If at any moment a Party reduces its applied most-favoured-nation (hereinafter referred to as “MFN”) customs duty rate after the date of entry into force of this Agreement, that duty rate shall apply as regards trade covered by this Agreement if and for as long as it is lower than the customs duty rate calculated in accordance with its Schedule in Annex 2-A.
4. On the request of either Party, the Parties shall consult to consider accelerating the elimination of customs duties on originating goods as set out in their Schedules in Annex 2-A. An agreement by the Parties to accelerate the elimination of customs duties on originating goods shall supersede any duty rate determined pursuant to their Schedules in Annex 2-A for such goods and shall enter into force following approval by each Party in accordance with Chapter 18 (Institutional Provisions) and their respective applicable legal procedures.

5. Each Party, through its customs administration, shall adopt procedures providing for the expeditious release of goods admitted under this Article. To the extent possible, such procedures shall provide that when such a good accompanies a national or resident of the other Party who is seeking temporary entry, the good shall be released simultaneously with the entry of that national or resident.

6. Each Party shall permit a good temporarily admitted under this Article to be exported through a customs authorised point of departure other than that through which it was admitted.

7. Each Party shall relieve the importer or other person responsible for a good admitted under this Article of liability for failure to export a temporarily admitted good on presentation of satisfactory proof to the importing Party that the good has been destroyed within the original period fixed for temporary admission or any lawful extension.

#### **Article 2.6 : Goods Re-entered after Repair or Alteration**

1. Neither Party shall apply a customs duty to a good, regardless of its origin, that re-enters its territory after that good has been temporarily exported from its territory to the territory of the other Party for repair or alteration, regardless of whether the repair or alteration:

1. Except as otherwise provided in this Agreement, neither Party shall adopt or maintain any prohibition or restriction on the importation of any good of the other Party or on the exportation or sale for export of any good destined for the territory of the other Party, except in accordance with Article XI of GATT 1994 and its interpretative notes, and to this end Article XI of GATT 1994 and its interpretative notes are incorporated into and made a part of this Agreement, *mutatis mutandis*.

2. Neither Party shall, as a condition for engaging in importation or for the importation of a good, require a person of the other Party to establish or maintain a contractual or other relationship with a distributor in its territory.

3. For greater certainty, paragraph 2 does not prevent a Party from requiring a person referred to in that paragraph to designate an agent for the purposes of facilitating communications between its regulatory authorities and that person.

4. For the purposes of paragraph 2, “distributor” means a person of a Party who is responsible for the commercial distribution, agency, concession, or representation in the territory of that Party of goods of the other Party.

5. Where a Party proposes to adopt an export prohibition or restriction on foodstuffs or energy and mineral resources in accordance with paragraph 2(a) of Article XI of GATT 1994, the Party shall:

- (c) on request, provide the other Party with a reasonable opportunity for consultation with respect to any matter related to the proposed prohibition or restriction.

## **Article 2.9 : Non-Tariff Measures**

1. Further to Chapter 17 (Transparency), the Parties recognise the importance of ensuring the transparency of non-tariff measures permitted in Article 2.8.1 and that any such measures should not create an unnecessary obstacle to trade between the Parties.
2. To this end, the Committee on Trade in Goods established under Article 2.15 shall, when a Party identifies a specific non-tariff measure, review that measure. The Committee on Trade in Goods shall review the non-tariff measure only after either Party objectively demonstrates that the relevant co-ordination mechanism, technical meeting, committee or working group, if any, that is most closely related to such a measure has failed to produce a satisfactory resolution within a reasonable period of time.
3. The Committee on Trade in Goods shall, for the non-tariff measure referred to in paragraph 2 consider approaches that may better facilitate trade between the Parties and present to the Parties the results of its consideration, including any recommendations, preferably within 12 months. If necessary, the results of the consideration and recommendations of the Committee on Trade in Goods shall be submitted to the next meeting of the Joint Commission for consideration or action.

## **Article 2.10 : Import Licensing**

1. Neither Party shall adopt or maintain a measure that is inconsistent with the Import Licensing Agreement.<sup>3</sup>
2. Promptly after this Agreement enters into force, each Party shall notify the other Party of its existing import licensing procedures, if any. The notification shall:
  - (a) include the information specified in Article 5 of the Import Licensing Agreement; and
  - (b) be without prejudice as to whether the import licensing procedure is consistent with this Agreement.

---

<sup>3</sup> For the purposes of this paragraph and for greater certainty, in determining whether a measure is inconsistent with the Import Licensing Agreement, the Parties shall apply the definition of “import licensing” contained in that Agreement.

3. Before applying any new or modified import licensing procedure, a Party shall publish the new procedure or modification on an official government website or in a single official journal. To the extent possible, the Party shall do so at least 20 days before the new procedure or modification takes effect.

4. Neither Party shall apply an import licensing procedure to a good of the other Party unless the Party has complied with the requirements of paragraphs 2 and 3 with respect to that procedure.

5. Each Party shall answer promptly and to the extent possible all reasonable enquiries from the other Party concerning the granting and denying of import licences, including in relation to the criteria employed. The importing Party shall also consider publication of such criteria.

6. Where a Party has denied an import license application in relation to trade in goods between the Parties, it shall, on the request of the applicant and within a reasonable period of receiving that request, explain the reasons for denying the application.

#### **Article 2.11 : Administrative Fees and Formalities**

3. Each Party shall make available and maintain through the internet a current list of the fees and charges it imposes in connection with importation or exportation.

#### **Article 2.12 : Export Duties, Taxes, or Other Charges**

Neither Party shall adopt or maintain any duty, tax, or other charge on the export of any good to the territory of the other Party, unless the duty, tax, or charge is also adopted or maintained on the good when destined for domestic consumption.

#### **Article 2.13 : Administration and Implementation of Tariff-Rate Quotas**

1. Each Party shall implement and administer the tariff-rate quotas (hereinafter referred to as “TRQ”) set out in Appendix 2-A-1 in accordance with Article XIII of GATT 1994, including its interpretive notes, and the Import Licensing Agreement.

2. Each Party shall ensure its procedures for administering its TRQs are transparent, made available to the public, timely, non-discriminatory, responsive to market conditions, minimally burdensome to trade, and reflect end-user preferences.
3. Any enterprise or person of a Party that fulfils the importing Party's legal and administrative requirements shall be eligible to be considered for a quota allocation under the Party's TRQs.
4. Over the course of each year, the importing Party's administering authority shall publish, in a timely fashion on its designated publicly available website, utilisation rates and remaining available quantities for each TRQ. If either Party uses a first-come, first-served at the border administration method, it shall publish, within 10 days, that the TRQ has been filled.
5. Each Party shall identify the entity or entities responsible for administering its TRQs and promptly notify the other Party of any amendments to the entity or entities.
6. Each Party shall notify the other Party of any new or modified administration of a TRQ established in Appendix 2-A-1 prior to its application. On the written request of a Party, the Parties shall exchange information or initiate consultations promptly regarding a Party's administration of its TRQs to arrive at a mutually satisfactory agreement on administration. The Parties shall consider prevailing supply and demand conditions in the consultations.
7. Except as otherwise provided in Appendix 2-A-1, each Party shall make the entire quota quantity established in the Appendix available to quota applicants beginning on the date the Agreement enters into force during the first year, and on the first business day of each year thereafter.
8. If either Party uses a first-come, first-served at the border administration method, the over-quota tariff rates shall not be applied to products en-route prior to the importing Party's authorities having reported the tariff quota as being filled under paragraph 4. Such products shall have a contract settled during the quota year in question. Products en-route shall be counted in the TRQ volumes for the subsequent calendar year.

## **Section F : Agricultural Safeguard Measures**

### **Article 2.14 : Agricultural Safeguard Measures**

1. Notwithstanding Article 2.4, a Party may apply a safeguard measure, in the form of a higher import duty on an originating agricultural good listed in that Party's Schedule in Annex 2-B, if the aggregate volume of imports of that good in any year exceeds a trigger level as set out in Annex 2-B.
2. The duty under paragraph 1 shall not exceed the lesser of:

- (a) the prevailing MFN applied rate;
  - (b) the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement; or

On the written request of the other Party, the Party applying the measure shall consult with the Party whose good is subject to the measure regarding the application of the measure. A Party shall ensure that the remaining volume of imports available before application of the safeguard is published regularly in a manner which is readily accessible to the other Party and traders.
6. A good which is en-route on the basis of a contract settled before the agricultural safeguard measure is applied shall be exempted from the application of the safeguard measure provided that it may be counted in the volume of imports of the good in question during the following calendar year for the purposes of triggering the provisions of paragraph 1 in that calendar year.
7. The implementation and operation of this Article may be the subject of discussion and review in the Committee on Trade in Goods established under Article 2.15.
