, and it is

[2] For greater certainty, this Article should be interpreted consistently with Article 8 (Price Undertakings) of the AD Agreement and Article 18 (Undertakings) of the SCM Agreement.

desirable that it should be less than the margin if such lesser duty would be adequate to remove the injury to the domestic industry.

ARTICLE 7.11: CONSIDERATION OF PUBLIC INTERESTS

The Parties shall endeavor to consider the public interests before imposing an anti-dumping or countervailing duty.

ARTICLE 7.12: HEARING

Upon request of the interested parties, the Parties shall consider whether to hold a hearing in order to grant the opportunity of expressing their views during anti-dumping or countervailing measures investigations. This shall not unnecessarily delay the conduct of the investigations.

ARTICLE 7.13: INVESTIGATION AFTER TERMINATION RESULTING FROM A REVIEW

The Parties agree to examine carefully any application for initiation of an anti-dumping investigation on an originating good from the other Party and on which anti-dumping measures have been terminated in the previous 12 months as a result of a review.

ARTICLE 7.14: DISPUTE SETTLEMENT

Neither Party shall have recourse to Chapter 22 (Dispute Settlement) for any matter arising under this Section.

## Section C: Definitions

ARTICLE 7.15: DEFINITIONS

For the purposes of this Chapter:

**bilateral safeguard measure** means a measure described in Article 7.1;

**competent authority** means:

(a) for Korea, the Korea Trade Commission or, the Ministry of Strategy and Finance;

(b) for Costa Rica, the Trade Remedies Directorate (*Dirección de Defensa Comercial*) of the Ministry on Economy, Industry and Commerce (*Ministerio de Economía, Industria y Comercio*);

(c) for El Salvador, the Trade Agreements Administration Bureau (*Dirección de Administración de Tratados Comerciales*) of the Ministry of Economy (*Ministerio de Economía*);

(d) for Honduras, the Directorate General of Administration and Negotiation of Agreements (*Dirección General de Administración y Negociación de Tratados*) of the Secretary of State in the Office of Economic Development (*Secretaría de Estado en el Despacho de Desarrollo Económico*);

(e) for Nicaragua, the Directorate of Application and Negotiation of Trade Agreements (*Dirección de Aplicación y Negociación de Acuerdos Comerciales*) of the Ministry of Development, Industry and Commerce (*Ministerio de Fomento, Industria y Comercio*); and

(f) for Panama, the National Directorate for International Trade Agreement Administration and Commercial Defense (*Dirección Nacional de Administración de Tratados Comerciales Internacionales y Defensa Comercial*) of the Ministry of Commerce and Industries (*Ministerio de Comercio e Industrias*),

or their successors;

**domestic industry** means, with respect to an imported good, the producers as a whole of the like or directly competitive good operating in the territory of a Party, or those whose collective output of the like or directly good constitutes a major proportion of the total domestic production of that good;

**global safeguard measure** means a measure applied under Article XIX of GATT 1994 and the Safeguards Agreement;

**serious injury** means a significant overall impairment in the position of a domestic industry;

**substantial cause** means a cause that is important and not less than any other cause;

**threat of serious injury** means serious injury that, on the basis of facts and not merely on allegation, conjecture, or remote possibility, is clearly imminent; and

**transition period** means the 10-year period following the date of entry into force of this Agreement, except that for any good for which the Schedule to Annex 2-B (Elimination of Customs Duties) of the Party applying the safeguard measure, provides for the elimination of its tariffs on the good over a period of 10 or more years, transition period means the tariff elimination period for the good set out in that schedule plus three years.

# CHAPTER 8
# GOVERNMENT PROCUREMENT

## ARTICLE 8.1: GENERAL PROVISIONS

1. The Parties recognize that this Chapter will contribute to expand bilateral trading opportunities in each Party's government procurement market.

2. The Parties recognize their shared interest in promoting the effective, reciprocal and progressive opening of government procurement markets. The Parties will endeavor to cooperate bilaterally on procurement matters.

## ARTICLE 8.2: SCOPE

1. This Chapter shall apply to any measure of a Party regarding covered procurement.

2. For the purposes of this Chapter, **covered procurement** means a government procurement of goods, services or any combination thereof for governmental purposes:

(a) not procured with a view to commercial sale or resale, or for use in the production or supply of goods or services for commercial sale or resale;

(b) by any contractual means, including purchase, lease, and rental or hire purchase, with or without an option to buy;

(c) for which the value, as estimated in accordance with paragraphs 5 and 6 equals or exceeds the relevant threshold specified by each Party in Annex 8-A at the time of publication of a notice in accordance with Article 8.6;

(d) by a procuring entity; and

(e) that is not otherwise excluded from coverage by this Chapter; and subject to the conditions specified in Annex 8-A.

3. This Chapter shall not apply to:

(a) the acquisition or rental of land, existing buildings, or other immovable property or rights thereon;

(b) non-contractual agreements or any form of assistance [1] that a Party provides, including cooperative agreements, grants, loans, equity infusions, guarantees, fiscal incentives, subsidies, government provision of goods and services to state, regional, or local government entities;

[1] For greater certainty, this Chapter shall not apply to a procurement in furtherance of human feeding programs.

(c) the procurement or acquisition of fiscal agency or depository services, liquidation and management services for regulated financial institutions, or services related to the public debt, including loans and government bonds, notes and other securities;

(d) public employment contracts and related measures;

(e) procurement conducted:

(i) under the particular procedure or condition of an international agreement relating to the stationing of troops or relating to the joint implementation by the signatory countries of a project; or

(ii) under the particular procedure or condition of an international organization, or funded by international grants, loans, or other assistance where the applicable procedure or condition would be inconsistent with this Chapter; and

(f) procurement for the specific purpose of providing international assistance, including development aid.

4. Where legislation of a Party allows a covered procurement to be carried out on behalf of the procuring entity by other entities or persons not listed in the Annex 8-A, the provisions of the Article 8. 4 shall equally apply, *mutatis mutandis*.

*Valuation of Contracts*

5. In estimating the value of a procurement for the purposes of ascertaining whether it is a covered procurement, a procuring entity shall:

(a) neither divide a procurement into separate procurements nor use a particular valuation method for estimating the value of a procurement with the intention of totally or partially excluding it from the application of this Chapter;

(b) include the estimated maximum total value of the procurement over its entire duration, whether awarded to one or more suppliers, taking into account all forms of remuneration, including:

(i) premiums, fees, commissions, and interest; and

(ii) where the procurement provides for the possibility of option clauses, the estimated maximum total value of the procurement, inclusive of optional purchases; and

(c) where the procurement is to be conducted in multiple parts, with contracts to be awarded at the same time or over a given period to one or more suppliers, base its calculation of the total maximum value of the procurement over its entire duration.

6. Where the estimated maximum total value of a procurement over its entire duration is not known, the procurement shall be covered by this Chapter.

## ARTICLE 8.3: EXCEPTIONS

1. Subject to the requirement that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between the Parties where the same conditions prevail or a disguised restriction on trade between the Parties, nothing in this Chapter shall be construed to prevent a Party from adopting or maintaining measures:

(a) necessary to protect public morals, order or safety;

(b) necessary to protect human, animal, or plant life or health;

(c) necessary to protect intellectual property; or

(d) relating to goods or services of persons with disabilities, philanthropic institutions, or prison labor.

2. The Parties understand that paragraph 1(b) includes environmental measures necessary to protect human, animal, or plant life or health.

## ARTICLE 8.4: GENERAL PRINCIPLES

*National Treatment and Non-Discrimination*

1. With respect to any measure covered by this Chapter, each Party, including its procuring entities, shall accord to the goods and services of the other Party and to the suppliers of the other Party offering such goods or services, treatment no less favourable than that accorded to domestic goods, services and suppliers.

2. With respect to any measure regarding covered procurement, a Party, including its procuring entities, shall not:

(a) treat a locally established supplier less favorably than another locally established supplier on the basis of degree of foreign affiliation or ownership; or

(b) discriminate against a locally established supplier on the basis that the goods or services offered by that supplier for a particular procurement are goods or services of the other Party.

*Measures Not Specific to Procurement*

3. The provisions of paragraphs 1 and 2 shall not apply to customs duties and charges of any kind imposed on, or in connection with, importation, the method of levying such

duties and charges, other import regulations or formalities, and measures affecting trade in services other than measures governing covered procurement.

*Use of Electronic Means*

4. When conducting covered procurement by electronic means, a procuring entity shall:

(a) ensure that the procurement is conducted using information technology systems and software, including those related to authentication and encryption of information, that are generally available and interoperable with other generally available information technology systems and software; and

(b) maintain mechanisms that ensure the integrity of requests for participation and tenders, including establishment of the time of receipt and the prevention of inappropriate access.

*Prohibition of Offsets*

5. Subject to the exceptions contained in this Chapter or the annexes pertaining thereto, a Party, including its procuring entities, shall not seek, take account of, impose, or enforce offsets at any stage of a covered procurement.

*Rules of Origin*

6. For the purposes of covered procurement, each Party shall not apply rules of origin to goods or services imported from or supplied from the other Party that are different from the rules of origin the Party applies at the same time in the normal course of trade to imports or supplies of the same goods or services.

*Conduct of Procurement*

7. A procuring entity shall conduct covered procurement in a transparent and impartial manner that:

(a) is consistent with this Chapter, using methods such as open tendering, selective tendering and limited tendering;

(b) avoids conflicts of interest; and

(c) prevents corrupt practices.

## ARTICLE 8.5: PUBLICATION OF PROCUREMENT INFORMATION AND MEASURES

Each Party shall promptly publish its procurement laws, regulations, procedures, administrative rulings of general application relating to covered procurements, and any changes or additions to this information, in electronic or paper media that are widely

disseminated and remain accessible to the public, and provide, if so requested by the other Party further information concerning their application.

## ARTICLE 8.6: NOTICES

*Notice of Intended Procurement*

1. For each covered procurement, except in the circumstances described in Article 8.11, a procuring entity shall publish a notice inviting interested suppliers to submit tenders or, where appropriate, applications for participation in the procurement. Any such notice shall be published in an electronic or paper medium that is widely disseminated and readily accessible to the public free of charge for the entire period established for tendering. Each Party shall encourage procuring entities to publish notices of intended procurement in a single point of entry electronic publication that is accessible through the Internet or a comparable network.

2. Except as otherwise provided in this Chapter, each notice of intended procurement shall include:

(a) the name and address of the procuring entity and other information necessary to contact such entity and obtain all relevant documents relating to the procurement, and their cost and terms of payment, if any;

(b) a description of the procurement, including the nature and the quantity of the goods or services to be procured or, where the quantity is not known, the estimated quantity;

(c) the procurement method that will be used and whether it will involve negotiation or electronic auction;

(d) where applicable, the address and any final date for the submission of requests for participation in the procurement; and

(e) the address and the final date for the submission of tenders.

3. The following information shall be made available through electronic means:

(a) for recurring contracts, if possible, an estimate of the timing of subsequent notices of intended procurement;

(b) a description of any options;

(c) the time-frame for delivery of goods or services or the duration of the contract;

(d) a list and brief description of any conditions for participation of suppliers, including any requirements for specific documents or certifications to be provided by suppliers in connection therewith, unless such requirements

are included in tender documentation that is made available to all interested suppliers at the same time as the notice of intended procurement;

(e) where, pursuant to Article 8.8, a procuring entity intends to select a limited number of qualified suppliers to be invited to tender, the criteria that will be used to select them and, where applicable, any limitation on the number of suppliers that will be permitted to tender; and

(f) an indication that the procurement is covered by this Chapter.

*Notice of Planned Procurement*

4. Each Party shall encourage its procuring entities to publish as early as possible in each Party's fiscal year, a notice regarding their procurement plans for that fiscal year. The notice should, at a minimum, include the subject-matter of the procurement and the planned date of the publication of the notice of the intended procurement according to the legislation of each Party.

ARTICLE 8.7: CONDITIONS FOR PARTICIPATION

1. A procuring entity shall limit any conditions for participation in a procurement to those that are essential to ensure that a supplier has the legal, commercial, technical and financial capacities to undertake the relevant procurement.

2. In assessing whether a supplier satisfies the conditions for participation, a procuring entity:

(a) shall evaluate the financial, commercial and technical abilities of a supplier on the basis of that supplier's business activities both inside and outside the territory of the Party of the procuring entity;

(b) shall base its evaluation solely on the conditions that a procuring entity has specified in advance in notices or tender documentation;

(c) shall not impose the condition that, in order for a supplier to participate in a procurement or be awarded a contract, the supplier has previously been awarded one or more contracts by a procuring entity of that Party or that the supplier has prior work experience in the territory of that Party; and

(d) may require prior experience where essential to meet the requirements of the procurement.

3. Where there is supporting evidence, a Party, including its procuring entities, may exclude a supplier on grounds such as:

(a) bankruptcy;

(b) false declarations;

(c) significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior contract or contracts;

(d) final judgments in respect of serious crimes or other serious offences;

(e) professional misconduct, acts or omissions that adversely reflect on the commercial integrity of the supplier; or

(f) failure to pay taxes.

ARTICLE 8.8: REGISTRATION AND QUALIFICATION OF SUPPLIERS

*Registration Systems and Qualification Procedures*

1. Where a Party, including its procuring entities, requires suppliers to register or pre-qualify before being permitted to participate in a covered procurement, that Party, including its procuring entities, shall ensure that a notice inviting suppliers to apply for registration or pre-qualification is published in adequate time to enable interested suppliers to initiate and, to the extent that it is compatible with the efficient operation of the procurement process, complete the registration and/or qualification procedures.

*Selective Tendering*

2. Where a Party's law allows the use of selective tendering procedures, a procuring entity shall, for each intended procurement:

(a) publish a notice inviting suppliers to apply for participation in the procurement sufficiently in advance to provide interested suppliers time to prepare and submit applications and for the entity to evaluate, and make its determinations based on such applications; and

(b) allow all domestic suppliers and suppliers of the other Party that the entity has determined satisfy the conditions for participation to submit a tender, unless the entity has stated in the notice of intended procurement or, where publicly available, in the tender documentation, a limitation on the number of suppliers that will be permitted to tender and the criteria for such a limitation.

*Lists of Suppliers*

3. A procuring entity may establish a list of suppliers, provided that the entity annually publishes or otherwise makes available continuously in electronic form a notice inviting interested suppliers to apply for inclusion on the list. A notice inviting suppliers to apply for inclusion in a list of suppliers, shall include the name and address of that competent or procuring entity and other information necessary to contact the entity and obtain all relevant information and document relating to inclusion in the list. Entities shall make available:

(a) a description of the goods and services, or categories thereof, for which the list may be used;

(b) the conditions for participation to be satisfied by suppliers and the methods that the procuring entity will use to verify a supplier's satisfaction of those conditions; and

(c) the period of validity of the list and the means for its renewal or termination, or where the period of validity is not provided, an indication of the method by which notice will be given of the termination of use of the list.

4. A procuring entity shall allow suppliers to apply at any time for inclusion on a list of suppliers and shall include on the list all qualified suppliers within a reasonably short time.

5. Where a supplier that is not included on a list of suppliers submits a request for participation in a procurement based on a list of suppliers and all required documents relating thereto, within the time-period provided for in Article 8.9, a procuring entity shall examine the request if it is determined to be a qualifying supplier, provided there is sufficient time to fulfill the conditions for participation, unless, in exceptional cases, due to the complexity of the procurement, that entity is not able to complete the examination of the request within the time-period allowed for the submission of tenders.

ARTICLE 8.9: TIME PERIODS

1. A procuring entity shall provide suppliers sufficient time to submit applications to participate in a covered procurement, and prepare and submit responsive tenders, taking into account the nature and complexity of the procurement.

2. If a procuring entity that uses selective tendering establishes a final date for the submission of requests for participation, it shall set a reasonable deadline allowing sufficient time for interested suppliers to fulfil the formal requirements for participation in the tender. Under no circumstance shall this time-period be less than 10 days.

3. Except as provided for in paragraphs 4 and 5, a procuring entity shall establish that the final date for the submission of tenders shall not be less than 40 days from the date on which:

(a) in the case of open tendering, the notice of intended procurement is published; or

(b) in the case of selective tendering, the entity notifies suppliers that they will be invited to submit tenders whether or not it uses a list of suppliers.

4. A procuring entity may reduce the time-period for tendering set out in paragraph 3 to not less than 10 days where:

(a) the procuring entity has published a notice in an electronic medium listed in Annex 8-C, containing the information specified in Article 8.6.4 at least 40 days and not more than 12 months in advance;

(b) in the case of the second or subsequent publication of notices for procurement of a recurring nature;

(c) a state of urgency duly substantiated by the procuring entity renders such time-period impracticable; or

(d) a procuring entity procures commercial goods and services that are sold or offered for sale to, and customarily purchased and used by, non-governmental buyers for non-governmental purposes.

5. A procuring entity may reduce the time-period for tendering set out in paragraph 3 by five days for each one of the following circumstances:

(a) the notice of intended procurement is published by electronic means;

(b) all the tender documentation is made available by electronic means from the date of the publication of the notice of intended procurement; and

(c) the tenders may be received by electronic means by the procuring entity.

6. The use of paragraph 5, in conjunction with paragraph 4, shall in no case result in the reduction of the time-period for tendering set out in paragraph 3 to less than 10 days from the date on which the notice of intended procurement is published.

## ARTICLE 8.10: INFORMATION ON INTENDED PROCUREMENTS

*Tender Documentation*

1. A procuring entity shall promptly provide to any supplier interested in participating in a procurement tender documentation that includes all information necessary to permit suppliers to prepare and submit responsive tenders.

2. Unless already provided in the notice of intended procurement, such documentation shall include a complete description of:

(a) the procurement, including the nature and the quantity of the goods or services to be procured or, where the quantity is not known, the estimated quantity and any requirements to be fulfilled, including any technical specifications, conformity assessment certification, plans, drawings or instructional materials;

(b) any conditions for participation of suppliers, including any financial guarantees, information, and documents that suppliers are required to submit;

(c) all evaluation criteria to be considered in the awarding of the contract, and, except where price is the sole criterion, the relative importance of such criteria;

(d) where a procuring entity may hold an electronic auction, the rules, including identification of the elements of the tender related to the evaluation criteria, on which the auction will be conducted;

(e) where there will be a public opening of tenders, the date, time, and place for the opening of tenders, where appropriate, the persons authorized to be present;

(f) any other terms or conditions, including terms of payment and any limitation on the means by which tenders may be submitted, e.g., paper or electronic means; and

(g) any dates for the delivery of goods or the supply of services.

3. A procuring entity shall promptly reply to any reasonable request for relevant information made by any interested or participating supplier in the procurement, provided that such information does not give that supplier an advantage over other suppliers and that the request was presented within the corresponding time periods.

4. If the legislation of a Party conducting a tendering procedure allows tenders to be submitted in several languages, one of those languages shall be English.

*Technical Specifications*

5. A procuring entity shall not prepare, adopt or apply any technical specification or prescribe any conformity assessment procedure with the purpose or the effect of creating unnecessary obstacles to international trade between the Parties.

6. In prescribing the technical specifications for the goods or services being procured, a procuring entity shall, where appropriate:

(a) set out the technical specifications in terms of performance and functional requirements, rather than design or descriptive characteristics; and

(b) base the technical specifications on international standards, where such exist; otherwise, on national technical regulations, recognised national standards or building codes.

7. Where design or descriptive characteristics are used in the technical specifications, a procuring entity shall indicate, where appropriate, that it will consider tenders of equivalent goods or services that demonstrably fulfill the requirements of the procurement by including words such as "or equivalent" in the tender documentation.

8. A procuring entity shall not prescribe technical specifications that require or refer to a particular trademark or trade name, patent, copyright, design, type, specific origin, producer or supplier, unless there is no other sufficiently precise or intelligible way of

describing the procurement requirements and provided that, in such cases, the entity includes words such as "or equivalent" in the tender documentation.

9. A procuring entity shall not seek or accept, in a manner that would have the effect of precluding competition, advice that may be used in the preparation or adoption of any technical specification for a specific procurement from a person that may have a commercial interest in the procurement.

10. For greater certainty, a procuring entity may, in accordance with this Article, prepare, adopt or apply technical specifications to promote the conservation of natural resources or protect the environment.

*Modifications*

11. Where, in the course of a procurement, a procuring entity modifies the criteria or technical requirements set out in a notice of intended procurement or tender documentation provided to participating suppliers or amends or reissues a notice or tender documentation according to the legislation of each Party, it shall transmit in writing all such modifications or amended or reissued notice or tender documentation:

(a) to all the suppliers that are participating at the time of the modification, amendment, or reissuance if the identities of such suppliers are known, and, in all other cases, in the same manner that the original information was transmitted; and

(b) in adequate time to allow such suppliers to modify and resubmit amended tenders, as appropriate.

ARTICLE 8.11: LIMITED TENDERING

1. Provided that it does not use this provision for the purposes of avoiding competition among suppliers or in a manner that discriminates against suppliers of the other Party or protects domestic suppliers, a procuring entity may use limited tendering under the following circumstances:

(a) provided that the requirements of the tender documentation are not substantially modified where:

(i) no tenders were submitted or no suppliers requested participation;

(ii) no tenders that conform to the essential requirements of the tender documentation were submitted;

(iii) no suppliers satisfied the conditions for participation; or

(iv) the tenders submitted have been collusive;

(b) where the goods or services can be supplied only by a particular supplier and no reasonable alternative or substitute goods or services exist for any of the following reasons:

(i) the requirement is for a work of art;

(ii) the protection of intellectual property rights or other exclusive rights; or

(iii) due to an absence of competition for technical reasons;

(c) for additional deliveries by the original supplier of goods or services that were not included in the initial procurement where:

(i) a change of supplier for such additional goods or services cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, software, services or installations procured under the initial procurement; and

(ii) such separation would cause significant inconvenience or substantial duplication of costs for the procuring entity;

(d) insofar as is strictly necessary where, for reasons of extreme urgency brought about by events unforeseeable by the procuring entity, the goods or services could not be obtained in time using open tendering or selective tendering;

(e) for goods purchased on a commodity market;

(f) where a procuring entity procures a prototype or a first good or service that is developed at its request in the course of, and for, a particular contract for research, experiment, study or original development. Original development of a first good or service may include limited production or supply in order to incorporate the results of field testing and to demonstrate that the good or service is suitable for production or supply in quantity to acceptable quality standards, but does not include quantity production or supply to establish commercial viability or to recover research and development costs;

(g) where a contract is awarded to a winner of a design contest provided that:

(i) the contest has been organized in a manner that is consistent with the principles of this Chapter, in particular relating to the publication of a notice of intended procurement; and

(ii) the participants are judged by an independent jury with a view to a design contract being awarded to a winner;

(h) where additional construction services that were not included in the initial contract, but fell under the objectives of the original tender documentation have, due to unforeseeable circumstances, become necessary to complete the construction services described therein; and

(i) in the cases established by each Party in Annex 8-A.

2. For each contract awarded under paragraph 1, a procuring entity shall maintain records or prepare a written report that includes:

(a) the name of the procuring entity;

(b) the value and kind of goods or services procured; and

(c) a statement indicating the circumstances and conditions described in paragraph 1 that justify the use of limited tendering.

ARTICLE 8.12: ELECTRONIC AUCTIONS

Where a procuring entity intends to conduct a covered procurement using an electronic auction, the entity may provide each participant, before commencing the electronic auction, with:

(a) the automatic evaluation method, including the mathematical formula, that is based on the evaluation criteria set out in the tender documentation and that will be used in the automatic ranking or re-ranking during the auction;

(b) the results of any initial evaluation of the elements of its tender where the contract is to be awarded on the basis of the most advantageous tender; and

(c) any other relevant information relating to the conduct of the auction.

ARTICLE 8.13: NEGOTIATION

1. A Party may provide for its procuring entities to conduct negotiations, where:

(a) the entity has indicated its intent to conduct negotiations in the notice of intended procurement required under Article 8.6; or

(b) it appears from the evaluation that no tender is obviously the most advantageous in terms of the specific evaluation criteria set out in the notice of intended procurement or tender documentation.

2. A procuring entity shall:

(a) ensure that any elimination of suppliers participating in negotiations is carried out in accordance with the evaluation criteria set out in the notice of intended procurement or tender documentation; and

(b) where negotiations are concluded, provide a common deadline for the remaining participating suppliers to submit any new or revised tenders.

ARTICLE 8.14: TREATMENT OF TENDERS AND AWARDING OF CONTRACTS

*Receipt and Opening of Tenders*

1. A procuring entity shall receive, open and treat all tenders under procedures that guarantee the fairness and impartiality of the procurement process.

2. A procuring entity shall treat all tenders in confidence until at least the opening of the tenders. In particular, the procuring entity shall not provide information to particular suppliers that might prejudice fair competition between suppliers.

3. According with the legislation of a Party, a procuring entity shall receive a tender after the time specified for receiving tenders if the delay is due solely to an event unforeseen by the procuring entity.

4. Where a procuring entity provides suppliers with opportunities to correct errors of form, the entity shall provide the same opportunities to all participating suppliers.

*Awarding of Contracts*

5. A procuring entity shall require that in order to be considered for an award, a tender shall be submitted in writing and shall, at the time of opening, comply with the essential requirements set out in the notices and tender documentation and be from a supplier that satisfies the conditions for participation.

6. Unless a procuring entity determines that it is not in the public interest to award a contract, the entity shall award the contract to the supplier that it has determined to be capable of fulfilling the term of the contract and, based solely on the evaluation criteria specified in the notices and tender documentation, has submitted:

(a) the most advantageous tender; or

(b) where price is the sole criterion, the lowest price.

7. Where a procuring entity receives a tender with a price that is abnormally lower than the prices in other tenders submitted, it may verify with the supplier that it satisfies the conditions for participation and is capable of fulfilling the terms of the contract.

8. A procuring entity may not cancel a covered procurement, or terminate or modify awarded contracts in a manner that circumvents this Chapter.

ARTICLE 8.15: POST-AWARD INFORMATION

1. A procuring entity shall promptly inform suppliers that have submitted tenders of its contract award decision. A procuring entity shall, upon request, provide an unsuccessful supplier with the reasons that the entity did not select that supplier's tender and the relative advantages of the successful supplier's tender.

2. After the award of each contract covered by this Chapter, a procuring entity shall as early as possible, according to the time limit established in each Party´s legislation publish a notice in the appropriate paper or electronic medium listed in Annex 8-C. Where the entity publishes the notice only in an electronic medium, the information shall remain readily accessible for a reasonable period of time. The notice shall include at least the following information:

(a) a description of the goods or services procured;

(b) the name and address of the procuring entity;

(c) the name of the successful supplier;

(d) the value of the successful tender;

(e) the date of award or the contract date; and

(f) the type of procurement method used and in cases where limited tendering was used in accordance with Article 8.11, a description of the circumstances justifying the use of limited tendering, which may be made available in the corresponding files or electronic media.

3. Each procuring entity shall, for a period of at least three years from the date it awards a contract, maintain:

(a) records and reports of tendering procedures and contract awards relating to covered procurement, including the records or reports required under Article 8.11; and

(b) where the procuring entity conducts procurement entirely by electronic means, data that ensure the appropriate traceability of the conduct of covered procurement.

ARTICLE 8.16: DOMESTIC REVIEW PROCEDURES

1. Each Party shall provide a timely, effective, transparent, and non-discriminatory administrative or judicial review procedure through which a supplier may present a challenge with respect to the obligations of a Party and its entities under this Chapter that may arise in the context of a covered procurement, in which the supplier has, or has had, an interest. The procedural rules for all challenges shall be in writing and made generally available.

2. Each supplier shall be allowed a sufficient period of time to prepare and submit a challenge, which in no case shall be less than 10 days from the time when the basis of the challenge became known or reasonably should have become known to the supplier.

3. Each Party shall maintain at least one impartial administrative or judicial authority that is independent of its procuring entities to receive and review, in a non-discriminatory, timely, transparent and effective manner, complaints that a supplier of a Party submits, in accordance with the Party's law, relating to a covered procurement.

4. Where a body other than an authority referred to in paragraph 3 initially reviews a challenge, the Party shall ensure that the supplier may appeal the initial decision to an impartial administrative or judicial authority that is independent of the procuring entity whose procurement is the subject of the challenge.

5. A review body that is not a court shall either be subject to judicial review or have procedures that provide that:

(a) the procuring entity shall respond in writing to the challenge and disclose all relevant documents to the review body;

(b) the participants to the proceedings (hereinafter referred to as the "participants") shall have the right to be heard prior to a decision of the review body being made on the challenge;

(c) the participants shall have the right to be represented and accompanied;

(d) the participants shall have access to all proceedings;

(e) the participants shall have the right to request that the proceedings take place in public and that witnesses may be presented; and

(f) decisions or recommendations relating to supplier challenges shall be provided to interested supplier, within a reasonable time, in writing, with an explanation of the basis for each decision or recommendation.

6. Each Party shall adopt or maintain procedures that provide for:

(a) rapid interim measures to preserve the supplier's opportunity to participate in the procurement. Such interim measures may result in suspension of the procurement process. The procedures may provide that overriding adverse consequences for the interests concerned, including the public interest, may be taken into account when deciding whether such measures should be applied. Just cause for not acting shall be provided in writing; and

(b) corrective action or compensation for the loss or damages suffered, in accordance with each Party's legislation, in cases where a review body has determined that there has been a breach or a failure as set out in paragraph 1.

ARTICLE 8.17: MICRO, SMALL, AND MEDIUM ENTERPRISES' PARTICIPATION

1. The Parties recognize the importance of the participation of micro, small, and medium-sized enterprises (hereinafter referred to as the "MSMEs") in government procurement and of business alliances between suppliers of each Party, and in particular of MSMEs, including the joint participation in tendering procedures.

2. The Parties shall be able to adopt, develop, maintain or implement measures to promote opportunities on procurement policies for the development of its MSMEs; including preferential rules.

ARTICLE 8.18: COOPERATION AND TECHNICAL ASSISTANCE ON GOVERNMENT PROCUREMENT

1. The Parties agree that it is in their common interest to promote cooperation and technical assistance initiatives on issues related to government procurement.

2. The Parties shall endeavour to cooperate in matters such as:

(a) exchange of experiences and information, such as regulatory frameworks and best practices in the fields of sustainable procurement and innovation procurement;

(b) capacity building and technical assistance to suppliers with respect to access to the government procurement market;

(c) knowledge and technology transfer for procurement entities in order to improve institutional capabilities; and

(d) improving processes for electronic procurement.

ARTICLE 8.19: RECTIFICATIONS AND MODIFICATIONS TO COVERAGE

1. A Party may make rectifications of a purely formal nature to its coverage under this Chapter, or minor amendments to its Schedules in Annex 8-A, provided that it notifies the other Party in writing and the other Party does not object in writing within 30 days of receipt of the notification. A Party that makes such a rectification or minor amendment need not provide compensatory adjustments to the other Party.

2. A Party may otherwise modify its coverage under this Chapter provided that it:

(a) notifies the other Party in writing and simultaneously offers in the notification appropriate compensatory adjustments to the other Party to maintain a level of coverage comparable to that existing prior to the modification where necessary; and

(b) the other Party shall not object in writing within 30 days of receipt of the notification.

3. A Party need not provide compensatory adjustments in those circumstances where the Parties agree that the proposed modification covers a procuring entity over which a Party has effectively eliminated its control or influence. Where a Party objects to the assertion that such government control or influence has been effectively eliminated, the objecting Party shall object in writing within 30 days of receipt of the notification and may request further information or consultations with a view to clarifying the nature of any government control or influence and reaching agreement on the procuring entity's continued coverage under this Chapter.

4. Where the Parties concerned have agreed on rectification, minor amendment, adjustment or proposed modification, or where no objection has been made within 30 days of the receipt of the notification, the modifications shall be made in conformity with the provisions of paragraph 5.

5. The Joint Committee of the Agreement shall modify the relevant section of Annex 8-A to reflect any agreed rectification, minor amendment or modification.

## ARTICLE 8.20: COMMITTEE ON GOVERNMENT PROCUREMENT

1. The Parties hereby establish a Committee on Government Procurement (hereinafter referred to as the "Committee") comprising representatives of each Party.

2. The Committee shall:

(a) evaluate the implementation of this Chapter, including its application, and recommend to the Parties the appropriate activities;

(b) coordinate the cooperation activities;

(c) evaluate and follow up the activities related to cooperation that the Parties present;

(d) work as an enquiry point for the purposes of the notifications under Article 8.19; and

(e) carry out other functions as may be assigned by the Joint Committee or agreed by the Parties.

3. The Committee shall meet upon request of a Party or as mutually agreed by the Parties.

4. Meetings may be conducted in person or by any technological means available to the Parties.

## ARTICLE 8.21: DEFINITIONS

For the purposes of this Chapter:

**conditions for participation** means registration, qualification, or other pre-requisites for participation in a procurement;

**construction services** means a service that has as its objective the realization by whatever means of civil or building works, based on Division 51 of the United Nations Provisional Central Product Classification;

**electronic auction** means an iterative process that involves the use of electronic means for the presentation by suppliers of either new prices, or new values for quantifiable non-price elements of the tender related to the evaluation criteria, or both, resulting in a ranking or re-ranking of tenders[2];

**in writing** or **written** means any worded or numbered expression that can be read, reproduced and later communicated. It may include electronically transmitted and stored information;

**limited tendering** means a procurement method whereby the procuring entity contacts a supplier or suppliers of its choice;

**list of suppliers** means a list that a procuring entity has determined satisfy the conditions for participation in that list, and that the procuring entity intends to use more than once;

# CHAPTER 9
# INVESTMENT

## Section A: Investment

### ARTICLE 9.1: SCOPE

1. This Chapter shall apply to measures adopted or maintained by a Party relating to:

   (a) investors of the other Party;

   (b) covered investments; and

   (c) with respect to Articles 9.9 and 9.11, all investments in the territory of the Party.

2. For greater certainty, this Chapter does not bind either Party in relation to any act or fact that took place or any situation that ceased to exist before the date of entry into force of this Agreement.

3. For the purposes of this Chapter, **measures adopted or maintained by a Party** means measures adopted or maintained by:

   (a) central or local governments and authorities; and

   (b) non-governmental bodies in the exercise of powers delegated by central or local governments or authorities.

4. This Chapter shall not apply to measures adopted or maintained by a Party to the extent that they are covered by Chapter 11 (Financial Services).

5. This Chapter shall not apply to services supplied in the exercise of governmental authority in a Party's territory. A **service supplied in the exercise of governmental authority** means any service which is supplied neither on a commercial basis, nor in competition with one or more service suppliers.

### ARTICLE 9.2: RELATION TO OTHER CHAPTERS

1. In the event of any inconsistency between this Chapter and another Chapter, the other Chapter shall prevail to the extent of the inconsistency.

2. A requirement by a Party that a service supplier of the other Party post a bond or other form of financial security as a condition of the cross-border supply of a service does not of itself make this Chapter applicable to measures adopted or maintained by the Party relating to such cross-border supply of the service. This Chapter shall apply to measures adopted or maintained by the Party relating to the posted bond or financial security, to the extent that such bond or financial security is a covered investment.

## ARTICLE 9.3: NATIONAL TREATMENT

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.

2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

## ARTICLE 9.4: MOST-FAVORED-NATION TREATMENT[1]

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.

2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

## ARTICLE 9.5: MINIMUM STANDARD OF TREATMENT[2]

1. Each Party shall accord to covered investments treatment in accordance with customary international law, including fair and equitable treatment, and full protection and security.

2. For greater certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens as the minimum standard of treatment to be afforded to covered investments. The concepts of "fair and equitable treatment" and "full protection and security" do not require treatment in addition to or beyond that which is required by that standard, and do not create additional substantive rights. The obligation in paragraph 1 to provide:

(a) "fair and equitable treatment" includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings, in accordance with the principle of due process embodied in the principal legal systems of the world; and

[1] For greater certainty, Article 9.4 shall not apply to investor-state dispute settlement mechanisms such as those set out in Section B or that are provided for in an international treaty or trade agreement.
[2] Article 9.5 shall be interpreted in accordance with Annex 9-A.

(b) "full protection and security" requires each Party to provide the level of police protection required under customary international law.

3. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

## ARTICLE 9.6: LOSSES AND COMPENSATION

1. Notwithstanding Article 9.13.5(b), each Party shall accord to investors of the other Party, and to covered investments, non-discriminatory treatment with respect to measures it adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict, or civil strife.

2. Notwithstanding paragraph 1, if an investor of a Party, in the situations referred to in paragraph 1, suffers a loss in the territory of the other Party resulting from:

(a) requisitioning of its covered investment or part thereof by the latter's forces or authorities; or

(b) destruction of its covered investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation,

the latter Party shall provide the investor restitution or compensation for such loss, which in either case shall be in accordance with customary international law and with respect to compensation shall be prompt, adequate, and effective in accordance with Articles 9.7.2 through 9.7.4, *mutatis mutandis*.

3. Paragraph 1 shall not apply to existing measures relating to subsidies or grants that would be inconsistent with Article 9.3 but for Article 9.13.5(b).

## ARTICLE 9.7: EXPROPRIATION AND COMPENSATION[3]

1. Neither Party may expropriate or nationalize a covered investment either directly or indirectly through measures equivalent to expropriation or nationalization (expropriation), except:

(a) for a public purpose[4];

(b) in a non-discriminatory manner;

(c) on payment of prompt, adequate, and effective compensation; and

[3] Article 9.7 shall be interpreted in accordance with Annexes 9-A and 9-C.

[4] Article 9.7.1(a) shall be interpreted in accordance with Annex 9-B, with regard to the Republics of Central America.

(d) in accordance with due process of law and Article 9.5.

2. The compensation referred to in paragraph 1(c) shall:

(a) be paid without undue delay;

(b) be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place (the date of expropriation);

(c) not reflect any change in value occurring because the intended expropriation had become known earlier; and

(d) be fully realizable and freely transferable.

3. If the fair market value is denominated in a freely usable currency, the compensation referred to in paragraph 1(c) shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation referred to in paragraph 1(c) – converted into the currency of payment at the market rate of exchange prevailing on the date of payment – shall be no less than:

(a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date, plus

(b) interest, at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.

5. This Article shall not apply to the issuance of compulsory licenses granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that such issuance, revocation, limitation, or creation is consistent with Chapter 15 (Intellectual Property Rights)[5].

## ARTICLE 9.8: TRANSFERS

1. Each Party shall permit all transfers relating to a covered investment to be made freely and without delay into and out of its territory. Such transfers include:

(a) contributions to capital, including the initial contribution;

(b) profits, dividends, capital gains, and proceeds from the sale of all or any part of the covered investment or from the partial or complete liquidation of the covered investment;

[5] For greater certainty, the reference to "the TRIPS Agreement" in paragraph 5 includes any waiver in force between the Parties of any provision of that Agreement granted by WTO Members in accordance with the WTO Agreement.

(c) interest, royalty payments, management fees, and technical assistance and other fees;

(d) payments made under a contract, including a loan agreement;

(e) payments made pursuant to Articles 9.6.1, 9.6.2 and 9.7; and

(f) payments arising out of a dispute.

2. Each Party shall permit transfers relating to a covered investment to be made in a freely usable currency at the market rate of exchange prevailing at the time of transfer.

3. Each Party shall permit returns in kind relating to a covered investment to be made as authorized or specified in a written agreement between the Party and a covered investment or an investor of the other Party.

4. Notwithstanding paragraphs 1 through 3, a Party may prevent a transfer through the equitable, non-discriminatory, and good faith application of its laws relating to:

(a) bankruptcy, insolvency, or the protection of the rights of creditors;

(b) issuing, trading, or dealing in securities, futures, options, or derivatives;

(c) criminal or penal offenses;

(d) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities; or

(e) ensuring compliance with orders or judgments in judicial or administrative proceedings.

## ARTICLE 9.9: PERFORMANCE REQUIREMENTS

1. Neither Party may, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of a Party or of a non-Party, impose or enforce any of the following requirements or enforce any commitment or undertaking[6]:

(a) to export a given level or percentage of goods or services;

(b) to achieve a given level or percentage of domestic content;

(c) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;

[6] For greater certainty, a condition for the receipt or continued receipt of an advantage referred to in paragraph 2 shall not constitute a "commitment or undertaking" for the purposes of paragraph 1.

(d) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment;

(e) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings;

(f) to transfer a particular technology, a production process, or other proprietary knowledge to a person in its territory; or

(g) to supply exclusively from the territory of the Party the goods that such investment produces or the services that it supplies to a specific regional market or to the world market.

2. Neither Party may condition the receipt or continued receipt of an advantage, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of a Party or of a non-Party, on compliance with any of the following requirements:

(a) to achieve a given level or percentage of domestic content;

(b) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;

(c) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment; or

(d) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.

3. (a) Nothing in paragraph 2 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a non-Party, on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.

(b) Paragraph 1(f) shall not apply when:

(i) a Party authorizes use of an intellectual property right in accordance with Article 31 of the TRIPS Agreement, or to measures requiring the

disclosure of proprietary information that fall within the scope of, and are consistent with, Article 39 of the TRIPS Agreement[7]; or

(ii) the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal, or competition authority to remedy a practice determined after judicial or administrative process to be anticompetitive under the Party's competition laws[8].

(c) Provided that such measures are not applied in an arbitrary or unjustifiable manner, and provided that such measures do not constitute a disguised restriction on international trade or investment, paragraphs 1(b), (c), and (f), and 2(a) and (b), shall not be construed to prevent a Party from adopting or maintaining measures, including environmental measures:

(i) necessary to secure compliance with laws and regulations that are not inconsistent with this Agreement;

(ii) necessary to protect human, animal, or plant life or health; or

(iii) related to the conservation of living or non-living exhaustible natural resources.

(d) Paragraphs 1(a), (b), and (c), and 2(a) and (b), shall not apply to qualification requirements for goods or services with respect to export promotion and foreign aid programs.

(e) Paragraphs 1(b), (c), (f), and (g), and 2(a) and (b), shall not apply to government procurement.

(f) Paragraphs 2(a) and (b) shall not apply to requirements imposed by an importing Party relating to the content of goods necessary to qualify for preferential tariffs or preferential quotas.

4. For greater certainty, paragraphs 1 and 2 shall not apply to any commitment, undertaking, or requirement other than those set out in those paragraphs.

5. This Article does not preclude enforcement of any commitment, undertaking, or requirement between private parties, where a Party did not impose or require the commitment, undertaking, or requirement.

## ARTICLE 9.10: SENIOR MANAGEMENT AND BOARDS OF DIRECTORS

[7] For greater certainty, the references to "the TRIPS Agreement" in paragraph 3(b)(i) include any waiver in force between the Parties of any provision of that Agreement granted by WTO Members in accordance with the WTO Agreement.

[8] The Parties recognize that a patent does not necessarily confer market power.

1. Neither Party may require that an enterprise of that Party that is a covered investment appoint to senior management positions natural persons of any particular nationality.

2. A Party may require that a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the territory of the Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

## ARTICLE 9.11: INVESTMENT AND ENVIRONMENT

Nothing in this Chapter shall be construed to prevent a Party from adopting, maintaining or enforcing any measure otherwise consistent with this Chapter that it considers appropriate to ensure that investment activity in its territory is undertaken in a manner sensitive to environmental concerns.

## ARTICLE 9.12: DENIAL OF BENEFITS

1. A Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such other Party, and to investments of that investor if persons of a non-Party own or control the enterprise and the denying Party adopts or maintains measures with respect to the non-Party or a person of the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise or to its investments.

2. A Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if the enterprise has no substantial business activities in the territory of the other Party and persons of a non-Party, or of the denying Party, own or control the enterprise. The denying Party shall, to the extent practicable, notify the other Party before denying the benefits under this paragraph. If the denying Party provides such notice, it shall consult with the other Party at the other Party's request.

## ARTICLE 9.13: NON-CONFORMING MEASURES

1. Articles 9.3, 9.4, 9.9, and 9.10 shall not apply to:

   (a) any existing non-conforming measure that is maintained by a Party at

      (i) the central level of government, as set out by that Party in its Schedule to Annex I, or

      (ii) a local level of government;

   (b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

(c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Article 9.3, 9.4, 9.9, or 9.10.

2. Articles 9.3, 9.4, 9.9, and 9.10 shall not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors, or activities, as set out in its Schedule to Annex II.

3. Neither Party may, under any measure adopted after the date of entry into force of this Agreement and covered by its Schedule to Annex II, require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment existing at the time the measure becomes effective.

4. Articles 9.3 and 9.4 shall not apply to any measure that is an exception to, or derogation from, the obligations under Article 15.7 (General Provisions) as specifically provided in that Article.

5. Articles 9.3, 9.4, and 9.10 shall not apply to:

(a) government procurement; or

(b) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance.

## ARTICLE 9.14: SPECIAL FORMALITIES AND INFORMATION REQUIREMENTS

1. Nothing in Article 9.3 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as a requirement that covered investments be legally constituted under its laws or regulations, provided that such formalities do not materially impair the protections afforded by the Party to investors of the other Party and covered investments pursuant to this Chapter.

2. Notwithstanding Articles 9.3 and 9.4, a Party may require an investor of the other Party or its covered investment to provide information concerning that investment solely for informational or statistical purposes. A Party shall only request confidential information if allowed by its legislation. The Party shall protect any confidential business information from any disclosure that would prejudice the competitive position of the investor or the covered investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its law.

## ARTICLE 9.15: SUBROGATION
